Senator Mark E. Huizenga of the 30th District offered the following invocation:

Heavenly Father, please bless us today in the work that we do. May it be work that honors You and the people we serve. Lord, we ask that You would bless those who are less fortunate and give them peace, thinking especially of the poor, the sick, and those with mental health issues. Lord, help us to be grateful—grateful for each other, for the people we serve, and the honor given to us. Help us to be grateful for an amazing country, especially as we celebrate the birth of our country this Friday.

In Your name we pray. Amen.

The President pro tempore, Senator Moss, led the members of the Senate in recital of the *Pledge of Allegiance*.

June 30, 2025

I am pleased to present to the Michigan Legislature the 32nd annual Asset Forfeiture Report. Michigan's asset forfeiture laws provide for the seizure of cash and property assets of drug traffickers and other criminal organizations when that property is obtained through illegal activity. The report this year is submitted under the Uniform Forfeiture Reporting Act, Public Act (PA) 148 of 2015, and the conviction requirements of PA 7 and PA 9 of 2019.

PA 148 added reporting requirements and submission of a summary to the Michigan Department of State Police of the reporting agency's activities regarding forfeiture of property under four sections of law: Public Health code, MCL 333.7521-MCL 333.7533 (Controlled Substances); the Identity Theft Protection Act, MCL 445.79d; Revised Judicature Act of 1961, MCL 600.4701-600.4709 (Omnibus); and Revised Judicature Act of 1961, MCL 600.3801-600.3840 (Public Nuisance). Additionally, the type of information to be reported for each seizure and forfeiture of property was expanded to provide for greater transparency regarding the government seizure of private property.

Effective August 7, 2019, a criminal conviction became required before certain property seized under the Public Health Code can be forfeited to law enforcement.

This report covers the period from January 1, 2024, through December 31, 2024. This is the seventh report in which all reporting agencies submitted forfeiture data based upon the calendar year. Over \$9 million in cash and assets amassed by drug traffickers was forfeited. Asset forfeiture funds were utilized to support law enforcement by providing resources for equipment, personnel, vehicles, training, and supplies. Assets seized pursuant to this program also allowed some agencies to contribute monies to non-profit organizations that assist in obtaining information from citizens for solving crimes.

I submit this report for your information and review.

Sincerely,  
James F. Grady II  
Director

Senator Irwin asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.

The motion prevailed.

Senator Irwin’s statement is as follows:

I just want to highlight this important moment as we discuss legislation to address the opioid crisis in our state. Opioids are killing our residents, they are eviscerating our communities, and this package is a real effort to address this important priority in our state. I just want to take a moment to thank all of my colleagues who voted in support of this because this is an important bipartisan priority. I hear a lot of talk on the Senate floor about how important it is that we reach out and help people who are suffering with addiction and substance abuse. For those members who have not been supporting this package, I would encourage you to look into your hearts, look into your communities, and see the people who are suffering from addiction and who need a hand up. Please, don’t turn your back on them again today.

The Senate agreed to the title of the bill.

Senators Webber and Hauck asked and were granted unanimous consent to make statements and moved that the statements be printed in the Journal.

The motion prevailed.

Senator Webber’s statement is as follows:

Over the past several weeks, the majority in this chamber has spent countless hours in committee and on the floor debating issues that, quite frankly, we as state legislators have no control over; but today, we have a real opportunity to do something meaningful, something we do have control over. The only reason these bills are before us today is because I called for immediate action in committee. These bipartisan bills would expand Medicaid coverage to group prenatal care for expecting mothers, support that would make a real difference for families in communities across our state. I’m glad we’re finally taking them up and I’m proud to support these bills. I urge my colleagues to join me in voting “yes.”

Senator Hauck’s statement is as follows:

I rise in support of these bills, but also to share my disappointment. These bipartisan bills are a concrete way that we can help low-income Michiganders receive prenatal services, but they should have become law a long time ago. After being passed by the chamber last year, they were the victim of the House Democrats’ dysfunction at the end of 2024. Now, we’re halfway through 2025 and they’re just now receiving another vote in the Senate. Why? Because for weeks Democrats used the Health Policy Committee to hold press conference disguised as committee hearings to bash Donald Trump. It wasn’t dissimilar to the entire session day Democrats spent last week giving floor speeches about the President instead of finalizing a budget for schools.

Mr. President, we cannot control what happens in Washington, D.C., but these bills are an example of what we can do for the people of Michigan. Democrats just need to take a break from their Trump derangement syndrome to realize it—

I ask for a “yes” vote.

The following bill was read a third time:

**Senate Bill No. 415, entitled**

The Senate agreed to the title of the bill.

Senator Runestad asked and was granted unanimous consent to make a statement and moved that the statement be printed in the Journal.  
The motion prevailed.  
Senator Runestad’s statement is as follows:  
Every city in Michigan operates under a home rule charter except one. The city of Mackinac Island remains governed by a charter written by the state Legislature in 1899 and signed into law by the Governor. That charter has never been amended, and any changes require a 2/3 vote of the Legislature. A key provision in the 1899 charter reads, “The council of said city may regulate and license ferries ... and may require the payment of such reasonable sum for such license as to the city council shall seem proper and may impose such reasonable terms and restrictions in relation to the keeping and management of such ferries, and the time, manner, and rates of carriage and transportation of persons and property.” This authority has been essential as ferries are the only practical way to reach the island. For 125 years, service has generally been reliable, fairly priced, and locally owned.

That changed in 2024, when both ferry companies were acquired by Hoffmann Marine, based in Naples, Florida. In 2025, Hoffmann requested a price increase on the tickets. The city council asked for financial justification, especially since Michigan taxpayers contributed \$35 million over five years to operate the state park on the island, which is for all the citizens of Michigan. Hoffmann refused. When the city council rejected the request, Hoffmann retaliated by imposing new fees on the baggage, boarding, and parking services it controls through ownership of the parking lots. It then sued the city in federal court.

This Florida-based monopoly now enjoys a chokehold on access to the island. It is not a free market. With complete control over the docks, Hoffmann has blocked competition—as in shifting costs from regulated ferry tickets to unregulated parking and service fees, gouging tourists and Michigan taxpayers alike. I’ve seen this pattern before. Out-of-state hedge funds acquiring companies and inflating short-term revenues with aggressive pricing and then unloading the asset, leaving behind reputational and financial damage. We can’t allow this to happen to Mackinac Island—repeatedly voted as one of the most beautiful places in all of America, and a public treasure funded by the taxpayers here in the state of Michigan.

Beyond park operations, taxpayers invested another \$39 million in water and sewer infrastructure to keep this island viable. To protect that investment and preserve public access, the city is asking for a limited and clear amendment to its 1899 charter, authorizing it with voter approval to regulate not just the ferries but also regulate commercial activities that affect the affordability and access for all. I urge a “yes” vote on this bill.

**Recess**

Senator Singh moved that the Senate recess subject to the call of the Chair.  
The motion prevailed, the time being 3:30 p.m.

3:37 p.m.
