History: 1976, Act 451, Imd. Eff. Jan. 13, 1977;—Am. 1977, Act 43, Imd. Eff. June 29, 1977;—Am. 1988, Act 339, Imd. Eff. Oct. 18, 1988;—Am. 1990, Act 161, Imd. Eff. July 2, 1990;—Am. 1995, Act 289, Eff. July 1, 1996;—Am. 2003, Act 179, Imd. Eff. Oct. 3, 2003;—Am. 2016, Act 192, Imd. Eff. June 21, 2016.

Constitutionality: The Michigan School Reform Act does not violate federal and state constitutional protections, Moore v Detroit School Reform Board, 293 F3d 352 (CA 6 2002).

Compiler's note: Senate Bill 393 (SB 393) was enrolled on August 13, 2003, and presented to the governor for her approval on September 8, 2003, at 5:00 p.m. On September 18, 2003, the senate requested that the bill be returned to the senate. The governor granted the senate's request on that same date and returned the bill to that body (without objections), where a motion was made to vacate the enrollment and the motion prevailed. On September 23, 2003, the house of representatives approved a motion to send a letter to the senate agreeing with the senate's request that the governor return SB 393. Neither the Senate Journal nor the House Journal entries reveal any other action taken by the house of representatives regarding the return of SB 393.

In order to determine whether SB 393 had become law, as requested, the attorney general examined whether SB 393 was recalled by concurrent action of the house of representatives and the senate within the 14-day period afforded the governor for vetoing a bill under the last sentence of Const 1963, art IV, § 33: "SB 393 was presented to the Governor on September 8, 2003, at 5:00 p.m. The 14-day period afforded for consideration, measured in hours and minutes, therefore expired on September 22, 2003 at 5:00 p.m. While the Senate had acted to recall the bill within that 14-day period (on September 18, 2003), the House did not. Its action concurring in the request to recall SB 393 was not taken until September 23, 2003. In the absence of concurrent action by both houses of the Legislature within the 14-day period, SB 393 was not effectively recalled and 'further legislative action thereon' was not authorized." The attorney general declared that "in the absence of a return of the bill with objections, SB 393 therefore became law by operation of the last sentence of Const 1963, art IV, § 33." History: Add. 1995, Act 289, Eff. July 1, 1996.

Popular name: Act 451

380.12 Loss of organization and dissolution of school district; conditions; attachment of dissolved district to organized school districts; accounting and distribution of records, funds, and property; outstanding debt of dissolved school district; audit; payment of discrepancy; approval of tax rate by school electors; sinking fund tax levy; use of test scores; rights and privileges of pupils; definitions.

Sec. 12. (1) A school district shall lose its organization and shall be declared dissolved if any of the following conditions are met:

(a) There are not enough persons residing in the school district and qualified under law to hold all of the offices of the school district or who will accept the offices of the school district.

(b) After consultation with the intermediate school district in which the district is located, the superintendent of public instruction and state treasurer jointly determine that all of the following apply:

(i) The school district was required to submit a deficit elimination plan under the state school aid act of 1979 and the school district either has failed to submit a plan or lacks the capability to both implement a deficit elimination plan and meet the school district's obligations to provide public educational services to pupils and other residents of the school district in a manner that complies with this act, the state school aid act of 1979, and rules promulgated by the department.

(ii) The school district is not financially viable and is unable to educate pupils in grades K-12 residing in the school district by operating schools for a full school year and providing the required number of instructional hours under this act and the state school aid act of 1979. As used in this subparagraph, "financially viable" means that a school district has the financial resources to carry out at least the educational program required by law and pay its existing debts as they become due taking into consideration the projected enrollment, cash flow, revenues, and borrowing capability of the school district.

(iii) The school district has at least 300 and not more than 2,400 pupils in membership.

(iv) The number of pupils in membership in the school district for the most recently completed school year was at least 10% less than the number of pupils in membership in the school district for the school year immediately preceding the most recently completed school year.

(v) The school district began the school fiscal year ending in the current state fiscal year with an operating fund deficit and is projected to end the school fiscal year ending in the current state fiscal year with a greater operating fund deficit or received a loan approved by the local emergency financial assistance loan board that had the effect of reducing the deficit for the school year ending in the current state fiscal year.

(vi) The school district has not consolidated with another school district during the immediately preceding 12 calendar months.

(2) If a school district meets either or both of subsection (1)(a) or (b), the intermediate school board of the intermediate school district to which the school district is constituent, or the superintendent of public instruction if that intermediate school board requests the superintendent of public instruction to act in its place, shall declare the school district dissolved and immediately order attachment of the territory of the school district, in whole or in part, to 1 or more other organized school districts within the intermediate school district. In attaching the territory of the dissolved school district to other school districts, the intermediate school board or the superintendent of public instruction shall take into account the number of pupils who will become pupils of each of those other school districts relative to the number of pupils already enrolled in the other school district and the numbers of pupils who qualify for free and reduced price lunch, special education services and at-risk funding among the other school districts. For a school district that is declared dissolved in 2013, within 21 days after the school district is declared dissolved, and for a school district that is declared dissolved after 2013, within 60 days after the school district is declared dissolved, the dissolved school district shall account to the intermediate school district for all records, funds, and property of the school district and shall make an equitable distribution of the records, funds, and property consistent with the ordered attachment to each receiving school district. A school building or other real property owned by and located in the dissolved district shall become part of and owned by the receiving school district in which it is located.

(3) If a dissolved school district has outstanding debt, the dissolved school district shall retain a limited separate identity and the territory of the dissolved school district shall continue as a separate taxing unit for the limited purpose of the debt until the debt is retired or refunded. The intermediate school board and other officers of the intermediate school district in which the geographic area of the dissolved school district is

located shall perform the functions and satisfy the responsibilities of the board and other officers of the dissolved school district relating to the debt, including, but not limited to, all of the following:

(a) Certifying and levying taxes for satisfaction of the debt in the name of the dissolved school district.

(b) Holding debt retirement funds of the dissolved school district separately from the funds of the receiving school district.

(c) Doing all other things relative to the outstanding debt of the dissolved school district required by law and by the terms of the debt, including, but not limited to, levying or renewing a school operating tax under section 1211. The question of renewal of a school operating tax pledged to the repayment of debt of the dissolved school district shall be submitted only to school electors residing within the geographic area of the dissolved school district and does not require approval by electors of a receiving school district not residing within the geographic area of the dissolved school district.

(4) Upon the attachment of a dissolved school district to another school district, the intermediate school board shall audit the assets and liabilities of the dissolved school district. If a considerable discrepancy is found, the intermediate school board shall order the dissolved school district to pay the discrepancy to 1 or more appropriate receiving school districts. After first satisfying debt obligations, the dissolved school district shall repay that amount to 1 or more appropriate receiving school districts from money available to the dissolved school district including voted millage within a time to be determined by the intermediate school board.

(5) If a tax is authorized within a receiving school district at a rate greater than the rate authorized within the dissolved school district at the time of the dissolution, the tax may not be levied within the geographic area of the dissolved school district until approved by the school electors residing within the geographic area of the dissolved school district or by all school electors within the receiving school district, including any expanded geographic area of the receiving school district resulting from attachment under this section.

(6) If a dissolved school district was authorized to levy a sinking fund tax under section 1212 at the time of dissolution, the identity of the dissolving school district as a legal entity shall not be lost and its territory shall remain as a taxing unit for the limited purpose of levying a sinking fund tax under section 1212 until the authorization to levy a sinking fund tax within the dissolved school district expires. For purposes of this subsection, the intermediate school board and other officers of the intermediate school district in which the geographic area of the dissolved school district is located shall perform the functions and responsibilities of the board and other officers of the dissolved school district relating to levying the sinking fund tax and shall distribute the proceeds of the levy to each receiving school district that operates a school building previously operated by the dissolved school district. The proceeds of a sinking fund tax levy under this subsection may be used only within the geographic area of the dissolved school district for purposes authorized under section 1212. A receiving school district may not renew or authorize a new sinking fund tax that is levied only within the geographic area of the dissolved school district.

(7) To the extent permitted under federal law and any applicable waiver approved by the United States department of education, the department shall not include the test scores of pupils from the dissolved school district for determining adequate yearly progress status or for "top-to-bottom" rankings of the receiving school districts for the first 3 school years after dissolution.

(8) For the same number of school years for which test scores of pupils from the dissolved district are not used under subsection (7), a receiving school district shall not use the test scores of pupils from the dissolved school district as a factor in any performance evaluation of an employee of the receiving school district.

(9) The pupils formerly enrolled in the dissolved school district have all the legal and constitutional rights and privileges of the other pupils enrolled in the receiving school districts.

(10) As used in this section:

(a) "Debt" means that term as defined in section 103 of the revised municipal finance act, 2001 PA 34, MCL 141.2103, and any unpaid amounts payable by a dissolved school district to the Michigan public school employees' retirement board under the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1437.

Until that time, the transition manager shall exercise the powers, perform the functions, and satisfy the responsibilities of the school board and superintendent of schools of the community district, except that the transition manager shall not negotiate or enter into any collective bargaining agreement that would bind the elected school board of the community district. (c) Doing all other things relative to the dissolution of the qualifying school district.

(4) An individual designated as a transition manager under subsection (3) shall perform the functions and satisfy the responsibilities of a transition manager under this section from the time of the designation until the elected members of the school board of the community district are elected and take office under section 384. Officers, employees, agents, and contractors of the community district are subject to direction and supervision by the transition manager and shall actively cooperate with the transition manager in the transition manager's

(7) Effective on the transfer date for a qualifying school district and the community district created with the same geographic boundaries of the qualifying school district under part 5b, all of the following apply:

(a) The community district acquires, succeeds to, and assumes the exclusive right, responsibility, and authority to own, occupy, operate, control, use, lease, and convey the facilities of the qualifying school district existing as of the transfer date, including all lands, buildings, improvements, structures, easements, rights of access, and all other privileges and appurtenances. The officers of the qualifying school district shall execute any instruments of conveyance, assignment, and transfer that are necessary or appropriate to accomplish the acquisition and succession under this subdivision. Occupancy of a facility by a community district under this subdivision is not considered to be a change in occupancy for any purpose under state or local law.

(b) Except as otherwise provided in this section, the community district acquires, succeeds to, and assumes all rights, title, and interests in and to the fixtures, equipment, materials, furnishings, and other personal property owned and used by the qualifying school district as of the transfer date. (g) A community district acquires, succeeds to, and assumes all of the rights, duties, and obligations under a collective bargaining agreement applicable to the qualifying school district on the transfer date. The terms and conditions of that collective bargaining agreement applicable to employees of the qualifying school district on the transfer date shall be the terms and conditions applicable to employees of the community district and except for the superintendent of schools, the community district shall be the successor employer for employees of the qualifying school district on the transfer date. Except for the superintendent of schools, an individual who is entitled to employment by the qualifying school district on the transfer date shall be entitled to employment by the community district following the transfer to the community district.

(h) For individuals who become employed by a community district by the operation of subdivision (g), the transition manager shall take all steps necessary to ensure that all personnel records are transferred from the qualifying school district to the community district. This section does not diminish or limit the right of a pupil to attend a school of his or her choice.

(8) A transfer to a community district under this section does not impair a contract with a party in privity with the qualifying school district.

(9) Upon the transfer to a community district, the community district assumes and the qualifying school district is relieved from all operational jurisdiction over the qualifying school district and facilities and is relieved from all further costs and responsibility arising from or associated with operating a public school or providing public education services, except as otherwise required under obligations retained by the qualifying school district under this section, including, but not limited to, debt.

(10) A qualifying school district shall do all of the following:

(12) If the state treasurer is notified that all outstanding operating obligations of the qualifying school district have been repaid, the state treasurer shall verify whether all outstanding obligations of the qualifying school district have been repaid. The state treasurer also may determine that the outstanding operating obligations of a qualifying school district have been satisfied on his or her own without notice. If the state treasurer determines that all outstanding operating obligations of the qualifying school district have been repaid, the state treasurer shall certify in a written notice to a community district that has the same geographic boundaries as the qualifying school district that the outstanding operating obligations of the qualifying school district have been repaid.

(13) If the state treasurer is notified that all outstanding debt of the qualifying school district has been repaid, the state treasurer shall verify whether all of the outstanding debt of the qualifying school district has been repaid. 380.390 Community district accountability system.

Sec. 390. (1) Subject to subsection (2), the state school reform/redesign officer serving under section 1280c shall establish, implement, and administer a community district accountability system under this section for all public schools located within the boundaries of a community district, including all schools operated by the

community district and all public school academies located within the boundaries of the community district. The accountability system shall meet all of the requirements of this section.

(2) The state school reform/redesign officer shall implement and administer the accountability system under this section beginning with the second full school year that starts after the transfer date. After the accountability system is implemented, the state school reform/redesign officer, not more frequently than annually, may make adjustments to the accountability system that are consistent with this section.

(3) A community district accountability system under this section shall meet all of the following:

(a) The accountability system annually shall assign a letter grade of A, B, C, D, or F to each public school located within the boundaries of the community district.

(b) The accountability system shall assign the letter grades under subdivision (a) based on a point scale from 0 to 100 points, using the total points achieved by a school to determine the letter grade. The state school reform/redesign officer shall determine how many points are necessary for each letter grade.

(c) The points under subdivision (b) shall be assigned based on a school's performance on proficiency measures, growth measures, and nonacademic measures, as prescribed under subsection (4).

(d) If possible, a school's performance on proficiency measures, growth measures, and nonacademic measures shall be based on the average of the results from the 2 most recent school years for which the data are available. If 2 years of data are not available for a particular measure, the school's performance for that measure shall be based on the results from the most recent school year for which the data are available.

(4) In determining the number of points to be assigned for each public school under subsection (3), the state school reform/redesign officer shall ensure that not less than 80% of the total points assigned are based on the combined weight given to proficiency measures and growth measures. Of the combined weight given to these 2 measures, growth measures shall account for at least 50% and not more than 70% of that combined weight. The balance that is not based on proficiency measures and growth measures shall be based on nonacademic measures. All of the following apply to these measures:

(a) Proficiency measures shall include all of the following:

(i) For a public school that operates any of grades K to 8, both of the following:

(A) Overall proficiency as measured on the English language arts and mathematics portions of the M-STEP.

(B) Proficiency for continuously enrolled pupils as measured on the English language arts and mathematics portions of the M-STEP. This shall be based on the percentage of pupils who have been enrolled in that school for 2 or more consecutive school years who achieve proficiency or advanced on these portions of the M-STEP, assigning equal weight to English language arts and mathematics results.

(ii) For a public school that operates any of grades 9 to 12, all of the following:

(A) The percentage of pupils who graduate within 4 years.

(B) Pupil scores on the college entrance examination component of the Michigan merit examination under section 1279g(2)(a).

(C) The percentage of pupils enrolled in that school in college level equivalent courses and the percentage of those pupils who pass the courses and achieve the score on a college level equivalent credit examination that must be achieved to qualify for college level equivalent credit for each of the courses. As used in this sub-subparagraph, "college level equivalent course" and "college level equivalent credit examination" mean those terms as defined in section 1471.

(D) Overall proficiency as measured on the social studies and science portions of the M-STEP.

(b) Growth measures shall include all of the following:

(i) For a public school that operates any of grades K to 8, all of the following:

(A) Overall growth among all pupils enrolled in that school for the full school year as measured by growth achieved from 1 school year to the next on the English language arts and mathematics portions of the M-STEP, assigning equal weight to English language arts and mathematics results.

(B) Growth among continuously enrolled pupils as measured on the English language arts and mathematics portions of the M-STEP. This shall be based on the average student growth achieved from 1 school year to the next among pupils who have been enrolled in that school for 2 or more consecutive school years on the English language arts and mathematics portions of the M-STEP, assigning equal weight to English language arts and mathematics results.

(C) Growth among the bottom 30% of pupils enrolled in that school as measured on the English language arts and mathematics portions of the M-STEP. This shall be based on the average student growth achieved from 1 school year to the next among pupils whose test scores for the first of the 2 school years were in the bottom 30% on the English language arts and mathematics portions of the M-STEP, assigning equal weight to English language arts and mathematics results.

(ii) For a public school that operates any of grades 9 to 12, both of the following:

(A) Progress made in improving the percentage of pupils who graduate within 4 years.

(B) Progress made in improving pupil scores on the college entrance examination component of the Michigan merit examination under section 1279g(2)(a).

(c) Nonacademic measures shall include all of the following for all public schools, regardless of grade level:

(i) Student survey results. The student survey shall be procured from a third-party vendor and must include measures of student engagement and pupils' perceptions of school safety and learning environment. There must be published evidence of the reliability and validity of the student survey instruments used, including evidence that the survey results are predictive of student growth results and that the survey results can be used to make meaningful distinctions in performance across schools.

(ii) Year-to-year reenrollment rates, as measured by the percentage of pupils who enrolled in that school in the current school year among all pupils who were enrolled in that school at the end of the immediately preceding school year, excluding those who moved residences or completed the terminal grade in the school.

(iii) Absenteeism rates, as measured by the percentage of pupils enrolled in that school for the full school year who miss more than 10% of school days.

(iv) Parent participation in school satisfaction surveys. In determining a school's performance on the nonacademic measures, this measure may not be given more than 1/4 weight among the measures listed in this subdivision.

(d) For public schools that operate a configuration of grade levels that includes pupils in both any of grades K to 8 and any of grades 9 to 12, the public school's performance on proficiency measures and growth measures shall be determined using a weighted average of the measurements under subdivisions (a) and (b).

(5) The accountability system under this section shall remain in effect until a state accountability system is established by the legislature for all public schools in this state and is designated as replacing the accountability system under this section. If such a state accountability system is established, the accountability system under this section is terminated and the public schools located within the boundaries of a community district are subject to that state accountability system as provided under that system.

(6) As used in this section, "M-STEP" means the Michigan student test of educational progress or a successor statewide assessment adopted and implemented by the department.

380.391 Closure of public school; order by state school reform/redesign officer; rescission of order; opening of new school at same location.

Sec. 391. (1) Notwithstanding section 1280c, except for a school that is an alternative school serving a special student population, and subject to subsections (2) and (3), until the accountability system under section 390 has been in effect in the community district for at least 3 full school years, if a school operated by a community district is among the lowest achieving 5% of all public schools in this state for the immediately preceding 3 school years, as determined under section 1280c, the state school reform/redesign officer shall order the community district to close the school effective no later than the end of the current school year.

(2) Notwithstanding section 1280c, except for a school that is an alternative school serving a special student population, and subject to subsection (3), after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, if a school operated by a community district has been assigned a grade of "F" under section 390 for the immediately preceding 3 school years, the state school reform/redesign officer shall order the community district to close the school effective no later than the end of the current school year.

(3) For a public school that is subject to closure under this section, the state school reform/redesign officer shall consider other public school options available to pupils in the grade levels offered by the public school who reside in the geographic area served by the public school. If the state school reform/redesign officer determines that closure of the public school would result in an unreasonable hardship to these pupils because there are insufficient other public school options reasonably available for these pupils, the state school reform/redesign officer may rescind the order subjecting the public school to closure. If the state school reform/redesign officer rescinds an order subjecting a public school to closure, the state school reform/redesign officer shall do so before the end of the school year. If the state school reform/redesign officer rescinds an order subjecting a public school to closure, the state school reform/redesign officer shall require the public school to implement a school improvement plan that includes measures to increase pupil growth and improve pupil proficiency, with growth and proficiency measured by performance on state assessments.

(4) A community district may not open a new school at the same location as a public school that is closed

under this section or section 507, 528, or 561 within 3 years after the closure of the school unless the new school has a substantially different leadership structure and substantially different curricular offerings than the previous school at that location and is approved by the state school reform/redesign officer. An authorizing body shall not issue a contract for a new public school academy site to be located at the same location as a public school that is closed under this section within 3 years after the closure of the school unless the new public school academy site has a substantially different leadership structure and substantially different curricular offerings than the previous school at that location and is approved by the state school reform/redesign officer.

Beginning after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, the proposed school would operate at the same location as a public school that has been assigned a grade of "F" under section 390 for 3 of the preceding 5 school years.

Senate Bill 393 (SB 393) was enrolled on August 13, 2003, and presented to the governor for her approval on September 8, 2003, at 5:00 p.m. On September 18, 2003, the senate requested that the bill be returned to the senate. The governor granted the senate's request on that same date and returned the bill to that body (without objections), where a motion was made to vacate the enrollment and the bill was rendered void. Rendered Wednesday, November 30, 2016

motion prevailed. On September 23, 2003, the house of representatives approved a motion to send a letter to the senate agreeing with the senate's request that the governor return SB 393. Neither the Senate Journal nor the House Journal entries reveal any other action taken by the house of representatives regarding the return of SB 393.

In order to determine whether SB 393 had become law, as requested, the attorney general examined whether SB 393 was recalled by concurrent action of the house of representatives and the senate within the 14-day period afforded the governor for vetoing a bill under the last sentence of Const 1963, art 4, § 33: "SB 393 was presented to the Governor on September 8, 2003, at 5:00 p.m. The 14-day period afforded for consideration, measured in hours and minutes, therefore expired on September 22, 2003 at 5:00 p.m. While the Senate had acted to recall the bill within that 14-day period (on September 18, 2003), the House did not. Its action concurring in the request to recall SB 393 was not taken until September 23, 2003. In the absence of concurrent action by both houses of the Legislature within the 14-day period, SB 393 was not effectively recalled and 'further legislative action thereon' was not authorized." The attorney general declared that "in the absence of a return of the bill with objections, SB 393 therefore became law by operation of the last sentence of art 4, § 33." Sec. 502. (1) A public school academy shall be organized and administered under the direction of a board of directors in accordance with this part and with bylaws adopted by the board of directors. To the extent disqualified under the state or federal constitution, a public school academy shall not be organized by a church or other religious organization and shall not have any organizational or contractual affiliation with or constitute a church or other religious organization.

(2) Subject to subsection (9), any of the following may act as an authorizing body to issue a contract to organize and operate 1 or more public school academies under this part:

(a) The board of a school district. However, the board of a school district shall not issue a contract for a public school academy to operate outside the school district's boundaries, and a public school academy authorized by the board of a school district shall not operate outside that school district's boundaries.

(b) An intermediate school board. However, the board of an intermediate school district shall not issue a contract for a public school academy to operate outside the intermediate school district's boundaries, and a public school academy authorized by the board of an intermediate school district shall not operate outside that intermediate school district's boundaries.

(c) The board of a community college. However, except as otherwise provided in this subdivision, the board of a community college shall not issue a contract for a public school academy to operate in a school district organized as a school district of the first class, a public school academy authorized by the board of a community college shall not operate in a school district organized as a school district of the first class, the board of a community college shall not issue a contract for a public school academy to operate outside the boundaries of the community college district, and a public school academy authorized by the board of a community college shall not operate outside the boundaries of the community college district. The board of a community college also may issue a contract for not more than 1 public school academy to operate on the grounds of an active or closed federal military installation located outside the boundaries of the community college district, or may operate a public school academy itself on the grounds of such a federal military installation, if the federal military installation is not located within the boundaries of any community college district and the community college has previously offered courses on the grounds of the federal military installation for at least 10 years.

(d) The governing board of a state public university. However, the combined total number of contracts for public school academies issued by all state public universities shall not exceed 300 through December 31, 2012 and shall not exceed 500 through December 31, 2014. After December 31, 2014, there is no limit on the combined total number of contracts for public school academies that may be issued by all state public universities.

(e) Two or more of the public agencies described in subdivisions (a) to (d) exercising power, privilege, or authority jointly pursuant to an interlocal agreement under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.

(3) To obtain a contract to organize and operate 1 or more public school academies, 1 or more persons or an entity may apply to an authorizing body described in subsection (2). The application shall include at least all of the following:

(a) Identification of the applicant for the contract.

(c) The proposed articles of incorporation, which shall include at least all of the following:

(i) The name of the proposed public school academy.

(iii) The name of the authorizing body.

(iv) The proposed time when the articles of incorporation will be effective.

(v) Other matters considered expedient to be in the articles of incorporation.

(d) A copy of the proposed bylaws of the public school academy.

(e) Documentation meeting the application requirements of the authorizing body, including at least all of the following:

(i) The governance structure of the public school academy.

(ii) A copy of the educational goals of the public school academy and the curricula to be offered and methods of pupil assessment to be used by the public school academy. The educational goals shall include demonstrated improved pupil academic achievement for all groups of pupils. To the extent applicable, the progress of the pupils in the public school academy shall be assessed using both the mathematics and reading portions of the Michigan student test of educational progress (M-STEP) or the Michigan merit examination under section 1279g, as applicable.

(iii) The admission policy and criteria to be maintained by the public school academy. The admission policy and criteria shall comply with section 504. (4) An authorizing body shall oversee, or shall contract with an intermediate school district, community college, or state public university to oversee, each public school academy operating under a contract issued by the authorizing body. The authorizing body is responsible for overseeing compliance by the board of directors with the contract and all applicable law. This subsection does not relieve any other government entity of its enforcement or supervisory responsibility.

(5) If the superintendent of public instruction finds that an authorizing body is not engaging in appropriate continuing oversight of 1 or more public school academies operating under a contract issued by the authorizing body, the superintendent of public instruction may suspend the power of the authorizing body to issue new contracts to organize and operate public school academies. A contract issued by the authorizing body during the suspension is void. A contract issued by the authorizing body before the suspension is not affected by the suspension.

(6) An authorizing body shall not charge a fee, or require reimbursement of expenses, for considering an application for a contract, for issuing a contract, or for providing oversight of a contract for a public school academy in an amount that exceeds a combined total of 3% of the total state school aid received by the public

school academy in the school year in which the fees or expenses are charged. An authorizing body may provide other services for a public school academy and charge a fee for those services, but shall not require such an arrangement as a condition to issuing the contract authorizing the public school academy.

(7) A public school academy shall be presumed to be legally organized if it has exercised the franchises and privileges of a public school academy for at least 2 years.

(9) Both of the following apply to the issuance of a contract for a public school academy to be located within a community district:

(a) An authorizing body shall not issue a contract to organize and operate a new public school academy to be located in a community district unless, before issuing the contract, the governing board of the authorizing body has certified to the state school reform/redesign officer that the authorizing body has been accredited as an authorizing body by a nationally recognized accreditation body. For an authorizing body described in subsection (2)(e), the authorizing body shall not issue a contract to organize and operate a new public school academy to be located in a community district unless, before issuing the contract, the governing board of each of the public agencies that is party to the interlocal agreement has certified to the state school reform/redesign officer that the public agency has been accredited as an authorizing body by a nationally recognized accreditation body.

(b) An authorizing body shall not issue a contract for a new public school academy to be located in a community district if both of the following circumstances exist:

(i) Either of the following:

(A) Until the accountability system under section 390 has been in effect in the community district for at least 3 full school years, the proposed public school academy would operate at the same location as a public school that currently is on the list under section 1280c(1) of the public schools in this state that the state school reform/redesign office has determined to be among the lowest achieving 5% of all public schools in this state or has been on that list during the immediately preceding 3-year period. Beginning after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, the proposed public school academy would operate at the same location as a public school that has been assigned a grade of "F" under section 390 for 3 of the preceding 5 school years.

(B) The proposed public school academy would operate at the same location as a public school academy, urban high school academy, school of excellence, or strict discipline academy that has had its contract revoked or terminated by an authorizing body under the applicable part or section.

(ii) The proposed public school academy would have substantially the same board of directors, substantially the same leadership, and substantially the same curriculum offerings as the public school that previously operated at that location.

(10) A public school academy that is located within a community district is subject to section 390.

If a public school academy operating under this part meets the requirements of part 6e, with the approval of its authorizing body, the board of directors of the public school academy may adopt a resolution choosing to convert the public school academy to a school of excellence under part 6e. If a board of directors of a public school academy that meets the requirements of part 6e is issued a contract to operate as a school of excellence under part 6e, all of the following apply:

(b) The public school academy shall be considered to be a school of excellence for all purposes upon the issuance of the contract under part 6e or at another time as determined by the authorizing body, but shall retain its corporate identity.

(c) The conversion of a public school academy to a school of excellence operating under part 6e shall not impair any agreement, mortgage, loan, bond, note or other instrument of indebtedness, or any other agreement entered into by a public school academy while it was operating under this part.

(d) The contract issued to the public school academy under this part shall automatically terminate upon the issuance of a contract under part 6e or at another time as determined by the authorizing body.

(e) If the authorizing body of the public school academy is the governing board of a state university, then all of the following apply to issuance of a new contract for a public school academy under this part after the conversion:

(i) For a period of 12 months after the contract is issued under part 6e, that authorizing body is the only authorizing body that may issue a new contract for a new public school academy to fill the availability under section 502(2)(d) that is created by the conversion of the public school academy to a school of excellence.

(ii) If the board of directors of the public school academy that is issued a contract to fill the availability under section 502(2)(d) that is created by the conversion chooses to enter into an agreement with an educational management organization to manage or operate the public school academy, the board of directors may give preference to an educational management organization that has previously operated a school that met the criteria described in section 552(4).

Instruments of conveyance to or from a public school academy are exempt from all taxation including taxes imposed by 1966 PA 134, MCL 207.501 to 207.513. Unless the property is already fully exempt from real and personal property taxes under the general property tax act, 1893 PA 206, MCL 211.1 to 211.155, property occupied by a public school academy and used exclusively for educational purposes is exempt from real and personal property taxes levied for school operating purposes under section 1211, to the extent exempted under that section, and from real and personal property taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906. A public school academy may not levy ad valorem property taxes or another tax for any purpose. Sec. 503a. If a school district or intermediate school district applies for and obtains a contract to operate 1 or more public school academies under this part, the power of the school district or intermediate school district to levy taxes for any purpose under this act is not affected by the operation of a public school academy by the school district or intermediate school district. Revenue from taxes levied by a school district or intermediate school district under this act or bonds issued by a school district or intermediate school district under this act may be used to support the operation or facilities of a public school academy operated by the school district or intermediate school district in the same manner as that revenue may be used under this act by the school district or intermediate school district to support school district or intermediate school district operations and facilities. This section does not authorize a school district or intermediate school district to levy taxes or to issue bonds for any purpose that is not otherwise authorized under this act.

380.503b Agreement between public school academy and third party; obligation of state or authorizing party; debt.

Sec. 503b. (1) An agreement, mortgage, loan, or other instrument of indebtedness entered into by a public school academy and a third party does not constitute an obligation, either general, special, or moral, of this state or an authorizing body. The full faith and credit or the taxing power of this state or any agency of this state, or the full faith and credit of an authorizing body, may not be pledged for the payment of any public school academy bond, note, agreement, mortgage, loan, or other instrument of indebtedness.

(2) This part does not impose any liability on this state or on an authorizing body for any debt incurred by a public school academy.

History: Add. 2003, Act 179, Imd. Eff. Oct. 3, 2003.

Compiler's note: Senate Bill 393 (SB 393) was enrolled on August 13, 2003, and presented to the governor for her approval on September 8, 2003, at 5:00 p.m. On September 18, 2003, the senate requested that the bill be returned to the senate. The governor granted the senate's request on that same date and returned the bill to that body (without objections), where a motion was made to vacate the enrollment and the motion prevailed. On September 23, 2003, the house of representatives approved a motion to send a letter to the senate agreeing with the senate's request that the governor return SB 393. Neither the Senate Journal nor the House Journal entries reveal any other action taken by the house of representatives regarding the return of SB 393.

In order to determine whether SB 393 had become law, as requested, the attorney general examined whether SB 393 was recalled by concurrent action of the house of representatives and the senate within the 14-day period afforded the governor for vetoing a bill under the last sentence of Const 1963, art 4, § 33: "SB 393 was presented to the Governor on September 8, 2003, at 5:00 p.m. The 14-day period afforded for consideration, measured in hours and minutes, therefore expired on September 22, 2003 at 5:00 p.m. While the Senate had acted to recall the bill within that 14-day period (on September 18, 2003), the House did not. Its action concurring in the request to recall SB 393 was not taken until September 23, 2003. In the absence of concurrent action by both houses of the Legislature within the 14-day period, SB 393 was not effectively recalled and 'further legislative action thereon' was not authorized." The attorney general declared that "in the absence of a return of the bill with objections, SB 393 therefore became law by operation of the last sentence of art 4, § 33." 380.504 Location; operation at other than single site; documentation that proposed educational model results in measurable progress; discrimination prohibited; admission limits; enrollment; priority; grades and programs offered.

Sec. 504. (1) A public school academy may be located in all or part of an existing public school building. A public school academy shall not operate at a site other than the site or sites requested for the configuration of age or grade levels that will use the site or sites, as specified in the contract. Under a contract, an authorizing body may permit a public school academy to operate the same configuration of age or grade levels at more than 1 site, and a public school academy may operate the same configuration of age or grade levels at more than 1 site, as long as the public school academy is operating in compliance with its contract and is making measurable progress toward meeting its educational goals. For a contract for a new public school academy, an authorizing body may permit a public school academy to operate the same configuration of age or grade levels at more than 1 site, and a public school academy may operate the same configuration of age or grade levels at more than 1 site, if the applicant for the proposed public school academy presents documentation to the authorizing body demonstrating that the applicant's proposed educational model has resulted in schools making measurable progress toward meeting their education goals.

(2) A public school academy shall not charge tuition and shall not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a student with a disability, or any other basis that would be illegal if used by a school district. However, a public school academy may limit admission to pupils who are within a particular range of age or grade level or on any other basis that would be legal if used by a school district and may give enrollment priority as provided in subsection (4).

(3) Except for a foreign exchange student who is not a United States citizen, a public school academy shall not enroll a pupil who is not a resident of this state. For a public school academy authorized by a school district, intermediate school district, or community college, enrollment in the public school academy may be open to all individuals who reside in this state who meet the admission policy and shall be open to all pupils who reside within the geographic boundaries of that authorizing body who meet the admission policy, except that admission to a public school academy authorized by the board of a community college to operate, or operated by the board of a community college, on the grounds of a federal military installation, as described in section 502(2)(c), shall be open to all pupils who reside in the county in which the federal military installation is located. For a public school academy authorized by a state public university, enrollment shall be open to all pupils who reside in this state who meet the admission policy. Subject to subsection (4), if there are more applications to enroll in the public school academy than there are spaces available, pupils shall be selected to enroll using a random selection process. A public school academy shall allow any pupil who was enrolled in the public school academy in the immediately preceding school year to enroll in the public school academy in the appropriate grade unless the appropriate grade is not offered at that public school academy.

(4) A public school academy may give enrollment priority to 1 or more of the following:

(a) A sibling of a pupil enrolled in the public school academy.

(b) A pupil who transfers to the public school academy from another public school pursuant to a

matriculation agreement between the public school academy and other public school that provides for this enrollment priority, if all of the following requirements are met:

(i) Each public school that enters into the matriculation agreement remains a separate and independent public school.

(ii) The public school academy that gives the enrollment priority selects at least 5% of its pupils for enrollment using a random selection process.

(iii) The matriculation agreement allows any pupil who was enrolled at any time during elementary school in a public school that is party to the matriculation agreement and who was not expelled from the public school to enroll in the public school academy giving enrollment priority under the matriculation agreement.

(c) A child of a person who is employed by or at the public school academy or who is on the board of directors of the public school academy. As used in this subdivision, "child" includes an adopted child or a legal ward.

(5) A public school academy may include any grade up to grade 12 or any configuration of those grades, including kindergarten and early childhood education, as specified in its contract. If specified in its contract, a public school academy may also operate an adult basic education program, adult high school completion program, or general education development testing preparation program. The authorizing body may approve amendment of a contract with respect to ages of pupils or grades offered.

Sec. 507. (1) An authorizing body that issues a contract for a public school academy under this part shall do all of the following:

- (a) Ensure that the contract and the application for the contract comply with the requirements of this part.
 - (b) Within 10 days after issuing the contract, submit to the department a copy of the contract.
 - (c) Establish the method of selection, length of term, and number of members of the board of directors of each public school academy that it authorizes. The authorizing body shall ensure that the board of directors includes representation from the local community.
 - (d) Oversee each public school academy operating under a contract issued by the authorizing body. The oversight shall be sufficient to ensure that the board of directors is in compliance with the terms of the contract and with applicable law.
 - (e) Develop and implement a process for holding a public school academy accountable for meeting applicable academic performance standards set forth in the contract and for implementing corrective action for a public school academy that does not meet those standards.
 - (f) Take necessary measures to ensure that the board of directors of a public school academy operates independently of any educational management company involved in the operations of the public school academy.
 - (g) Oversee and ensure that the pupil admission process used by the public school academy is operated in a fair and open manner and is in compliance with the contract and this part.
 - (h) Ensure that the board of directors of the public school academy maintains and releases information as necessary to comply with applicable law.
- (2) An authorizing body may enter into an agreement with 1 or more other authorizing bodies to carry out any function of an authorizing body under this act.

(3) The authorizing body for a public school academy is the fiscal agent for the public school academy. A state school aid payment for a public school academy shall be paid to the authorizing body that is the fiscal agent for that public school academy, and the authorizing body shall then forward the payment to the public school academy. Within 30 days after a contract is submitted to the department by an authorizing body under subsection (1), the department shall issue a district code to the public school academy for which the contract was issued. If the department does not issue a district code within 30 days after a contract is filed, the state treasurer shall assign a temporary district code in order for the public school academy to receive funding under the state school aid act of 1979.

(4) A contract issued under this part may be revoked by the authorizing body if the authorizing body determines that 1 or more of the following have occurred:

(a) Failure of the public school academy to demonstrate improved pupil academic achievement for all groups of pupils or meet the educational goals set forth in the contract.

(b) Failure of the public school academy to comply with all applicable law.

(c) Failure of the public school academy to meet generally accepted public sector accounting principles and demonstrate sound fiscal stewardship.

(d) The existence of 1 or more other grounds for revocation as specified in the contract.

(5) Except for a public school academy that is an alternative school serving a special student population, if the state school reform/redesign officer determines that a public school academy site that has been operating for at least 4 years is among the lowest achieving 5% of all public schools in this state for the immediately preceding 3 school years, as determined under section 1280c, not to include any individualized education plan subgroup, the state school reform/redesign officer shall notify the public school academy's authorizing body. Also, except for a public school academy that is an alternative school serving a special student population, after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, if the state school reform/redesign officer determines that a public school academy site located in a community district has been assigned a grade of "F" under section 390 for the immediately preceding 3 school years, and is not currently undergoing reconstitution under this section, the state school reform/redesign officer shall notify the public school academy's authorizing body. Subject to subsection (6), if an authorizing body receives notice from the state school reform/redesign officer under this subsection, the authorizing body shall amend the public school academy's contract to eliminate the public school academy's authority to operate the existing age and grade levels at the site and the public school academy shall cease operating the existing age and grade levels at the site, effective at the end of the current school year. Subject to subsection (6), if the public school academy operates at only 1 site, and the authorizing body receives notice from the state school reform/redesign officer under this subsection, the authorizing body shall revoke the public school academy's contract, effective at the end of the current school year.

(6) For a public school academy or site that is subject to a notice to its authorizing body under this subsection, the state school reform/redesign officer shall consider other public school options available to pupils in the grade levels offered by the public school academy or site who reside in the geographic area served by the public school academy or site. If the state school reform/redesign officer determines that closure of the public school academy or site would result in an unreasonable hardship to these pupils because there are insufficient other public school options reasonably available for these pupils, the state school reform/redesign officer may rescind the notice. If the state school reform/redesign officer rescinds a notice subjecting a public school academy or site to closure, the state school reform/redesign officer shall do so before the end of the school year. If the state school reform/redesign officer rescinds a notice subjecting a public school academy or site to closure, the state school reform/redesign officer shall require the public school academy or site to implement a school improvement plan that includes measures to increase pupil growth and improve pupil proficiency, with growth and proficiency measured by performance on state assessments.

(7) Except as otherwise provided in section 502 or 503, the decision of an authorizing body to issue, not issue, or reconstitute a contract under this part, or to terminate or revoke a contract under this section, is solely within the discretion of the authorizing body, is final, and is not subject to review by a court or any state agency. An authorizing body that issues, does not issue, or reconstitutes a contract under this part, or that terminates or revokes a contract under this section, is not liable for that action to the public school academy, the public school academy corporation, a pupil of the public school academy, the parent or guardian of a pupil of the public school academy, or any other person.

(8) Except as otherwise provided in this section, before an authorizing body revokes a contract, the authorizing body may consider and take corrective measures to avoid revocation. An authorizing body may reconstitute the public school academy in a final attempt to improve student educational performance or to avoid interruption of the educational process. An authorizing body shall include a reconstituting provision in

the contract that identifies these corrective measures, including, but not limited to, canceling a contract with an educational management organization, if any, withdrawing approval of a contract under section 506, or appointing a new board of directors or a trustee to take over operation of the public school academy.

(9) If an authorizing body revokes a contract, the authorizing body shall work with a school district or another public school, or with a combination of these entities, to ensure a smooth transition for the affected pupils. If the revocation occurs during the school year, the authorizing body, as the fiscal agent for the public school academy under this part, shall return any school aid funds held by the authorizing body that are attributable to the affected pupils to the state treasurer for deposit into the state school aid fund. The state treasurer shall distribute funds to the public school in which the pupils enroll after the revocation pursuant to a methodology established by the department and the center for educational performance and information.

(10) Not more than 10 days after a public school academy's contract terminates or is revoked, the authorizing body shall notify the superintendent of public instruction in writing of the name of the public school academy whose contract has terminated or been revoked and the date of contract termination or revocation.

380.511-380.518 Repealed. 1994, Act 416, Eff. July 30, 1997.

Compiler's note: Sec. 518 (MCL 380.518) of Act 451 of 1976, as added by Act 416 of 1994, provides:

“Sec. 518. This part is repealed if the final disposition of council of organizations and others for education about parochiaid, inc., et al., v John Engler (Ingham county circuit court case no. 94-78461-AW) is that part 6a, as added by Act No. 362 of the Public Acts of 1993, is held by a court of competent jurisdiction to be constitutional, effective, or otherwise valid.”

In Council of Organizations and Others for Education About Parochiaid, Inc., et al. v John Engler, 455 Mich 557 (1997), the Michigan Supreme Court held that 1993 PA 362, which added Part 6A--Public School Academies to the School Code of 1976, did not violate art 8, sec 2, or art 8, sec 3 of the Michigan Constitution of 1963. The Court further held that the repealer in 1994 PA 416 (MCL 380.518) was valid and enforceable.

Popular name: Act 451

380.522 Urban high school academy; organization and administration.

Sec. 522. (1) An urban high school academy shall be organized and administered under the direction of a board of directors in accordance with this part and with bylaws adopted by the board of directors. An urban high school academy corporation shall be organized under the nonprofit corporation act, 1982 PA 162, MCL 450.2101 to 450.3192, except that an urban high school academy corporation is not required to comply with sections 170 to 177 of 1931 PA 327, MCL 450.170 to 450.177. To the extent disqualified under the state or federal constitution, an urban high school academy shall not be organized by a church or other religious organization and shall not have any organizational or contractual affiliation with or constitute a church or other religious organization.

(2) Subject to subsection (9), the governing board of a state public university may act as an authorizing body to issue a contract for the organization and operation of an urban high school academy under this part.

(3) A contract issued under this part shall be issued for an initial term of 10 years. If the urban high school academy meets the educational goals set forth in the contract and operates in substantial compliance with this part, the authorizing body shall automatically renew the contract for a subsequent 10-year term.

(4) To obtain a contract to organize and operate 1 or more urban high school academies, an entity may apply to an authorizing body described in subsection (2). The contract shall be issued to an urban high school academy corporation designated by the entity applying for the contract. The application shall include at least all of the following:

(a) Name of the entity applying for the contract.

(b) Subject to the resolution adopted by the authorizing body under section 528, a list of the proposed members of the board of directors of the urban high school academy and a description of the qualifications and method for appointment or election of members of the board of directors.

(c) The proposed articles of incorporation, which shall include at least all of the following:

(i) The name of the proposed urban high school academy to which the contract will be issued.

(ii) The purposes for the urban high school academy corporation. This language shall provide that the urban high school academy is incorporated pursuant to this part and that the urban high school academy corporation is a governmental entity and political subdivision of this state.

(iii) The name of the authorizing body.

(iv) The proposed time when the articles of incorporation will be effective.

(v) Other matters considered expedient to be in the articles of incorporation.

(d) A copy of the proposed bylaws of the urban high school academy.

(e) Documentation meeting the application requirements of the authorizing body, including at least all of the following:

(i) The governance structure of the urban high school academy.

(ii) A copy of the educational goals of the urban high school academy and the curricula to be offered and methods of pupil assessment to be used by the urban high school academy. The educational goals shall include demonstrated improved pupil academic achievement for all groups of pupils. To the extent applicable, the progress of the pupils in the urban high school academy shall be assessed using both the mathematics and reading portions of the Michigan student test of educational progress (M-STEP) or the Michigan merit examination under section 1279g, as applicable.

(iii) The admission policy and criteria to be maintained by the urban high school academy. The admission policy and criteria shall comply with section 524. This part of the application also shall include a description of how the applicant will provide to the general public adequate notice that an urban high school academy is being created and adequate information on the admission policy, criteria, and process.

(iv) The school calendar and school day schedule.

(v) The age or grade range of pupils to be enrolled.

(f) Descriptions of staff responsibilities and of the urban high school academy's governance structure.

(g) A description of and address for the proposed building or buildings in which the urban high school academy will be located, and a financial commitment by the entity applying for the contract to construct or renovate the building or buildings that will be occupied by the urban high school academy that is issued the contract.

(5) If a particular state public university issues a contract that allows an urban high school academy to operate the same configuration of grades at more than 1 site, as provided in section 524(1), each of those sites shall be under the direction of the board of directors that is a party to the contract.

(6) If the superintendent of public instruction finds that an authorizing body is not engaging in appropriate continuing oversight of 1 or more urban high school academies operating under a contract issued by the authorizing body, the superintendent of public instruction may suspend the power of the authorizing body to issue new contracts to organize and operate urban high school academies. A contract issued by the authorizing body during the suspension is void. A contract issued by the authorizing body before the suspension is not affected by the suspension.

(7) An authorizing body shall not charge a fee, or require reimbursement of expenses, for considering an application for a contract, for issuing a contract, or for providing oversight of a contract for an urban high school academy in an amount that exceeds a combined total of 3% of the total state school aid received by the urban high school academy in the school year in which the fees or expenses are charged. All of the following apply to this fee:

(a) An authorizing body may use this fee only for the following purposes:

(i) Considering applications and issuing or administering contracts.

(ii) Compliance monitoring and oversight of urban high school academies.

(iii) Training for urban high school academy applicants, administrators, and boards of directors.

(8) An urban high school academy shall be presumed to be legally organized if it has exercised the franchises and privileges of an urban high school academy for at least 2 years.

(9) Both of the following apply to the issuance of a contract for an urban high school academy to be located within a community district:

(a) An authorizing body shall not issue a contract to organize and operate a new urban high school academy to be located in a community district unless, before issuing the contract, the governing board of the authorizing body has certified to the state school reform/redesign officer that the authorizing body has been accredited as an authorizing body by a nationally recognized accreditation body.

(b) An authorizing body shall not issue a contract for a new urban high school academy to be located in a

community district if both of the following circumstances exist:

(i) Either of the following:

(A) Until the accountability system under section 390 has been in effect in the community district for at least 3 full school years, the proposed urban high school academy would operate at the same location as a public school that currently is on the list under section 1280c(1) of the public schools in this state that the state school reform/redesign office has determined to be among the lowest achieving 5% of all public schools in this state or has been on that list during the immediately preceding 3-year period. Beginning after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, the proposed urban high school academy would operate at the same location as a public school that has been assigned a grade of "F" under section 390 for 3 of the preceding 5 school years.

(B) The proposed urban high school academy would operate at the same location as a public school academy, urban high school academy, school of excellence, or strict discipline academy that has had its contract revoked or terminated by an authorizing body under the applicable part or section.

(ii) The proposed urban high school academy would have substantially the same board of directors, substantially the same leadership, and substantially the same curriculum offerings as the public school that previously operated at that location.

(10) An urban high school academy that is located within a community district is subject to section 390.

An urban high school academy shall not operate at a site other than the site or sites, requested for the configuration of age or grade levels that will use the site or sites, as specified in the contract. Under a contract, an authorizing body may permit an urban high school academy to operate the same configuration of age or grade levels at more than 1 site, and an urban high school academy may operate the same configuration of age or grade levels at more than 1 site, as long as the urban high school academy is operating in compliance with its contract and is making measurable progress toward meeting its educational goals. For a contract for a new urban high school academy, an authorizing body may permit an urban high school academy to operate the same configuration of age or grade levels at more than 1 site, and an urban high school academy may operate the same configuration of age or grade levels at more than 1 site, if the applicant for the proposed urban high school academy presents documentation to the authorizing body demonstrating that the applicant's proposed educational model has resulted in schools making measurable progress toward meeting their educational goals.

(2) An urban high school academy shall not charge tuition. Except as otherwise provided in this section, an urban high school academy shall not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, or any other basis that would be illegal if used by a school district. However, an urban high school academy may limit admission to pupils who are within a particular range of age or grade level or on any other basis that would be legal if used by a school district and may give enrollment priority as provided in subsection (4).

(3) Except for a foreign exchange student who is not a United States citizen, an urban high school academy shall not enroll a pupil who is not a resident of this state. Enrollment in an urban high school academy shall be open to all pupils who reside in this state who meet the admission policy. Subject to subsection (4), if there are more applications to enroll in the urban high school academy than there are spaces available, pupils shall be selected to attend using a random selection process. An urban high school academy shall allow any pupil who was enrolled in the urban high school academy in the immediately preceding school year to enroll in the urban high school academy in the appropriate grade unless the appropriate grade is not offered at that urban high school academy.

(4) An urban high school academy may give enrollment priority to 1 or more of the following:

(a) A sibling of a pupil enrolled in the urban high school academy.

(b) A child of a person who is employed by or at the urban high school academy or who is on the board of directors of the urban high school academy. As used in this subdivision, "child" includes an adopted child or a legal ward.

(5) Subject to the terms of the contract authorizing the urban high school academy, an urban high school academy shall include at least grades 9 through 12 within 5 years after beginning operations and may include other grades or any configuration of those grades, including kindergarten and early childhood education, as specified in its contract. If specified in its contract, an urban high school academy may also operate an adult basic education program, adult high school completion program, or general education development testing preparation program.

380.528 Urban high school academy; authorizing body; contract; agreement; fiscal agent; revocation; notice of certain conditions; decision to issue, not issue, or reconstitute contract, or terminate or revoke contract; transition of affected pupils upon revocation of contract; notice to superintendent of public instruction; reversion of property to state.

Sec. 528. (1) An authorizing body that issues a contract for an urban high school academy under this part shall do all of the following:

- (a) Ensure that the contract and the application for the contract comply with the requirements of this part.
- (b) Within 10 days after issuing the contract, submit to the department a copy of the contract.
- (c) Adopt a resolution establishing the method of selection, length of term, and number of members of the board of directors of each urban high school academy that it authorizes. The resolution shall be written or amended as necessary to include a requirement that each member of the board of directors must be a citizen of the United States.
- (d) Oversee the operations of each urban high school academy operating under a contract issued by the authorizing body. The oversight shall be sufficient to ensure that the urban high school academy is in compliance with the terms of the contract and with applicable law. An authorizing body may enter into an agreement with 1 or more other authorizing bodies to oversee an urban high school academy operating under a contract issued by the authorizing body.
- (e) Develop and implement a process for holding an urban high school academy board of directors accountable for meeting applicable academic performance standards set forth in the contract and for implementing corrective action for an urban high school academy that does not meet those standards.
- (f) Take necessary measures to ensure that an urban high school academy board of directors operates

independently of any educational management company involved in the operations of the urban high school academy.

(g) Oversee and ensure that the pupil admission process used by the urban high school academy is operated in a fair and open manner and is in compliance with the contract and this part.

(h) Ensure that the board of directors of the urban high school academy maintains and releases information as necessary to comply with applicable law.

(2) An authorizing body may enter into an agreement with 1 or more other authorizing bodies to carry out any function of an authorizing body under this act.

(3) The authorizing body for an urban high school academy is the fiscal agent for the urban high school academy. A state school aid payment for an urban high school academy shall be paid to the authorizing body that is the fiscal agent for that urban high school academy, which shall then forward the payment to the urban high school academy. Within 30 days after a contract is submitted to the department by an authorizing body under subsection (1), the department shall issue a district code to the urban high school academy for which the contract was issued. If the department does not issue a district code within 30 days after a contract is filed, the state treasurer shall assign a temporary district code in order for the urban high school academy to receive funding under the state school aid act of 1979.

(4) A contract issued under this part may be revoked by the authorizing body that issued the contract if the authorizing body determines that 1 or more of the following have occurred:

(a) Failure of the urban high school academy to demonstrate improved pupil academic achievement for all groups of pupils or meet the educational goals set forth in the contract.

(b) Failure of the urban high school academy to comply with all applicable law.

(c) Failure of the urban high school academy to meet generally accepted public sector accounting principles and demonstrate sound fiscal stewardship.

(d) The existence of 1 or more other grounds for revocation as specified in the contract.

(5) Except for an urban high school academy that is an alternative school serving a special student population, if the state school reform/redesign officer determines that an urban high school academy site that has been operating for at least 4 years is among the lowest achieving 5% of all public schools in this state for the immediately preceding 3 school years, as determined under section 1280c, not to include any individualized education plan subgroup, the state school reform/redesign officer shall notify the urban high school academy's authorizing body. Also, except for an urban high school academy that is an alternative school serving a special student population, after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, if the state school reform/redesign officer determines that an urban high school academy site located in a community district has been assigned a grade of "F" under section 390 for the immediately preceding 3 school years, and is not currently undergoing reconstitution under this section, the state school reform/redesign officer shall notify the urban high school academy's authorizing body. Subject to subsection (6), if an authorizing body receives notice from the state school reform/redesign officer under this subsection, the authorizing body shall amend the urban high school academy's contract to eliminate the urban high school academy's authority to operate the existing age and grade levels at the site and the urban high school academy shall cease operating the existing age and grade levels at the site, effective at the end of the current school year. Subject to subsection (6), if the urban high school academy operates at only 1 site, and the authorizing body receives notice from the state school reform/redesign officer under this subsection, the authorizing body shall revoke the urban high school academy's contract, effective at the end of the current school year.

(6) For an urban high school academy or site that is subject to a notice to its authorizing body under this subsection, the state school reform/redesign officer shall consider other public school options available to pupils in the grade levels offered by the urban high school academy or site who reside in the geographic area served by the urban high school academy or site. If the state school reform/redesign officer determines that closure of the urban high school academy or site would result in an unreasonable hardship to these pupils because there are insufficient other public school options reasonably available for these pupils, the state school reform/redesign officer may rescind the notice. If the state school reform/redesign officer rescinds a notice subjecting an urban high school academy or site to closure, the state school reform/redesign officer shall do so before the end of the school year. If the state school reform/redesign officer rescinds a notice subjecting an urban high school academy or site to closure, the state school reform/redesign officer shall require the urban high school academy or site to implement a school improvement plan that includes measures to increase pupil growth and improve pupil proficiency, with growth and proficiency measured by performance on state assessments.

(7) Except as otherwise provided in section 522, the decision of an authorizing body to issue, not issue, or reconstitute a contract under this part, or to terminate or revoke a contract under this section, is solely within

the discretion of the authorizing body, is final, and is not subject to review by a court or any state agency. An authorizing body that issues, does not issue, or reconstitutes a contract under this part, or that terminates or revokes a contract under this section, is not liable for that action to the urban high school academy, the urban high school academy corporation, a pupil of the urban high school academy, the parent or guardian of a pupil of the urban high school academy, or any other person.

(8) Except as otherwise provided in this section, before an authorizing body revokes a contract, the authorizing body may consider and take corrective measures to avoid revocation. An authorizing body may reconstitute the urban high school academy in a final attempt to improve student educational performance or to avoid interruption of the educational process. An authorizing body shall include a reconstituting provision in the contract that identifies these corrective measures, including, but not limited to, removing 1 or more members of the board of directors, withdrawing approval to contract under section 527, or appointing a new board of directors or a trustee to take over operation of the urban high school academy.

(9) If an authorizing body revokes a contract, the authorizing body shall work with a school district or another public school, or with a combination of these entities, to ensure a smooth transition for the affected pupils. If the revocation occurs during the school year, the authorizing body, as the fiscal agent for the urban high school academy under this part, shall return any school aid funds held by the authorizing body that are attributable to the affected pupils to the state treasurer for deposit into the state school aid fund. The state treasurer shall distribute funds to the public school in which the pupils enroll after the revocation pursuant to a methodology established by the department and the center for educational performance and information.

(10) Not more than 10 days after an urban high school academy's contract terminates or is revoked, the authorizing body shall notify the superintendent of public instruction in writing of the name of the urban high school academy whose contract has terminated or been revoked and the date of contract termination or revocation.

(11) If an urban high school academy's contract terminates or is revoked, title to all real and personal property, interest in real or personal property, and other assets owned by the urban high school academy shall revert to the state. This property shall be distributed in accordance with the following:

(a) Within 30 days following the termination or revocation, the board of directors of an urban high school academy shall hold a public meeting to adopt a plan of distribution of assets and to approve the dissolution of the urban high school academy corporation, all in accordance with chapter 8 of the nonprofit corporation act, 1982 PA 162, MCL 450.2801 to 450.2864.

(b) The urban high school academy shall file a certificate of dissolution with the department of licensing and regulatory affairs within 10 business days following board approval.

(c) Simultaneously with the filing of the certificate of dissolution under subdivision (b), the urban high school academy board of directors shall provide a copy of the board of directors' plan of distribution of assets to the state treasurer for approval. Within 30 days, the state treasurer, or his or her designee, shall review and approve the board of directors' plan of distribution of assets. If the proposed plan of distribution of assets is not approved within 30 days, the state treasurer, or his or her designee, shall provide the board of directors with an acceptable plan of distribution of assets.

(d) The state treasurer, or his or her designee, shall monitor the urban high school academy's winding up of the dissolved corporation in accordance with the plan of distribution of assets approved or provided under subdivision (c).

(e) As part of the plan of distribution of assets, the urban high school academy board of directors shall designate the director of the department of technology, management, and budget, or his or her designee, to dispose of all real property of the urban high school academy corporation in accordance with the directives developed for disposition of surplus land and facilities under section 251 of the management and budget act, 1984 PA 431, MCL 18.1251.

(f) If the board of directors of an urban high school academy fails to take any necessary action under this section, the state treasurer, or his or her designee, may suspend the urban high school academy board of directors and appoint a trustee to carry out the board's plan of distribution of assets. Upon appointment, the trustee shall have all the rights, powers, and privileges under law that the urban high school academy board of directors had before being suspended.

(g) Following the sale of the real or personal property or interests in the real or personal property, and after payment of any urban high school academy debt secured by the property or interest in property, whether real or personal, the urban high school academy board of directors, or a trustee appointed under this section, shall forward any remaining money to the state treasurer. Following receipt, the state treasurer, or his or her designee, shall deposit this remaining money in the state school aid fund.

(14) If the department determines that the combined total statewide final audited membership for all pupils in membership in schools of excellence that are cyber schools for the 2012-2013 state fiscal year exceeds a number equal to 1% of the combined total statewide final audited membership for all pupils in membership in public schools for the 2011-2012 state fiscal year, then all of the following apply:

(a) An authorizing body may not issue a new contract for a new school of excellence that is a cyber school to begin operations in the 2013-2014 school year.

(b) A school of excellence that is a cyber school may not enroll any new pupils in the school of excellence that is a cyber school in the 2013-2014 school year.

(a) Subject to subdivision (c), an authorizing body may not issue a new contract for a new school of excellence that is a cyber school to begin operations in a school year that begins after that determination is made.

(b) Subject to subdivision (c), a school of excellence that is a cyber school may not enroll any new pupils in the school of excellence that is a cyber school in a school year that begins after that determination is made.

(16) For the purposes of subsections (14) and (15), not later than July 1 of each year, the department shall determine the percentage of the combined total statewide final audited membership for all pupils in membership in public schools that are pupils in membership in schools of excellence that are cyber schools

for the state fiscal year that includes that July 1.

The authorizing body may approve amendment of a contract with respect to ages of pupils or grades offered.

(6) In addition to any other grade levels it operates, a school of excellence shall work toward operating all of grades 9 to 12 within 6 years after it begins operations, unless a matriculation agreement has been reached with another public school that provides grades 9 to 12.

Sec. 561. (1) If an authorizing body issues a contract for a school of excellence under this part, the authorizing body shall do all of the following:

- (a) Ensure that the contract and the application for the contract comply with the requirements of this part.
- (b) Within 10 days after issuing the contract, submit to the department a copy of the contract.
- (c) Establish the method of selection, length of term, and number of members of the board of directors of each school of excellence that it authorizes. The authorizing body shall ensure that the board of directors includes representation from the local community.
- (d) Oversee the operations of each school of excellence operating under a contract issued by the authorizing body. The oversight shall be sufficient to ensure that the school of excellence is in compliance with the terms of the contract and with applicable law. This subdivision does not relieve any other governmental entity of its enforcement or supervisory responsibility.
- (e) Develop and implement a process for holding a school of excellence board of directors accountable for meeting applicable academic performance standards set forth in the contract and for implementing corrective action for a school of excellence that does not meet those standards.
- (f) Take necessary measures to ensure that a school of excellence board of directors operates independently of any educational management organization involved in the operations of the school of excellence.
- (g) Oversee and ensure that the pupil admission process used by the school of excellence is operated in a fair and open manner and is in compliance with the contract and this part.
- (h) Ensure that the board of directors of the school of excellence maintains and releases information as necessary to comply with applicable law.

(2) The authorizing body may enter into an agreement with 1 or more authorizing bodies, as defined under part 6a, to carry out any function of the authorizing body under subsection (1)(a) to (h).

(3) The authorizing body for a school of excellence is the fiscal agent for the school of excellence. A state school aid payment for a school of excellence shall be paid to the authorizing body as the fiscal agent for that school of excellence, and the authorizing body shall then forward the payment to the school of excellence. Within 30 days after a contract is submitted to the department by the authorizing body under subsection (1), the department shall issue a district code to the school of excellence for which the contract was issued. If the department does not issue a district code within 30 days after a contract is filed, the state treasurer shall assign a temporary district code in order for the school of excellence to receive funding under the state school aid act of 1979.

(4) A contract issued under this part may be revoked by the authorizing body if the authorizing body determines that 1 or more of the following have occurred:

- (a) Failure of the school of excellence to demonstrate improved pupil academic achievement for all groups of pupils or meet the educational goals set forth in the contract.
- (b) Failure of the school of excellence to comply with all applicable law.

(c) Failure of the school of excellence to meet generally accepted public sector accounting principles and demonstrate sound fiscal stewardship.

(d) The existence of 1 or more other grounds for revocation as specified in the contract.

(5) Except for a school of excellence that is an alternative school serving a special student population, if the state school reform/redesign officer determines that a school of excellence site that has been operating for at least 4 years is among the lowest achieving 5% of all public schools in this state for the immediately preceding 3 school years, as determined under section 1280c, not to include any individualized education plan subgroup, the state school reform/redesign officer shall notify the school of excellence's authorizing body. Also, except for a school of excellence that is an alternative school serving a special student population, after the accountability system under section 390 has been in effect in the community district for at least 3 full school years, if the state school reform/redesign officer determines that a school of excellence site located in a community district has been assigned a grade of "F" under section 390 for the immediately preceding 3 school years, and is not currently undergoing reconstitution under this section, the state school reform/redesign officer shall notify the school of excellence's authorizing body. Subject to subsection (6), if an authorizing body receives notice from the state school reform/redesign officer under this subsection, the authorizing body shall amend the school of excellence's contract to eliminate the school of excellence's authority to operate the existing age and grade levels at the site and the school of excellence shall cease operating the existing age and grade levels at the site, effective at the end of the current school year. Subject to subsection (6), if the school of excellence operates at only 1 site or is a cyber school, and the authorizing body receives notice from the state school reform/redesign officer under this subsection, the authorizing body shall revoke the school of excellence's contract, effective at the end of the current school year.

(6) For a school of excellence or site that is subject to a notice to its authorizing body under this subsection, the state school reform/redesign officer shall consider other public school options available to pupils in the grade levels offered by the school of excellence or site who reside in the geographic area served by the school of excellence or site. If the state school reform/redesign officer determines that closure of the school of excellence or site would result in an unreasonable hardship to these pupils because there are insufficient other public school options reasonably available for these pupils, the state school reform/redesign officer may rescind the notice. If the state school reform/redesign officer rescinds a notice subjecting a school of excellence or site to closure, the state school reform/redesign officer shall do so before the end of the school year. If the state school reform/redesign officer rescinds a notice subjecting a school of excellence or site to closure, the state school reform/redesign officer shall require the school of excellence or site to implement a school improvement plan that includes measures to increase pupil growth and improve pupil proficiency, with growth and proficiency measured by performance on state assessments.

(7) Except for a contract issued by a school district pursuant to a vote by the school electors on a ballot question under section 553(2), and except as otherwise provided in section 552, the decision of the authorizing body to issue, not issue, or reconstitute a contract under this part, or to terminate or revoke a contract under this section, is solely within the discretion of the authorizing body, is final, and is not subject to review by a court or any other state agency. If the authorizing body issues, does not issue, or reconstitutes a contract under this part, or terminates or revokes a contract under this section, the authorizing body is not liable for that action to the school of excellence, the school of excellence corporation, a pupil of the school of excellence, the parent or guardian of a pupil of the school of excellence, or any other person.

(8) Except as otherwise provided in this section, before the authorizing body revokes a contract, the authorizing body may consider and take corrective measures to avoid revocation. The authorizing body may reconstitute the school of excellence in a final attempt to improve student educational performance or to avoid interruption of the educational process. The authorizing body shall include a reconstituting provision in the contract that identifies these corrective measures, including, but not limited to, canceling a contract with an educational management organization, if any, withdrawing approval to contract under section 560, or appointing a new board of directors or a trustee to take over operation of the school of excellence.

(9) If the authorizing body revokes a contract, the authorizing body shall work with a school district or another public school, or with a combination of these entities, to ensure a smooth transition for the affected pupils. If the revocation occurs during the school year, the authorizing body, as the fiscal agent for the school of excellence under this part, shall return any school aid funds held by the authorizing body that are attributable to the affected pupils to the state treasurer for deposit into the state school aid fund. The state treasurer shall distribute funds to the public school in which the pupils enroll after the revocation pursuant to a methodology established by the department and the center for educational performance and information.

(10) Not more than 10 days after a school of excellence's contract terminates or is revoked, the authorizing body shall notify the superintendent of public instruction in writing of the name of the school of excellence whose contract has terminated or been revoked and the date of contract termination or revocation.

(11) If a school of excellence's contract terminates or is revoked, title to all real and personal property, interest in real or personal property, and other assets owned by the school of excellence shall revert to the state. This property shall be distributed in accordance with the following:

(a) Within 30 days following the termination or revocation, the board of directors of a school of excellence shall hold a public meeting to adopt a plan of distribution of assets and to approve the dissolution of the school of excellence corporation, all in accordance with chapter 8 of the nonprofit corporation act, 1982 PA 162, MCL 450.2801 to 450.2864.

(b) The school of excellence shall file a certificate of dissolution with the department of licensing and regulatory affairs within 10 business days following board approval.

(c) Simultaneously with the filing of the certificate of dissolution under subdivision (b), the school of excellence board of directors shall provide a copy of the board of directors' plan of distribution of assets to the state treasurer for approval. Within 30 days, the state treasurer, or his or her designee, shall review and approve the board of directors' plan of distribution of assets. If the proposed plan of distribution of assets is not approved within 30 days, the state treasurer, or his or her designee, shall provide the board of directors with an acceptable plan of distribution of assets.

(d) The state treasurer, or his or her designee, shall monitor the school of excellence's winding up of the dissolved corporation in accordance with the plan of distribution of assets approved or provided under subdivision (c).

(e) As part of the plan of distribution of assets, the school of excellence board of directors shall designate the director of the department of technology, management, and budget, or his or her designee, to dispose of all real property of the school of excellence corporation in accordance with the directives developed for disposition of surplus land and facilities under section 251 of the management and budget act, 1984 PA 431, MCL 18.1251.

(f) If the board of directors of a school of excellence fails to take any necessary action under this section, the state treasurer, or his or her designee, may suspend the school of excellence board of directors and appoint a trustee to carry out the board's plan of distribution of assets. Upon appointment, the trustee shall have all the rights, powers, and privileges under law that the school of excellence board of directors had before being suspended.

(g) Following the sale of the real or personal property or interests in the real or personal property, and after payment of any school of excellence debt secured by the property or interest in property, whether real or personal, the school of excellence board of directors, or a trustee appointed under this section, shall forward any remaining money to the state treasurer. Following receipt, the state treasurer, or his or her designee, shall deposit this remaining money in the state school aid fund.

Sec. 622a. (1) In addition to the annual financial audit required under section 622, an intermediate school district is subject to an audit of the matters described in this section conducted by an independent auditor

under the direction of the department of treasury under this section. An audit conducted under this section shall be based in part on an examination of an intermediate school district's accounts, financial records, and accounting procedures and shall address at least 3 of the following aspects of the intermediate school district's operations, as directed by the department of treasury:

(a) Whether intermediate school board members, intermediate school district administrators, and intermediate school district employees are adhering to ethics policies adopted by the intermediate school board or required by state law.

(b) Whether intermediate school board members, intermediate school district administrators, and intermediate school district employees are adhering to conflict of interest policies adopted by the intermediate school board or required by state law. This includes, but is not limited to, policies and practices with regard to contracts in which an intermediate school board member, an intermediate school district administrator, or an intermediate school district employee who is involved in the contracting process, or a family member of an intermediate school board member, an intermediate school district administrator, or an intermediate school district employee who is involved in the contracting process, has a substantial conflict of interest; and policies and practices with regard to an intermediate school district administrator negotiating, handling, presenting, or recommending a contract in which the administrator or a family member of the administrator has a substantial conflict of interest. As used in this subdivision, "substantial conflict of interest" means that term as defined in section 634(5).

(c) Whether a modification to an existing contract was made during the audit period that resulted in an additional financial obligation to the intermediate school district and the modification was not competitively bid. As used in this subdivision, "competitively bid" means that a contract was entered into through a request for information, a request for proposal, or a formal competitive bid process that was advertised and open to the public, and includes a contract entered into on behalf of the intermediate school district by a federal, state, or local governmental entity that performed a request for information, request for proposal, or formal competitive bid process or by a nonprofit corporation or nonprofit association that performed a request for information, request for proposal, or formal competitive bid process.

(d) Whether the intermediate school district's policies and practices for responding to requests received under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, and the intermediate school district's actual responses to requests made during the audit period under that act, were in compliance with that act. This part of the audit shall include, but is not limited to, an examination of whether the costs charged for responding to requests exceeded the costs permitted under that act.

(e) Whether intermediate school board members, intermediate school district administrators, and intermediate school district employees are adhering to travel guidelines and practices adopted by the intermediate school board or required by state law.

(c) The department of treasury shall select 5 intermediate school districts for audit under this section every 2 years.

(d) Upon request by the department of treasury, the intermediate school district shall notify the department of treasury of the name, address, and contact person of the independent auditor selected by the intermediate school board to perform the annual financial audit for the intermediate school district. The department of treasury shall enter into an agreed-upon procedures agreement with the selected independent auditor, identifying the matters to be audited and establishing the rate of payment, which shall be no more than the rate the department would charge for the same type of audit. meet the purposes of this section.

(e) An intermediate school board and intermediate school district officials shall provide all information requested by the independent auditors or the department of treasury and shall cooperate with them to the fullest extent possible.

(f) The independent auditor shall submit an audit report of the audit to the center for educational performance and information in the form and manner prescribed by the center for educational performance and information. The center for educational performance and information shall submit a copy of the audit report of each audit conducted under this section to the department of treasury, to the applicable intermediate school board, to the senate and house standing committees having jurisdiction over education legislation, to the department, and, subject to subdivision (g), to the attorney general if the department of treasury considers it appropriate.

(g) If the department of treasury determines that an audit conducted under this section has disclosed that the intermediate school board or any intermediate school district official or employee has violated any state law governing the financial operations of an intermediate school district, the department of treasury shall notify the intermediate school district of that determination. If the intermediate school district disputes the determination or claims that the situation has been corrected, within 15 days after receipt of the determination the intermediate school district may submit an appeal of the determination to the department of treasury. Within 90 days after receipt of the appeal, the department of treasury shall consider the appeal and make a determination of whether the initial determination was correct or incorrect and of whether the situation has been corrected. If the department of treasury finds that the initial determination was correct and that the situation has not been corrected, then the department of treasury shall file a copy of the report with the attorney general. The attorney general shall review the report and, if the attorney general considers it appropriate, shall commence or direct the prosecuting attorney for the county in which the violations occurred to commence appropriate proceedings against the intermediate school board or the official or employee. These proceedings shall include at least a civil action in a court of competent jurisdiction for the recovery of any public money determined by the audit to have been illegally expended and for the recovery of any public property determined by the audit to have been converted or misappropriated.

(3) In addition to the intermediate school districts selected for a random audit under subsection (2), the department of treasury may also direct an audit under this section of 1 or more additional intermediate school districts selected by the department of treasury if the department of treasury considers that additional audit or audits to be appropriate. Subsection (2)(d), (e), (f), and (g) applies to an audit under this subsection.

(4) The department and the department of treasury, in consultation with intermediate school districts, shall develop and make available to intermediate school districts the auditing criteria to be used for the purposes of this section.

(6) The department of treasury shall pay the costs of the audit conducted under this section. The department of treasury's obligation under this section is limited to the amount of a separate line item appropriation identified for the purpose of funding the department of treasury's duties under this section and included in the annual appropriations act making appropriations for the department of treasury.

(7) The department shall post on its website the audit reports it receives under subsection (2)(f).

(3) The department shall develop and distribute to intermediate school districts a model conflict of interest policy for the purposes of subsection (1) and a model policy meeting the requirements of subsection (2).

(4) Subject to subsection (8), in any 1-month period, an intermediate school board member or intermediate school district administrator shall not accept from a person who does business or seeks to do business of any kind with the intermediate school district any money, goods, or services with a value in excess of \$44.00 if the board member or administrator does not provide goods or services of equal value in exchange. This subsection does not apply to a gift or reward already prohibited under section 1805.

(5) If an intermediate school board member or intermediate school district administrator has a substantial conflict of interest in a proposed contract, the intermediate school board shall not enter into that contract. In the following cases, there is no substantial conflict of interest:

(a) A contract between the intermediate school district and any of the following:

(i) A corporation in which an intermediate school board member or intermediate school district administrator is a stockholder owning 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owning stock that has a present market value of \$25,000.00 or less if the stock is listed on a stock exchange.

(i) A corporation in which an intermediate school board member or intermediate school district administrator is not a director, officer, or employee.

This subdivision does not apply to amendments or renegotiations of a contract or to additional payments under the contract that were not authorized by the contract at the time of award.

(6) If an intermediate school board member, intermediate school district administrator, or an employee of an intermediate school district who recommends, negotiates, or is authorized to sign a contract on behalf of the intermediate school district either is employed by or under contract with a business enterprise with which the intermediate school district is considering entering into a contract or knows that he or she has a family member who has an ownership interest in or is employed by a business enterprise with which the intermediate school district is considering entering into a contract, the board member, administrator, or employee shall disclose this fact to the intermediate school board at a public meeting of the intermediate school board before the intermediate school board enters into the contract. If the intermediate school board receives a disclosure described in this subsection, the intermediate school board shall vote at a public meeting of the intermediate school board on whether or not it considers the relationship described in the disclosure to be a conflict of interest, and shall not enter into the contract without first voting at a public meeting of the intermediate school board to enter into the contract. As used in this subsection, "family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's spouse; or a person's parent or parent's spouse, and includes these relationships as created by adoption or marriage.

void the contract if the school administrator violates the provision prohibiting conduct involving moral turpitude.

(8) Beginning January 1, 2005, the monetary amounts specified in subsections (2) and (4) shall be adjusted each January 1 by multiplying the amount for the immediately preceding year by the percentage by which the average consumer price index for all items for the 12 months ending August 31 of the year in which the adjustment is made differs from that index's average for the 12 months ending on August 31 of the immediately preceding year and adding that product to the maximum amount that applied in the immediately preceding year, rounding to the nearest whole dollar. The adjustment shall apply only to expenditures or violations occurring after the date of the adjusting of the amount. The adjusted amount shall be determined and announced by the department on or before December 15 of each year and shall be provided to all persons requesting the adjusted amount. 380.681 Career and technical education program; approval of establishment and operation; election; submission of question; form of ballot; limitation on number of mills to be levied; use of tax proceeds; repayment of misspent funds; number of elections; publication of audit results.

Sec. 681. (1) An intermediate school district may establish an area career and technical education program and operate the program under sections 681 to 690 if approved by a majority of the intermediate school electors of the intermediate school district voting on the question. The election shall be called and conducted in accordance with this act and the Michigan election law. The establishment of the area career and technical education program may be rescinded by the same process.

(2) The question of establishing an area career and technical education program may be submitted to the intermediate school electors of an intermediate school district at a regular school election or at a special election held in each of the constituent districts. Subject to section 641 of the Michigan election law, MCL 168.641, the intermediate school board shall determine the date of the election and shall give notice to the school district filing official at least 60 days in advance of the date the ballot question is to be submitted to the intermediate school electors.

(3) The ballot for referring the question of adopting sections 681 to 690 and establishing an area career and technical education program to the intermediate school electors of an intermediate school district shall be substantially in the following form:

"Shall _____ (legal name of intermediate school district), state of Michigan, come under sections 681 to 690 of the revised school code and establish an area career and technical education program which is designed to encourage the operation of area career and technical education programs if the annual property tax levied for this purpose is limited to _____ mills?

Yes ()

No ()".

(4) Beginning in 1995, and subject to section 625b, the number of mills of ad valorem property taxes an intermediate school board may levy for area career and technical education program operating purposes under sections 681 to 690 is limited to the following:

(a) If the intermediate school district did not levy any millage in 1993 for area career and technical education program operating purposes under sections 681 to 690, the intermediate school board, with the approval of the intermediate school electors, may levy not more than 1 mill for those purposes.

(b) If the intermediate school district levied millage in 1993 for area career and technical education program operating purposes under sections 681 to 690, the intermediate school board, with the approval of the intermediate school electors, may levy mills for those purposes at a rate not to exceed 1.5 times the number of mills authorized for those purposes in the intermediate school district in 1993. Approval of the intermediate school electors is not required for the levy under this subdivision of previously authorized mills until that authorization expires.

(5) An intermediate school district that levies a tax for area career and technical education program operating purposes shall not use proceeds from the tax for any purpose other than area career and technical education program operating purposes and shall submit to the department of treasury a copy of the audit report from the audit of the intermediate school district conducted under section 622a. If the department of treasury determines from the audit report that the proceeds from the tax have been used for a purpose other than area career and technical education program operating purposes, as defined under subsection (7), the department of treasury shall notify the intermediate school district of that determination. If the intermediate school district disputes the determination or claims that the situation has been corrected, within 15 days after receipt of the determination the intermediate school district may submit an appeal of the determination to the department of treasury. Within 90 days after receipt of the appeal, the department of treasury shall consider the appeal and make a determination of whether the initial determination was correct or incorrect and of whether the situation has been corrected. If the department of treasury finds that the initial determination was correct and that the situation has not been corrected, then the department of treasury shall file a copy of the report with the attorney general. The attorney general shall review the report and, if the attorney general considers it appropriate, shall commence or direct the prosecuting attorney for the county in which the violations occurred to commence appropriate proceedings against the intermediate school board or the official or employee. These proceedings shall include at least a civil action in a court of competent jurisdiction for the recovery of any public money determined by the audit to have been illegally expended and for the recovery of any public property determined by the audit to have been converted or misappropriated.

(6) If the attorney general determines from a report filed under subsection (5) that an intermediate school district has misspent tax proceeds as described in subsection (5) and notifies the intermediate school district of this determination, the intermediate school district shall repay to its area career and technical education program operating fund an amount equal to the amount the department of treasury determined under subsection (5) has been used for a purpose other than area career and technical education program operating purposes. The intermediate school district shall make this repayment from funds of the intermediate school district that lawfully may be used for making such a repayment.

(7) For the purposes of subsections (5) and (6), not later than January 1, 2008, the department and the department of treasury, in consultation with intermediate school districts, shall develop and make available to intermediate school districts a definition of area career and technical education program operating purposes.

(8) An intermediate school district shall not hold more than 2 elections in a calendar year concerning the authorization of a millage rate for area career and technical education program operating purposes under sections 681 to 690.

(9) Within 30 days after receiving the audit results, an intermediate school district shall publish the results of any audit conducted concerning the area career and technical education program on the intermediate school district's website. The results shall remain posted on the website for at least 6 months.

(2) County tax allocation boards shall receive area vocational-technical education budgets from their respective county clerks; shall treat them as local school district budgets are treated; and shall allocate tax rates to intermediate school districts for the purposes of sections 681 to 691. The allocations shall be handled in the same manner as other allocations for local school districts. The allocations shall not be made within the 15 mill limitation and shall not exceed the limit authorized by an election at which these sections became effective.

(3) When the intermediate school board receives an allocation on the basis of its area vocational-technical education budget, the board shall certify for collection to the officials of the local property tax collecting unit a statement of the amount of taxes to be levied. The certification shall be made in the same manner as local school districts, but the rate certified for levy shall not exceed the amount allocated.

(4) On receipt of the statement from the intermediate school board, the officials responsible for the levying and collection of these taxes shall spread on the tax roll an area vocational-technical education tax equal to the amount ordered spread, and shall collect the taxes in the same manner as other taxes are collected.

conditions; basis for monitoring programs; expediting program approval; collaboration with community college; participation by public school academy and nonpublic school pupils; payment.

Sec. 684. (1) An intermediate school board in which an area career and technical education program has been established may operate area career and technical education programs or may contract with local school districts or with community colleges for the operation of the programs or with a private degree-granting postsecondary institution if the intermediate school district is not within a community college district and if there existed on or before July 1, 1992 a written agreement for the operation of such a program. Area career and technical education programs operated under sections 681 to 690 shall be submitted for review of the representatives of the constituent districts of the intermediate school district at an annual budget review meeting held on or before June 1 under section 624.

(2) An intermediate school board may expend area career and technical education funds for the operation of area career and technical education programs for instructional, support, and administrative costs associated with providing career and technical education activities, including, but not limited to, staff salaries, wages, and benefits for career and technical education programs only; information and awareness activities; acquisition and rental of real property; construction of buildings; acquisition of equipment and supplies; and maintenance, repair, and replacement of buildings, lands, equipment, and supplies. An intermediate school board must obtain state approval to use state or federal career and technical education funds. Expenditure of vocational education millage revenue for the purposes allowed under this subsection shall be determined by the intermediate school board. However, if the millage revenue is commingled with state or federal funds, then the intermediate school district must obtain state approval to use the commingled funds. If an audit by or on behalf of the department determines that an intermediate school board has expended area career and technical education funds for a purpose other than those set forth in sections 681 to 690, the intermediate school district is subject to the measures under section 681(5) and (6).

(3) The intermediate school board shall ensure that all of the following are met:

(d) The intermediate school district shall submit its career and technical education plan to the department in the form and manner prescribed by the department.

(4) The department may monitor career and technical education programs funded with state or federal funding based upon feedback from the program advisory committee and predetermined state or federal skills standards that include student outcomes.

(5) The department, in consultation with the appropriate career and technical education professionals, shall develop a process for expedited state approval of programs that recognize local workforce needs, emerging technologies, and local demand occupations.

(6) If there is a community college that offers career and technical preparation programs within the intermediate school district, the intermediate school board shall collaborate with the community college to minimize duplication of programs.

(7) An area career and technical education program shall allow participation by public school academy and nonpublic school pupils to the same extent as pupils of constituent districts.

(9) The treasurer of an intermediate school board shall pay out area career and technical education funds on order of the intermediate school board.

(3) If an intermediate school district has provided at least 90% of the financial consideration for the acquisition or construction of an area career and technical education facility, a constituent district or community college may not dispose or change the purpose of the facility without the consent of the intermediate school board even if title to the facility is vested in the constituent district or community college.

(3) An intermediate school board may submit a proposal to issue bonds of the intermediate school district, authorized under this section, to the intermediate school electors at the same election at which the intermediate school electors vote on the establishment of an area vocational-technical education program. If these questions are presented to the school electors at the same election, the board shall include the bond proposal in the 60-day notice given the boards of constituent districts. The establishment of an area

vocational-technical education program shall become effective if approved by a majority of the intermediate school electors voting on the question. The authority to issue bonds is effective only if a majority of the intermediate school electors approve both the establishment of the area vocational-technical education program and the issuance of bonds.

(4) The ballot used in submitting the question of borrowing money and issuing bonds under this section shall be in substantially the following form:

(5) An intermediate school district shall not use the proceeds from bonds issued or refunded under this section or levy a tax to repay bonds issued or refunded under this section for any purpose other than facilities used for area vocational-technical education purposes. If a facility is to be used during regular school hours for purposes other than providing area vocational-technical education programs and services, proceeds from bonds issued or refunded under this section or from millage levied to repay bonds issued or refunded under this section shall be used only for that portion of the facility that is used for providing area vocational-technical education programs and services.

380.690 Nonparticipation or participation by certain school districts in area vocational-technical education program; resolution; election; funding; expenditures; buildings, sites, and equipment.

Sec. 690. (1) A school district of not less than 18,000 pupils, a first class school district, or a school district offering or making available to its pupils a comprehensive vocational education program approved by the state board, may elect not to come under an area vocational-technical education program by resolution adopted by its board not later than 30 days after receipt of notice that the question of establishing the area vocational-technical education program will be submitted to the school electors of the district.

(2) A school district electing not to come under the area vocational-technical education program may thereafter elect to come under the program if at a special or regular school election a majority of the school electors voting approve the operation of the area vocational-technical education program and the annual tax rate for that purpose in effect in the other constituent districts of the intermediate school district.

(3) Except as provided in this subsection, in an intermediate school district where the school electors have voted upon and failed to approve the ballot question set forth in section 681, a combination of 2 or more contiguous constituent districts, by resolution of their boards, may elect to establish an area vocational-technical education program, if approved by resolution of the intermediate district board and designated by the state board. The requirement of contiguity of constituent districts does not apply if 1 or more of the districts that constitute the basis of contiguity declare their intent, by board resolution, not to be part of the proposed area vocational-technical education program. At any time within 6 months after the enactment of the resolution establishing the program in a local school district, school electors equal in number to not less than 5% of the votes cast in the most recent school election may petition their local school district board to submit the resolution to the school district filing official for submission to the electorate, in a form and manner to be prescribed by the secretary of state, and the district's participation in the program shall be

terminated if not approved by a majority of the school electors voting on the question.

(4) Area vocational-technical education programs established under this section shall receive appropriate state funding or federal funding allocated by the state board on exactly the same basis as area vocational-technical education programs and centers established by intermediate school districts. Constituent districts establishing an approved area vocational-technical education program under this section may designate, by board resolution, specific amounts of either authorized operating millage or operating millage being requested from the school electors to be utilized solely for the area vocational-technical education program, in a manner to be prescribed by the state board, and the specified amount of millage shall be regarded as area vocational-technical education millage rather than local school district operating millage in all computations made by the state board to determine state aid. The revenue obtained from the millage designated, together with appropriate state and federal funds, may be expended for the same purposes specified for intermediate district programs in sections 684 and 685, including contracts with the intermediate school district, another local school district, or a community college for area vocational-technical education programs, facilities, and services. If constituent districts establish area vocational-technical education programs under this section, buildings, sites, and equipment may be jointly acquired, owned, or leased.

(5) A contiguous school district desiring to become part of an area vocational-technical education program established under this section may do so with the approval of each participating school district, the intermediate school district, and the state board. Constituent districts operating an approved area vocational-technical education program under this section may subsequently elect not to participate, or may thereafter elect to participate, in an intermediate school district vocational-technical education program in exactly the same manner prescribed in this section for school districts of not less than 18,000 pupils, a first class school district, or a school district offering or making available to its pupils a comprehensive vocational education program approved by the state board.

Sec. 692. (1) In an intermediate school district that complies with the following criteria, there may be established pursuant to subsection (3) a charter building authority with boundaries, except as provided by subsection (2), identical to the boundaries of the intermediate school district:

(a) The intermediate school district is operating under sections 681 to 690.

(b) More than 1 location within the intermediate school district has been designated by the state board of education for providing area vocational-technical education programs.

(c) A building at 1 of the designated locations for providing area vocational-technical education programs has been constructed without utilizing funds from the area vocational-technical education tax levy.

(2) The board of a constituent school district which is in a portion of the intermediate school district not to be served by proposed facilities for which the proposed charter building authority may impose property taxes may elect, by adoption of a resolution within 30 days after receipt of the notice required by subsection (3), not to be included within the charter building authority.

(3) A charter building authority created pursuant to this section shall be governed by the board of the intermediate school district. With the approval of the state board of education, the intermediate school district board may submit to the school electors of those constituent districts that have not elected to be excluded pursuant to subsection (2) the question of coming under this section and of authorizing the charter building authority to impose a specified ad valorem property tax millage rate for not more than 3 years to be used solely for acquiring, purchasing, constructing, and renovating sites and buildings for area vocational-technical education programs operated by the intermediate school district and for purchasing equipment for these facilities. This question shall be submitted at an annual election or at a special election held in each of the participating constituent school districts. The intermediate school district board shall determine the date of the election and shall give notice under section 662 to the secretary of each constituent district at least 60 days before the date of the election. Except as provided by this section, the election shall be called and conducted pursuant to sections 661 and 662.

(4) A charter building authority shall prepare a budget which shall be in the same form as that required in local school districts, and which shall be delivered to the county clerks of the counties in which the charter building authority is located. The county clerk of each county shall deliver the budget to the tax allocation

board, which board shall treat the budget as local school district budgets are treated and shall allocate tax rates to the charter building authority for the purposes set forth by this section, except in counties which have established separate tax limitations. Allocations to charter building authorities shall not be made within the 15-mill limitation but shall be within the charter limitations of section 6 of article IX of the state constitution of 1963. The allocations shall not exceed the limit authorized by the election at which the charter building authority was established and any portion of the net limitation tax rate allocated shall be included within the total tax rate authorized to be levied by the charter building authority.

(5) Charter building authority taxes shall be levied, collected, and returned in the same manner as the levy of the intermediate school district.

(6) This section shall not apply after December 31, 1988 and a charter building authority, which may levy taxes within the limitation established by the election at which the charter building authority was established and expend tax revenues for those purposes for which the taxes may be levied, shall not impose a tax levy pursuant to this section that becomes a lien after December 31, 1988.

(2) The question of combining intermediate school districts may be submitted by a resolution of the intermediate school boards meeting in joint session.

(3) The question shall be submitted if petitions signed by a number of school electors of each intermediate school district equal to not less than 5% of the number of pupil memberships on the latest pupil membership count day of the combined constituent districts of the intermediate school district are filed with the school district filing official. If prior to annexation the annexing intermediate school district adopts a special education program by referendum as provided in part 30, the intermediate school electors of the intermediate school district to be annexed must vote to adopt that special education program and annual tax rate. The vote on the question shall be by ballot furnished by the school district filing official for the intermediate school district to be annexed. Before the election is held, the annexing intermediate school board shall obtain the approval of the superintendent of public instruction of the proposed annexation.

(2) Within 10 days after the election, the school district filing official shall file the result with the secretary of the intermediate school board, and 5 days later the intermediate school board secretary shall file the election result with the secretary of the intermediate school board of the annexing intermediate school district. Sec. 703. (1) An intermediate school district comprised of less than 5 constituent districts and having no bonded indebtedness may be disorganized and its constituent districts attached to contiguous intermediate

school districts under this section.

(2) The board of each constituent district may request the intermediate school board to prescribe a plan for disorganization of the intermediate school district. Each request shall designate another intermediate school district to which the constituent district desires to be attached. The intermediate school board shall prescribe, by resolution, a plan under which each of the constituent districts will be attached in whole to contiguous intermediate school districts designated in the requests. If the designated intermediate school district is not contiguous, the intermediate school board's plan may prescribe attachment to a contiguous intermediate school district.

(3) The intermediate superintendent of the intermediate school district that is to be disorganized shall give 30 days' notice of the time and place of the meeting of the intermediate school board and of the proposed plan for disorganization by publication of the notice in a newspaper of general circulation in the intermediate school district. (4) The intermediate superintendent of each intermediate school district whose boundaries would be enlarged by the dissolution shall give 30 days' notice of the time and place of the meeting of the intermediate school board and of the recommended plan for enlargement of the intermediate school district by publication of the notice in a newspaper of general circulation in the intermediate school district.

(5) If the intermediate school board of each affected intermediate school district approves the plan for disorganization, the intermediate school board of the intermediate school district to be dissolved shall refer the matter to the superintendent of public instruction for approval. The action of the superintendent of public instruction declaring the intermediate school district dissolved is final. Disorganization of the intermediate school district and attachment of its constituent districts to contiguous intermediate school districts takes effect on July 1 after the date of the approval of the superintendent of public instruction.

(6) The intermediate school boards of the intermediate school districts to which territory is attached by dissolution shall meet jointly, sitting as a single board, and make an equitable distribution of the money, property, and other assets belonging to the disorganized intermediate school district among the intermediate school districts affected. The territory of constituent districts transferred to other intermediate school districts by dissolution shall be subject to all taxes levied for purposes of the intermediate school district to which transferred, including taxes for the retirement of bonded indebtedness, special education programs, and area vocational-technical education programs.

(7) Within 30 days after a district attaches to a contiguous intermediate school district under this section, the board of the intermediate school district whose boundaries have been enlarged by the dissolution may appoint 2 school electors of constituent districts, 1 of whom shall be an elector of the attached district, to membership on the intermediate school board. Intermediate school board members appointed under this subsection serve until January 1 or, if the intermediate school district's regular school election is held in May, until July 1 after the next intermediate school district election. The intermediate school board may determine 1 initial term of less than 6 years for 1 of the additional members to be elected at the intermediate school district election. 380.705 Regional enhancement property tax levied by intermediate school district; resolution submitting question to voters; election; calculation and payment of revenue; pupils counted in membership; term and renewal of tax; presentment of tax to electors as separate question.

Sec. 705. (1) Beginning in 1997, and in each year after 1997, a regional enhancement property tax may be levied by an intermediate school district at a rate not to exceed 3 mills to enhance other state and local funding for local school district operations if approved by a majority of the intermediate school electors voting on the question.

(2) If a resolution requesting that the question of a regional enhancement property tax be submitted to the voters is adopted within a 180-day period and transmitted to the intermediate school board by 1 or more boards of its constituent districts representing a majority of the combined membership of the constituent districts as of the most recent pupil membership count day and if those resolutions all contain an identical specified number of mills to be levied under this section and an identical specified number of years for which the tax shall be levied, the question of levying a regional enhancement property tax by the intermediate school district shall be placed on the ballot by the intermediate school district at the next regular school election held

in each of the constituent districts. If the question is to be submitted to the intermediate school electors of an intermediate school district having a population of more than 1,400,000, the intermediate school board shall call a special election to be held at the next state primary or general election. If the resolution requirement is met more than 180 days before the next regular school district elections, and if requested in the resolutions, the intermediate school board shall submit the question of levying a regional enhancement property tax within the intermediate school district on the ballot at a special election called by the intermediate school board for that purpose not earlier than 90 days after the resolution requirements are met.

(3) Not later than 10 days after receipt by the intermediate school district of the revenue from the regional enhancement property tax, the intermediate school district shall calculate and pay to each of its constituent districts an amount of the revenue calculated by dividing the total amount of the revenue by the combined membership of the constituent districts within the intermediate school district, as of the most recent pupil membership count day, and multiplying that quotient by the constituent district's membership, as of the most recent pupil membership count day for which a final department-audited pupil count is available. If a constituent district has entered into an agreement with another school district or public entity to perform the functions and responsibilities of the constituent district for operating a public school of the constituent district, then for the purposes of this subsection the pupils in membership in that public school shall be considered to be in membership in the constituent district and a proportionate share of the revenue payable to the constituent district under this section shall be transferred by the constituent district to the school district or public entity performing the functions and responsibilities of the constituent district for operating the public school. The proportionate share of that revenue to be paid to that school district or public entity shall be determined according to the percentage of the constituent district's membership that is enrolled in the particular public school for the state fiscal year corresponding to the tax year. Revenue from a regional enhancement property tax under this section shall not be allocated or paid to a constituent district that does not operate a public school directly but retains a limited separate identity for purposes of section 12, 12b, 863, 903, or 947.

(4) Regional enhancement property tax under this section may be levied for a term not to exceed 20 years, as specified in the ballot question, and may be renewed for the same term with the approval of a majority of the intermediate school electors voting on the question.

(5) The question of levying a regional enhancement property tax under this section shall be presented to the intermediate school electors as a separate question.

380.961 Territory detached from school district having bonded indebtedness; taxes; bond issue; exemptions; collections; payment of present value of pro rata bonded indebtedness; certifications; settlement of bonded indebtedness.

Sec. 961. (1) If territory is detached from a school district which has bonded indebtedness and transferred

to another school district, the territory shall remain as part of the district from which detached for the purpose of levying debt retirement taxes for the bonded indebtedness until the bonds are redeemed or sufficient funds are available in the debt retirement fund for that purpose. The transferred territory shall not be part of the school district from which detached for the purpose of a subsequent bond issue, nor shall the detached territory be part of the school district from which detached for tax levies imposed for the purpose of bonded indebtedness created or assumed at a time when the portion of detached territory was not a part of the district or territory approving or assuming the bonded indebtedness. The territory shall be a part of the school district to which transferred for all other purposes.

(2) The territory shall not be subject to debt retirement tax levies for bonded indebtedness of the school district to which transferred existing at the time of transfer until the bonded indebtedness of the school district from which the territory was transferred existing at the time of the transfer is retired or sufficient funds are available and earmarked in the debt retirement fund for that purpose. The board of the school district to which the property is attached, by resolution, may exempt the property from the debt tax levies for not more than 3 years. The school officials of the district to which the territory is attached shall certify required debt retirement levies for the bonds of the school district from which the territory was detached, and the territory over which the levies are to be spread, to the proper taxing officials when certifying other taxes to be levied by the school district. The tax collecting officials shall remit the collections with other tax collections to the school district to which the property is attached. The officials of that school district shall immediately transmit the collections to the school district from which the territory was detached.

(3) The school district to which territory is attached may pay to the school district from which the land is detached the present value of the pro rata bonded indebtedness of the detached territory. The intermediate school board shall certify to the department of treasury the fact of the transfer, the description of the territory transferred, the bonded indebtedness of the school district from which the territory is detached, the assessed valuation of the school district from which the territory is detached, the assessed valuation of the detached territory, and other information the department of treasury may require. The department of treasury shall determine the pro rata share of the bonded indebtedness of the detached territory to the board of the school district from which the territory is detached. The department of treasury shall certify the amount determined to the intermediate school board. The intermediate school board shall certify the amounts to the boards of the school districts affected. The school district to which the territory is transferred may pay the sum to the school district from which the territory has been detached. Settlement of the bonded indebtedness shall be made on the state equalized valuation in the year of transfer. The school district receiving the money shall apply it under the terms and tenor of the bond issue.

(4) A transfer made after September 1 in a given year shall be a part of the territory from which detached for the purpose of the succeeding December tax levy in the year of transfer. Upon settlement of the bonded indebtedness by the school district to which the territory has been attached, the territory is subject to the bond debt retirement tax levy for bonded indebtedness of the school district to which attached existing at the time of transfer. For the purpose of making the settlement, the school district to which the territory is attached may use up to 15% of state school aid in 1 year.

Sec. 1146. (1) Except as otherwise provided under subsection (2) and section 475, a separate school or department shall not be kept for a person on account of race, color, or gender. This section shall not be construed to prevent the grading of schools according to the intellectual progress of the pupil to be taught in separate places as may be considered expedient.

(2) Subject to subsection (3), the board of a school district or intermediate school district or board of directors of a public school academy may establish and maintain a school, class, or program within a school in which enrollment is limited to pupils of a single gender if the school district, intermediate school district, or public school academy makes available to pupils a substantially equal coeducational school, class, or program and a substantially equal school, class, or program for pupils of the other gender.

The board or board of directors shall ensure that participation by pupils in a single-gender school, class, or program is wholly voluntary. Sec. 1147. (1) A child who is a resident of a school district that does not provide kindergarten and who is at least 5 years of age on the first day of enrollment of the school year may attend school in a public school operated by the school district or, for a community district or a school district that does not directly operate schools on its own, in another public school located within the geographic boundaries of the school district.

(3) If a child residing in the school district or a child eligible to enroll in and be counted in membership in the school district under section 105 or 105c of the state school aid act of 1979, MCL 388.1705 and

388.1705c, is not 5 years of age on the enrollment eligibility date specified in subsection (2), but will be 5 years of age not later than December 1 of a school year, the parent or legal guardian of that child may enroll the child in kindergarten for that school year in a public school operated by the school district or, for a community district or a school district that does not directly operate schools on its own, in another public school located within the geographic boundaries of the school district if the parent or legal guardian notifies the public school in writing that he or she intends to enroll the child in kindergarten for that school year. A public school that receives this written notification may make a recommendation to the parent or legal guardian of a child described in this subsection that the child is not ready to enroll in kindergarten due to the child's age or other factors. However, regardless of this recommendation, the parent or legal guardian retains the sole discretion to determine whether or not to enroll the child in kindergarten under this subsection.

(4) The ages prescribed in this section for a child's eligibility for enrollment in a public school also apply to a child's eligibility to enroll in a public school academy.

(5) If a public school enrolls any children in kindergarten for a school year under subsection (3), the public school shall notify the department of the number of those children enrolled by not later than December 31 of that school year.

(6) This section does not require a school district to operate a public school directly on its own.

Constitutionality: Shared time instruction of sectarian, nonpublic school students in and of itself is not violative of the Establishment Clause of the United States Constitution even where benefits to religion appear substantial; it is only where it is clear that the program was motivated wholly by religious considerations that a conflict with the clause would exist. *Snyder v Charlotte Schools*, 421 Mich 517; 365 NW2d 151 (1984).

Shared time instruction clearly is not intended to benefit one or all religions; rather, the purpose is secular: to provide educational opportunities at public schools for all resident school-age children whether they attend public or religious or secular nonpublic schools. *Snyder v Charlotte Schools*, 421 Mich 517; 365 NW2d 151 (1984).

(4) For the purposes of this section, an individual is not considered to have a financial interest in any of the following instances:

(a) A contract or other financial transaction between the school district, intermediate school district, or public school academy and any of the following:

This subdivision does not apply to amendments or renegotiations of a contract or to additional payments under the contract that were not authorized by the contract at the time of award.

(5) If a majority of the members of the board of a school district or intermediate school district or of the board of directors of a public school academy are required to abstain from voting on a contract or other financial transaction due to the operation of this section, then, notwithstanding any other provision of law or any bylaw, for the purposes of that contract or other financial transaction, the members who are not required to abstain constitute a quorum of the board or board of directors and a majority of those members eligible to vote is required for approval of the question.

380.1211 Mills levied for school operating purposes; limitation; reduction of mills from which homestead, qualified agricultural property, qualified forest property, supportive housing property, property occupied by public school academy, and industrial personal property are exempt; effect of insufficient mills allowed to be levied under subsection (1); additional mills; number of mills school district may levy after 1994; exemption of commercial personal property; approval by school electors; excess tax revenue; shortfall; allocation under property tax limitation act; reducing number of mills; definitions.

Sec. 1211. (1) Except as otherwise provided in this section and section 1211c, the board of a school district shall levy not more than 18 mills for school operating purposes or the number of mills levied in 1993 for school operating purposes, whichever is less. A principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property are exempt from the mills levied under this subsection except for the number of mills by which that exemption is reduced under this subsection. Except as otherwise provided in subsection (9), the board of a school district that had a foundation allowance for the 1994-95 state fiscal year greater than \$6,500.00 may reduce the number of mills from which a principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property are exempted under this subsection by up to the number of mills, as certified under section 1211a, required to be levied on a principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property for the school district's combined state and local revenue per membership pupil for the school fiscal year ending in 1995 to be equal to the school district's foundation allowance for the state fiscal year ending in 1995, and the board also may levy in 1994 or a succeeding year that number of mills for school operating purposes on a principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property.

(2) Subject to subsection (3), if the department of treasury determines that the maximum number of mills allowed to be levied under subsection (1) on all classes of property was not sufficient for a school district's combined state and local revenue per membership pupil for the school fiscal year ending in 1995 to be equal to the school district's foundation allowance for that school fiscal year, the board of the school district may levy in 1994 or a succeeding year additional mills uniformly on all property up to the number of mills required for the school district's combined state and local revenue per membership pupil for the school fiscal year ending in 1995 to be equal to the school district's foundation allowance for the state fiscal year ending in 1995. However, the board of a school district described in this subsection, by board resolution, may elect to exempt each principal residence and all qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property located in the school district from some or all of the mills that the board is authorized to levy under this subsection.

(3) After 1994, the number of mills a school district may levy under this section on any class of property shall not exceed the lesser of the number of mills the school district was certified by the department of treasury under section 1211a to levy on that class of property under this section in 1994 or the number of mills required to be levied on that class of property under this section to ensure that the increase from the immediately preceding state fiscal year in the school district's combined state and local revenue per membership pupil, calculated as if the school district had levied the maximum number of mills the school district was allowed to levy under this section regardless of the number of mills the school district actually levied, does not exceed the lesser of the dollar amount of the increase in the basic foundation allowance under section 20 of the state school aid act of 1979, MCL 388.1620, from the immediately preceding state fiscal year or the percentage increase in the general price level in the immediately preceding calendar year. If the number of mills a school district is allowed to levy under this section in a year after 1994 is less than the number of mills the school district was allowed to levy under this section in the immediately preceding year, any reduction required by this subsection in the school district's millage rate shall be calculated by first reducing the number of mills the school district is allowed to levy under subsection (2) and then increasing the number of mills from which a principal residence, qualified agricultural property, qualified forest property, supportive housing property, property occupied by a public school academy, and industrial personal property are exempted under subsection (1).

(4) Commercial personal property is exempt from 12 of the mills levied under this section. However, if the number of mills from which industrial personal property is exempted for a specific school district is reduced under this section, then the number of mills from which commercial personal property is exempted for that school district shall be reduced by that same number of mills.

(5) Except as otherwise provided under this subsection, millage levied under this section must be approved by the school electors. For the purposes of this section, millage approved by the school electors before January 1, 1994 for which the authorization has not expired is considered to be approved by the school electors. With the approval of the state treasurer, a school district may pledge millage levied under this section for the repayment of a loan under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, money borrowed by the school district under section 1225, or the repayment of advances, overpayments, or other obligations of the school district to this state under section 15 of the state school aid act of 1979, MCL 388.1615.

(6) If a school district levies millage for school operating purposes that is in excess of the limits of this section, the amount of the resulting excess tax revenue shall be deducted from the school district's next regular tax levy.

(7) If a school district levies millage for school operating purposes that is less than the limits of this section, the board of the school district may levy at the school district's next regular tax levy an additional number of mills not to exceed the additional millage needed to make up the shortfall.

(8) A school district shall not levy mills allocated under the property tax limitation act, 1933 PA 62, MCL 211.201 to 211.217a, other than mills allocated to a school district of the first class or a school district that was previously a school district of the first class, for payment to a public library commission under section 11(4) of the property tax limitation act, 1933 PA 62, MCL 211.211, after 1993.

(9) Beginning with taxes levied for 2011, if a school district had a foundation allowance for the 1994-95 state fiscal year greater than \$6,500.00 and if the school district's foundation allowance for the 2009-2010 state fiscal year was less than the basic foundation allowance prescribed for the 2009-2010 state fiscal year under section 20 of the state school aid act of 1979, MCL 388.1620, the school district may not reduce the number of mills from which certain classes of property are exempted from the levy of millage under subsection (1) and may not levy that number of mills on those classes of property as would otherwise be allowed under subsection (1).

However, a district may report to the department not later than April 1, 1994 the number of mills it levied in 1993 for a purpose described in this subparagraph that the school district does not want considered as operating millage and then that number of mills is excluded under this section from taxes levied for school operating purposes.

The levy, collection, and enforcement procedure for the additional tax shall be pursuant to the laws in effect for the levy, collection, and enforcement procedure of county taxes against property lying within the boundaries of the school district.

(2) The same proceedings may be taken for the levy, collection, and enforcement procedure of the first debt retirement fund tax when a bond issue is approved by the school electors before September 30 in any year. However, if a bond issue is approved after September 14, 1986 and before September 30, 1986, the levy, collection, and enforcement procedure of the first debt retirement fund tax shall not be taken unless, within 10 days after the effective date of this 1986 amendatory act, the secretary of the board of the school district files a certified copy of the resolution of the board certifying the taxes to be levied with the clerk of each city and township in which the school district is located.

(3) The same proceedings may be taken for the levy, collection, and enforcement of an additional tax rate if the electors of a county adopt separate tax rate limitations pursuant to sections 5a to 5m of Act No. 62 of the Public Acts of 1933, as amended, being sections 211.205a to 211.205m of the Michigan Compiled Laws, giving a school district a higher tax rate than the maximum tax rate determined by the county tax allocation board, and the separate limitation is adopted after June 1 and effective for taxes levied during that calendar year.

380.1219 Annual budget; adoption; budgetary assumptions; transmission to CEPI; submission to department of treasury; information; potential for existence of fiscal stress within school district, intermediate school district, or public school academy; determination; basis; duties of state treasurer; administrative review of financial status; contract; provisions; waiver of certain requirements; periodic financial status reports; submission of enhanced deficit elimination plan; conditions; determination under subsection (13); availability of documents on website; administrative review of financial status of public school academy; definitions.

Sec. 1219. (1) Except as otherwise provided in subsection (2), before July 7 of each school fiscal year, each school district and public school academy shall transmit to CEPI the budgetary assumptions used when adopting its annual budget pursuant to the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a. However, a school district or public school academy that had a positive general fund balance of at least 5% of total general fund revenues for each of 2 most recently completed school fiscal years is not required to transmit the budgetary assumptions under this subsection. After receipt by CEPI, CEPI shall compile and transmit the budgetary assumptions to the department of treasury. The submission of the budgetary assumptions under this subsection shall be in the form prescribed by CEPI and shall include at least all of the following information:

(a) The projected foundation allowance for the school district or public school academy used by its governing body when adopting the budget for the school district or public school academy for the current school fiscal year.

(b) The projected membership of the school district or public school academy used when adopting the budget of the school district or public school academy for the current school fiscal year.

(c) The estimated expenditures per pupil for the school district or public school academy for the immediately preceding school fiscal year, calculated by dividing total general fund operating expenditures for the school district or public school academy during that school fiscal year by the membership for the school district or public school academy reported by the department in the most recent state aid financial status report for the month of May.

(d) The projected expenditures per pupil for the school district or public school academy for the current school fiscal year, calculated by dividing the total general fund operating expenditures authorized by the governing body of the school district or the public school academy when adopting the budget for the current school fiscal year by the projected membership of the school district or public school academy used when adopting the budget of the school district or public school academy for the current school fiscal year.

(2) If an authorizing body submits a budgetary assumption report required under subsection (1) on behalf of each public school academy authorized by that authorizing body that would otherwise be required to submit budgetary assumptions under subsection (1), then those public school academies are not required to submit the budgetary assumption report required under subsection (1).

(3) If, based on the factors enumerated in this subsection, the state treasurer determines that the potential for fiscal stress exists within a school district, intermediate school district, or public school academy; that an operating deficit may arise within a school district, intermediate school district, or public school academy during the current school fiscal year or the following 2 school fiscal years; or that a school district, intermediate school district, or public school academy may be unable to meet its financial obligations while also satisfying the school district's, intermediate school district's, or public school academy's obligations or abilities to provide public educational services in a manner that complies with this act, the state school aid act of 1979, and applicable rules, then the state treasurer may declare that the potential for fiscal stress exists for the school district, intermediate school district, or public school academy. This determination shall be based on consideration of the following factors:

(a) Financial data or other information submitted by the school district, intermediate school district, or public school academy to a state department or agency.

(b) Financial data or other information included within an audited financial statement of the school district, intermediate school district, or public school academy.

(d) Financial data or other information included within a recommended budget, budget, or general appropriations act of the school district, intermediate school district, or public school academy.

(e) Financial data or other information provided to a state department, agency, or authority by an officer, employee, contractor, or agent of the school district, intermediate school district, or public school academy.

(g) For a school district, financial data or other information provided to the department or department of treasury by the intermediate school district in which the school district is located.

(h) For a public school academy, financial data or other information provided to the department or department of treasury by the authorizing body of the public school academy.

(4) If the state treasurer declares under subsection (3) that the potential for fiscal stress exists for a school district, intermediate school district, or public school academy, then not less than 14 days after the declaration the state treasurer shall do all of the following:

(a) Notify the governing body of the school district, intermediate school district, or public school academy that the state treasurer has declared that the potential for fiscal stress exists for the school district, intermediate school district, or public school academy.

(b) For a school district or public school academy, notify the governing body of the school district or public school academy that it may establish a contract under subsection (5) with an intermediate school district to perform an administrative review of the financial status of the school district or public school academy.

(5) Subject to subsection (16), if the state treasurer declares under subsection (3) that the potential for fiscal stress exists for a school district or public school academy, the governing body of the school district or public school academy may choose to establish a contract with an intermediate school district to perform an

administrative review of the financial status of the school district or public school academy. An intermediate school district that is working with a school district or public school academy to establish a contract under this subsection shall consult with the department of treasury on the development of the contract. A school district or public school academy must enter into this contract within 60 days after receiving notification of the declaration from the state treasurer under subsection (4). A contract under this subsection between an intermediate school district and a school district or public school academy shall provide for all of the following:

(a) Within 90 days after entering into the contract, the intermediate school district shall complete an administrative review and issue recommendations to the school district or public school academy concerning those steps the school district or public school academy should consider taking to avoid a deficit.

(b) After completion of the administrative review, the intermediate school district shall present the recommendations under subdivision (a) at the next scheduled public meeting of the governing body of the school district or public school academy.

(c) The intermediate school district shall send a copy of the recommendations to the department and the department of treasury.

(d) Subject to subsection (6), the intermediate school district's administrative review under subdivision (a) shall include, but is not limited to, all of the following:

(i) An examination of financial practices, including at least an examination of the school district's or public school academy's compliance with the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a, budget to actual expense report monitoring, and budget amendment practices after budget adoption.

(ii) An examination of staffing and a comparison of staffing to other school districts and public school academies, as applicable.

(ix) An examination of substitute costs, workers compensation costs, unemployment compensation costs and forecasts, and a review of other insurance programs.

(x) An examination of pupil transportation costs and routing.

(xi) An examination of the current and future costs of existing bargaining agreements.

(e) The school district or public school academy shall give the intermediate school district or its contracted agents access to any and all financial data or information relating to the financial condition of the school district or public school academy as requested by the intermediate school district.

(f) The school district or public school academy shall allow the intermediate school district or its contracted agents to examine all financial records and books of account of the school district or public school academy.

(g) The school district or public school academy shall promptly and fully provide the assistance and information necessary and properly requested by the intermediate school district or its contracted agent in the effectuation of the intermediate school district's duties under this subsection, including, but not limited to, complying with a request that the school district or public school academy provide a facility condition assessment or a physical asset inventory if either of these has not been completed in the immediately preceding 24 months.

(h) The school district or public school academy shall allow the intermediate school district to work in a consortium with another intermediate school district or multiple intermediate school districts in the effectuation of the intermediate school district's duties under this subsection.

(i) The school district or public school academy shall allow the intermediate school district to use a contractor or contractors to assist in the review on a cost recovery basis as determined by the intermediate school district.

(j) Either the intermediate school district or the school district or public school academy may rescind the contract, as follows:

(i) The intermediate school district may rescind the contract if the school district or public school academy is not complying with 1 or more of the recommendations issued to the school district or public school

academy under subdivision (a).

(ii) The school district or public school academy may rescind the contract for any reason.

(6) The parties to a contract under subsection (5) may request the department of treasury to waive 1 or more of the requirements for items to be included in the intermediate school district's administrative review under subsection (5)(d). If the department of treasury grants a waiver under this subsection, then the intermediate school district's administrative review under subsection (5)(d) is not required to include the waived item or items.

(7) If a school district or public school academy establishes a contract with an intermediate school district under subsection (5), the intermediate school district shall submit quarterly reports to the department of treasury on the status of the implementation of the recommendations issued to the school district or intermediate school district by the intermediate school district under subsection (5)(a).

(8) Subject to subsection (9), the state treasurer may require a school district, intermediate school district, or public school academy to submit periodic financial status reports under this section if all of the following occur:

(a) The state treasurer has declared under subsection (3) that the potential for fiscal stress exists for the school district, intermediate school district, or public school academy.

(b) More than 60 days have passed since the school district, intermediate school district, or public school academy was notified of the declaration as required under subsection (4)(a).

(c) For a school district or public school academy, that school district or public school academy has not established a contract with an intermediate school district in the time and manner required under subsection (5), has rescinded a contract with an intermediate school district under subsection (5)(j), or has had its contract with an intermediate school district under subsection (5) rescinded by the intermediate school district under subsection (5)(j).

(d) The school district, intermediate school district, or public school academy has not had a positive general fund balance of at least 5% of total general fund revenues for each of the 2 most recently completed school fiscal years.

(e) The school district, intermediate school district, or public school academy has had a declining general fund balance in 1 or both of the 2 most recently completed school fiscal years.

(f) The school district, intermediate school district, or public school academy is not required to submit a deficit elimination plan or an enhanced deficit elimination plan under section 1220.

(9) If a school district or public school academy enters into a contract with an intermediate school district as described under subsection (5), the state treasurer shall not require the school district or public school academy to submit periodic financial status reports under this section until at least 730 days after the governing body of the school district or public school academy was notified of the declaration of the state treasurer under subsection (4)(a). However, the state treasurer may require the school district or public school academy to submit periodic financial status reports under this section if the state treasurer determines that the school district or public school academy has not implemented any of the recommendations within 365 days after the governing body of the school district or public school academy was notified of the declaration of the state treasurer under subsection (4)(a).

(10) If a school district, intermediate school district, or public school academy is required to submit periodic financial status reports under this section, the school district, intermediate school district, or public school academy shall do all of the following:

(a) Submit a periodic financial status report in the form and manner and on the periodic basis prescribed by the department of treasury, after approval by the governing body of the school district or public school academy.

(b) Transmit a copy of each periodic financial status report required under this section to the members of its governing body.

(c) Provide the department of treasury with other financial data or information relating to the financial conditions of the school district, intermediate school district, or public school academy as requested by the department of treasury.

(e) Promptly and fully provide the assistance and information necessary and properly requested by the department of treasury in the exercise of the department of treasury's duties under this section.

(11) If a school district, intermediate school district, or public school academy fails to submit a periodic financial status report required under this section, or if the state treasurer determines that information included on a periodic financial status report indicates that fiscal stress exists within the school district, intermediate school district, or public school academy, or that a deficit has occurred or is projected to occur within the

school district, intermediate school district, or public school academy within the current school fiscal year or the next school fiscal year and that the school district, intermediate school district, or public school academy lacks the capacity to address the deficit without state assistance, then the state treasurer may require the school district, intermediate school district, or public school academy to submit an enhanced deficit elimination plan under section 1220.

(12) If a school district is required to submit periodic financial status reports under this section and a loan is issued to the school district under the emergency loan act, 1980 PA 243, MCL 141.931 to 141.942, the state treasurer shall require the school district to submit periodic financial status reports under this section for not more than 4 years after the date of issuance of the loan.

(13) A school district, intermediate school district, or public school academy is no longer required to submit periodic financial status reports under this section if the state treasurer determines that the periodic financial status reports submitted by the school district, intermediate school district, or public school academy indicate that potential fiscal stress does not exist within the school district, intermediate school district, or public school academy; that a deficit is not projected to arise within the school district, intermediate school district, or public school academy within the current school fiscal year or the next 2 school fiscal years; and that the school district, intermediate school district, or public school academy will be able to meet its financial obligations while also satisfying the school district's, intermediate school district's, or public school academy's obligations or ability to provide public educational services in a manner that complies with this act, the state school aid act, and applicable rules.

(14) If the state treasurer makes a determination under subsection (13) that the conditions under that subsection apply to a school district, intermediate school district, or public school academy, the state treasurer shall notify the school district, intermediate school district, or public school academy within 14 days after making that determination.

(15) CEPI shall make available to the public on its website all of the periodic financial status reports submitted to the state treasurer under this section. The state treasurer shall transmit to CEPI any documents needed by CEPI to comply with this subsection.

(16) If the state treasurer declares under subsection (3) that the potential for fiscal stress exists for a public school academy, then, in addition to the option under subsection (5) for the public school academy to establish a contract with an intermediate school district to perform an administrative review under subsection (5), the governing body of the public school academy may establish a contract with its authorizing body for the authorizing body to perform an administrative review of the financial status of the public school academy. If a public school academy and its authorizing body establish a contract for the authorizing body to perform an administrative review under this subsection, then all of the following apply:

(a) The authorizing body shall perform all of the same functions with respect to the public school academy as an intermediate school district performs for an administrative review under subsection (5).

(b) The contract and administrative review shall include all of the same items as a contract and administrative review under subsection (5).

(d) The department of treasury shall perform the same role and shall treat the contract and administrative review, and the public school academy, in the same manner as if it were a contract and administrative review under subsection (5).

Sec. 1220. (1) A school district, intermediate school district, or public school academy shall not adopt or operate under a deficit budget, and a school district, intermediate school district, or public school academy shall not incur an operating deficit in a fund during a school fiscal year. If a school district, intermediate school district, or public school academy has an existing deficit fund balance, incurs a deficit fund balance in the most recently completed school fiscal year, or adopts a current year budget that projects a deficit fund balance, all of the following apply:

(a) The school district, intermediate school district, or public school academy shall notify the superintendent of public instruction and the state treasurer immediately upon the occurrence of the circumstance. A school district shall provide a copy of the notice under this subdivision to the intermediate superintendent of the intermediate school district in which the school district is located. A public school academy shall provide a copy of the notice under this subdivision to the authorizing body of the public school academy.

(b) Within 30 days after making notification under subdivision (a), the school district, intermediate school district, or public school academy shall submit to the superintendent of public instruction in the form and manner prescribed by the department an amended budget for the current school fiscal year and a deficit elimination plan approved by the board of the school district, intermediate school district, or public school academy, with a copy to the state treasurer. A public school academy shall transmit a copy of the amended budget and the deficit elimination plan to its authorizing body.

(c) The department may withhold and release some or all of the money payable to the school district, intermediate school district, or public school academy as provided under section 102(1) of the state school aid act of 1979, MCL 388.1702.

(d) The superintendent of public instruction may require a deficit elimination plan to include an academic plan for the school district, intermediate school district, or public school academy.

(e) After the superintendent of public instruction approves a school district's, intermediate school district's, or public school academy's deficit elimination plan, the school district, intermediate school district, or public school academy shall post the deficit elimination plan on the school district's, intermediate school district's, or public school academy's website.

(2) The following reporting requirements apply for the purposes of this section and section 1219:

(a) Not later than March 1 of each year, the department shall prepare a report of deficits incurred or projected by school districts, intermediate school districts, and public school academies in the immediately preceding fiscal year and the progress made in reducing those deficits and submit the report to the standing committees of the legislature responsible for K-12 education legislation, the appropriations subcommittees of the legislature responsible for K-12 school aid appropriations, the house and senate fiscal agencies, the state

treasurer, and the state budget director. The department also shall submit quarterly interim reports concerning the progress made by school districts, intermediate school districts, and public school academies in reducing those deficits to the standing committees of the legislature responsible for K-12 education legislation, the appropriations subcommittees of the legislature responsible for K-12 school aid appropriations, the house and senate fiscal agencies, the state treasurer, and the state budget director. On a quarterly basis, the superintendent of public instruction shall publicly present those reports to the appropriations subcommittees of the legislature responsible for K-12 school aid appropriations.

The state treasurer also shall submit quarterly interim reports concerning school districts, intermediate school districts, and public school academies that are subject to periodic financial status reports or are under an enhanced deficit elimination plan to the standing committees of the legislature responsible for K-12 education legislation, the appropriations subcommittees of the legislature responsible for K-12 state school aid appropriations, the house and senate fiscal agencies, the department, and the state budget director. On a quarterly basis, the state treasurer shall publicly present those quarterly interim reports to the appropriations subcommittees of the legislature responsible for K-12 state school aid appropriations.

(3) A school district, intermediate school district, or public school academy required to submit a deficit elimination plan under this section shall submit to the superintendent of public instruction and the state treasurer a monthly monitoring report on revenue and expenditures in a form and manner prescribed by the department and shall post these reports on its website. A school district shall transmit a copy of each report under this subsection to the intermediate superintendent of the intermediate school district in which the school district is located. A school district may contract with its intermediate school district or another entity to provide the monthly monitoring report.

(4) If a school district, intermediate school district, or public school academy is required to submit a deficit elimination plan under this section, and the deficit elimination plan is approved by the department, the superintendent of public instruction may continue allotment and payment of funds as provided under section 102 of the state school aid act of 1979, MCL 388.1702. When approving a deficit elimination plan, the superintendent of public instruction shall establish the period of time within which a school district, intermediate school district, or public school academy must eliminate its deficit and may set special conditions that the school district, intermediate school district, or public school academy must meet while the deficit elimination plan is in effect. After the department approves a school district's, intermediate school district's, or public school academy's deficit elimination plan under this subsection, the school district, intermediate school district, or public school academy shall post the deficit elimination plan on the school district's, intermediate school district's, or public school academy's website. The requirements of this section relating to a deficit elimination plan do not apply to a school district, intermediate school district, or public school academy if the school district, intermediate school district, or public school academy is required to submit an enhanced deficit elimination plan under subsection (5).

(5) If, based upon information included in a periodic financial status report required under section 1219, a deficit elimination plan required under this section, or a request by the superintendent of public instruction, the state treasurer determines that a school district, intermediate school district, or public school academy is subject to rapidly deteriorating financial circumstances, persistently declining enrollment, or other indicators of financial stress likely to result in recurring operating deficits or recurring financial stress within the school district, intermediate school district, or public school academy, the state treasurer may require the school district, intermediate school district, or public school academy to submit an enhanced deficit elimination plan in the form and manner determined by the department of treasury. If a school district, intermediate school district, or public school academy is required to submit an enhanced deficit elimination plan under subsection (5), some or all of the money payable to the school district, intermediate school district, or public school academy under the state school aid act of 1979 may be withheld by the state treasurer and released as provided under section 102(3) of the state school aid act of 1979, MCL 388.1702. (3) The state board shall not offer a contract for a person to be employed by this state as superintendent of public instruction, or extend the contract of a superintendent of public instruction, within 6 months before a general election at which state board members are elected or within 2 months after a general election at which state board members are elected. The state board shall not offer a contract for employment of a superintendent of public instruction in excess of 3 years and shall not extend a contract in increments of more than 1 year. History: Add. 1995, Act 289, Eff. July 1, 1996.

Popular name: Act 451

380.1230 Offer of full-time, part-time, or contract employment; criminal history check; employment as conditional employee; conditions; voiding contract and terminating employment; position as substitute teacher or substitute bus drivers; report received by another district; consent; request; conducting criminal history check; report; disclosure of conviction of listed offense or felony; verification; use; disclosure; violation as misdemeanor; penalty; exception; verification information; definitions.

Sec. 1230. (1) Except as otherwise provided in this section, upon an offer of initial employment being made by the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school to an individual for any full-time or part-time employment or when school officials learn that an individual is being assigned to regularly and continuously work under contract in any of its schools, the district, public school academy, or nonpublic school shall request from the criminal records division of the department of state police a criminal history check on the individual and, before employing the individual as a regular employee or allowing the individual to regularly and continuously work under contract in any of its schools, shall have received from the department of state police the report described in subsection (8).

(2) If the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school determines it necessary to hire an individual or to allow an individual to regularly and continuously work under contract for a particular school year during that school year or within 30 days before the beginning of that school year, the board or governing body may employ the individual as a conditional employee or conditionally allow the individual to regularly and continuously work under contract under this subsection without first receiving the report described in subsection (8) if all of the following apply:

(a) The board or governing body requests the criminal history check required under subsection (1) before conditionally employing the individual or conditionally allowing the individual to regularly and continuously work under contract in any of its schools.

(b) The individual signs a statement identifying all crimes for which he or she has been convicted, if any, and agreeing that, if the report described in subsection (8) is not the same as the individual's statement, his or her employment contract is voidable at the option of the board or governing body. The department shall develop and distribute to districts and nonpublic schools a model form for the statement required under this subdivision. The department shall make the model form available to public school academies. A district,

public school academy, or nonpublic school shall use the model form for the purposes of this subsection.

(3) If an individual is employed as a conditional employee under subsection (2) and the report described in subsection (8) is not the same as the individual's statement under subsection (2), the board or governing body may void the individual's employment contract. If an employment contract is voided under this subsection, the individual's employment is terminated, a collective bargaining agreement that would otherwise apply to the individual's employment does not apply to the termination, and the district, public school academy, or nonpublic school or the board or governing body is not liable for the termination.

(4) For an applicant for a position as a substitute teacher or substitute bus driver, or for an individual who regularly and continuously works under contract in more than 1 school district, intermediate school district, public school academy, or nonpublic school, if the applicant or individual agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal history check with another district, public school academy, or nonpublic school, then instead of requesting a criminal history check under subsection (1), a school district, intermediate school district, public school academy, or nonpublic school may use a report received by another district, public school academy, or nonpublic school or maintained by the department to confirm that the applicant or individual does not have any criminal history. If that confirmation is not available, subsection (1) applies to the applicant or individual.

(5) If an applicant is being considered for employment by more than 1 school district, intermediate school district, public school academy, or nonpublic school and if the applicant agrees in writing to allow a district, public school academy, or nonpublic school to share the report described in subsection (8) with another district, public school academy, or nonpublic school, a district, public school academy, or nonpublic school may satisfy the requirements of subsection (1) by obtaining a copy of the report described in subsection (8) from another district, public school academy, or nonpublic school.

(6) An applicant for employment shall give written consent at the time of application for the criminal records division of the department of state police to conduct the criminal history check required under this section.

(7) A school district, intermediate school district, public school academy, or nonpublic school shall make a request to the criminal records division of the department of state police for a criminal history check required under this section on a form and in a manner prescribed by the criminal records division of the department of state police.

(8) Within 30 days after receiving a proper request by a school district, intermediate school district, public school academy, or nonpublic school for a criminal history check on an individual under this section, the criminal records division of the department of state police shall conduct the criminal history check and, after conducting the criminal history check and within that time period, provide a report of the results of the criminal history check to the district, public school academy, or nonpublic school. The report shall contain any criminal history record information on the individual maintained by the criminal records division of the department of state police. A school district, intermediate school district, public school academy, or nonpublic school that receives a report from the department of state police under this subsection shall retain that report in the individual's employment records.

(9) If the report received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (8), or a report received under section 1230a, 1230d(7), 1535a(15), or 1539b(15), discloses that an individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If the report received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (8), or a report received under section 1230a, 1230d(7), 1535a(15), or 1539b(15), discloses that an individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the governing board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing. If a school district, intermediate school district, public school academy, or nonpublic school receives results described in this subsection, within 60 days after receiving those results the school district, intermediate school district, public school academy, or nonpublic school shall submit to the department in the form and manner prescribed by the department a report detailing the information and any action taken as a result by the school district, intermediate school district, public school academy, or

nonpublic school. The department shall maintain a copy of this report for at least 6 years.

(10) Criminal history record information received from the criminal records division of the department of state police under subsection (8) shall be used by a school district, intermediate school district, public school academy, or nonpublic school only for the purpose of evaluating an individual's qualifications for employment or assignment in the position for which he or she has applied or been assigned and for the purposes of subsections (3), (4), (5), and (12). A member of the board of a district or of the governing body of a public school academy or nonpublic school or an employee of a district, public school academy, or nonpublic school shall not disclose the report or its contents received under this section, except a misdemeanor conviction involving sexual or physical abuse or any felony conviction, to any person who is not directly involved in evaluating the applicant's qualifications for employment or assignment. However, for the purposes of subsections (4) and (5), a person described in this subsection may confirm to an employee of another district, public school academy, or nonpublic school that a report under subsection (8) has revealed that an individual does not have any criminal history or may disclose that no report under subsection (8) has been received concerning the individual, and for the purposes of subsections (4), (5), and (12), a person described in this subsection may provide a copy of the report under subsection (8) concerning the individual to an appropriate representative of another district, public school academy, or nonpublic school. For an individual who is regularly and continuously working under contract, if the individual agrees in writing, a district, public school academy, or nonpublic school may provide a copy of the results received under this section concerning the individual to an appropriate representative of the individual's employer. A representative of the individual's employer who receives a copy of a report, or receives results of a report from another source as authorized by this subsection, shall not disclose the report or its contents or the results of the report to any person outside of the employer's business or to any of the employer's personnel who are not directly involved in evaluating the individual's qualifications for employment or assignment. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804. As used in this subsection, "misdemeanor conviction involving sexual or physical abuse" includes, but is not limited to, a misdemeanor conviction for a listed offense; a misdemeanor conviction for violation of section 617a of the Michigan vehicle code, 1949 PA 300, MCL 257.617a; a misdemeanor conviction for violation of section 701 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1701; a misdemeanor conviction for violation of section 81, 81a, 81c, 90c, 136b, 141a, 145, 145d, 145n, 233, 335a, or 411h of the Michigan penal code, 1931 PA 328, MCL 750.81, 750.81a, 750.81c, 750.90c, 750.136b, 750.141a, 750.145, 750.145d, 750.145n, 750.233, 750.335a, and 750.411h; a misdemeanor conviction of section 6 of 1979 PA 53, MCL 752.796; or a misdemeanor conviction for violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(11) Subject to subsection (12), if the criminal history check required under this section has been completed for a particular individual and the results reported to a school district, intermediate school district, public school academy, or nonpublic school as provided under this section, then another criminal history check is not required under this section for that individual as long as the individual remains employed with no separation from service by any school district, intermediate school district, public school academy, or nonpublic school in this state or remains regularly and continuously working under contract with no separation from service for the same employer in any school district, intermediate school district, public school academy, or nonpublic school in this state. For the purposes of this subsection, an employee is not considered to have a separation from service in any of the following circumstances:

(a) The employee is laid off or placed on a leave of absence by his or her employer and returns to active employment with the same employer within 1 year after being laid off or placed on the leave of absence.

(b) The employee transfers to another school district, intermediate school district, public school academy, or nonpublic school and remains continuously employed by any school district, intermediate school district, public school academy, or nonpublic school in this state.

(12) If an individual described in subsection (11) is an applicant for employment in a different school district, intermediate school district, public school academy, or nonpublic school than the one that originally received the results of the criminal history check or that currently is in possession of the results of the criminal history check, or is being assigned to regularly and continuously work under contract in a different school district, intermediate school district, public school academy, or nonpublic school than the one that originally received the results of the criminal history check or that currently is in possession of the results of the criminal history check, then all of the following apply:

(a) If the results of the individual's criminal history check have not already been forwarded to the new school district, intermediate school district, public school academy, or nonpublic school, the new school district, intermediate school district, public school academy, or nonpublic school shall request the school

district, intermediate school district, public school academy, or nonpublic school that has the results to forward them to the new school district, intermediate school district, public school academy, or nonpublic school. Upon receipt of such a request, a school district, intermediate school district, public school academy, or nonpublic school that has the results shall forward them to the requesting school district, intermediate school district, public school academy, or nonpublic school.

(b) If the results of the individual's criminal history check are not received by the new school district, intermediate school district, public school academy, or nonpublic school under this subsection or otherwise, then this section applies to the individual to the same extent as if he or she has had a separation from service.

(c) If the results of the individual's criminal history check are received by the new school district, intermediate school district, public school academy, or nonpublic school under this subsection or otherwise, then that school district, intermediate school district, public school academy, or nonpublic school shall perform a criminal history check on that individual using the department of state police's internet criminal history access tool (ICHAT), ensuring that this criminal history check is based on the personal identifying information, including at least the individual's name, sex, and date of birth, that was associated with the results received from the previous school district, intermediate school district, public school academy, or nonpublic school.

(d) If the search of the department of state police's ICHAT under subdivision (c) reveals that the individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If a search of the department of state police's ICHAT under subdivision (c) reveals that the individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing.

(13) Subsection (1) does not apply to an individual who is being employed by or assigned to regularly and continuously work under contract in a school of a school district, intermediate school district, public school academy, or nonpublic school if the individual is not more than 19 years of age and is enrolled as a general education pupil of a school district, intermediate school district, public school academy, or nonpublic school or is not more than 26 years of age and is enrolled in special education programs or services in a school district, intermediate school district, public school academy, or nonpublic school. However, before employing the individual or assigning the individual to regularly and continuously work under contract in a school, the school district, intermediate school district, public school academy, or nonpublic school shall perform a criminal history check on that person using the department of state police's internet criminal history access tool (ICHAT). If a search of the department of state police's ICHAT reveals that the individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If a search of the department of state police's ICHAT reveals that the individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing.

(14) For the purposes of subsections (9) and (13), the department shall make available to school districts, intermediate school districts, public school academies, and nonpublic schools information on how to verify a conviction using public records.

380.1230a Criminal records check through federal bureau of investigation; employment as conditional employee; voiding contract and terminating employment; application as substitute teacher or substitute bus drivers; obtaining copy of results from another district, public school academy, or nonpublic school; consent; form and manner of request; use and disclosure of results; violation as misdemeanor; penalty; definition; initiation of criminal records check by department of state police; disclosure that individual convicted of listed offense or other felony; verification; exception; verification information; definitions.

Sec. 1230a. (1) In addition to the criminal history check required under section 1230, the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school shall request the department of state police to conduct a criminal records check through the federal bureau of investigation on an applicant for, or an individual who is hired for, any full-time or part-time employment or who is assigned to regularly and continuously work under contract in any of its schools. Except as otherwise provided in this section, a board or governing body shall not employ an individual or allow an individual to regularly and continuously work under contract in any of its schools until after the board or governing body receives the results of the criminal records check. A board or governing body requesting a criminal records check under this section shall require the individual to submit his or her fingerprints to the department of state police for that purpose. The department of state police may charge a fee for conducting the criminal records check. Subject to section 1230g, a board or governing body shall require an individual to submit his or her fingerprints for the purposes of this section only at the time the individual initially applies for employment with the board or governing body or is initially employed by the board or governing body or is initially assigned to regularly and continuously work under contract in any of its schools.

(2) If the board of a school district or intermediate school district or the governing body of a public school academy or nonpublic school determines it necessary to hire an individual or to allow an individual to regularly and continuously work under contract for a particular school year during that school year or within 30 days before the beginning of that school year, the board or governing body may employ the individual as a conditional employee or conditionally allow the individual to regularly and continuously work under contract under this subsection without first receiving the results of the criminal records check under subsection (1) if all of the following apply:

(a) The board or governing body requests the criminal records check under subsection (1) before conditionally employing the individual or conditionally allowing the individual to regularly and continuously work under contract in any of its schools.

(b) The individual signs a statement identifying all crimes for which he or she has been convicted, if any, and agreeing that, if the results of the criminal records check under subsection (1) reveal information that is inconsistent with the individual's statement, his or her employment contract is voidable at the option of the board or governing body. The department shall develop and distribute to districts and nonpublic schools a

model form for the statement required under this subdivision. The department shall make the model form available to public school academies. A district, public school academy, or nonpublic school shall use the model form for the purposes of this subsection.

(3) If an individual is employed as a conditional employee under subsection (2) and the results of the criminal records check under subsection (1) reveal information that is inconsistent with the individual's statement under subsection (2), the board or governing body may void the individual's employment contract. If an employment contract is voided under this subsection, the individual's employment is terminated, a collective bargaining agreement that would otherwise apply to the individual's employment does not apply to the termination, and the district, public school academy, or nonpublic school or the board or governing body is not liable for the termination.

(4) For an applicant for a position as a substitute teacher or substitute bus driver, or for an individual who regularly and continuously works under contract in more than 1 school district, intermediate school district, public school academy, or nonpublic school, if the applicant or individual agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal records check with another district, public school academy, or nonpublic school, then instead of requesting a criminal records check under subsection (1), a school district, intermediate school district, public school academy, or nonpublic school may use results received by another district, public school academy, or nonpublic school or maintained by the department to confirm that the applicant or individual does not have any criminal history. If that confirmation is not available, subsection (1) applies to the applicant or individual.

(5) If an applicant is being considered for employment by more than 1 school district, intermediate school district, public school academy, or nonpublic school and if the applicant agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal records check with another district, public school academy, or nonpublic school, then a district, public school academy, or nonpublic school may satisfy the requirements of subsection (1) by obtaining a copy of the results of the criminal records check from another district, public school academy, or nonpublic school.

(6) An applicant for employment shall give written consent at the time of application for the criminal records division of the department of state police to conduct the criminal records check required under this section.

(7) A school district, intermediate school district, public school academy, or nonpublic school shall make a request to the department of state police for a criminal records check under this section on a form and in a manner prescribed by the department of state police.

(8) The results of a criminal records check under this section shall be used by a school district, intermediate school district, public school academy, or nonpublic school only for the purpose of evaluating an individual's qualifications for employment or assignment in the position for which he or she has applied or been assigned and for the purposes of subsections (3), (4), (5), and (12). A member of the board of a district or of the governing body of a public school academy or nonpublic school or an employee of a district, public school academy, or nonpublic school shall not disclose those results received under this section, except a misdemeanor conviction involving sexual or physical abuse or any felony conviction, to any person who is not directly involved in evaluating the individual's qualifications for employment or assignment. However, for the purposes of subsections (4), (5), and (12) a person described in this subsection may provide a copy of the results received under this section concerning the individual to an appropriate representative of another district, public school academy, or nonpublic school. For an individual who is regularly and continuously working under contract, if the individual agrees in writing, a district, public school academy, or nonpublic school may provide a copy of the results received under this section concerning the individual to an appropriate representative of the individual's employer. A representative of the individual's employer who receives a copy of the results, or receives the results from another source as authorized by this subsection, shall not disclose the results to any person outside of the employer's business or to any of the employer's personnel who are not directly involved in evaluating the individual's qualifications for employment or assignment. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804. As used in this subsection, "misdemeanor conviction involving sexual or physical abuse" includes, but is not limited to, a misdemeanor conviction for a listed offense; a misdemeanor conviction for violation of section 617a of the Michigan vehicle code, 1949 PA 300, MCL 257.617a; a misdemeanor conviction for violation of section 701 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1701; a misdemeanor conviction for violation of section 81, 81a, 81c, 90c, 136b, 141a, 145, 145d, 145n, 233, 335a, or 411h of the Michigan penal code, 1931 PA 328, MCL 750.81, 750.81a, 750.81c, 750.90c, 750.136b, 750.141a, 750.145, 750.145d, 750.145n, 750.233, 750.335a, and 750.411h; a misdemeanor conviction of section 6 of 1979 PA 53, MCL 752.796; or a misdemeanor conviction for violation of a substantially similar law of another state, of a political subdivision

of this state or another state, or of the United States.

(9) Within 30 days after receiving a proper request by a school district, intermediate school district, public school academy, or nonpublic school for a criminal records check on an individual under this section, the criminal records division of the department of state police shall initiate the criminal records check through the federal bureau of investigation. After conducting the criminal records check required under this section for a school district, intermediate school district, public school academy, or nonpublic school, the criminal records division of the department of state police shall provide the results of the criminal records check to the district, public school academy, or nonpublic school. A school district, intermediate school district, public school academy, or nonpublic school that receives results from the department of state police under this subsection shall retain those results in the individual's employment records.

(10) If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (9), or a report received under section 1230, 1230d(7), 1535a(15), or 1539b(15), disclose that an individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (9), or a report received under section 1230, 1230d(7), 1535a(15), or 1539b(15), disclose that an individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the governing board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing. If a school district, intermediate school district, public school academy, or nonpublic school receives results described in this subsection, within 60 days after receiving those results the school district, intermediate school district, public school academy, or nonpublic school shall submit to the department in the form and manner prescribed by the department a report detailing the information and any action taken as a result by the school district, intermediate school district, public school academy, or nonpublic school. The department shall maintain a copy of this report for at least 6 years.

(11) Subject to subsection (12), if the criminal records check required under this section has been completed for a particular individual and the results reported to a school district, intermediate school district, public school academy, or nonpublic school as provided under this section, then another criminal records check is not required under this section for that individual as long as the individual remains employed with no separation from service by any school district, intermediate school district, public school academy, or nonpublic school in this state or remains regularly and continuously working under contract with no separation from service for the same employer in any school district, intermediate school district, public school academy, or nonpublic school in this state. For the purposes of this subsection, an employee is not considered to have a separation from service in any of the following circumstances:

(a) The employee is laid off or placed on a leave of absence by his or her employer and returns to active employment with the same employer within 1 year after being laid off or placed on the leave of absence.

(b) The employee transfers to another school district, intermediate school district, public school academy, or nonpublic school and remains continuously employed by any school district, intermediate school district, public school academy, or nonpublic school in this state.

(12) If an individual described in subsection (11) is an applicant for employment in a different school district, intermediate school district, public school academy, or nonpublic school than the one that originally received the results of the criminal records check or that currently is in possession of the results of the criminal records check, or is being assigned to regularly and continuously work under contract in a different school district, intermediate school district, public school academy, or nonpublic school than the one that originally received the results of the criminal records check or that currently is in possession of the results of the criminal records check, then all of the following apply:

(a) If the results of the individual's criminal records check have not already been forwarded to the new school district, intermediate school district, public school academy, or nonpublic school, the new school district, intermediate school district, public school academy, or nonpublic school shall request the school district, intermediate school district, public school academy, or nonpublic school that has the results to forward them to the new school district, intermediate school district, public school academy, or nonpublic school. Upon receipt of such a request, a school district, intermediate school district, public school academy,

or nonpublic school that has the results shall forward them to the requesting school district, intermediate school district, public school academy, or nonpublic school.

(b) If the results of the individual's criminal records check are not received by the new school district, intermediate school district, public school academy, or nonpublic school under this subsection or otherwise, then this section applies to the individual to the same extent as if he or she has had a separation from service.

(13) Subsection (1) does not apply to an individual who is being employed by or assigned to regularly and continuously work under contract in a school of a school district, intermediate school district, public school academy, or nonpublic school if the individual is not more than 19 years of age and is enrolled as a general education pupil of a school district, intermediate school district, public school academy, or nonpublic school or is not more than 26 years of age and is enrolled in special education programs or services in a school district, intermediate school district, public school academy, or nonpublic school. However, before employing the individual or assigning the individual to regularly and continuously work under contract in a school, the school district, intermediate school district, public school academy, or nonpublic school shall perform a criminal history check on that person using the department of state police's internet criminal history access tool (ICHAT). If a search of the department of state police's ICHAT reveals that the individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If a search of the department of state police's ICHAT reveals that the individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing.

(14) For the purposes of subsections (10) and (13), the department shall make available to school districts, intermediate school districts, public school academies, and nonpublic schools information on how to verify a conviction using public records.

Sec. 1230b. (1) Before hiring an applicant for employment, a school district, local act school district,

public school academy, intermediate school district, or nonpublic school shall request the applicant for employment to sign a statement that does both of the following:

(a) Authorizes the applicant's current or former employer or employers to disclose to the school district, local act school district, public school academy, intermediate school district, or nonpublic school any unprofessional conduct by the applicant and to make available to the school district, local act school district, public school academy, intermediate school district, or nonpublic school copies of all documents in the employee's personnel record maintained by the current or former employer relating to that unprofessional conduct.

(b) Releases the current or former employer, and employees acting on behalf of the current or former employer, from any liability for providing information described in subdivision (a), as provided in subsection (3), and waives any written notice required under section 6 of the Bullard-Plawecki employee right to know act, Act No. 397 of the Public Acts of 1978, being section 423.506 of the Michigan Compiled Laws.

(2) Before hiring an applicant for employment, a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall request at least the applicant's current employer or, if the applicant is not currently employed, the applicant's immediately previous employer to provide the information described in subsection (1)(a), if any. The request shall include a copy of the statement signed by the applicant under subsection (1).

(3) Not later than 20 business days after receiving a request under subsection (2), an employer shall provide the information requested and make available to the requesting school district, local act school district, public school academy, intermediate school district, or nonpublic school copies of all documents in the employee's personnel record relating to the unprofessional conduct. An employer, or an employee acting on behalf of the employer, that discloses information under this section in good faith is immune from civil liability for the disclosure. An employer, or an employee acting on behalf of the employer, is presumed to be acting in good faith at the time of a disclosure under this section unless a preponderance of the evidence establishes 1 or more of the following:

(a) That the employer, or employee, knew the information disclosed was false or misleading.

(b) That the employer, or employee, disclosed the information with a reckless disregard for the truth.

(c) That the disclosure was specifically prohibited by a state or federal statute.

Except as otherwise provided by law, a board member or employee of a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall not disclose the information to any person, other than the applicant, who is not directly involved in the process of evaluating the applicant's qualifications for employment. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804.

(6) The board or an official of a school district, local act school district, public school academy, intermediate school district, or nonpublic school shall not enter into a collective bargaining agreement, individual employment contract, resignation agreement, severance agreement, or any other contract or agreement that has the effect of suppressing information about unprofessional conduct of an employee or former employee or of expunging information about that unprofessional conduct from personnel records. Any provision of a contract or agreement that is contrary to this subsection is void and unenforceable. This subsection does not restrict the expungement from a personnel file of information about alleged unprofessional conduct that has not been substantiated.

(7) This section does not prevent a school district, local act school district, public school academy, intermediate school district, or nonpublic school from requesting or requiring an applicant for employment to provide information other than that described in this section.

Sec. 1230d. (1) If a person who is employed in any capacity by a school district, intermediate school district, public school academy, or nonpublic school; who has applied for a position with a school district, intermediate school district, public school academy, or nonpublic school and has had an initial criminal history check under section 1230 or criminal records check under section 1230a; or who is regularly and continuously working under contract in a school district, intermediate school district, public school academy, or nonpublic school, is charged with a crime listed in section 1535a(1) or 1539b(1) or a violation of a substantially similar law of another state, a political subdivision of this state or another state, or of the United States, the person shall report to the department and to the school district, intermediate school district, public school academy, or nonpublic school that he or she has been charged with the crime. All of the following apply to this reporting requirement:

(a) The person shall make the report on a form prescribed by the department.

(b) The person shall submit the report to the department and to the superintendent of the school district or intermediate school district or chief administrator of the public school academy or nonpublic school.

(c) The person shall submit the report within 3 business days after being arraigned for the crime.

(2) If a person who is employed in any capacity by or is regularly and continuously working under contract in a school district, intermediate school district, public school academy, or nonpublic school enters a plea of guilt or no contest to or is the subject of a finding of guilt by a judge or jury of any crime after having been

initially charged with a crime described in section 1535a(1) or 1539b(1), then the person immediately shall disclose to the court, on a form prescribed by the state court administrative office, that he or she is employed by or regularly and continuously working under contract in a school district, intermediate school district, public school academy, or nonpublic school. The person shall immediately provide a copy of the form to the prosecuting attorney in charge of the case, to the superintendent of public instruction, and to the superintendent or chief administrator of the school district, intermediate school district, public school academy, or nonpublic school.

(3) A person who violates subsection (1) or (2) is guilty of a crime, as follows:

(a) If the person violates either subsection (1) or (2) and the crime involved in the violation is a misdemeanor that is a listed offense or is a felony, the person is guilty of a felony punishable by imprisonment for not more than 2 years or a fine of not more than \$2,000.00, or both.

(b) If the person violates either subsection (1) or (2) and the crime involved in the violation is a misdemeanor that is not a listed offense, the person is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not more than \$1,000.00, or both.

(4) A person who violates subsection (1) or (2) may be discharged from his or her employment or have his or her contract terminated. If the board of a school district or intermediate school district or board of directors of a public school academy finds, after providing notice and the opportunity for a hearing, that a person employed by the school district, intermediate school district, or public school academy has violated subsection (1) or (2), the board or board of directors may discharge the person from his or her employment. However, if a collective bargaining agreement that applies to the affected person is in effect as of January 1, 2006, and if that collective bargaining agreement is not in compliance with this subsection, then this subsection does not apply to that school district, intermediate school district, or public school academy until after the expiration of that collective bargaining agreement.

(5) If a person submits a report that he or she has been charged with a crime, as required under subsection (1), and the person is subsequently not convicted of any crime after the completion of judicial proceedings resulting from that charge, then the person may request the department and the school district, intermediate school district, public school academy, or nonpublic school to delete the report from its records concerning the person. Upon receipt of the request from the person and of documentation verifying that the person was not convicted of any crime after the completion of judicial proceedings resulting from that charge, the department or a school district, intermediate school district, public school academy, or nonpublic school shall delete the report from its records concerning the person.

(6) If the prosecuting attorney in charge of a case receives a form as provided under subsection (2), the prosecuting attorney shall notify the superintendent of public instruction and the superintendent or chief administrator of any school district, intermediate school district, public school academy, or nonpublic school in which the person is employed by forwarding a copy of the form to each of them not later than 7 days after receiving the form. If the court receives a form as provided under subsection (2), the court shall notify the superintendent of public instruction and the superintendent or chief administrator of any school district, intermediate school district, public school academy, or nonpublic school in which the person is employed by forwarding to each of them a copy of the form and information regarding the sentence imposed on the person not later than 7 days after the date of sentencing, even if the court is maintaining the file as a nonpublic record.

(7) The department of information technology shall work with the department and the department of state police to develop and implement an automated program that does a comparison of the department's list of registered educational personnel, and of any other list maintained by the department of individuals employed or regularly and continuously working under contract in a school, with the conviction information received by the department of state police. This comparison shall only include individuals who are actually school employees at the time of the comparison or who are regularly and continuously working under contract at the time of the comparison. Unless otherwise prohibited by law, this comparison shall include convictions contained in a nonpublic record. The department and the department of state police shall perform this comparison during January and June of each year until July 1, 2008. The department of state police shall take all reasonable and necessary measures using the available technology to ensure the accuracy of this comparison before transmitting the information under this subsection to the department. The department shall take all reasonable and necessary measures using the available technology to ensure the accuracy of this comparison before notifying a school district, intermediate school district, public school academy, or nonpublic school of a conviction. If a comparison discloses that a person on the department's list of registered educational personnel has been convicted of a crime, or if the department is otherwise notified by the department of state police that such a person has been convicted of a crime, the department shall notify the superintendent or chief administrator and the board or governing body of the school district, intermediate

school district, public school academy, or nonpublic school in which the person is employed of that conviction.

(8) If a school district, intermediate school district, public school academy, or nonpublic school receives a report under this section of a conviction, within 60 days after receiving the report the school district, intermediate school district, public school academy, or nonpublic school shall submit to the department in the form and manner prescribed by the department a report detailing the information received and any action taken as a result by the school district, intermediate school district, public school academy, or nonpublic school. under sections 1230a and 1230g. If a criminal arrest fingerprint card is subsequently submitted to the department of state police and matches against a fingerprint that was submitted under section 1230a or 1230g and stored in the AFIS database, the department of state police shall notify the department.

380.1230g Individual employed or working under contract; criminal history check or records check; use of results received by another district; consent; request; use of results for limited purpose; "misdemeanor conviction involving sexual or physical abuse" defined; duties of department of state police; verification; disclosure of conviction for listed offense or other felony; exception; definitions.

Sec. 1230g. (1) Not later than July 1, 2008, the board of a school district or intermediate school district, the board of directors of a public school academy, or the governing body of a nonpublic school shall do both of the following for each individual who, as of December 1, 2005, is either a full-time or part-time employee of the school district, intermediate school district, public school academy, or nonpublic school or is assigned to regularly and continuously work under contract in any of its schools and who either is still a full-time or part-time employee of the school district, intermediate school district, public school academy, or nonpublic school on the date that the criminal history and criminal records checks under this section are initiated or is still assigned to regularly and continuously work under contract in any of its schools on the date that the criminal history and criminal records checks under this section are initiated:

(a) Request from the criminal records division of the department of state police a criminal history check on the individual.

(b) Request the department of state police to conduct a criminal records check on the individual through the federal bureau of investigation. The board, board of directors, or governing board shall require the individual to submit his or her fingerprints to the department of state police for the purposes of this subdivision. The department of state police may charge a fee for conducting the criminal records check.

(2) For an individual employed or regularly and continuously working under contract as a substitute teacher or substitute bus driver, if the individual agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal history check or criminal records check with another district, public school academy, or nonpublic school, then instead of requesting a criminal history check and criminal records check under subsection (1), a school district, intermediate school district, public school academy, or nonpublic school may use results received by another district, public school academy, or nonpublic school to confirm that the individual does not have any criminal history. Alternatively, a school district, intermediate school district, public school academy, or nonpublic school may use results maintained by the department to confirm that the individual does not have any criminal history. If confirmation is not available from any of these sources, subsection (1) applies to the individual.

(3) If an individual described in subsection (1) is employed by or regularly and continuously working under contract in more than 1 school district, intermediate school district, public school academy, or nonpublic school and if the individual agrees in writing to allow a district, public school academy, or nonpublic school to share the results of the criminal history check or criminal records check with another district, public school academy, or nonpublic school, then a district, public school academy, or nonpublic school may satisfy the requirements of subsection (1) by obtaining a copy of the results of the criminal history check or criminal records check from another district, public school academy, or nonpublic school.

(4) An individual described in subsection (1) shall give written consent for the criminal records division of the department of state police to conduct the criminal history check and criminal records check required under this section and shall submit his or her fingerprints to the department of state police for the purposes of the criminal records check. If an individual does not comply with this subsection or otherwise fails to cooperate with a school district, intermediate school district, public school academy, or nonpublic school that is seeking to comply with subsection (1) concerning the individual, then the school district, intermediate school district, public school academy, or nonpublic school shall not employ the individual in any capacity and shall not allow the individual to regularly and continuously work under contract in any of its schools.

(5) A school district, intermediate school district, public school academy, or nonpublic school shall make a request to the department of state police for the criminal history check and criminal records check under this section on a form and in a manner prescribed by the department of state police.

(6) The results of a criminal history check and criminal records check under this section shall be used by a school district, intermediate school district, public school academy, or nonpublic school only for the purpose of evaluating an individual's qualifications for employment or assignment in his or her position and for the

purposes of subsections (2) and (3). A member of the board of a school district or intermediate school district, of the board of directors of a public school academy, or of the governing body of a nonpublic school or an employee of a district, public school academy, or nonpublic school shall not disclose those results received under this section, except a misdemeanor conviction involving sexual or physical abuse or any felony conviction, to any person who is not directly involved in evaluating the individual's qualifications for employment or assignment. However, for the purposes of subsections (2) and (3), a person described in this subsection may provide a copy of the results received under this section concerning the individual to an appropriate representative of another district, public school academy, or nonpublic school. For an individual who is regularly and continuously working under contract, if the individual agrees in writing, a district, public school academy, or nonpublic school may provide a copy of the results received under this section concerning the individual to an appropriate representative of the individual's employer. A representative of the individual's employer who receives a copy of the results, or receives the results from another source as authorized by this subsection, shall not disclose the results to any person outside of the employer's business or to any of the employer's personnel who are not directly involved in evaluating the individual's qualifications for employment or assignment. A person who violates this subsection is guilty of a misdemeanor punishable by a fine of not more than \$10,000.00, but is not subject to the penalties under section 1804. As used in this subsection, "misdemeanor conviction involving sexual or physical abuse" includes, but is not limited to, a misdemeanor conviction for a listed offense; a misdemeanor conviction for violation of section 617a of the Michigan vehicle code, 1949 PA 300, MCL 257.617a; a misdemeanor conviction for violation of section 701 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1701; a misdemeanor conviction for violation of section 81, 81a, 81c, 90c, 136b, 141a, 145, 145d, 145n, 233, 335a, or 411h of the Michigan penal code, 1931 PA 328, MCL 750.81, 750.81a, 750.81c, 750.90c, 750.136b, 750.141a, 750.145, 750.145d, 750.145n, 750.233, 750.335a, and 750.411h; a misdemeanor conviction of section 6 of 1979 PA 53, MCL 752.796; or a misdemeanor conviction for violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(7) Within 30 days after receiving a proper request by a school district, intermediate school district, public school academy, or nonpublic school for a criminal history check and criminal records check on an individual under this section, the criminal records division of the department of state police shall do both of the following:

(a) Conduct the criminal history check and, after conducting the criminal history check and within that time period, provide a report of the results of the criminal history check to the district, public school academy, or nonpublic school. The report shall contain any criminal history record information on the individual that is maintained by the criminal records division of the department of state police. A school district, intermediate school district, public school academy, or nonpublic school that receives a report from the department of state police under this subdivision shall retain that report in the individual's employment records.

(b) Initiate the criminal records check through the federal bureau of investigation. After conducting the criminal records check required under this section for a school district, intermediate school district, public school academy, or nonpublic school, the criminal records division of the department of state police shall provide the results of the criminal records check to the district, public school academy, or nonpublic school. A school district, intermediate school district, public school academy, or nonpublic school that receives results from the department of state police under this subdivision shall retain those results in the individual's employment records.

(8) If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (7), or a report received under section 1230a, 1230d(7), 1535a(15), or 1539b(15), disclose that an individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If the results received by a school district, intermediate school district, public school academy, or nonpublic school under subsection (7), or a report received under section 1230a, 1230d(7), 1535a(15), or 1539b(15), disclose that an individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the governing board or governing body, if any, of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing. If a school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing.

nonpublic school receives results described in this subsection, within 60 days after receiving those results the school district, intermediate school district, public school academy, or nonpublic school shall submit to the department in the form and manner prescribed by the department a report detailing the information received and any action taken as a result by the school district, intermediate school district, public school academy, or nonpublic school. The department shall maintain a copy of this report for at least 6 years.

(9) If the criminal history check and criminal records check required under this section have been completed for a particular individual and the results reported to a school district, intermediate school district, public school academy, or nonpublic school as provided under this section, then another criminal history check or criminal records check is not required under this section for that individual as long as the individual remains employed with no separation from service by any school district, intermediate school district, public school academy, or nonpublic school in this state or remains regularly and continuously working under contract with no separation from service for the same employer in any school district, intermediate school district, public school academy, or nonpublic school in this state. However, the school district, intermediate school district, public school academy, or nonpublic school shall perform a criminal history check on that person using the department of state police's internet criminal history access tool (ICHAT). If a search of the department of state police's ICHAT reveals that the individual has been convicted of a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity, as provided under section 1230c, and shall not allow the individual to regularly and continuously work under contract in any of its schools. If a search of the department of state police's ICHAT reveals that the individual has been convicted of a felony other than a listed offense, then the school district, intermediate school district, public school academy, or nonpublic school shall take steps to verify that information using public records and, if the information is verified using public records, shall not employ the individual in any capacity or allow the individual to regularly and continuously work under contract in any of its schools unless the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school each specifically approves the employment or work assignment in writing.

(b) Subject to subsection (3), for a superintendent, principal, assistant principal, or other person whose primary responsibility is administering instructional programs and who is initially employed as a school administrator in this state after the effective date of the amendatory act that added this subdivision, possesses a valid Michigan school administrator's certificate issued under section 1536.

(2) The superintendent of public instruction shall promulgate rules establishing continuing education requirements as a condition for continued employment for persons described in subsection (1)(a). The rules shall prescribe a minimum amount of continuing education that shall be completed within 5 years after initial employment and shall be completed each subsequent 5-year period to meet the requirements of subsection (1)(a) for continued employment.

(3) A school district, public school academy, or intermediate school district may employ as a superintendent, principal, assistant principal, or other person whose primary responsibility is administering instructional programs a person who is enrolled in a program leading to certification as a school administrator under section 1536 not later than 6 months after he or she begins the employment. A person employed as a school administrator pursuant to this subsection has 3 years to meet the certification requirements of section 1536, or the school district, public school academy, or intermediate school district shall not continue to employ the person as a school administrator described in this subsection.

380.1248 Personnel decisions resulting in elimination of position; policies; collective bargaining agreement; expiration; action brought by teacher; remedy.

Sec. 1248. (1) For teachers, as defined in section 1 of article I of 1937 (Ex Sess) PA 4, MCL 38.71, all of the following apply to policies regarding personnel decisions when conducting a staffing or program

reduction or any other personnel determination resulting in the elimination of a position, when conducting a recall from a staffing or program reduction or any other personnel determination resulting in the elimination of a position, or in hiring after a staffing or program reduction or any other personnel determination resulting in the elimination of a position by a school district or intermediate school district:

(a) Subject to subdivision (c), the board of a school district or intermediate school district shall not adopt, implement, maintain, or comply with a policy that provides that length of service or tenure status is the primary or determining factor in personnel decisions when conducting a staffing or program reduction or any other personnel determination resulting in the elimination of a position, when conducting a recall from a staffing or program reduction or any other personnel determination resulting in the elimination of a position, or in hiring after a staffing or program reduction or any other personnel determination resulting in the elimination of a position.

(b) Subject to subdivision (c), the board of a school district or intermediate school district shall ensure that the school district or intermediate school district adopts, implements, maintains, and complies with a policy that provides that all personnel decisions when conducting a staffing or program reduction or any other personnel determination resulting in the elimination of a position, when conducting a recall from a staffing or program reduction or any other personnel determination resulting in the elimination of a position, or in hiring after a staffing or program reduction or any other personnel determination resulting in the elimination of a position, are based on retaining effective teachers. The policy shall ensure that a teacher who has been rated as ineffective under the performance evaluation system under section 1249 is not given any preference that would result in that teacher being retained over a teacher who is evaluated as minimally effective, effective, or highly effective under the performance evaluation system under section 1249. Effectiveness shall be measured by the performance evaluation system under section 1249, and the personnel decisions shall be made based on the following factors:

(i) Individual performance shall be the majority factor in making the decision, and shall consist of but is not limited to all of the following:

(A) Evidence of student growth, which shall be the predominant factor in assessing an employee's individual performance.

(B) The teacher's demonstrated pedagogical skills, including at least a special determination concerning the teacher's knowledge of his or her subject area and the ability to impart that knowledge through planning, delivering rigorous content, checking for and building higher-level understanding, differentiating, and managing a classroom; and consistent preparation to maximize instructional time.

(C) The teacher's management of the classroom, manner and efficacy of disciplining pupils, rapport with parents and other teachers, and ability to withstand the strain of teaching.

(D) The teacher's attendance and disciplinary record, if any.

(ii) Significant, relevant accomplishments and contributions. This factor shall be based on whether the individual contributes to the overall performance of the school by making clear, significant, relevant contributions above the normal expectations for an individual in his or her peer group and having demonstrated a record of exceptional performance.

(iii) Relevant special training. This factor shall be based on completion of relevant training other than the professional development or continuing education that is required by the employer or by state law, and integration of that training into instruction in a meaningful way.

(c) Except as otherwise provided in this subdivision, length of service or tenure status shall not be a factor in a personnel decision described in subdivision (a) or (b). However, if that personnel decision involves 2 or more employees and all other factors distinguishing those employees from each other are equal, then length of service or tenure status may be considered as a tiebreaker.

(2) If a collective bargaining agreement is in effect for employees of a school district or intermediate school district as of the effective date of this section and if that collective bargaining agreement prevents compliance with subsection (1), then subsection (1) does not apply to that school district or intermediate school district until after the expiration of that collective bargaining agreement.

(3) If a teacher brings an action against a school district or intermediate school district based on this section, the teacher's sole and exclusive remedy shall be an order of reinstatement commencing 30 days after a decision by a court of competent jurisdiction. The remedy in an action brought by a teacher based on this section shall not include lost wages, lost benefits, or any other economic damages.

380.1249 Performance evaluation system for teachers and school administrators; requirements; posting information about evaluation tools on public website; effect of collective bargaining agreement; establishment and maintenance of list of teacher evaluation tools; rules; training to be paid from educator evaluation reserve fund; operation or applicability of MCL 380.1248 not affected; "teacher" defined.

Sec. 1249. (1) Subject to subsection (4), with the involvement of teachers and school administrators, the board of a school district or intermediate school district or board of directors of a public school academy shall adopt and implement for all teachers and school administrators a rigorous, transparent, and fair performance evaluation system that does all of the following:

(a) Evaluates the teacher's or school administrator's job performance at least annually while providing timely and constructive feedback.

(b) Establishes clear approaches to measuring student growth and provides teachers and school administrators with relevant data on student growth.

(c) Evaluates a teacher's or school administrator's job performance, using multiple rating categories that take into account student growth and assessment data. Student growth must be measured using multiple measures that may include student learning objectives, achievement of individualized education program goals, nationally normed or locally developed assessments that are aligned to state standards, research-based growth measures, or alternative assessments that are rigorous and comparable across schools within the school district, intermediate school district, or public school academy. If the performance evaluation system implemented by a school district, intermediate school district, or public school academy under this section does not already include the rating of teachers as highly effective, effective, minimally effective, and ineffective, then the school district, intermediate school district, or public school academy shall revise the performance evaluation system not later than September 19, 2011 to ensure that it rates teachers as highly effective, effective, minimally effective, or ineffective.

(d) Uses the evaluations, at a minimum, to inform decisions regarding all of the following:

(i) The effectiveness of teachers and school administrators, ensuring that they are given ample opportunities for improvement.

(ii) Promotion, retention, and development of teachers and school administrators, including providing relevant coaching, instruction support, or professional development.

(iii) Whether to grant tenure or full certification, or both, to teachers and school administrators using rigorous standards and streamlined, transparent, and fair procedures.

(iv) Removing ineffective tenured and untenured teachers and school administrators after they have had ample opportunities to improve, and ensuring that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.

(2) The board of a school district or intermediate school district or board of directors of a public school academy shall ensure that the performance evaluation system for teachers meets all of the following:

(a) The performance evaluation system shall include at least an annual year-end evaluation for all teachers. Beginning with the 2015-2016 school year, an annual year-end evaluation shall meet all of the following:

(i) For the 2015-2016, 2016-2017, and 2017-2018 school years, 25% of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2018-2019 school year, 40% of the annual year-end evaluation shall be based on student growth and assessment data.

(ii) Beginning with the 2018-2019 school year, for core content areas in grades and subjects in which state assessments are administered, 50% of student growth must be measured using the state assessments, and the portion of student growth not measured using state assessments must be measured using multiple research-based growth measures or alternative assessments that are rigorous and comparable across schools within the school district, intermediate school district, or public school academy. Student growth also may be measured by student learning objectives or nationally normed or locally adopted assessments that are aligned to state standards, or based on achievement of individualized education program goals.

(iii) Beginning with the 2016-2017 school year, the portion of a teacher's annual year-end evaluation that is not based on student growth and assessment data, as described under subparagraph (i), shall be based primarily on a teacher's performance as measured by the evaluation tool developed or adopted by the school district, intermediate school district, or public school academy under subdivision (f).

(iv) The portion of a teacher's evaluation that is not measured using student growth and assessment data, as described under subparagraph (i), or using the evaluation tool developed or adopted by the school district, intermediate school district, or public school academy, as described under subparagraph (iii), shall incorporate criteria enumerated in section 1248(1)(b)(i) to (iii) that are not otherwise evaluated under subparagraph (i) or (iii).

(b) If there are student growth and assessment data available for a teacher for at least 3 school years, the annual year-end evaluation shall be based on the student growth and assessment data for the most recent 3-consecutive-school-year period. If there are not student growth and assessment data available for a teacher for at least 3 school years, the annual year-end evaluation shall be based on all student growth and assessment data that are available for the teacher.

(c) The annual year-end evaluation shall include specific performance goals that will assist in improving effectiveness for the next school year and are developed by the school administrator or his or her designee conducting the evaluation, in consultation with the teacher, and any recommended training identified by the school administrator or designee, in consultation with the teacher, that would assist the teacher in meeting these goals. For a teacher described in subdivision (d), the school administrator or designee shall develop, in consultation with the teacher, an individualized development plan that includes these goals and training and is designed to assist the teacher to improve his or her effectiveness.

(d) The performance evaluation system shall include a midyear progress report for a teacher who is in the first year of the probationary period prescribed by section 1 of article II of 1937 (Ex Sess) PA 4, MCL 38.81, or who received a rating of minimally effective or ineffective in his or her most recent annual year-end evaluation. The midyear progress report shall be used as a supplemental tool to gauge a teacher's improvement from the preceding school year and to assist a teacher to improve. All of the following apply to the midyear progress report:

(i) The midyear progress report shall be based at least in part on student achievement.

(ii) The midyear progress report shall be aligned with the teacher's individualized development plan under subdivision (c).

(iii) The midyear progress report shall include specific performance goals for the remainder of the school year that are developed by the school administrator conducting the annual year-end evaluation or his or her designee and any recommended training identified by the school administrator or designee that would assist the teacher in meeting these goals. At the midyear progress report, the school administrator or designee shall develop, in consultation with the teacher, a written improvement plan that includes these goals and training and is designed to assist the teacher to improve his or her rating.

(iv) The midyear progress report shall not take the place of an annual year-end evaluation.

(e) The performance evaluation system shall include classroom observations to assist in the performance evaluations. All of the following apply to these classroom observations:

(i) A classroom observation shall include a review of the teacher's lesson plan and the state curriculum standard being used in the lesson and a review of pupil engagement in the lesson.

(ii) A classroom observation does not have to be for an entire class period.

(iii) Unless a teacher has received a rating of effective or highly effective on his or her 2 most recent annual year-end evaluations, there shall be at least 2 classroom observations of the teacher each school year. Beginning with the 2016-2017 school year, at least 1 observation must be unscheduled.

(iv) Beginning with the 2016-2017 school year, the school administrator responsible for the teacher's performance evaluation shall conduct at least 1 of the observations. Other observations may be conducted by other observers who are trained in the use of the evaluation tool that is used under subdivision (f). These other observers may be teacher leaders.

(v) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall ensure that, within 30 days after each observation, the teacher is provided with feedback from the observation.

(f) For the purposes of conducting annual year-end evaluations under the performance evaluation system, by the beginning of the 2016-2017 school year, the school district, intermediate school district, or public school academy shall adopt and implement 1 or more of the evaluation tools for teachers that are included on the list under subsection (5). However, if a school district, intermediate school district, or public school academy has 1 or more local evaluation tools for teachers or modifications of an evaluation tool on the list under subsection (5), and the school district, intermediate school district, or public school academy complies with subsection (3), the school district, intermediate school district, or public school academy may conduct annual year-end evaluations for teachers using 1 or more local evaluation tools or modifications. The evaluation tools shall be used consistently among the schools operated by a school district, intermediate school district, or public school academy so that all similarly situated teachers are evaluated using the same evaluation tool.

(g) The performance evaluation system shall assign an effectiveness rating to each teacher of highly effective, effective, minimally effective, or ineffective, based on his or her score on the annual year-end evaluation described in this subsection.

(h) As part of the performance evaluation system, and in addition to the requirements of section 1526, a

school district, intermediate school district, or public school academy is encouraged to assign a mentor or coach to each teacher who is described in subdivision (d).

(i) The performance evaluation system may allow for exemption of student growth data for a particular pupil for a school year upon the recommendation of the school administrator conducting the annual year-end evaluation or his or her designee and approval of the school district superintendent or his or her designee, intermediate superintendent or his or her designee, or chief administrator of the public school academy, as applicable.

(j) The performance evaluation system shall provide that, if a teacher is rated as ineffective on 3 consecutive annual year-end evaluations, the school district, public school academy, or intermediate school district shall dismiss the teacher from his or her employment. This subdivision does not affect the ability of a school district, intermediate school district, or public school academy to dismiss a teacher from his or her employment regardless of whether the teacher is rated as ineffective on 3 consecutive annual year-end evaluations.

(k) The performance evaluation system shall provide that, if a teacher is rated as highly effective on 3 consecutive annual year-end evaluations, the school district, intermediate school district, or public school academy may choose to conduct a year-end evaluation biennially instead of annually. However, if a teacher is not rated as highly effective on 1 of these biennial year-end evaluations, the teacher shall again be provided with annual year-end evaluations.

(l) The performance evaluation system shall provide that, if a teacher who is not in a probationary period prescribed by section 1 of article II of 1937 (Ex Sess) PA 4, MCL 38.81, is rated as ineffective on an annual year-end evaluation, the teacher may request a review of the evaluation and the rating by the school district superintendent, intermediate superintendent, or chief administrator of the public school academy, as applicable. The request for a review must be submitted in writing within 20 days after the teacher is informed of the rating. Upon receipt of the request, the school district superintendent, intermediate superintendent, or chief administrator of the public school academy, as applicable, shall review the evaluation and rating and may make any modifications as appropriate based on his or her review. However, the performance evaluation system shall not allow for a review as described in this subdivision more than twice in a 3-school-year period.

(m) Beginning with the 2016-2017 school year, the school district, intermediate school district, or public school academy shall provide training to teachers on the evaluation tool or tools used by the school district, intermediate school district, or public school academy in its performance evaluation system and on how each evaluation tool is used. This training may be provided by a school district, intermediate school district, or public school academy, or by a consortium consisting of 2 or more of these.

(n) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the school district, intermediate school district, or public school academy, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. This subdivision does not prohibit a school district, intermediate school district, public school academy, or consortium consisting of 2 or more of these, from providing the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

(3) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall post on its public website all of the following information about the evaluation tool or tools it uses for its performance evaluation system for teachers:

(a) The research base for the evaluation framework, instrument, and process or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (5), the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.

(b) The identity and qualifications of the author or authors or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (5), the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.

(c) Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (5), an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.

(d) The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.

(e) A description of the processes for conducting classroom observations, collecting evidence, conducting

evaluation conferences, developing performance ratings, and developing performance improvement plans.

(f) A description of the plan for providing evaluators and observers with training.

(4) If a collective bargaining agreement was in effect for teachers or school administrators of a school district, public school academy, or intermediate school district as of July 19, 2011, if that same collective bargaining agreement is still in effect as of November 5, 2015, and if that collective bargaining agreement prevents compliance with subsection (1), then subsection (1) does not apply to that school district, public school academy, or intermediate school district until after the expiration of that collective bargaining agreement.

(5) The department shall establish and maintain a list of teacher evaluation tools that have demonstrated evidence of efficacy and that may be used for the purposes of this section. That list initially shall include at least the evaluation models recommended in the final recommendations released by the Michigan council on educator effectiveness in July 2013. The list shall include a statement indicating that school districts, intermediate school districts, and public school academies are not limited to only using the evaluation tools that are included on the list. A school district, intermediate school district, or public school academy is not required to use an evaluation tool for teacher evaluations that is the same as it uses for school administrator evaluations or that has the same author or authors as the evaluation tool it uses for school administrator evaluations. The department shall promulgate rules establishing standards and procedures for adding an evaluation tool to or removing an evaluation tool from the list. These rules shall include a process for a school district, intermediate school district, or public school academy to submit its own evaluation tool for review for placement on the list.

(6) The training required under subsection (2) shall be paid for from the funds available in the educator evaluation reserve fund created under section 95a of the state school aid act, MCL 388.1695a.

(7) This section does not affect the operation or applicability of section 1248.

(8) As used in this section, "teacher" means an individual who has a valid Michigan teaching certificate or authorization; who is employed, or contracted for, by a school district, intermediate school district, or public school academy; and who is assigned by the school district, intermediate school district, or public school academy to deliver direct instruction to pupils in any of grades K to 12 as a teacher of record.

380.1249a Assignment of pupil to teacher rated as ineffective; notification.

Sec. 1249a. (1) Beginning with the 2018-2019 school year, subject to subsection (2), a school district, intermediate school district, or public school academy shall not assign a pupil to be taught in the same subject area for 2 consecutive years by a teacher who has been rated as ineffective on his or her 2 most recent annual year-end evaluations under section 1249.

(2) Beginning with the 2018-2019 school year, if a school district, intermediate school district, or public school academy is unable to comply with subsection (1) and plans to assign a pupil to be taught in the same subject area for 2 consecutive years by a teacher who has been rated as ineffective on his or her 2 most recent annual year-end evaluations under section 1249, the board of the school district or intermediate school district or board of directors of the public school academy in which the pupil is enrolled shall notify the pupil's parent or legal guardian that the board or board of directors is unable to comply with subsection (1) and that the pupil has been assigned to be taught in the same subject area for a second consecutive year by a teacher who has been rated as ineffective on his or her 2 most recent annual year-end evaluations. The notification shall be in writing, shall be delivered to the parent or legal guardian not later than July 15 immediately preceding the beginning of the school year for which the pupil is assigned to the teacher, and shall include an explanation of why the board or board of directors is unable to comply with subsection (1).

Popular name: Act 451

380.1249b Performance evaluation system for school administrators; requirements; posting

information about measures used for performance evaluation; establishment and maintenance of list of school administrator evaluation tools; rules; training to be paid from educator evaluation reserve fund.

Sec. 1249b. (1) The board of a school district or intermediate school district or board of directors of a public school academy shall ensure that the performance evaluation system for building-level school administrators and for central-office-level school administrators who are regularly involved in instructional matters meets all of the following:

(a) The performance evaluation system shall include at least an annual evaluation for all school administrators described in this subsection by the school district superintendent or his or her designee, intermediate superintendent or his or her designee, or chief administrator of the public school academy, as applicable. However, a superintendent or chief administrator shall be evaluated by the board or board of directors or, if the superintendent or chief administrator is not employed directly by the board or board of directors, by the designee of the board or board of directors.

(b) For the 2015-2016, 2016-2017, and 2017-2018 school years, 25% of the annual evaluation shall be based on student growth and assessment data. Beginning with the 2018-2019 school year, 40% of the annual evaluation shall be based on student growth and assessment data. The student growth and assessment data to be used for the school administrator annual evaluation are the aggregate student growth and assessment data that are used in teacher annual year-end evaluations in each school in which the school administrator works as an administrator or, for a central-office-level school administrator, for the entire school district or intermediate school district.

(c) For the purposes of conducting annual evaluations under the performance evaluation system, the school district, intermediate school district, or public school academy shall develop or adopt and implement an evaluation tool for school administrators. The portion of a school administrator's annual evaluation that is not based on student growth shall be based primarily on the school administrator's performance as measured by this evaluation tool.

(d) The portion of the annual evaluation that is not based on student growth and assessment data as provided under subdivision (b) or on an evaluation tool as provided under subdivision (c) shall be based on at least the following for each school in which the school administrator works as an administrator or, for a central-office-level school administrator, for the entire school district or intermediate school district:

(i) If the school administrator conducts teacher performance evaluations, the school administrator's proficiency in using the evaluation tool for teachers used by the school district, intermediate school district, or public school academy under section 1249. If the school administrator designates another person to conduct teacher performance evaluations, the evaluation of the school administrator on this factor shall be based on the designee's proficiency in using the evaluation tool for teachers used by the school district, intermediate school district, or public school academy under section 1249, with the designee's performance to be counted as if it were the school administrator personally conducting the teacher performance evaluations.

(ii) The progress made by the school or school district in meeting the goals set forth in the school's school improvement plan or the school district's school improvement plans.

(iii) Pupil attendance in the school or school district.

(iv) Student, parent, and teacher feedback, as available, and other information considered pertinent by the superintendent or other school administrator conducting the performance evaluation or the board or board of directors.

(e) For the purposes of conducting annual evaluations under the performance evaluation system, by the beginning of the 2016-2017 school year, the school district, intermediate school district, or public school academy shall adopt and implement 1 or more of the evaluation tools for school administrators that are included on the list under subsection (3). However, if a school district, intermediate school district, or public school academy has 1 or more local evaluation tools for school administrators or modifications of an evaluation tool on the list under subsection (3), and the school district, intermediate school district, or public school academy complies with subsection (2), the school district, intermediate school district, or public school academy may conduct annual year-end evaluations for school administrators using 1 or more local evaluation tools or modifications.

(f) The evaluation tool and other measures used by the school district, intermediate school district, or public school academy in its performance evaluation system for school administrators shall be used consistently across the schools operated by a school district, intermediate school district, or public school academy so that all similarly situated school administrators are evaluated using the same measures.

(g) The performance evaluation system shall assign an effectiveness rating to each school administrator described in this subsection of highly effective, effective, minimally effective, or ineffective.

(h) The performance evaluation system shall ensure that if a school administrator described in this subsection is rated as minimally effective or ineffective, the person or persons conducting the evaluation shall develop and require the school administrator to implement an improvement plan to correct the deficiencies. The improvement plan shall recommend professional development opportunities and other actions designed to improve the rating of the school administrator on his or her next annual evaluation.

(i) The performance evaluation system shall provide that, if a school administrator described in this subsection is rated as ineffective on 3 consecutive annual evaluations, the school district, public school academy, or intermediate school district shall dismiss the school administrator from his or her employment. This subdivision does not affect the ability of a school district, intermediate school district, or public school academy to dismiss a school administrator from his or her employment regardless of whether the school administrator is rated as ineffective on 3 consecutive annual evaluations.

(j) The performance evaluation system shall provide that, if a school administrator is rated as highly effective on 3 consecutive annual evaluations, the school district, intermediate school district, or public school academy may choose to conduct an evaluation biennially instead of annually. However, if a school administrator is not rated as highly effective on 1 of these biennial evaluations, the school administrator shall again be provided with annual evaluations.

(k) The school district, intermediate school district, or public school academy shall provide training to school administrators on the measures used by the school district, intermediate school district, or public school academy in its performance evaluation system for school administrators and on how each of the measures is used. This training may be provided by a school district, intermediate school district, or public school academy, or by a consortium consisting of 2 or more of these.

(l) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the school district, intermediate school district, or public school academy, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. This subdivision does not prohibit a school district, intermediate school district, public school academy, or consortium consisting of 2 or more of these, from providing the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

(2) Beginning with the 2016-2017 school year, a school district, intermediate school district, or public school academy shall post on its public website all of the following information about the measures it uses for its performance evaluation system for school administrators:

(a) The research base for the evaluation framework, instrument, and process or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (3), the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.

(b) The identity and qualifications of the author or authors or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (3), the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.

(c) Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the school district, intermediate school district, or public school academy adapts or modifies an evaluation tool from the list under subsection (3), an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.

(d) The evaluation frameworks and rubrics, with detailed descriptors for each performance level on key summative indicators.

(e) A description of the processes for collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.

That list initially shall include at least the 2 evaluation models recommended in the final recommendations released by the Michigan council on educator effectiveness in July 2013. The list shall include a statement indicating that school districts, intermediate school districts, and public school academies are not limited to only using the evaluation tools that are included on the list. A school district, intermediate school district, or public school academy is not required to use an evaluation tool for school administrator evaluations that is the same as it uses for teacher evaluations or that has the same author or authors as the evaluation tool it uses for teacher evaluations. The department shall promulgate rules establishing standards and procedures for adding an

evaluation tool to or removing an evaluation tool from the list. These rules shall include a process for a school district, intermediate school district, or public school academy to submit its own evaluation tool for review for placement on the list.

(4) The training required under subsection (1) shall be paid for from the funds available in the educator evaluation reserve fund created under section 95a of the state school aid act, MCL 388.1695a.

380.1263 Building schools; requirements; compliance; review and approval; submission of site plan to local zoning authority; "high school building" and "local zoning authority" defined.

Sec. 1263. (1) The board of a school district shall not build a school upon a site without having prior title in fee to the site, a lease for not less than 99 years, or a lease for not less than 50 years from the United States government, or this state, or a political subdivision of this state.

(2) The board of a school district shall not build a frame school on a site for which it does not have a title in fee or a lease for 50 years without securing the privilege of removing the school.

(3) The governing board of a public school shall not design or build a school building to be used for instructional or noninstructional school purposes or design and implement the design for a school site unless the design or construction is in compliance with 1937 PA 306, MCL 388.851 to 388.855a. The superintendent of public instruction has sole and exclusive jurisdiction over the review and approval of plans and specifications for the construction, reconstruction, or remodeling of school buildings used for instructional or noninstructional school purposes and, subject to subsection (4), of site plans for those school buildings.

(4) Unless the site is located within a city or village, the governing board of a public school shall not build or expand a high school building on a site without first submitting the site plan to the local zoning authority for administrative review as provided under this subsection. Not later than 60 days after receiving the site

plan, the local zoning authority shall respond to the governing board with either a written notice that the local zoning authority concurs with the site plan or with written suggested changes to the site plan. If the local zoning authority does not respond to the governing board with either of these options, the governing board shall be considered to have received a written notice of concurrence from the local zoning authority. If there are written suggested changes, then not later than 45 days after receiving the written suggested changes, the governing board shall respond to the local zoning authority with a revised site plan that incorporates the changes or with an explanation of why the changes are not being made. This subsection applies to expansion of a high school building only if the expansion will result in the square footage of the high school building being increased by at least 20%. This subsection does not apply to temporary structures or facilities that are necessary due to unanticipated enrollment increases and that are used for not more than 2 years.

(5) If mutually agreed by the governing board and the local zoning authority, the time periods in subsection (4) may be extended.

(6) The communication required under subsection (4) between a governing board and a local zoning authority is for informational purposes only and does not require the governing board to make any changes in its site plan. Once the process prescribed under subsection (4) is complete, this section does not require any further interaction between the governing board and a local zoning authority.

(7) A local zoning authority shall not charge a governing board a fee for the process prescribed under subsection (4) that exceeds \$250.00 for an administrative review or \$1,500.00 for total costs incurred by a local zoning authority under subsection (4) for the specific project involved.

(8) As used in this section:

(a) "High school building" means any structure or facility that is used for instructional purposes, that offers at least 1 of grades 9 to 12, and that includes an athletic field or facility.

(b) "Local zoning authority" means the zoning authority for the jurisdiction in which the construction or expansion of a high school building is to occur.

Sec. 1267. (1) Before commencing construction of a new school building, or addition to or repair or renovation of an existing school building, except repair in emergency situations, the board of a school district or intermediate school district or board of directors of a public school academy, shall obtain competitive bids on all the material and labor required for the complete construction of a proposed new building or addition to or repair or renovation of an existing school building.

(2) The board, intermediate school board, or board of directors shall advertise for the bids required under subsection (1) by placing an advertisement for bids at least once in a newspaper of general circulation in the area where the building or addition is to be constructed or where the repair or renovation of an existing building is to take place and by posting an advertisement for bids for at least 2 weeks on the department of management and budget website on a page on the website maintained for this purpose or on a website maintained by a school organization and designated by the department of management and budget for this purpose. If the department of management and budget designates a school organization website for this purpose, the department of management and budget shall indicate this fact on its website and include a link on

its website to the school organization website.

(3) The advertisement for bids shall do all of the following:

(a) Specify the date and time by which all bids must be received by the board, intermediate school board, or board of directors.

(b) State that the board, intermediate school board, or board of directors will not consider or accept a bid received by the board, intermediate school board, or board of directors after the date and time specified for bid submission.

(c) Identify the time, date, and place of a public meeting at which the board, intermediate school board, or board of directors or its designee will open and read aloud each bid received by the board, intermediate school board, or board of directors by the date and time specified in subdivision (a).

(d) State that the bid shall be accompanied by a sworn and notarized statement disclosing any familial relationship that exists between the owner or any employee of the bidder and any member of the board, intermediate school board, or board of directors or the superintendent of the school district, intermediate superintendent of the intermediate school district, or chief executive officer of the public school academy. A board, intermediate school board, or board of directors shall not accept a bid that does not include this sworn and notarized disclosure statement.

(4) The board, intermediate school board, or board of directors shall require each bidder for a contract under this section to file with the board, intermediate school board, or board of directors security in an amount not less than 1/20 of the amount of the bid conditioned to secure the school district from loss or damage by reason of the withdrawal of the bid or by the failure of the bidder to enter a contract for performance, if the bid is accepted by the board, intermediate school board, or board of directors.

(5) The board, intermediate school board, or board of directors shall not open, consider, or accept a bid that the board, intermediate school board, or board of directors receives after the date and time specified for bid submission in the advertisement for bids described in subsection (3).

(6) At a public meeting identified in the advertisement for bids described in subsection (3), the board, intermediate school board, or board of directors or its designee shall open and read aloud each bid that the board, intermediate school board, or board of directors received at or before the time and date for bid submission specified in the advertisement for bids. The board, intermediate school board, or board of directors may reject any or all bids, and if all bids are rejected, shall readvertise in the manner required by this section.

(7) The board of a school district or intermediate school district or board of directors of a public school academy may adopt and implement a local policy that gives a preference to a Michigan-based business in awarding a contract under this section. The policy may provide for a preference based on the status of the primary contractor as a Michigan-based business or based on the status of 1 or more subcontractors of the primary contractor as Michigan-based businesses, or both. A policy adopted under this subsection shall be consistent with federal statutes and regulations and shall not be applied to a contract that is to be paid with federal funds. Upon request by a school district, intermediate school district, or public school academy that has adopted and implemented a policy described in this subsection, the department of treasury shall disclose to that school district, intermediate school district, or public school academy verifying information as described in section 268(3) of the management and budget act, 1984 PA 431, MCL 18.1268. The adoption, implementation, or application of a policy described in this subsection, or a decision not to adopt, implement, or apply such a policy, does not create a cause of action.

(8) This section does not apply to buildings, renovations, or repairs costing less than \$20,959.00 or to repair work normally performed by school district, intermediate school board, or public school academy employees. The maximum amount specified in this subsection shall be adjusted each year by multiplying the amount for the immediately preceding year by the percentage by which the average consumer price index for all items for the 12 months ending August 31 of the year in which the adjustment is made differs from that index's average for the 12 months ending on August 31 of the immediately preceding year and adding that product to the maximum amount that applied in the immediately preceding year, rounding to the nearest whole dollar.

(9) As used in this section, "Michigan-based business" means a business that would qualify for a preference in a procurement contract with this state under section 268 of the management and budget act, 1984 PA 431, MCL 18.1268.

(3) The board of a school district or board of directors of a public school academy may adopt and implement a local policy that gives a preference to a Michigan-based business in awarding a contract under this section. The policy may provide for a preference based on the status of the primary contractor as a Michigan-based business or based on the status of 1 or more subcontractors of the primary contractor as Michigan-based businesses, or both. A policy adopted under this subsection shall be consistent with federal statutes and regulations and shall not be applied to a contract that is to be paid with federal funds. Upon request by a school district or public school academy that has adopted and implemented a policy described in this subsection, the department of treasury shall disclose to that school district or public school academy verifying information as described in section 268(3) of the management and budget act, 1984 PA 431, MCL 18.1268. The adoption, implementation, or application of a policy described in this subsection, or a decision not to adopt, implement, or apply such a policy, does not create a cause of action.

(4) A school district or public school academy is not required to obtain competitive bids for items purchased through the cooperative bulk purchasing program operated by the department of management and budget under section 263(3) of the management and budget act, 1984 PA 431, MCL 18.1263.

Heating and cooking equipment may be purchased on a title retaining contract or other form of agreement creating a security interest and pledging in payment money in the general fund or funds received from state school aid. The contracts may extend for not more than 10 years.

(7) As used in this section, "Michigan-based business" means a business that would qualify for a preference in a procurement contract with this state as determined under section 268 of the management and budget act, 1984 PA 431, MCL 18.1268.

(b) The pupil may meet all or part of this requirement with online course work.

(3) The requirements under this section and section 1278b for a high school diploma are in addition to any local requirements imposed by the board of a school district or board of directors of a public school academy. The board of a school district or board of directors of a public school academy, as a local requirement for a high school diploma, may require a pupil to complete the Michigan merit examination under section 1279g or may require a pupil to participate in the MIAccess assessments if appropriate for the pupil.

(4) For the purposes of this section and section 1278b, all of the following apply:

(a) A pupil is considered to have completed a credit if the pupil successfully completes the subject area content expectations or guidelines developed by the department that apply to the credit. For a career and technical education credit, a school district or public school academy may supplement those content expectations and guidelines with additional guidelines developed by the school district or public school academy.

(b) A school district or public school academy shall base its determination of whether a pupil has successfully completed the subject area content expectations or guidelines developed by the department that apply to a credit at least in part on the pupil's performance on the assessments developed or selected by the department under section 1278b or on 1 or more assessments developed or selected by the school district or public school academy that measure a pupil's understanding of the subject area content expectations or guidelines that apply to the credit.

(c) A school district or public school academy shall also grant a pupil a credit if the pupil earns a qualifying score, as determined by the department, on the assessments developed or selected for the subject area by the department under section 1278b or the pupil earns a qualifying score, as determined by the school district or public school academy, on 1 or more assessments developed or selected by the school district or public school academy that measure a pupil's understanding of the subject area content expectations or guidelines that apply to the credit.

(5) If a high school is designated by the superintendent of public instruction as a specialty school and the high school meets the requirements of subsection (6), then the pupils of the high school are not required to successfully complete the 4 credits in English language arts required under section 1278b(1)(a) or the 3 credits in social science required under subsection (1)(a)(ii) and the school district or public school academy is not required to ensure that each pupil is offered the curriculum necessary for meeting those English

language arts or social science credit requirements. The superintendent of public instruction may designate up to 15 high schools that meet the requirements of this subsection as specialty schools. Subject to this maximum number, the superintendent of public instruction shall designate a high school as a specialty school if the superintendent of public instruction finds that the high school meets all of the following criteria:

(a) The high school incorporates a significant reading and writing component throughout its curriculum.

(b) The high school uses a specialized, innovative, and rigorous curriculum in such areas as performing arts, foreign language, extensive use of internships, or other learning innovations that conform to pioneering innovations among other leading national or international high schools.

(6) A high school that is designated by the superintendent of public instruction as a specialty school under subsection (5) is only exempt from requirements as described under subsection (5) as long as the superintendent of public instruction finds that the high school continues to meet all of the following requirements:

(a) The high school clearly states to prospective pupils and their parents that it does not meet the requirements of the Michigan merit standard under this section and section 1278b but is a designated specialty school that is exempt from some of those requirements and that a pupil who enrolls in the high school and subsequently transfers to a high school that is not a specialty school meeting the requirements of this subsection will be required to comply with the requirements of the Michigan merit standard under this section and section 1278b.

(b) For the most recent year for which the data are available, the mean scores on both the mathematics and science portions of the ACT examination for the pupils of the high school exceed by at least 10% the mean scores on the mathematics and science portions of the ACT examination for the pupils of the school district in which the greatest number of the pupils of the high school reside.

(c) For the most recent year for which the data are available, the high school had a graduation rate of at least 85%, as determined by the department.

(d) For the most recent year for which the data are available, at least 75% of the pupils who graduated from the high school the preceding year are enrolled in a postsecondary institution.

(e) All pupils of the high school are required to meet the mathematics credit requirements of subsection (1)(a)(i), with no modification of these requirements under section 1278b(5), and each pupil is offered the curriculum necessary to meet this requirement.

(f) All pupils of the high school are required to meet the science credit requirements of section 1278b(1)(b) and are also required to successfully complete at least 1 additional science credit, for a total of at least 4 science credits, with no modification of these requirements under section 1278b(5), and each pupil is offered the curriculum necessary to meet this requirement.

380.1278b Award of high school diploma; credit requirements; personal curriculum; annual report.

Sec. 1278b. (1) Except as otherwise provided in this section or section 1278a, beginning with pupils entering grade 8 in 2006, as part of the requirements under section 1278a the board of a school district or board of directors of a public school academy shall not award a high school diploma to a pupil unless the pupil has successfully completed all of the following credit requirements of the Michigan merit standard before graduating from high school:

(a) At least 4 credits in English language arts that are aligned with subject area content expectations developed by the department and approved by the state board under this section.

(b) At least 3 credits in science that are aligned with subject area content expectations developed by the department and approved by the state board under this section, including completion of at least biology and either chemistry, physics, anatomy, or agricultural science, or successfully completing a program or curriculum that provides the same content as the chemistry or physics benchmarks, as determined by the department. A student may fulfill the requirement for the third science credit by completing a department-approved computer science program or curriculum or formal career and technical education program or curriculum. The legislature strongly encourages pupils to complete a fourth credit in science, such as forensics, astronomy, Earth science, agricultural science, environmental science, geology, physics, chemistry, physiology, or microbiology.

(c) The credit requirements specified in section 1278a(1)(a)(i) to (iv).

(2) If a pupil successfully completes 1 or more of the high school credits required under subsection (1) or under section 1278a(1) before entering high school, the pupil shall be given high school credit for that credit.

(3) For the purposes of this section and section 1278a, the department shall do all of the following:

(a) Develop subject area content expectations that apply to the credit requirements of the Michigan merit standard that are required under subsection (1)(a) and (b) and section 1278a(1)(a)(i) and (ii) and develop guidelines for the remaining credit requirements of the Michigan merit standard that are required under this section and section 1278a(1)(a), for the online course or learning experience required under section 1278a(1)(b), and for the requirements for a language other than English under section 1278a(2). All of the following apply to these subject area content expectations and guidelines:

(i) All subject area content expectations shall be consistent with the state board recommended model core academic curriculum content standards under section 1278. Subject area content expectations or guidelines shall not include attitudes, beliefs, or value systems that are not essential in the legal, economic, and social structure of our society and to the personal and social responsibility of citizens of our society. The subject area content expectations shall require pupils to demonstrate critical thinking skills.

(ii) The subject area content expectations and the guidelines must be approved by the state board under subsection (4).

(iii) The subject area content expectations shall state in clear and measurable terms what pupils are expected to know upon completion of each credit.

(iv) The department shall complete the development of the subject area content expectations that apply to algebra I and the guidelines for the online course or learning experience under section 1278a(1)(b) not later than August 1, 2006.

(v) The department shall complete development of the subject area content expectations or guidelines that apply to each of the other credits required in the Michigan merit standard under subsection (1) and section 1278a(1)(a) not later than 1 year before the beginning of the school year in which a pupil entering high school in 2007 would normally be expected to complete the credit.

(vi) If the department has not completed development of the subject area content expectations that apply to a particular credit required in the Michigan merit standard under subsection (1) or section 1278a(1)(a) by the date required under this subdivision, a school district or public school academy may align the content of the credit with locally adopted standards.

(vii) Until all of the subject area content expectations and guidelines have been developed by the department and approved by the state board, the department shall submit a report at least every 6 months to the senate and house standing committees responsible for education legislation on the status of the development of the subject area content expectations and guidelines. The report shall detail any failure by the department to meet a deadline established under subparagraph (iv) or (v) and the reasons for that failure.

(b) Develop and implement a process for developing the subject area content expectations and guidelines required under this section. This process shall provide for all of the following:

(i) Soliciting input from all of the following groups:

(A) Recognized experts in the relevant subject areas.

(B) Representatives from 4-year colleges or universities, community colleges, and other postsecondary institutions.

(C) Teachers, administrators, and school personnel who have specialized knowledge of the subject area.

(D) Representatives from the business community.

(E) Representatives from vocational and career and technical education providers.

(F) Government officials, including officials from the legislature.

(G) Parents of public school pupils.

(ii) A review of the subject area content expectations or guidelines by national experts.

(iii) An opportunity for the public to review and provide input on the proposed subject area content expectations or guidelines before they are submitted to the state board for approval. The time period allowed for this review and input shall be at least 15 business days.

(c) Determine the basic level of technology and internet access required for pupils to complete the online course or learning experience requirement of section 1278a(1)(b), and submit that determination to the state board for approval.

(d) Develop and make available material to assist school districts and public school academies in implementing the requirements of this section and section 1278a. This shall include developing guidelines for alternative instructional delivery methods as described in subsection (7).

(4) The state board shall approve subject area content expectations and guidelines developed by the department under subsection (3) before those subject area content expectations and guidelines may take

effect. The state board also shall approve the basic level of technology and internet access required for pupils to complete the online course or learning experience requirement of section 1278a(1)(b).

(5) The parent or legal guardian of a pupil who has completed grade 9, a teacher who is currently teaching the pupil, who currently teaches in or whose expertise is in a subject area proposed to be modified by the personal curriculum, or who is determined by the principal to have qualifications otherwise relevant to developing a personal curriculum, or a school counselor or school employee qualified to act in a counseling role under section 1233 or 1233a may request a personal curriculum under this subsection for the pupil that modifies certain of the Michigan merit standard requirements under subsection (1) or section 1278a(1)(a). If the request for a personal curriculum is made by the pupil's parent or legal guardian or, if the pupil is at least age 18 or is an emancipated minor, by the pupil, the school district or public school academy shall develop a personal curriculum for the pupil. A teacher, school counselor, or school employee qualified to act in a counseling role under section 1233 or 1233a may contact a pupil's parent or legal guardian to discuss the possibility and potential benefits of a personal curriculum under this subsection for the pupil. If all of the requirements under this subsection for completing a personal curriculum are met, then the board of a school district or board of directors of a public school academy may award a high school diploma to a pupil who successfully completes his or her personal curriculum even if it does not meet the requirements of the Michigan merit standard required under subsection (1) and section 1278a(1)(a). All of the following apply to a personal curriculum:

(a) The personal curriculum shall be developed by a group that includes at least the pupil, at least 1 of the pupil's parents or the pupil's legal guardian, and a teacher described in this subdivision or the pupil's high school counselor or another designee qualified to act in a counseling role under section 1233 or 1233a selected by the high school principal. In addition, for a pupil who receives special education services, a school psychologist should also be included in this group. The teacher included in the group developing the personal curriculum shall be a teacher who is currently teaching the pupil, who currently teaches in or whose expertise is in a subject area being modified by the personal curriculum, or who is determined by the principal to have qualifications otherwise relevant to the group. This subdivision does not require an in-person meeting of the group.

(b) The personal curriculum shall incorporate as much of the subject area content expectations of the Michigan merit standard required under subsection (1) and section 1278a(1)(a) as is practicable for the pupil; shall establish measurable goals that the pupil must achieve while enrolled in high school and shall provide a method to evaluate whether the pupil achieved these goals; and shall be aligned with the pupil's educational development plan developed under subsection (11).

(c) Before it takes effect, the personal curriculum must be agreed to by the pupil's parent or legal guardian and by the superintendent of the school district or chief executive of the public school academy or his or her designee.

(d) The pupil's parent or legal guardian shall be in communication with each of the pupil's teachers to monitor the pupil's progress toward the goals contained in the pupil's personal curriculum.

(e) Revisions may be made in the personal curriculum if the revisions are developed and agreed to in the same manner as the original personal curriculum.

(f) The English language arts credit requirements of subsection (1)(a) and the science credit requirements of subsection (1)(b) are not subject to modification as part of a personal curriculum under this subsection.

(g) The mathematics credit requirements of section 1278a(1)(a)(i) may be modified as part of a personal curriculum if the pupil successfully completes at least 3-1/2 total credits of the mathematics credits required under that section before completing high school, including algebra I and geometry, and successfully completes at least 1 mathematics credit during his or her final 2 years of high school. The algebra II credit required under that section may be modified as part of a personal curriculum under this subsection if the pupil meets 1 or more of the following:

(i) Successfully completes the same content as 1 semester of algebra II, as determined by the department.

(ii) Elects to complete the same content as algebra II over 2 years, with a credit awarded for each of those 2 years, and successfully completes that content.

(iii) Enrolls in a formal career and technical education program or curriculum and in that program or curriculum successfully completes the same content as the algebra II benchmarks assessed on the department-prescribed state high school assessment, as determined by the department.

(iv) Successfully completes 1 semester of statistics, functions and data analysis, or technical mathematics.

(h) The social science credit requirements of section 1278a(1)(a)(ii) may be modified as part of a personal curriculum only if all of the following are met:

(i) The pupil has successfully completed 2 credits of the social science credits required under section 1278a(1), including the civics course described in section 1166(2).

(ii) The modification requires the pupil to complete 1 additional credit in English language arts, mathematics, or science or 1 additional credit in a language other than English, or requires the pupil to complete a formal career and technical education program. This additional credit must be in addition to the number of those credits otherwise required under subsection (1) and section 1278a(1) or under section 1278a(2).

(i) The health and physical education credit requirement under section 1278a(1)(a)(iii) may be modified as part of a personal curriculum only if the modification requires the pupil to complete 1 additional credit in English language arts, mathematics, or science or 1 additional credit in a language other than English, or requires the pupil to complete a formal career and technical education program. This additional credit must be in addition to the number of those credits otherwise required under subsection (1) and section 1278a(1) or under section 1278a(2).

(j) The visual arts, performing arts, or applied arts credit requirement under section 1278a(1)(a)(iv) may be modified as part of a personal curriculum only if the modification requires the pupil to complete 1 additional credit in English language arts, mathematics, or science or 1 additional credit in a language other than English, or requires the pupil to complete a formal career and technical education program. This additional credit must be in addition to the number of those credits otherwise required under subsection (1) and section 1278a(1) or under section 1278a(2).

(k) If the parent or legal guardian of a pupil requests as part of the pupil's personal curriculum a modification of the Michigan merit standard requirements that would not otherwise be allowed under this section and demonstrates that the modification is necessary because the pupil is a child with a disability, the school district or public school academy may allow that additional modification to the extent necessary because of the pupil's disability if the group under subdivision (a) determines that the modification is consistent with both the pupil's educational development plan under subsection (11) and the pupil's individualized education program. If the superintendent of public instruction has reason to believe that a school district or a public school academy is allowing modifications inconsistent with the requirements of this subdivision, the superintendent of public instruction shall monitor the school district or public school academy to ensure that the school district's or public school academy's policies, procedures, and practices are in compliance with the requirements for additional modifications under this subdivision. As used in this subdivision, "child with a disability" means that term as defined in 20 USC 1401.

(l) If a pupil transfers to a school district or public school academy from out of state or from a nonpublic school, the pupil's parent or legal guardian may request, as part of the pupil's personal curriculum, a modification of the Michigan merit standard requirements that would not otherwise be allowed under this section. The school district or public school academy may allow this additional modification for a transfer pupil if all of the following are met:

(i) The transfer pupil has successfully completed at least the equivalent of 2 years of high school credit out of state or at a nonpublic school. The school district or public school academy may use appropriate assessment examinations to determine what credits, if any, the pupil has earned out of state or at a nonpublic school that may be used to satisfy the curricular requirements of the Michigan merit standard and this subdivision.

(ii) The transfer pupil's personal curriculum incorporates as much of the subject area content expectations of the Michigan merit standard as is practicable for the pupil.

(iii) The transfer pupil's personal curriculum requires the pupil to successfully complete at least 1 mathematics course during his or her final year of high school enrollment. In addition, if the transfer pupil is enrolled in the school district or public school academy for at least 1 full school year, both of the following apply:

(A) The transfer pupil's personal curriculum shall require that this mathematics course is at least algebra I.

(B) If the transfer pupil demonstrates that he or she has mastered the content of algebra I, the transfer pupil's personal curriculum shall require that this mathematics course is a course normally taken after completing algebra I.

(iv) The transfer pupil's personal curriculum includes the civics course described in section 1166(2).

(m) If a pupil is at least age 18 or is an emancipated minor, the pupil may act on his or her own behalf under this subsection.

(n) This subsection does not apply to a pupil enrolled in a high school that is designated as a specialty school under section 1278a(5) and that is exempt under that section from the English language arts requirement under subsection (1)(a) and the social science credit requirement under section 1278a(1)(a)(ii).

(o) The department or a school district or public school academy shall not limit or discourage the number of pupils with a personal curriculum on any basis other than the best interests of each individual pupil.

(p) A school district or public school academy annually shall notify each of its pupils and a parent or legal

guardian of each of its pupils that all pupils are entitled to a personal curriculum under this subsection. The annual notice shall include an explanation of what a personal curriculum is and state that if a personal curriculum is requested, the public school or public school academy will grant that request. The school district or public school academy shall provide this annual notice to parents and legal guardians by sending a written notice to each pupil's home or by including the notice in a newsletter, student handbook, or similar communication that is sent to a pupil's home, and also shall post the notice on the school district's or public school academy's website.

(6) If a pupil receives special education services, the pupil's individualized education program, in accordance with the individuals with disabilities education act, title VI of Public Law 91-230, shall identify the appropriate course or courses of study and identify the supports, accommodations, and modifications necessary to allow the pupil to progress in the curricular requirements of this section and section 1278a, or in a personal curriculum as provided under subsection (5), and meet the requirements for a high school diploma.

(7) The board of a school district or board of directors of a public school academy that operates a high school shall ensure that each pupil is offered the curriculum necessary for the pupil to meet the curricular requirements of this section and section 1278a. The board or board of directors may provide this curriculum by providing the credits specified in this section and section 1278a, by using alternative instructional delivery methods such as alternative course work, humanities course sequences, career and technical education, industrial technology courses, or vocational education, or by a combination of these. School districts and public school academies that operate career and technical education programs are encouraged to integrate the credit requirements of this section and section 1278a into those programs.

(8) If the board of a school district or board of directors of a public school academy wants its high school to be accredited under section 1280, the board or board of directors shall ensure that all elements of the curriculum required under this section and section 1278a are made available to all affected pupils. If a school district or public school academy does not offer all of the required credits, the board of the school district or board of directors of the public school academy shall ensure that the pupil has access to the required credits by another means, such as enrollment in a postsecondary course under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524; enrollment in an online course; a cooperative arrangement with a neighboring school district or with a public school academy; or granting approval under section 6(6) of the state school aid act of 1979, MCL 388.1606, for the pupil to be counted in membership in another school district.

(9) If a pupil is not successfully completing a credit required for graduation under this section and section 1278a, or is identified as being at risk of withdrawing from high school, then the pupil's school district or public school academy shall notify the pupil's parent or legal guardian or, if the pupil is at least age 18 or is an emancipated minor, the pupil, of the availability of tutoring or other supplemental educational support and counseling services that may be available to the pupil under existing state or federal programs, such as those programs or services available under section 31a of the state school aid act of 1979, MCL 388.1631a, or under the no child left behind act of 2001, Public Law 107-110.

(10) To the extent required by the no child left behind act of 2001, Public Law 107-110, the board of a school district or public school academy shall ensure that all components of the curricular requirements under this section and section 1278a are taught by highly qualified teachers. If a school district or public school academy demonstrates to the department that the school district or public school academy is unable to meet the requirements of this section because the school district or public school academy is unable to hire enough highly qualified teachers, the department shall work with the school district or public school academy to develop a plan to allow the school district or public school academy to hire enough highly qualified teachers to meet the requirements of this section.

(11) The board of a school district or board of directors of a public school academy shall provide the opportunity for each pupil to develop an educational development plan during grade 7, and shall ensure that each pupil reviews his or her educational development plan during grade 8 and revises it as appropriate before he or she begins high school. An educational development plan shall be developed, reviewed, and revised by the pupil under the supervision of the pupil's school counselor or another designee qualified to act in a counseling role under section 1233 or 1233a selected by the school principal and shall be based on high school readiness scores and a career pathways program or similar career exploration program. An educational development plan shall be designed to assist pupils to identify career development goals as they relate to academic requirements. During the process of developing and reviewing a pupil's educational development plan, the pupil shall be advised that many of the curricular requirements of this section and section 1278a may be fulfilled through career and technical education.

(12) Except as otherwise provided in this subsection, if a school district or public school academy is unable to implement all of the curricular requirements of this section and section 1278a for pupils entering grade 9 in

2007 or is unable to implement another requirement of this section or section 1278a, the school district or public school academy may apply to the department for permission to phase in 1 or more of the requirements of this section or section 1278a. To apply, the school district or public school academy shall submit a proposed phase-in plan to the department. The department shall approve a phase-in plan if the department determines that the plan will result in the school district or public school academy making satisfactory progress toward full implementation of the requirements of this section and section 1278a. If the department disapproves a proposed phase-in plan, the department shall work with the school district or public school academy to develop a satisfactory plan that may be approved. However, if legislation is enacted that adds section 1290 to allow school districts and public school academies to apply for a contract that waives certain state or federal requirements, then this subsection does not apply but a school district or public school academy may take action as described in subsection (13). This subsection does not apply to a high school that is designated as a specialty school under section 1278a(5) and that is exempt under that section from the English language arts requirement under subsection (1)(a) and the social science credit requirement under section 1278a(1)(a)(ii).

(13) If a school district or public school academy does not offer all of the required credits or provide options to have access to the required credits as provided under subsection (8) and if legislation is enacted that adds section 1290 to allow school districts and public school academies to apply for a contract that waives certain state or federal requirements, then the school district or public school academy is encouraged to apply for a contract under section 1290. The purpose of a contract described in this subsection is to improve pupil performance.

(14) This section and section 1278a do not prohibit a pupil from satisfying or exceeding the credit requirements of the Michigan merit standard under this section and section 1278a through advanced studies such as accelerated course placement, advanced placement, dual enrollment in a postsecondary institution, or participation in the international baccalaureate program or an early college/middle college program.

(15) Not later than April 1 of each year, the department shall submit an annual report to the legislature that evaluates the overall success of the curriculum required under this section and section 1278a, the rigor and relevance of the course work required by the curriculum, the ability of public schools to implement the curriculum and the required course work, and the impact of the curriculum on pupil success, and that details any activities the department has undertaken to implement this section and section 1278a or to assist public schools in implementing the requirements of this section and section 1278a.

380.1278c Information on career and technical education programs; availability; posting on website; providing information to pupils; credit for completion of program; "state licensed proprietary school" defined.

Sec. 1278c. (1) If a school district, intermediate school district, or public school academy requests information from the department on career and technical education programs or other programs described in section 1278b that may be available or that may be used to help fulfill the requirements of sections 1278a and 1278b, the department shall provide that information within a reasonable time. In addition, the department shall compile and post on its website all of the following information concerning best practices in career and technical education:

(a) A detailed description of the ways that career and technical education may be used to help fulfill the requirements of sections 1278a and 1278b, including, but not limited to, the role of career and technical education in a personal curriculum under section 1278b.

(b) Information highlighting and describing successful career and technical education programs being operated by school districts and intermediate school districts.

(c) A listing and description of the various types of career and technical education programs that are provided around this state and the subject areas and disciplines that are covered by these programs.

(d) Illustrations of how school districts, intermediate school districts, and public school academies can and do work with local business entities, public-private partnerships, trade organizations, nonprofit organizations, state licensed proprietary schools, universities, or community colleges to provide quality career and technical education.

(e) The various ways in which school districts and public school academies have embedded the course

content from credits required under the Michigan merit standard under sections 1278a and 1278b into career and technical education and other alternative instructional delivery methods in order to deliver the curricular requirements of sections 1278a and 1278b.

(2) As part of the process of developing an educational development plan under section 1278b, the board of a school district or board of directors of a public school academy shall ensure that pupils are provided with information about how they can fulfill the requirements of sections 1278a and 1278b with career and technical education or another program approved by the department.

(3) School districts, public school academies, and intermediate school districts are strongly encouraged to establish programs in which, upon completion of the program and graduation from high school, the completion of the program is credited toward achievement of a professional certificate, training, apprenticeship, or college credit in a specific career and technical field.

(4) As used in this section, "state licensed proprietary school" means a proprietary school licensed under the proprietary schools act, 1943 PA 148, MCL 395.101 to 395.103.

Sec. 1279. (1) Subject to subsection (13) and section 1279g, until the end of the 2005-2006 school year, the board of a school district or board of directors of a public school academy shall administer state assessments to high school pupils in the subject areas of English language arts, mathematics, science, and social studies. The board shall include on the pupil's high school transcript all of the following:

(a) For each high school graduate who has completed a subject area assessment under this section, the pupil's scaled score on the assessment.

(b) If the pupil's scaled score on a subject area assessment falls within the range required under subsection (2) for "exceeds expectations", "meets expectations", or "basic", an indication that the pupil has achieved state endorsement for that subject area.

(c) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(2) The superintendent of public instruction shall develop scaled scores for reporting subject area assessment results for each of the subject areas under this section. The superintendent of public instruction shall establish 4 categories for each subject area indicating exceeds expectations, meets expectations, basic, and below basic, and shall establish the scaled score range required for each category. The superintendent of public instruction shall design and distribute to school districts, intermediate school districts, public school academies, and nonpublic schools a simple and concise document that describes these categories in each subject area and indicates the scaled score ranges for each category in each subject area. A school district or public school academy may award a high school diploma to a pupil who successfully completes local school district or public school academy requirements established in accordance with state law for high school graduation, regardless of whether the pupil is eligible for any state endorsement.

(3) The assessments administered for the purposes of this section shall be administered to pupils during the last 90 school days of grade 11. The superintendent of public instruction shall ensure that the assessments are scored and the scores are returned to pupils, their parents or legal guardians, and school districts or public school academies not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate the pupil's scaled score for each subject area assessment, the range of scaled scores for each subject area, and the range of scaled scores required for each category established under subsection (2). In reporting the scores to pupils, parents, and schools, the superintendent of public instruction shall provide specific, meaningful, and timely feedback on the pupil's performance on the assessment.

(4) Beginning with assessments conducted in the 2005-2006 school year, all of the following apply to the assessments under this section:

(a) The superintendent of public instruction shall ensure that any contractor used for scoring the assessment supplies an individual report for each pupil that will identify for the pupil's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to assess and remedy problems before the pupil moves to the next grade.

(b) The superintendent of public instruction shall ensure that any contractor used for scoring, developing, or processing an assessment instrument meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the software engineering institute of Carnegie Mellon university for the 2005-2006 school year assessments and at least meeting level 3 of the capability maturity model for subsequent assessments.

(c) The superintendent of public instruction shall ensure that any contract it enters into for scoring, administering, or developing an assessment instrument includes specific deadlines for all steps of the

assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(d) The superintendent of public instruction shall ensure that the assessment instruments meet all of the following:

(i) Are designed to test pupils on grade level content expectations or course content expectations, as appropriate, in all subjects tested.

(ii) Comply with requirements of the no child left behind act of 2001, Public Law 107-110.

(iii) Are consistent with the code of fair testing practices in education prepared by the joint committee on testing practices of the American psychological association.

(iv) Are factually accurate. If the superintendent of public instruction determines that a question is not factually accurate and should be removed from an assessment instrument, the state board and the superintendent of public instruction shall ensure that the question is removed from the assessment instrument.

(5) For each pupil who does not achieve proficiency in 1 or more subject areas, the board of the school district or public school academy in which the pupil is enrolled shall provide that there be at least 1 meeting attended by at least the pupil and a member of the school district's or public school academy's staff or a local or intermediate school district consultant who is proficient in the measurement and evaluation of pupils. The school district or public school academy may provide the meeting as a group meeting for pupils in similar circumstances. If the pupil is a minor, the school district or public school academy shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the meeting and shall mail a notice of the meeting to the pupil's parent, legal guardian, or person in loco parentis. The purpose of this meeting and any subsequent meeting under this subsection shall be to determine an educational program for the pupil designed to have the pupil achieve state endorsement in each subject area in which he or she did not achieve state endorsement. In addition, a school district or public school academy may provide for subsequent meetings with the pupil conducted by a high school counselor or teacher designated by the pupil's high school principal, and shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the subsequent meetings. The school district or public school academy shall provide special programs for the pupil or develop a program using the educational programs regularly provided by the district unless the board of the school district or public school academy decides otherwise and publishes and explains its decision in a public justification report.

(6) A pupil who wants to repeat an assessment administered under this section may repeat the assessment, without charge to the pupil, in the next school year or after graduation. An individual may repeat an assessment at any time the school district or public school academy administers an applicable assessment instrument or during a retesting period under subsection (8).

(7) The superintendent of public instruction shall ensure that the length of the assessments used for the purposes of this section and the combined total time necessary to administer all of the assessments are the shortest possible that will still maintain the degree of reliability and validity of the assessment results determined necessary by the superintendent of public instruction. The superintendent of public instruction shall ensure that the maximum total combined length of time that schools are required to set aside for administration of all of the assessments used for the purposes of this section does not exceed 8 hours. However, this subsection does not limit the amount of time that individuals may have to complete the assessments.

(8) The superintendent of public instruction shall establish, schedule, and arrange periodic retesting periods throughout the year until the end of the 2006-2007 school year for individuals who desire to repeat an assessment under this section. The superintendent of public instruction shall coordinate the arrangements for administering the repeat assessments and shall ensure that the retesting is made available at least within each intermediate school district and, to the extent possible, within each school district.

(9) A school district or public school academy shall provide accommodations to a pupil with disabilities for the assessments required under this section, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes.

(10) For the purposes of this section, the superintendent of public instruction shall develop or select and approve assessment instruments to measure pupil performance in English language arts, mathematics, social studies, and science. The assessment instruments shall be based on grade level content expectations or course content expectations, as appropriate.

(11) All assessment instruments developed or selected and approved by the state under any statute or rule for a purpose related to K to 12 education shall be objective-oriented and consistent with grade level content

expectations or course content expectations, as appropriate.

(12) Until the end of the 2006-2007 school year, a person who has graduated from high school after 1996 and who has not previously taken an assessment under this section may take an assessment used for the purposes of this section, without charge to the person, at the school district from which he or she graduated from high school at any time that school district administers the assessment or during a retesting period scheduled under subsection (8) and have his or her scaled score on the assessment included on his or her high school transcript. If the person's scaled score on a subject area assessment falls within the range required under subsection (2) for a category established under subsection (2), the school district shall also indicate on the person's high school transcript that the person has achieved state endorsement for that subject area.

(13) Until the end of the 2006-2007 school year, a person who has previously taken an assessment under this section may take a retest on the assessment for the purposes of qualifying for a Michigan merit award under the Michigan merit award scholarship act, 1999 PA 94, MCL 390.1451 to 390.1459. The person may take the retest, without charge to the person, at the school district in which he or she is enrolled or resides or, if it is not available in that school district, at another location within the intermediate school district in which he or she resides, at a regular testing time scheduled for the assessment or during a retesting period scheduled under subsection (8).

(14) A child who is a student in a nonpublic school or home school may take an assessment under this section. To take an assessment, a child who is a student in a home school shall contact the school district in which the child resides, and that school district shall administer the assessment, or the child may take the assessment at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent of public instruction shall supply assessments and the nonpublic school may administer the assessment. If a school district administers an assessment under this subsection to a child who is not enrolled in the school district, the scores for that child are not considered for any purpose to be scores of a pupil of the school district.

(15) The purpose of the assessment under this section is to assess pupil performance in mathematics, science, social studies, and communication arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards. These standards are based upon the expectations of what pupils should know and be able to do by the end of grade 11.

(16) As used in this section:

(a) "English language arts" means reading and writing.

(b) "Social studies" means United States history, world history, world geography, economics, and American government.

For the purpose of earning credit under this section, any high school pupil may take the final examination in any course. Credit earned under this section

shall be based on a “pass” grade and shall not be included in a computation of grade point average for any purpose. Once credit is earned under this section, a pupil may not receive credit thereafter for a course lower in course sequence concerning the same subject area.

380.1279g Michigan merit examination; definitions.

Sec. 1279g. (1) The board of a school district or board of directors of a public school academy shall comply with this section and shall administer the Michigan merit examination to pupils in grade 11, and to pupils in grade 12 who did not take the complete Michigan merit examination in grade 11, as provided in this section.

(2) For the purposes of this section, the department of technology, management, and budget shall contract with 1 or more providers to develop, supply, and score the Michigan merit examination. The Michigan merit examination shall consist of all of the following:

(a) Assessment instruments that measure English language arts, mathematics, reading, and science and are used by colleges and universities in this state for entrance or placement purposes. This shall include a writing

component in which the pupil produces an extended writing sample. The Michigan merit examination shall not require any other extended writing sample.

(b) One or more tests from 1 or more test developers that assess a pupil's ability to apply at least reading and mathematics skills in a manner that is intended to allow employers to use the results in making employment decisions. The department of technology, management, and budget and the superintendent of public instruction shall ensure that any test or tests selected under this subdivision have all the components necessary to allow a pupil to be eligible to receive the results of a nationally recognized evaluation of workforce readiness if the pupil's test performance is adequate.

(c) A social studies component.

(d) Any other component that is necessary to obtain the approval of the United States Department of Education to use the Michigan merit examination for the purposes of the no child left behind act of 2001, Public Law 107-110, or the every student succeeds act, Public Law 114-95.

(3) In addition to all other requirements of this section, all of the following apply to the Michigan merit examination:

(a) The department of technology, management, and budget and the superintendent of public instruction shall ensure that any contractor used for scoring the Michigan merit examination supplies an individual report for each pupil that will identify for the pupil's parents and teachers whether the pupil met expectations or failed to meet expectations for each standard, to allow the pupil's parents and teachers to assess and remedy problems before the pupil moves to the next grade.

(b) The department of technology, management, and budget and the superintendent of public instruction shall ensure that any contractor used for scoring, developing, or processing the Michigan merit examination meets quality management standards commonly used in the assessment industry, including at least meeting level 2 of the capability maturity model developed by the Software Engineering Institute of Carnegie Mellon University for the first year the Michigan merit examination is offered to all grade 11 pupils and at least meeting level 3 of the capability maturity model for subsequent years.

(c) The department of technology, management, and budget and the superintendent of public instruction shall ensure that any contract for scoring, administering, or developing the Michigan merit examination includes specific deadlines for all steps of the assessment process, including, but not limited to, deadlines for the correct testing materials to be supplied to schools and for the correct results to be returned to schools, and includes penalties for noncompliance with these deadlines.

(d) The superintendent of public instruction shall ensure that the Michigan merit examination meets all of the following:

(i) Is designed to test pupils on grade level content expectations or course content expectations, as appropriate, in all subjects tested.

(ii) Complies with requirements of the no child left behind act of 2001, Public Law 107-110, or the every student succeeds act, Public Law 114-95, as applicable.

(iii) Is consistent with the code of fair testing practices in education prepared by the joint committee on testing practices of the American Psychological Association.

(iv) Is factually accurate. If the superintendent of public instruction determines that a question is not factually accurate and should be excluded from scoring, the state board and the superintendent of public instruction shall ensure that the question is excluded from scoring.

(4) A school district or public school academy that operates a high school shall include on each pupil's high school transcript all of the following:

(a) For each high school graduate who has completed the Michigan merit examination under this section, the pupil's scaled score on each subject area component of the Michigan merit examination.

(b) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(5) The superintendent of public instruction shall work with the provider or providers of the Michigan merit examination to produce Michigan merit examination subject area scores for each pupil participating in the Michigan merit examination, including scaling and merging of test items for the different subject area components. The superintendent of public instruction shall design and distribute to school districts, public school academies, intermediate school districts, and nonpublic schools a simple and concise document that describes the scoring for each subject area and indicates the scaled score ranges for each subject area.

(6) The Michigan merit examination shall be administered each year after March 1 and before June 1 to pupils in grade 11. The superintendent of public instruction shall ensure that the Michigan merit examination is scored and the scores are returned to pupils, their parents or legal guardians, and schools not later than the beginning of the pupil's first semester of grade 12. The returned scores shall indicate at least the pupil's scaled score for each subject area component and the range of scaled scores for each subject area. In reporting the

scores to pupils, parents, and schools, the superintendent of public instruction shall provide standards-specific, meaningful, and timely feedback on the pupil's performance on the Michigan merit examination.

(7) A school district or public school academy shall administer the complete Michigan merit examination to a pupil only once and shall not administer the complete Michigan merit examination to the same pupil more than once. If a pupil does not take the complete Michigan merit examination in grade 11, the school district or public school academy shall administer the complete Michigan merit examination to the pupil in grade 12. If a pupil chooses to retake the college entrance examination component of the Michigan merit examination, as described in subsection (2)(a), the pupil may do so through the provider of the college entrance examination component and the cost of the retake is the responsibility of the pupil unless all of the following are met:

(a) The pupil has taken the complete Michigan merit examination.

(b) The pupil meets the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769j.

(c) The pupil has applied to the provider of the college entrance examination component for a scholarship or fee waiver to cover the cost of the retake and that application has been denied.

(d) After taking the complete Michigan merit examination, the pupil has not already received a free retake of the college entrance examination component paid for either by this state or through a scholarship or fee waiver by the provider.

(8) The superintendent of public instruction shall ensure that the length of the Michigan merit examination and the combined total time necessary to administer all of the components of the Michigan merit examination are the shortest possible that will still maintain the degree of reliability and validity of the Michigan merit examination results determined necessary by the superintendent of public instruction. The superintendent of public instruction shall ensure that the maximum total combined length of time that schools are required to set aside for pupils to answer all test questions on the Michigan merit examination does not exceed 8 hours if the superintendent of public instruction determines that sufficient alignment to applicable Michigan merit curriculum content standards can be achieved within that time limit.

(9) A school district or public school academy shall provide accommodations to a pupil with disabilities for the Michigan merit examination, as provided under section 504 of title V of the rehabilitation act of 1973, 29 USC 794; subtitle A of title II of the Americans with disabilities act of 1990, 42 USC 12131 to 12134; the individuals with disabilities education act amendments of 1997, Public Law 105-17; and the implementing regulations for those statutes. The provider or providers of the Michigan merit examination and the superintendent of public instruction shall mutually agree upon the accommodations to be provided under this subsection.

(10) To the greatest extent possible, the Michigan merit examination shall be based on grade level content expectations or course content expectations, as appropriate. Not later than July 1, 2008, the department shall identify specific grade level content expectations to be taught before and after the middle of grade 11, so that teachers will know what content will be covered within the Michigan merit examination.

(11) A child who is a student in a nonpublic school or home school may take the Michigan merit examination under this section. To take the Michigan merit examination, a child who is a student in a home school shall contact the school district in which the child resides, and that school district shall administer the Michigan merit examination, or the child may take the Michigan merit examination at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the superintendent of public instruction shall direct the provider or providers to supply the Michigan merit examination to the nonpublic school and the nonpublic school may administer the Michigan merit examination. If a school district administers the Michigan merit examination under this subsection to a child who is not enrolled in the school district, the scores for that child are not considered for any purpose to be scores of a pupil of the school district.

(12) In contracting under subsection (2), the department of technology, management, and budget shall consider a contractor that provides electronically-scored essays with the ability to score constructed response feedback in multiple languages and provide ongoing instruction and feedback.

(13) The purpose of the Michigan merit examination is to assess pupil performance in mathematics, science, social studies, and English language arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards and promotes pupil participation in higher level mathematics, science, social studies, and English language arts courses. These standards are based upon the expectations of what pupils should learn through high school and are aligned with national standards.

(14) In addition to the other requirements of this section and the requirements of 1970 PA 38, MCL 388.1081 to 388.1086, beginning with assessments conducted during the 2016-2017 school year, the superintendent of public instruction shall ensure that the Michigan merit examination social studies component and the M-STEP and any successor state assessment for social studies, as appropriate, include questions related to the learning objectives in the state board recommended model core academic curriculum standards concerning genocide, including, but not limited to, the Holocaust and the Armenian Genocide.

(15) As used in this section:

(a) "Armenian Genocide", "genocide", and "Holocaust" mean those terms as defined in section 1168.

(b) "English language arts" means reading and writing.

(c) "Social studies" means United States history, world history, world geography, economics, and American government.

380.1280 Accreditation.

Sec. 1280. (1) The board of a school district that does not want to be subject to the measures described in this section shall ensure that each public school within the school district is accredited.

(2) As used in subsection (1), and subject to subsection (6), "accredited" means certified by the superintendent of public instruction as having met or exceeded standards established under this section for 6 areas of school operation: administration and school organization, curricula, staff, school plant and facilities, school and community relations, and school improvement plans and student performance. The building-level evaluation used in the accreditation process shall include, but is not limited to, school data collection, self-study, visitation and validation, determination of performance data to be used, and the development of a school improvement plan.

(3) The department shall develop and distribute to all public schools proposed accreditation standards. Upon distribution of the proposed standards, the department shall hold statewide public hearings for the purpose of receiving testimony concerning the standards. After a review of the testimony, the department shall revise and submit the proposed standards to the superintendent of public instruction. After a review and revision, if appropriate, of the proposed standards, the superintendent of public instruction shall submit the proposed standards to the senate and house committees that have the responsibility for education legislation. Upon approval by these committees, the department shall distribute to all public schools the standards to be applied to each school for accreditation purposes. The superintendent of public instruction shall review and update the accreditation standards annually using the process prescribed under this subsection.

(4) The superintendent of public instruction shall develop and distribute to all public schools standards for determining that a school is eligible for summary accreditation under subsection (6). The standards shall be developed, reviewed, approved, and distributed using the same process as prescribed in subsection (3) for accreditation standards, and shall be finally distributed and implemented not later than December 31, 1994.

(5) The standards for accreditation or summary accreditation under this section shall include as criteria pupil performance on Michigan education assessment program (MEAP) tests and on the Michigan merit examination under section 1279g and, until the Michigan merit examination has been fully implemented, the percentage of pupils achieving state endorsement under section 1279, but shall not be based solely on pupil performance on MEAP tests or the Michigan merit examination or on the percentage of pupils achieving state endorsement under section 1279. The standards shall also include as criteria multiple year change in pupil performance on MEAP tests and the Michigan merit examination and, until after the Michigan merit examination is fully implemented, multiple year change in the percentage of pupils achieving state endorsement under section 1279. If it is necessary for the superintendent of public instruction to revise accreditation or summary accreditation standards established under subsection (3) or (4) to comply with this subsection, the revised standards shall be developed, reviewed, approved, and distributed using the same process as prescribed in subsection (3).

(6) If the superintendent of public instruction determines that a public school has met the standards established under subsection (4) or (5) for summary accreditation, the school is considered to be accredited without the necessity for a full building-level evaluation under subsection (2).

(7) If the superintendent of public instruction determines that a school has not met the standards established under subsection (4) or (5) for summary accreditation but that the school is making progress toward meeting those standards, or if, based on a full building-level evaluation under subsection (2), the superintendent of public instruction determines that a school has not met the standards for accreditation but is making progress toward meeting those standards, the school is in interim status and is subject to a full

building-level evaluation as provided in this section.

(8) If a school has not met the standards established under subsection (4) or (5) for summary accreditation and is not eligible for interim status under subsection (7), the school is unaccredited and subject to the measures provided in this section.

(9) Beginning with the 2002-2003 school year, if at least 5% of a public school's answer sheets from the administration of the Michigan educational assessment program (MEAP) tests are lost by the department or by a state contractor and if the public school can verify that the answer sheets were collected from pupils and forwarded to the department or the contractor, the department shall not assign an accreditation score or school report card grade to the public school for that subject area for the corresponding year for the purposes of determining state accreditation under this section. The department shall not assign an accreditation score or school report card grade to the public school for that subject area until the results of all tests for the next year are available.

(10) Subsection (9) does not preclude the department from determining whether a public school or a school district has achieved adequate yearly progress for the school year in which the answer sheets were lost for the purposes of the no child left behind act of 2001, Public Law 107-110. However, the department shall ensure that a public school or the school district is not penalized when determining adequate yearly progress status due to the fact that the public school's MEAP answer sheets were lost by the department or by a state contractor, but shall not require a public school or school district to retest pupils or produce scores from another test for this purpose.

(11) The superintendent of public instruction shall annually review and evaluate for accreditation purposes the performance of each school that is unaccredited and as many of the schools that are in interim status as permitted by the department's resources.

(12) The superintendent of public instruction shall, and the intermediate school district to which a school district is constituent, a consortium of intermediate school districts, or any combination thereof may, provide technical assistance, as appropriate, to a school that is unaccredited or that is in interim status upon request of the board of the school district in which the school is located. If requests to the superintendent of public instruction for technical assistance exceed the capacity, priority shall be given to unaccredited schools.

(13) A school that has been unaccredited for 3 consecutive years is subject to 1 or more of the following measures, as determined by the superintendent of public instruction:

(a) The superintendent of public instruction or his or her designee shall appoint at the expense of the affected school district an administrator of the school until the school becomes accredited.

(b) A parent, legal guardian, or person in loco parentis of a child who attends the school may send his or her child to any accredited public school with an appropriate grade level within the school district.

(d) The school shall be closed.

(14) The superintendent of public instruction shall evaluate the school accreditation program and the status of schools under this section and shall submit an annual report based upon the evaluation to the senate and house committees that have the responsibility for education legislation. The report shall address the reasons each unaccredited school is not accredited and shall recommend legislative action that will result in the accreditation of all public schools in this state.

(15) Beginning with the 2008-2009 school year, a high school shall not be accredited by the department unless the department determines that the high school is providing or has otherwise ensured that all pupils have access to all of the elements of the curriculum required under sections 1278a and 1278b. If it is necessary for the superintendent of public instruction to revise accreditation or summary accreditation standards established under subsection (3) or (4) to comply with the changes made to this section by the amendatory act that added this subsection, the revised standards shall be developed, reviewed, approved, and distributed using the same process as prescribed in subsection (3).

380.1280c Identification of lowest achieving 5% of public schools; list; placement under supervision of reform/redesign officer; submission of redesign plan; implementation; creation of state school reform/redesign school district; appointment of chief executive officer to control multiple schools; implementation of restart, turnaround, or transformation models; release of public school from measures imposed by subsection (6) or (7); report; posting of certain information; issuance of order placing school under supervision of state school reform/redesign officer; prohibition.

Sec. 1280c. (1) Beginning in 2010, not later than September 1 of each year, the superintendent of public instruction shall publish a list identifying the public schools in this state that the department has determined to be among the lowest achieving 5% of all public schools in this state, as defined for the purposes of the federal incentive grant program created under sections 14005 and 14006 of title XIV of the American recovery and reinvestment act of 2009, Public Law 111-5.

(2) Except as otherwise provided in subsection (16), the superintendent of public instruction shall issue an order placing each public school that is included on the list under subsection (1) under the supervision of the state school reform/redesign officer described in subsection (9). Within 90 days after a public school is placed under the supervision of the state school reform/redesign officer under this section, the school board or board of directors operating the public school shall submit a redesign plan to the state school reform/redesign officer. For a public school operated by a school board, the redesign plan shall be developed with input from the local teacher bargaining unit and the local superintendent. The redesign plan shall require implementation of 1 of the 4 school intervention models that are provided for the lowest achieving schools under the federal incentive grant program created under sections 14005 and 14006 of title XIV of the American recovery and reinvestment act of 2009, Public Law 111-5, known as the "race to the top" grant program. These models are the turnaround model, restart model, school closure, and transformation model. The redesign plan shall include an executed addendum to each applicable collective bargaining agreement in effect for the public school that meets the requirements of subsection (8).

(3) Within 30 days after receipt of a redesign plan for a public school under subsection (2), the state school reform/redesign officer shall issue an order approving, disapproving, or making changes to the redesign plan. If the order makes changes to the redesign plan, the school board or board of directors has 30 days after the order to change the redesign plan to incorporate those changes into the redesign plan and resubmit it to the state school reform/redesign officer for approval or disapproval.

(4) The state school reform/redesign officer shall not disapprove a redesign plan that includes all of the elements required under federal law for the school intervention model included in the redesign plan. A school board or board of directors may appeal disapproval of a redesign plan on this basis to the superintendent of public instruction. The decision of the superintendent of public instruction on the appeal is final.

(5) If the state school reform/redesign officer approves a redesign plan under this section, the school board or board of directors shall implement the redesign plan for the public school beginning with the beginning of the next school year that begins after the approval. The school board or board of directors shall regularly

submit monitoring reports to the state school reform/redesign officer on the implementation and results of the plan in the form and manner, and according to a schedule, as determined by the state school reform/redesign officer.

(6) The state school reform/redesign school district is created. The state school reform/redesign school district is a school district for the purposes of section 11 of article IX of the state constitution of 1963 and for receiving state school aid under the state school aid act of 1979 and is subject to the leadership and general supervision of the state board over all public education under section 3 of article VIII of the state constitution of 1963. The state school reform/redesign school district is a body corporate and is a governmental agency. Except as otherwise provided in subsection (7), if the state school reform/redesign officer does not approve the redesign plan, or if the state school reform/redesign officer determines that the redesign plan is not achieving satisfactory results, the state school reform/redesign officer shall issue an order placing the public school in the state school reform/redesign school district, imposing for the public school implementation of 1 of the 4 school intervention models described in subsection (2) beginning with the beginning of the next school year, and imposing an addendum to each applicable collective bargaining agreement in effect for the public school as necessary to implement the school intervention model and that meets the requirements of subsection (8). All of the following apply to the state school reform/redesign school district:

(a) The state school reform/redesign school district shall consist of schools that are placed in the state school reform/redesign school district.

(b) The state school reform/redesign officer shall act as the superintendent of the state school reform/redesign school district. With respect to schools placed in the state school reform/redesign school district, the state school reform/redesign officer has all of the powers and duties described in this section; all of the provisions of this act that would otherwise apply to the school board that previously operated a school placed in the state school reform/redesign school district apply to the state school reform/redesign officer with respect to that school, except those relating to taxation or borrowing; except as otherwise provided in this section, the state school reform/redesign officer may exercise all the powers and duties otherwise vested by law in the school board that previously operated a school placed in the state school reform/redesign school district and in its officers, except those relating to taxation or borrowing, and may exercise all additional powers and duties provided under this section; and, except as otherwise provided in this section, the state school reform/redesign officer accedes to all the rights, duties, and obligations of the school board with respect to that school. These powers, rights, duties, and obligations include, but are not limited to, all of the following:

(i) Authority over the expenditure of all funds attributable to pupils at that school, including that portion of proceeds from bonded indebtedness and other funds dedicated to capital projects that would otherwise be apportioned to that school by the school board that previously operated the school according to the terms of the bond issue or financing documents.

(ii) Subject to subsection (8), rights and obligations under collective bargaining agreements and employment contracts entered into by the school board for employees at the school.

(iii) Rights to prosecute and defend litigation.

(iv) Rights and obligations under statute, rule, and common law.

(v) Authority to delegate any of the state school reform/redesign officer's powers and duties to 1 or more designees, with proper supervision by the state school reform/redesign officer.

(vi) Power to terminate any contract or portion of a contract entered into by the school board that applies to that school. However, this subsection does not allow any termination or diminishment of obligations to pay debt service on legally authorized bonds and does not allow a collective bargaining agreement to be affected except as provided under subsection (8). A contract terminated by the state school reform/redesign officer under this subsection is void.

(7) If the state school reform/redesign officer determines that better educational results are likely to be achieved by appointing a chief executive officer to take control of multiple public schools, the state school reform/redesign officer may make a recommendation to the superintendent of public instruction for appointment of a chief executive officer to take control over those multiple schools. If the superintendent of public instruction appoints a chief executive officer to take control of multiple public schools under this subsection, the chief executive officer shall impose for those public schools implementation of 1 of the 4 school intervention models described in subsection (2) and impose an addendum to each applicable collective bargaining agreement in effect for those public schools as necessary to implement the school intervention model and that meets the requirements of subsection (8). With respect to those public schools, the chief executive officer has all of the same powers and duties that the state school reform/redesign officer has for public schools placed in the state school reform/redesign school district under subsection (6). The chief executive officer shall regularly submit monitoring reports to the state school reform/redesign officer on the

implementation and results of the intervention model in the form and manner, and according to a schedule, as determined by the state school reform/redesign officer. The chief executive officer shall exercise any other powers or duties over the public schools as may be directed by the superintendent of public instruction.

(8) An addendum to a collective bargaining agreement under this section shall provide for any of the following that are necessary for the applicable school intervention model to be implemented at each affected public school:

(a) That any contractual or other seniority system that would otherwise be applicable shall not apply at the public school. This subdivision does not allow unilateral changes in pay scales or benefits.

(b) That any contractual or other work rules that are impediments to implementing the redesign plan shall not apply at the public school. This subdivision does not allow unilateral changes in pay scales or benefits.

(c) That the state school reform/redesign officer shall direct the expenditure of all funds attributable to pupils at the public school and the principal or other school leader designated by the state school reform/redesign officer shall have full autonomy and control over curriculum and discretionary spending at the public school.

(9) The superintendent of public instruction shall hire a state school reform/redesign officer to carry out the functions under this section and as otherwise prescribed by law. The state school reform/redesign officer shall be chosen solely on the basis of his or her competence and experience in educational reform and redesign. The state school reform/redesign officer is exempt from civil service. The state school reform/redesign officer is responsible directly to the superintendent of public instruction to ensure that the purposes of this section are carried out, and accordingly the position of state school reform/redesign officer should be a position within the department that is exempt from the classified state civil service. The department shall request that the civil service commission establish the position of state school reform/redesign officer as a position that is exempt from the classified state civil service.

(10) If the state school reform/redesign officer imposes the restart model for a public school in the state school reform/redesign school district, or a chief executive officer under subsection (7) imposes the restart model for multiple public schools under that subsection, all of the following apply:

(a) The state school reform/redesign officer or chief executive officer shall enter into an agreement with an educational management organization to manage and operate the public school or schools. The state school reform/redesign officer or chief executive officer shall provide sufficient oversight to ensure that the public school or schools will be operated according to all of the requirements for a restart model.

(b) There shall be considered to be no collective bargaining agreement in effect that applies to employees working at the public school or schools under this model at the time of imposition of the model.

(11) If the state school reform/redesign officer imposes the turnaround model for a public school in the state school reform/redesign school district, or a chief executive officer under subsection (7) imposes the turnaround model for multiple public schools under that subsection, all of the following apply:

(a) A collective bargaining agreement that applies to employees working at the public school or schools under this model at the time of imposition of the model, and any successor collective bargaining agreement, continues to apply with respect to pay scales and benefits.

(b) Subject to any addendum to the collective bargaining agreement that applies to the public school or schools, an employee who is working at the public school or schools and who was previously employed in the same school district that previously operated that school shall continue to retain and accrue seniority rights in that school district according to the collective bargaining agreement that applies to employees of that school district.

(12) If more than 9 public schools operated by a school district are on the list under subsection (1), the transformation model may not be implemented for more than 50% of those schools.

(13) If the state school reform/redesign officer determines that a public school that is subject to the measures under subsection (6) or (7) has made significant improvement in pupil achievement and should be released from the measures that have been imposed under subsection (6) or (7), the state school reform/redesign officer may recommend this to the superintendent of public instruction. If the superintendent of public instruction agrees with the determination and recommendation, the superintendent of public instruction may release the public school from the measures that have been imposed under subsection (6) or (7).

(14) At least annually, the state school reform/redesign officer shall submit a report to the standing committees of the senate and house of representatives having jurisdiction over education legislation on the progress being made in improving pupil proficiency due to the measures under this section.

(15) As soon as practicable after the federal department of education has adopted the final work rules and formula for identifying the lowest achieving 5% of all public schools in this state for the purposes of the federal incentive grant program created under sections 14005 and 14006 of title XIV of the American

recovery and reinvestment act of 2009, Public Law 111-5, known as the "race to the top" grant program, the department shall post all of the following on its website:

(a) The federal work rules and formula.

(b) A list of the public schools in this state that have been identified for these purposes as being among the lowest achieving 5% of all public schools in this state. The department shall update this list as it considers appropriate.

(16) If a school that is included on the list under subsection (1) is operated by a school district in which an emergency manager is in place under the local government and school district fiscal accountability act, then the superintendent of public instruction shall not issue an order placing the school under the supervision of the state school reform/redesign officer.

the pupil's school district or public school academy shall provide written notification to the pupil's parent or legal guardian of the proposed placement.

(6) Subject to subsection (11), if a pupil or child demonstrates both of the following, then subsection (5)(a) and (b) do not apply and he or she may be enrolled in grade 4:

(8) If the superintendent of the pupil's school district or chief administrator of the pupil's public school academy, or his or her designee, grants a good cause exemption from the requirements of subsection (5)(a) for a pupil, then a pupil may be promoted to grade 4 without meeting the requirements of subsection (5)(a). A good cause exemption may be granted only according to the procedures under subsection (10) and only for 1 of the following:

(9) Subject to subsection (14), if a pupil is promoted to grade 4 due to a good cause exemption granted under subsection (8), the pupil remains eligible for reading intervention services designed to enable the pupil

to achieve proficiency in reading. The services for a pupil described in this subsection shall be similar to those provided to pupils in grade 3 under this section.

(10) The superintendent of a school district or chief administrator of a public school academy, or his or her designee, shall grant a good cause exemption under subsection (8) only through the following procedure:

(b) For a pupil enrolled in a school operated by a school district, the superintendent or his or her designee shall review and discuss the recommendation with the pupil's grade 3 teacher and, if the pupil has an individualized education program, with the pupil's individualized education program team. The decision by the chief administrator or his or her designee is final.

(d) For a pupil for whom a request has been received from the pupil's parent or legal guardian, as described in subsection (8)(e), if the request is received within 30 days after the notification by CEPI under subsection (5)(d), the superintendent of the school district or chief administrator of the public school academy, as applicable, or his or her designee, shall review the request and any supporting information and shall consider whether or not the good cause exemption is in the best interests of the pupil. After this consideration, he or she shall make a determination in writing of whether or not to grant the good cause exemption. This determination shall be made and communicated to the parent or legal guardian at least 30 days before the first day of school for the school year. The decision of the superintendent or chief administrator, or his or her designee, is final.

(e) The superintendent of the pupil's school district or chief administrator of the pupil's public school academy, or his or her designee, shall notify the pupil's parent or legal guardian of the determination and decision under subdivision (b), (c), or (d), as applicable.

(11) For a pupil or child described in subsection (6) or a pupil who has been granted a good cause exemption under subsection (8), the school district or public school academy shall provide intensive reading intervention, as described under subsection (7), for the pupil until he or she no longer has a reading deficiency.

Upon application, if the superintendent of public instruction determines that a school or program is a bona fide year-round school or program established for educational reasons and that there is sufficient justification for the school or program to operate on a calendar that differs from the common school calendar adopted under subsection (1), the superintendent of public instruction shall grant the waiver. The superintendent of public instruction shall establish standards for determining a bona fide year-round school or program for the purposes of this subsection.

The superintendent of public instruction shall establish standards for determining a bona fide trimester schedule for the purposes of this subsection.

(7) This section does not apply to a public school that operates all of grades 6 to 12 at a single site, that aligns its high school curriculum with advanced placement courses as the capstone of the curriculum, and that ends its second academic semester concurrently with the end of the advanced placement examination period.

(8) In addition to the other exceptions under this section, the superintendent of public instruction may grant a waiver from a requirement under this section for a school district that applies for the waiver in writing in the form and manner prescribed by the superintendent of public instruction and provides sufficient justification for the waiver, as determined by the superintendent of public instruction.

If the school district, public school academy, or intermediate school district contracts for the operation or staffing of the program, the contract shall contain assurance that the contracting person or entity, before assigning an individual to work in the program, will comply with sections 1230 and 1230a with respect to that individual to the same extent as if the person or entity were a school district employing the individual as a teacher. The department of state police shall provide information to a school district, public school academy, intermediate school district, or contracting person or entity requesting information under this subdivision to the same extent as if the school district, public school academy, intermediate school district, or person or entity were a school district making the request under section 1230 or 1230a.

The decision of the school board is final.

(g) A school board may require an individual and, if the petition was filed by a parent or legal guardian, his or her parent or legal guardian to agree in writing to specific conditions before reinstating the individual in a conditional reinstatement. The conditions may include, but are not limited to, agreement to a behavior contract, which may involve the individual, parent or legal guardian, and an outside agency; participation in or completion of an anger management program or other appropriate counseling; periodic progress reviews; and specified immediate consequences for failure to abide by a condition. A parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may include proposed conditions in a petition for reinstatement submitted under this subsection.

(6) A school board or school administrator that complies with subsection (2) is not liable for damages for expelling a pupil pursuant to subsection (2), and the authorizing body of a public school academy is not liable for damages for expulsion of a pupil by the public school academy pursuant to subsection (2).

(7) The department shall develop and distribute to all school districts a form for a petition for reinstatement to be used under subsection (5).

(8) This section does not diminish any rights under federal law of a pupil who has been determined to be eligible for special education programs and services.

(10) If an individual is expelled pursuant to subsection (2), it is the responsibility of that individual and of his or her parent or legal guardian to locate a suitable alternative educational program and to enroll the individual in such a program during the expulsion. (4) If a school board permanently expels an individual pursuant to this section, the school board shall ensure that, within 3 days after the expulsion, an official of the school district refers the individual to the appropriate county department of social services or county community mental health agency and notifies the individual's parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, notifies the individual of the referral.

(5) The parent or legal guardian of an individual permanently expelled pursuant to this section or, if the individual is at least age 18 or is an emancipated minor, the individual may petition the expelling school board for reinstatement of the individual to public education in the school district. All of the following apply to reinstatement under this subsection:

(b) The individual shall not be reinstated before the expiration of 180 school days after the date of expulsion.

(c) It is the responsibility of the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, of the individual to prepare and submit the petition. A school board is not required to provide any assistance in preparing the petition. Upon request by a parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, by the individual, a school board shall make available a form for a petition.

(d) Not later than 10 school days after receiving a petition for reinstatement under this subsection, a school board shall appoint a committee to review the petition and any supporting information submitted by the parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, by the individual. The committee shall consist of 2 school board members, 1 school administrator, 1 teacher, and 1 parent of a pupil in the school district. During this time the superintendent of the school district may prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement.

(e) Not later than 10 school days after all members are appointed, the committee described in subdivision (d) shall review the petition and any supporting information and information provided by the school district

and shall submit a recommendation to the school board on the issue of reinstatement. The recommendation shall be for unconditional reinstatement, for conditional reinstatement, or against reinstatement, and shall be accompanied by an explanation of the reasons for the recommendation and of any recommended conditions for reinstatement. The recommendation shall be based on consideration of all of the following factors:

(i) The extent to which reinstatement of the individual would create a risk of harm to pupils or school personnel.

(ii) The extent to which reinstatement of the individual would create a risk of school district or individual liability for the school board or school district personnel.

(iii) The age and maturity of the individual.

(iv) The individual's school record before the incident that caused the expulsion.

(v) The individual's attitude concerning the incident that caused the expulsion.

(vi) The individual's behavior since the expulsion and the prospects for remediation of the individual.

(f) Not later than the next regularly scheduled board meeting after receiving the recommendation of the committee under subdivision (e), a school board shall make a decision to unconditionally reinstate the individual, conditionally reinstate the individual, or deny reinstatement of the individual. The decision of the school board is final.

(g) A school board may require an individual and, if the petition was filed by a parent or legal guardian, his or her parent or legal guardian to agree in writing to specific conditions before reinstating the individual in a conditional reinstatement. The conditions may include, but are not limited to, agreement to a behavior contract, which may involve the individual, parent or legal guardian, and an outside agency; participation in or completion of an anger management program or other appropriate counseling; periodic progress reviews; and specified immediate consequences for failure to abide by a condition. A parent or legal guardian or, if the individual is at least age 18 or is an emancipated minor, the individual may include proposed conditions in a petition for reinstatement submitted under this subsection.

(6) A school board or school administrator that complies with this section is not liable for damages for suspending or expelling a pupil pursuant to this section, and the authorizing body of a public school academy is not liable for damages for suspension or expulsion of a pupil by the public school academy pursuant to this section.

(7) The department shall develop and distribute to all school districts a form for a petition for reinstatement to be used under subsection (5). The department may designate the form used for a petition for reinstatement under section 1311 as a form that may be used under this section.

(8) This section does not diminish any rights under federal law of a pupil who has been determined to be eligible for special education programs and services.

(9) If a pupil expelled from a school district pursuant to this section is enrolled by a public school district sponsored alternative education program or a public school academy during the period of expulsion, the public school academy or the alternative education program is immediately eligible for the prorated share of either the public school academy's or operating school district's foundation allowance or the expelling school district's foundation allowance, whichever is higher.

(10) A school board or its designee shall report all assaults described in subsection (1) or (2) to appropriate state or local law enforcement officials and prosecutors as provided in the statewide school safety information policy under section 1308.

The office for safe schools in the department shall compile information on and catalog existing alternative education programs or schools and nonpublic schools that may be open to enrollment of individuals expelled pursuant to this section and pursuant to section 1311(2), and shall periodically distribute this information to school districts for distribution to expelled individuals. (2) A strict discipline academy shall not charge tuition. Except as otherwise provided in subsection (6), a strict discipline academy shall not discriminate in its pupil admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a student with a disability, or any other basis that would be illegal if used by a school district. However, a strict discipline academy may limit admission to pupils who are within a particular range of age or grade level or on any other basis that would be legal if used by a school district.

(3) A strict discipline academy shall be established under sections 1311b to 1311m specifically for enrolling 1 or more of the following types of pupils:

However, a suspended pupil shall be allowed to attend the strict discipline academy only for the duration of the suspension.

(4) In addition to the types of pupils specified in subsection (3), a strict discipline academy shall be open for enrollment of a special education pupil who does not meet the requirements of subsection (3) if the special education pupil's individualized education program team recommends that the special education pupil be placed in the strict discipline academy. However, a strict discipline academy may give enrollment priority to a sibling of a pupil enrolled in the strict discipline academy. Except for a suspended pupil who is attending the strict discipline academy for the duration of the suspension, a strict discipline academy shall allow any pupil who was enrolled in the strict discipline academy in the immediately preceding school year to enroll in the strict discipline academy in the appropriate grade unless the appropriate grade is not offered at that strict discipline academy.

PART 17 BONDS AND NOTES

380.1351 Borrowing money and issuing bonds; purposes; limitations; bonds or notes as full faith and credit tax limited obligations.

Sec. 1351. (1) Until May 1, 1994, a school district may borrow money and issue bonds of the district to defray all or a part of the cost of purchasing, erecting, completing, remodeling, improving, furnishing, refurbishing, equipping, or reequipping school buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities, or parts of or additions to those facilities; acquiring, preparing, developing, or improving sites, or parts of or additions to sites, for school buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities; purchasing school buses; participating in the administrative costs of an urban renewal program through which the school district desires to acquire a site or addition to a site for school purposes; refunding all or part of existing bonded indebtedness; or accomplishing a combination of the purposes set forth in this subsection. In addition, until December 31, 1991 a school district may borrow money and issue bonds to defray all or part of the cost of purchasing textbooks.

(2) Except as otherwise provided in this subsection, a school district shall not borrow money or issue bonds for a sum that, together with the total outstanding bonded indebtedness of the district, exceeds 5% of the state equalized valuation of the taxable property within the district, unless the proposition of borrowing the money or issuing the bonds is submitted to a vote of the school electors of the district at a regular or special school election and approved by the majority of the school electors voting on the question. Regardless of the amount of outstanding bonded indebtedness of the school district, a vote of the school electors is not necessary in order to issue bonds for a purpose described in section 1274a, to issue bonds under section 11i of the state school aid act of 1979, MCL 388.1611i, or, if the school district has fewer than 1,100 pupils in membership in 2006 and is located in a county with a population of less than 30,500 as of the 2000 decennial census, to issue qualified zone academy bonds. For the purposes of this subsection, the following types of bonds shall not be included in computing the total outstanding bonded indebtedness of a school district:

(a) Bonds issued under section 11i of the state school aid act of 1979, MCL 388.1611i.

(b) If the school district has fewer than 1,100 pupils in membership in 2006 and is located in a county with a population of less than 30,500 as of the 2000 decennial census, qualified zone academy bonds.

(3) A school district shall not issue bonds under this part for an amount greater than 15% of the total assessed valuation of the district, except as provided in section 1356. A bond qualified under section 16 of article IX of the state constitution of 1963 and implementing legislation shall not be included for purposes of calculating the 15% limitation. Bonds issued under this part are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, except that bonds issued for a purpose described in section 1274a may be sold at a public or publicly negotiated sale at the time or times, at the price or prices, and at a discount as determined by the board of the school district.

(4) Bonds or notes issued by a school district or intermediate school district under this part or section 442, 629, or 1274a shall be full faith and credit tax limited obligations of the district pledging the general funds, voted and allocated tax levies, or any other money available for such a purpose and shall not allow or provide for the levy of additional millage for payment of the bond or note without a vote of the qualified electorate of the district.

(5) As used in this section, "qualified zone academy bond" means that term as defined in section 1397e of the internal revenue code, 26 USC 1397e.

However, a school district, including, but not limited to, a school district that is a community district, may borrow money and issue bonds of the district to defray all or a part of the cost of purchasing, erecting, completing, remodeling, or equipping or reequipping, except for equipping or reequipping for technology, school buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities, or parts of or additions to those facilities; furnishing or refurbishing new or remodeled school buildings; acquiring, preparing, developing, or improving sites, or parts of or additions to sites, for school buildings, including library buildings, structures, athletic fields, playgrounds, or other facilities; purchasing school buses; acquiring, installing, or equipping or reequipping school buildings for technology; or accomplishing a combination of the purposes set forth in this subsection. Except as otherwise provided in this subsection, a school district that issues bonds under this section or under section 11i of the state school aid act of 1979, MCL 388.1611i, shall have an independent audit, using generally accepted accounting principles, of its bonding activities under these sections conducted within 120 days after completion of all projects financed by the proceeds of the bonds and shall submit the audit report to the department of treasury. For bonds issued under section 11i of the state school aid act of 1979, MCL 388.1611i, the independent audit required under this subsection may be conducted and submitted with the annual report required under the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(3) A school district, including, but not limited to, a school district that is a community district, shall not borrow money and issue notes or bonds under this section to defray all or part of the costs of any of the following:

(a) Upgrades to operating system or application software.

(b) Media, including diskettes, compact discs, video tapes, and disks, unless used for the storage of initial operating system software or customized application software included in the definition of technology under this section.

(b) If the disclosure under subdivision (a) indicates that the attorney or law firm represents the underwriter or another party involved in the bond issue, consents by majority vote of the board or intermediate school board to entering into the contract notwithstanding the attorney's or law firm's representation of the underwriter or other party as well as the board or intermediate school board.

(c) In its contract with the attorney or law firm, requires the attorney or law firm to submit itemized billings on at least a monthly basis that itemize at least time and services provided and any payments made by the attorney or law firm to third parties in connection with representation of the board or intermediate school board.

380.1356 Operating deficit; notes or bonds as school financing stability bonds; resolution; determination of deficit amount; pledge as security; agreement; lien; revenues held in trust; maturity; interest; installments; redemption; valid and binding general obligations; payment; use of proceeds; review and approval of budget.

Sec. 1356. (1) Notwithstanding section 1351, a school district that has an operating or projected operating deficit or that has outstanding state aid anticipation notes issued under section 1225 through the Michigan finance authority may, with the approval of the state treasurer, borrow and issue notes or bonds for the purpose of eliminating the deficit or refunding or refinancing the state aid anticipation notes and related multiyear repayment obligations in accordance with this section. Notes or bonds issued under this section shall be known as school financing stability bonds. This authority is in addition to and not in derogation of any power granted to a school district by any other provision of this act.

(2) Before a school district issues notes or bonds under this section, the board of the school district shall provide by resolution for the submission of the following certified and substantiated information to the department of treasury:

(a) There exists or will exist an operating deficit in the school district or the school district has outstanding state aid anticipation notes issued under section 1225 through the Michigan finance authority.

(b) If the school district has a deficit, during or before the fiscal year in which the application is made, the school district has made every available effort to offset the deficit.

(c) The school district has a plan approved by the state treasurer that outlines actions to be taken to balance future expenditures with anticipated revenues and to repay any bonds or notes issued under this section. The state treasurer may recognize a deficit elimination plan or an enhanced deficit elimination plan authorized under section 102 of the state school aid act of 1979, MCL 388.1702, as satisfying the requirements for an approved plan under this subdivision.

(3) The existence of an operating or projected operating deficit, the amount of the operating or projected operating deficit, and the amount necessary to refund or refinance any school aid anticipation notes issued under section 1225 through the Michigan finance authority shall be determined by the department of treasury, using normal school accounting practices. If a financial audit is required to arrive at a conclusive determination as to the amount of a deficit, the state treasurer shall charge all necessary expenses for the audit, including per diem and travel expenses, to the school district, and the school district shall make payment to the state treasurer for these expenses. A determination by the department of treasury under this subsection is final and conclusive.

(4) The notes or bonds may be issued in 1 or more series by resolution adopted by the school board, which resolution in each case shall make reference to the determination of the department of treasury under subsection (3). The amount of a note or bond issued shall not exceed the amount determined by the department of treasury under subsection (3).

(5) The school district may pledge as security for the repayment of principal and interest on notes or bonds issued under this section money from state school aid payments paid or payable to the school district, revenue from taxes levied by the school district for school operating purposes under section 1211, and other tax revenue or money of the district legally available as security. A pledge under this subsection is valid and binding from the time the pledge is made. A pledge under this subsection for the benefit of the holders of notes or bonds or for the benefit of others is perfected without delivery, recording, or notice. A school district may enter into an agreement with the department of treasury or the Michigan finance authority, or both, providing for the direct payment on behalf of the school district to the Michigan finance authority or a designated trustee of state school aid pledged for the repayment of principal and interest on notes or bonds issued under this section in the same manner as an agreement under section 17a(4) of the state school aid act of 1979, MCL 388.1617a. A school district also may provide for the deposit of revenues pledged for the

payment of notes or bonds issued under this section in a separate account to pay principal and interest on notes or bonds, associated administrative costs, and any other obligations issued by the school district secured by the revenues. If the school district enters into an agreement with a person with a duty or obligation to collect for, pay, remit, disburse, or distribute to the school district all or a portion of the revenues pledged by the school district under this section, then the agreement must also provide for the direct payment of the revenues that the person has a duty or obligation to collect for, pay, remit, disburse, or distribute to the school district, and that the school district has pledged for payment of the notes or bonds issued under this section, to a trustee to be deposited in a trust account and used only for paying principal of and interest on the notes or bonds and related administrative costs and any other obligations issued or owing by the school district and secured by the revenues. If a school district has entered into an agreement with a trustee for the deposit of revenues pledged by a school district into a trust account, then after the issuance of the notes or bonds and before the deposit of the revenues of the school district into that trust account, the revenues of the school district to be deposited are held in trust for the benefit of the trustee and the notes or bonds by any persons coming into possession of the revenues. The revenues are held in trust for the benefit of the trustee and the notes or bonds whether the school district directly collects the revenues, another person collects the revenues, or any other person comes into possession of the revenues, and the revenues remain subject to the trust regardless of any subsequent transfer of the revenues until the revenues are deposited into the trust account. If the school district or other person holds a residual or other interest in the revenues held in trust and to be deposited with the trustee in the trust account, the interest is subordinate to a lien on the revenues in favor of the trustee for the purpose of ensuring delivery of the revenues to the trust account. The lien arises by operation of law and without further act or notice of any kind at the earliest time that the school district has or acquires any rights in the revenues pledged under the agreement, and will remain paramount and superior to any other lien and interest of any kind, and is perfected without delivery, recording, or notice. The revenues held in trust and to be deposited into the trust account under this subsection are exempt from being levied upon, taken, sequestered, or applied toward paying the debts or liabilities of the school district other than those expressly specified in the agreement described in this subsection.

(6) The notes or bonds shall mature serially with annual maturities not more than 25 years from their date and shall bear interest, payable annually or semiannually, at a rate or rates not exceeding a rate determined by the school board in the school district's borrowing resolution. The first principal installment on the notes or bonds shall be due not more than 18 months from the date of the issuance of the notes or bonds. The notes or bonds may be made subject to redemption before maturity with or without premium in a manner and at times provided in the resolution authorizing the issuance of the notes or bonds.

(7) Notes or bonds issued under this section are valid and binding general obligations of the school district, it being the intent and purpose that the notes or bonds and the interest on the notes or bonds be promptly paid when due from the first money available to the school district not pledged for other indebtedness and except to the extent that the use is restricted by the state constitution of 1963 or the laws of the United States. If a school district does not receive state school aid, the validity of a note or bond issued under this section is not affected.

(8) Except as otherwise provided in this section, and unless the state treasurer approves an exception, bonds and notes issued under this section are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(9) The proceeds of the sale of notes or bonds authorized under this section, after payment of the costs of issuance of the notes or bonds and interest on the notes or bonds, shall be used solely for the purpose of paying necessary operating expenses of the school district, including the payment of principal of and interest on notes or bonds of the school district issued for operating purposes under this or any other act.

(10) A board of a school district that borrows under this section shall submit its budget for review and approval to the department of treasury. The department of treasury shall take necessary steps, subject to the school district's contracts and statutory obligations, to assure that the expenditures of a school district that receives money under this part shall not exceed revenues on an annual basis and that the school district maintains a balanced budget.

Sec. 1531. (1) Except as provided in this act, the superintendent of public instruction shall determine the requirements for and issue all licenses and certificates for teachers, including preprimary teachers, and the requirements for an endorsement of teachers as qualified counselors and an endorsement of teachers for teaching a foreign language in an elementary grade in the public schools of the state.

(2) Except as otherwise provided in this act, the superintendent of public instruction shall only issue a teaching certificate to a person who has passed appropriate examinations as follows:

(a) For a secondary level teaching certificate, has passed both the basic skills examination and the appropriate available subject area examination for each subject area in which he or she applies to be certified.

(b) For an elementary level teaching certificate, has passed the basic skills examination and, if it is available, the elementary certification examination, and has passed the appropriate available subject area examination for each subject area, if any, in which he or she applies to be certified.

(3) Except as otherwise provided in this act, the superintendent of public instruction shall issue a Michigan teaching certificate to a person holding a certificate from another state or a teaching degree from an out-of-state teacher preparation institution who applies for a Michigan teaching certificate only if the person passes appropriate examinations as follows:

(a) For a secondary level teaching certificate, pass both the basic skills examination and the appropriate available subject area examination for each subject area in which he or she applies to be certified. The superintendent of public instruction may accept passage of an equivalent examination approved by the superintendent of public instruction to meet 1 or both of these requirements.

(b) For an elementary level teaching certificate, pass the basic skills examination and, if it is available, the elementary certification examination, and pass the appropriate available subject area examination for each subject area, if any, in which he or she applies to be certified. The superintendent of public instruction may accept passage of an equivalent examination approved by the superintendent of public instruction to meet 1 or more of these requirements.

(4) Except as otherwise provided in this act, the superintendent of public instruction shall only issue a teaching certificate to a person who has met the elementary or secondary, as applicable, reading credit requirements established under superintendent of public instruction rule. If a person holds a teaching certificate, then beginning July 1, 2009, notwithstanding any rule to the contrary, the superintendent of public instruction shall not advance the person's certification to professional certification unless the person has successfully completed at least a 3-credit course of study with appropriate field experiences in the diagnosis and remediation of reading disabilities and differentiated instruction. To meet this requirement, the course of study should include the following elements, as determined by the department to be appropriate for the person's certification level and endorsements: interest inventories, English language learning screening, visual and auditory discrimination tools, language expression and processing screening, phonemics, phonics, vocabulary, fluency, comprehension, spelling and writing assessment tools, and instructional strategies. A person may complete the course of study either as part of his or her teacher preparation program or during the first 6 years of his or her employment in classroom teaching.

(5) Not later than January 11, 2002, the superintendent of public instruction, in cooperation with appropriate curriculum specialists and teacher educators, shall revise existing reading standards to recognize reading disorders and to enable teachers to make referrals for instruction and support for pupils with reading disorders.

(6) Subject to subsection (8), if a person holding a teaching certificate from another state applies to the superintendent of public instruction for a Michigan teaching certificate and meets the requirements of this subsection, the superintendent of public instruction shall issue to the person a Michigan professional education teaching certificate and applicable endorsements comparable to those the person holds in the other state, without requiring the person to pass a basic skills examination or the applicable subject area examination otherwise required under subsection (2) or (3). To be eligible to receive a Michigan professional education teaching certificate under this subsection, a person shall provide evidence satisfactory to the department that he or she meets all of the following requirements:

(a) Has taught successfully for at least 3 years in a position for which the person's teaching certification from the other state was valid.

(b) Has earned, after his or her initial certification in another state, at least 18 semester credit hours in a planned course of study at an institution of higher education approved by the superintendent of public instruction or has earned, at any time, a master's or doctoral degree approved by the superintendent of public instruction.

(c) Has met the elementary or secondary, as applicable, reading credit requirement established under superintendent of public instruction rule.

(7) A person who receives a teaching certificate and endorsement or endorsements under subsection (6) is eligible to receive 1 or more additional endorsements comparable to endorsements the person holds in another state only if the person passes the appropriate subject area examinations required under subsection (2) or (3).

(8) The superintendent of public instruction shall deny a Michigan teaching certificate to a person described in subsection (6) for fraud, material misrepresentation, or concealment in the person's application for a certificate or for a conviction for which a person's teaching certificate may be revoked under section 1535a.

(9) The department, based upon criteria recommended pursuant to subsection (11), shall provide to approved teacher education institutions guidelines and criteria approved by the superintendent of public instruction for use in the development or selection of a basic skills examination and approved guidelines and criteria for use in the development or selection of subject area examinations.

(10) For the purposes of this section, the superintendent of public instruction, based upon criteria recommended pursuant to subsection (11), shall develop, select, or develop and select 1 or more basic skills examinations and subject area examinations. In addition, the superintendent of public instruction, based upon criteria recommended pursuant to subsection (11), shall approve an elementary certification examination and a reading subject area examination. If the department develops for use under this subsection an examination that had previously been contracted for using a competitive bid process, then the department shall not expend on the development of that examination an amount that exceeds the amount that the department expended on procurement of the most recent competitively-bid version of that examination.

(11) The superintendent of public instruction shall appoint an 11-member teacher examination advisory committee comprised of representatives of approved teacher education institutions and Michigan education organizations and associations. Not more than 1/2 of the members comprising this committee shall be certified teachers. This committee shall recommend criteria to be used by the superintendent of public instruction in the development, selection, or development and selection of 1 or more basic skills examinations, and criteria to be used by the superintendent of public instruction in the development, selection, or development and selection of subject area examinations. In addition, the committee shall recommend guidelines for the use and administration of those examinations. The basic skills examinations referred to in this subsection may be developed by the superintendent of public instruction or selected by the superintendent of public instruction from commercially or university developed examinations. In addition, an approved teacher education institution, pursuant to guidelines and criteria described in subsection (9), may develop an examination at its own expense for approval by the superintendent of public instruction. An approved teacher education institution that develops its own examination is liable for any litigation that results from the use of its examination.

(12) The superintendent of public instruction shall appoint a 7-member standing technical advisory council comprised of persons who are experts in measurement and assessment. This council shall advise the superintendent of public instruction and the teacher examination committee on the validity, reliability, and other technical standards of the examinations that will be used or are being used and of the administration and use of those examinations.

(13) Not later than November 30 of each year, the superintendent of public instruction shall submit in writing a report on the development or selection and use of the basic skills examination, the elementary certification examination, and the subject area examinations to the house and senate education committees. The report shall also contain a financial statement regarding revenue received from the assessment of fees

levied pursuant to subsection (15) and the amount of and any purposes for which that revenue was expended.

(14) The basic skills examination, the elementary certification examination, and the subject area examinations required by this section may be taken at different times during an approved teacher preparation program, but the basic skills examination must be passed before a person is enrolled for student teaching and the elementary certification examination and the subject area examinations, as applicable, must be passed before a person is recommended for certification.

(15) The department, or if approved by the superintendent of public instruction, a private testing service, may assess fees for taking the basic skills examination, elementary certification examination, and the subject area examinations. The fees, which shall be set by the superintendent of public instruction, shall not exceed the actual cost of the examination and of administering the examination. Fees received by the department shall be expended solely for administrative expenses that it incurs in implementing this section. If the superintendent of public instruction increases a fee charged for an examination under this subsection, at least 1 year before implementing the fee increase, the department shall notify each approved teacher education institution of the amount of the fee increase. An approved teacher education institution shall notify each of its affected students of the timing and amount of such a fee increase.

(16) If a person holding a teaching certificate from another state applies for a Michigan teaching certificate and meets all requirements for the Michigan teaching certificate except passage of the appropriate examinations under subsection (3), the superintendent of public instruction shall issue a nonrenewable temporary teaching certificate, good for 1 year, to the person. The superintendent of public instruction shall not issue a Michigan teaching certificate to the person after expiration of the temporary teaching certificate unless the person passes appropriate examinations as described in subsection (3).

(17) As used in this section:

(a) "Basic skills examination" means an examination developed or selected by the superintendent of public instruction or developed pursuant to subsection (11) by an approved teacher education institution for the purpose of demonstrating the applicant's knowledge and understanding of basic language and mathematical skills and other skills necessary for the certificate sought, and for determining whether or not an applicant is eligible for a provisional Michigan teaching certificate.

(b) "Elementary certification examination" means a comprehensive examination for elementary certification that has been developed or selected by the superintendent of public instruction for demonstrating the applicant's knowledge and understanding of the core subjects normally taught in elementary classrooms and for determining whether or not an applicant is eligible for an elementary level teaching certificate.

(c) "Subject area examination" means an examination related to a specific area of certification, which examination has been developed or selected by the superintendent of public instruction for the purpose of demonstrating the applicant's knowledge and understanding of the subject matter and determining whether or not an applicant is eligible for a Michigan teaching certificate.

(18) The superintendent of public instruction shall promulgate rules for the implementation of this section.

(19) Notwithstanding any rule to the contrary, the superintendent of public instruction shall continue to issue state elementary or secondary continuing education certificates pursuant to R 390.1132(1) of the Michigan administrative code to persons who completed the requirements of that rule by December 31, 1992 and who apply for that certificate not later than March 15, 1994. If the superintendent of public instruction has issued a state elementary or secondary professional education certificate to a person described in this section, the superintendent of public instruction shall consider the person to have a state elementary or secondary, as applicable, continuing education certificate.

(k) An attempt or conspiracy to commit an offense listed in subdivision (a), (e), (f), (g), (h), (i), or (j).

(l) A violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(m) Any other crime listed in subsection (1), if the superintendent of public instruction determines the public health, safety, or welfare requires emergency action based on the circumstances underlying the conviction.

(3) All of the following apply to any proceedings affecting a person's teaching certificate under this section:

(a) The superintendent of public instruction shall appoint a designee to perform the investigatory and prosecutorial functions involved in the proceedings. However, the superintendent of public instruction must approve any settlement, conditional agreement, or other decision not to proceed with charges.

(b) Any final action that affects the status of a person's teaching certificate shall be taken by the superintendent of public instruction.

(c) The superintendent of public instruction after a hearing shall not take action against a person's teaching certificate under subsection (1) or (2) unless the superintendent of public instruction finds that the conviction is reasonably and adversely related to the person's present fitness to serve in an elementary or secondary school in this state or that the conviction demonstrates that the person is unfit to teach in an elementary or secondary school in this state. Further, the superintendent of public instruction may take action against a person's teaching certificate under subsection (1) or (2) based on a conviction that occurred before April 1, 2004 if the superintendent of public instruction finds that the conviction is reasonably and adversely related to the person's present fitness to serve in an elementary or secondary school in this state or that the conviction demonstrates that the person is unfit to teach in an elementary or secondary school in this state. For the purposes of this section, conviction of a listed offense is reasonably and adversely related to the person's fitness to serve in an elementary or secondary school in this state and demonstrates that the person is unfit to teach in an elementary or secondary school in this state.

(4) If a person who has entered a plea of guilt or no contest to or who is the subject of a finding of guilt by a judge or jury of a crime listed in subsection (2) has been suspended from active performance of duty by a public school, school district, intermediate school district, or nonpublic school during the pendency of proceedings under this section, the public school, school district, intermediate school district, or nonpublic school employing the person shall discontinue the person's compensation until the superintendent of public instruction has made a final determination of whether or not to suspend or revoke the person's teaching certificate. If the superintendent of public instruction does not suspend or revoke the person's teaching certificate, the public school, school district, intermediate school district, or nonpublic school shall make the person whole for lost compensation, without interest. However, if a collective bargaining agreement is in effect as of January 1, 2006 for employees of a school district, intermediate school district, or public school academy, and if the terms of that collective bargaining agreement are inconsistent with this subsection, then this subsection does not apply to that school district, intermediate school district, or public school academy until after the expiration of that collective bargaining agreement.

(5) Except as otherwise provided in this subsection, after the completion of a person's sentence, the person may request a hearing on reinstatement of his or her teaching certificate. Based upon the issues and evidence presented at the hearing, the superintendent of public instruction may reinstate, continue the suspension of, or permanently revoke the person's teaching certificate. The superintendent of public instruction shall not reinstate a person's teaching certificate unless the superintendent of public instruction finds that the person is currently fit to serve in an elementary or secondary school in this state and that reinstatement of the person's teaching certificate will not adversely affect the health, safety, and welfare of pupils. If a person's conviction was for a listed offense, the person is not entitled to request a hearing on reinstatement under this subsection,

and the superintendent of public instruction shall not reinstate the person's teaching certificate under this subsection.

(6) All of the following apply to a person described in this section whose conviction is reversed upon final appeal:

(a) The person's teaching certificate shall be reinstated upon his or her notification to the superintendent of public instruction of the reversal.

(b) If the suspension of the person's teaching certificate under this section was the sole cause of his or her discharge from employment, the person shall be reinstated, upon his or her notification to the appropriate local or intermediate school board of the reversal, with full rights and benefits, to the position he or she would have had if he or she had been continuously employed.

(c) If the person's compensation was discontinued under subsection (4), the public school, school district, intermediate school district, or nonpublic school shall make the person whole for lost compensation.

(7) If the prosecuting attorney in charge of a case receives a form as provided under section 1230d, the prosecuting attorney shall notify the superintendent of public instruction, and any public school, school district, intermediate school district, or nonpublic school in which the person is employed by forwarding a copy of the form to each of them not later than 7 days after receiving the form. If the court receives a form as provided under section 1230d, the court shall notify the superintendent of public instruction and any public school, school district, intermediate school district, or nonpublic school in which the person is employed by forwarding to each of them a copy of the form and information regarding the sentence imposed on the person not later than 7 days after the date of sentencing, even if the court is maintaining the file as a nonpublic record.

(8) Not later than 7 days after receiving notification from the prosecuting attorney or the court under subsection (7) or learning through an authoritative source that a person who holds a teaching certificate has been convicted of a crime listed in subsection (1), the superintendent of public instruction shall request the court to provide a certified copy of the judgment of conviction and sentence or other document regarding the disposition of the case to the superintendent of public instruction and shall pay any fees required by the court. The court shall provide this certified copy within 7 days after receiving the request and fees under this section or after entry of the judgment or other document, whichever is later, even if the court is maintaining the judgment or other document as a nonpublic record.

(9) If the superintendent of a school district or intermediate school district, the chief administrative officer of a nonpublic school, the president of the board of a school district or intermediate school district, or the president of the governing board of a nonpublic school is notified or learns through an authoritative source that a person who holds a teaching certificate and who is employed by the school district, intermediate school district, or nonpublic school has been convicted of a crime described in subsection (1) or (2), the superintendent, chief administrative officer, or board president shall notify the superintendent of public instruction of that conviction within 15 days after learning of the conviction.

(10) For the purposes of this section, a certified copy of the judgment of conviction and sentence is conclusive evidence of conviction of a crime described in this section. For the purposes of this section, conviction of a crime described in this section is considered to be reasonably and adversely related to the ability of the person to serve in an elementary or secondary school and is sufficient grounds for suspension or revocation of the person's teaching certificate.

(11) For any hearing under subsection (1), if the superintendent of public instruction does not make a final decision and order within 120 working days after receiving the request for the hearing, as required under subsection (1), the superintendent of public instruction shall submit a report detailing the reasons for the delay to the standing committees and appropriations subcommittees of the senate and house of representatives that have jurisdiction over education and education appropriations. The failure of the superintendent of public instruction to make a final decision and order within this 120 working day time limit, or the failure of any other official or agency to meet a time limit prescribed in this section, does not affect the validity of an action taken under this section affecting a person's teaching certificate.

(12) Beginning July 1, 2004, the superintendent of public instruction shall submit to the legislature a quarterly report of all final actions he or she has taken under this section affecting a person's teaching certificate during the preceding quarter. The report shall contain at least all of the following with respect to each person whose teaching certificate has been affected:

(a) The person's name, as it appears on the teaching certificate.

(b) The school district, intermediate school district, public school academy, or nonpublic school in which the person was employed at the time of the conviction, if any.

(c) The offense for which the person was convicted and the date of the offense and date of the conviction.

(d) Whether the action taken by the superintendent of public instruction was a summary suspension,

suspension due to failure to request a hearing, suspension, revocation, or reinstatement of the teaching certificate.

(13) This section does not do any of the following:

(a) Prohibit a person who holds a teaching certificate from seeking monetary compensation from a school board or intermediate school board if that right is available under a collective bargaining agreement or another statute.

(b) Limit the rights and powers granted to a school district or intermediate school district under a collective bargaining agreement, this act, or another statute to discipline or discharge a person who holds a teaching certificate.

(14) The superintendent of public instruction may promulgate, as necessary, rules to implement this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(15) The department of information technology shall work with the department and the department of state police to develop and implement an automated program that does a comparison of the department's list of individuals holding a teaching certificate or state board approval, and of any other list maintained by the department of individuals employed or regularly and continuously working under contract in a school, with the conviction information received by the department of state police. This comparison shall only include individuals who are actually school employees at the time of the comparison or who are regularly and continuously working under contract at the time of the comparison. Unless otherwise prohibited by law, this comparison shall include convictions contained in a nonpublic record. The department and the department of state police shall perform this comparison during January and June of each year until July 1, 2008. The department of state police shall take all reasonable and necessary measures using the available technology to ensure the accuracy of this comparison before transmitting the information under this subsection to the department. The department shall take all reasonable and necessary measures using the available technology to ensure the accuracy of this comparison before notifying a school district, intermediate school district, public school academy, or nonpublic school of a conviction. If a comparison discloses that a person on the department's list of individuals holding a teaching certificate or state board approval has been convicted of a crime, or if the department is otherwise notified by the department of state police that such a person has been convicted of a crime, the department shall notify the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school in which the person is employed of that conviction.

(vii) Any misdemeanor that is a listed offense.

(c) A violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(2) If a person who holds state board approval has been convicted of a crime described in this subsection, the superintendent of public instruction shall find that the public health, safety, or welfare requires emergency action and shall order summary suspension of the person's state board approval under section 92 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.292, and shall subsequently provide an opportunity for a hearing as required under that section. This subsection does not limit the superintendent of public instruction's ability to order summary suspension of a person's state board approval for a reason other

than described in this subsection. This subsection applies to conviction of any of the following crimes:

(a) Criminal sexual conduct in any degree, assault with intent to commit criminal sexual conduct, or an attempt to commit criminal sexual conduct in any degree.

(b) Felonious assault on a child, child abuse in the first degree, or an attempt to commit child abuse in the first degree.

(c) Cruelty, torture, or indecent exposure involving a child.

(d) A violation of section 7401(2)(a)(i), 7403(2)(a)(i), 7410, or 7416 of the public health code, 1978 PA 368, MCL 333.7401, 333.7403, 333.7410, and 333.7416.

(e) A violation of section 83, 89, 91, 145a, 145b, 145c, 316, 317, 350, 448, 455, or 529 of the Michigan penal code, 1931 PA 328, MCL 750.83, 750.89, 750.91, 750.145a, 750.145b, 750.145c, 750.316, 750.317, 750.350, 750.448, 750.455, and 750.529, or a felony violation of section 145d of the Michigan penal code, 1931 PA 328, MCL 750.145d.

(f) A violation of section 158 of the Michigan penal code, 1931 PA 328, MCL 750.158, if a victim is an individual less than 18 years of age.

(g) Except for a juvenile disposition or adjudication, a violation of section 338, 338a, or 338b of the Michigan penal code, 1931 PA 328, MCL 750.338, 750.338a, and 750.338b, if a victim is an individual less than 18 years of age.

(i) An offense committed by a person who was, at the time of the offense, a sexually delinquent person as defined in section 10a of the Michigan penal code, 1931 PA 328, MCL 750.10a.

(j) Any other crime that is a listed offense.

(k) An attempt or conspiracy to commit an offense listed in subdivision (a), (e), (f), (g), (h), (i), or (j).

(l) A violation of a substantially similar law of another state, of a political subdivision of this state or another state, or of the United States.

(m) Any other crime listed in subsection (1), if the superintendent of public instruction determines the public health, safety, or welfare requires emergency action based on the circumstances underlying the conviction.

(3) All of the following apply to any proceedings affecting a person's state board approval under this section:

(a) The superintendent of public instruction shall appoint a designee to perform the investigatory and prosecutorial functions involved in the proceedings. However, the superintendent of public instruction must approve any settlement, conditional agreement, or other decision not to proceed with charges.

(b) Any final action that affects the status of a person's state board approval shall be taken by the superintendent of public instruction.

(c) The superintendent of public instruction after a hearing shall not take action against a person's state board approval under subsection (1) or (2) unless the superintendent of public instruction finds that the conviction is reasonably and adversely related to the person's present fitness to serve in an elementary or secondary school in this state or that the conviction demonstrates that the person is unfit to teach in an elementary or secondary school in this state. Further, the superintendent of public instruction may take action against a person's state board approval under subsection (1) or (2) based on a conviction that occurred before April 1, 2004 if the superintendent of public instruction finds that the conviction is reasonably and adversely related to the person's present fitness to serve in an elementary or secondary school in this state. For the purposes of this section, conviction of a listed offense is reasonably and adversely related to the person's fitness to serve in an elementary or secondary school in this state and demonstrates that the person is unfit to teach in an elementary or secondary school in this state.

(4) If a person who has entered a plea of guilt or no contest to or who is the subject of a finding of guilt by a judge or jury of a crime listed in subsection (2) has been suspended from active performance of duty by a public school, school district, intermediate school district, or nonpublic school during the pendency of proceedings under this section, the public school, school district, intermediate school district, or nonpublic school employing the person shall discontinue the person's compensation until the superintendent of public instruction has made a final determination of whether or not to suspend or revoke the person's state board approval. If the superintendent of public instruction does not suspend or revoke the person's state board approval, the public school, school district, intermediate school district, or nonpublic school shall make the person whole for lost compensation, without interest. However, if a collective bargaining agreement is in effect as of January 1, 2006 for employees of a school district, intermediate school district, or public school academy, and if the terms of that collective bargaining agreement are inconsistent with this subsection, then this subsection does not apply to that school district, intermediate school district, or public school academy

until after the expiration of that collective bargaining agreement.

(5) Except as otherwise provided in this subsection, after the completion of the person's sentence, the person may request a hearing on reinstatement of his or her state board approval. Based upon the issues and evidence presented at the hearing, the superintendent of public instruction may reinstate, continue the suspension of, or permanently revoke the person's state board approval. The superintendent of public instruction shall not reinstate a person's state board approval unless the superintendent of public instruction finds that the person is currently fit to serve in an elementary or secondary school in this state and that reinstatement of the person's state board approval will not adversely affect the health, safety, and welfare of pupils. If a person's conviction was for a listed offense, the person is not entitled to request a hearing on reinstatement under this subsection, and the superintendent of public instruction shall not reinstate the person's state board approval under this subsection.

(6) All of the following apply to a person described in this section whose conviction is reversed upon final appeal:

(a) The person's state board approval shall be reinstated upon his or her notification to the superintendent of public instruction of the reversal.

(b) If the suspension of the state board approval was the sole cause of his or her discharge from employment, the person shall be reinstated upon his or her notification to the appropriate local or intermediate school board of the reversal, with full rights and benefits, to the position he or she would have had if he or she had been continuously employed.

(c) If the person's compensation was discontinued under subsection (4), the public school, school district, intermediate school district, or nonpublic school shall make the person whole for lost compensation.

(7) If the prosecuting attorney in charge of a case receives a form as provided under section 1230d, the prosecuting attorney shall notify the superintendent of public instruction, and any public school, school district, intermediate school district, or nonpublic school in which the person is employed by forwarding a copy of the form to each of them not later than 7 days after receiving the form. If the court receives a form as provided under section 1230d, the court shall notify the superintendent of public instruction and any public school, school district, intermediate school district, or nonpublic school in which the person is employed by forwarding to each of them a copy of the form and information regarding the sentence imposed on the person not later than 7 days after the date of the sentencing, even if the court is maintaining the file as a nonpublic record.

(8) Not later than 7 days after receiving notification from the prosecuting attorney or the court under subsection (7) or learning through an authoritative source that a person who holds state board approval has been convicted of a crime listed in subsection (1), the superintendent of public instruction shall request the court to provide a certified copy of the judgment of conviction and sentence or other document regarding the disposition of the case to the superintendent of public instruction and shall pay any fees required by the court. The court shall provide this certified copy within 7 days after receiving the request and fees under this section or after entry of the judgment or other document, whichever is later, even if the court is maintaining the judgment or other document as a nonpublic record.

(9) If the superintendent of a school district or intermediate school district, the chief administrative officer of a nonpublic school, the president of the board of a school district or intermediate school district, or the president of the governing board of a nonpublic school is notified or learns through an authoritative source that a person who holds state board approval and who is employed by the school district, intermediate school district, or nonpublic school has been convicted of a crime described in subsection (1) or (2), the superintendent, chief administrative officer, or board president shall notify the superintendent of public instruction of that conviction within 15 days after learning of the conviction.

(10) For the purposes of this section, a certified copy of the judgment of conviction and sentence is conclusive evidence of conviction of a crime described in this section. For the purposes of this section, conviction of a crime described in this section is considered to be reasonably and adversely related to the ability of the person to serve in an elementary or secondary school and is sufficient grounds for suspension or revocation of the person's state board approval.

(11) For any hearing under subsection (1), if the superintendent of public instruction does not make a final decision and order within 120 working days after receiving the request for the hearing, as required under subsection (1), the superintendent of public instruction shall submit a report detailing the reasons for the delay to the standing committees and appropriations subcommittees of the senate and house of representatives that have jurisdiction over education and education appropriations. The failure of the superintendent of public instruction to make a final decision and order within this 120 working day time limit, or the failure of any other official or agency to meet a time limit prescribed in this section, does not affect the validity of an action taken under this section affecting a person's state board approval.

(12) Beginning July 1, 2004, the superintendent of public instruction shall submit to the legislature a quarterly report of all final actions he or she has taken under this section affecting a person's state board approval during the preceding quarter. The report shall contain at least all of the following with respect to each person whose state board approval has been affected:

- (a) The person's name, as it appears on the state board approval.
- (b) The school district, intermediate school district, public school academy, or nonpublic school in which the person was employed at the time of the conviction, if any.
- (c) The offense for which the person was convicted and the date of the offense and date of the conviction.
- (d) Whether the action taken by the superintendent of public instruction was a summary suspension, suspension due to failure to request a hearing, suspension, revocation, or reinstatement of the state board approval.

(13) This section does not do any of the following:

(a) Prohibit a person who holds state board approval from seeking monetary compensation from a school board or intermediate school board if that right is available under a collective bargaining agreement or another statute.

(b) Limit the rights and powers granted to a school district or intermediate school district under a collective bargaining agreement, this act, or another statute to discipline or discharge a person who holds state board approval.

(c) Exempt a person who holds state board approval from the operation of section 1535a if the person holds a certificate subject to that section.

(d) Limit the ability of a state licensing body to take action against a person's license or registration for the same conviction.

(14) The superintendent of public instruction may promulgate, as necessary, rules to implement this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(15) The department of information technology shall work with the department and the department of state police to develop and implement an automated program that does a comparison of the department's list of individuals holding a teaching certificate or state board approval, and of any other list maintained by the department of individuals employed or regularly and continuously working under contract in a school, with the conviction information received by the department of state police. This comparison shall only include individuals who are actually school employees at the time of the comparison or who are regularly and continuously working under contract at the time of the comparison. Unless otherwise prohibited by law, this comparison shall include convictions contained in a nonpublic record. The department and the department of state police shall perform this comparison during January and June of each year until July 1, 2008. The department of state police shall take all reasonable and necessary measures using the available technology to ensure the accuracy of this comparison before transmitting the information under this subsection to the department. The department shall take all reasonable and necessary measures using the available technology to ensure the accuracy of this comparison before notifying a school district, intermediate school district, public school academy, or nonpublic school of a conviction. If a comparison discloses that a person on the department's list of individuals holding a teaching certificate or state board approval has been convicted of a crime, or if the department is otherwise notified by the department of state police that such a person has been convicted of a crime, the department shall notify the superintendent or chief administrator and the board or governing body of the school district, intermediate school district, public school academy, or nonpublic school in which the person is employed of that conviction.

Sec. 1561. (1) Except as otherwise provided in this section, for a child who turned age 11 before December 1, 2009 or who entered grade 6 before 2009, the child's parent, guardian, or other person in this state having control and charge of the child shall send that child to a public school during the entire school year from the age of 6 to the child's sixteenth birthday. Except as otherwise provided in this section, for a child who turns age 11 on or after December 1, 2009 or a child who was age 11 before that date and enters grade 6 in 2009 or later, the child's parent, guardian, or other person in this state having control and charge of the child shall send the child to a public school during the entire school year from the age of 6 to the child's eighteenth birthday. The child's attendance shall be continuous and consecutive for the school year fixed by the school district in which the child is enrolled. In a school district that maintains school during the entire calendar year and in which the school year is divided into quarters, a child is not required to attend the public school more than 3 quarters in 1 calendar year, but a child shall not be absent for 2 or more consecutive quarters.

(2) A child becoming 6 years of age before December 1 shall be enrolled on the first school day of the school year in which the child's sixth birthday occurs, and a child becoming 6 years of age on or after December 1 shall be enrolled on the first school day of the school year following the school year in which the child's sixth birthday occurs.

(3) A child is not required to attend a public school in any of the following cases:

(a) The child is attending regularly and is being taught in a state approved nonpublic school, which teaches subjects comparable to those taught in the public schools to children of corresponding age and grade, as determined by the course of study for the public schools of the district within which the nonpublic school is located.

(b) The child is less than 9 years of age and does not reside within 2-1/2 miles by the nearest traveled road of a public school. If transportation is furnished for pupils in the school district of the child's residence, this subdivision does not apply.

(c) The child is age 12 or 13 and is in attendance at confirmation classes conducted for a period of 5 months or less.

(d) The child is regularly enrolled in a public school while in attendance at religious instruction classes for not more than 2 class hours per week, off public school property during public school hours, upon written

request of the parent, guardian, or person in loco parentis under rules promulgated by the state board.

(e) The child has graduated from high school or has fulfilled all requirements for high school graduation.

(f) The child is being educated at the child's home by his or her parent or legal guardian in an organized educational program in the subject areas of reading, spelling, mathematics, science, history, civics, literature, writing, and English grammar.

(5) For a child who turns age 11 on or after December 1, 2009 or who was age 11 before that date and enters grade 6 in 2009 or later, this section does not apply to the child if the child is at least age 16 and the child's parent or legal guardian has provided to school officials of the school district in which the child resides a written notice that the child has the permission of the parent or legal guardian to stop attending school.

Constitutionality: Shared time instruction of sectarian, nonpublic school students in and of itself is not violative of the Establishment Clause of the United States Constitution even where benefits to religion appear substantial; it is only where it is clear that the program was motivated wholly by religious considerations that a conflict with the clause would exist. *Snyder v Charlotte Schools*, 421 Mich 517; 365 NW2d 151 (1984).

Shared time instruction clearly is not intended to benefit one or all religions; rather, the purpose is secular: to provide educational opportunities at public schools for all resident school-age children whether they attend public or religious or secular nonpublic schools. *Snyder v Charlotte Schools*, 421 Mich 517; 365 NW2d 151 (1984).

Sec. 1611. (1) Upon the approval of the city governing body before January 1, 1983, the board of a school district or intermediate school district situated in whole or in part in a city may certify either the total or 1/2 of the levy of school property taxes on the city portion of the school district or intermediate school district. If certified, or if approval of the city governing body is not given before January 1, 1983 and a city agrees or elects pursuant to section 1613 to collect either the total or 1/2 of the levy of school taxes on the taxable property of the city portion of the school district or intermediate school district, the appropriate officials of that city in which the school district or intermediate school district is located shall assess, spread, and collect these school taxes and shall remit the collections to the school district or intermediate school district as provided in Act No. 206 of the Public Acts of 1893, being sections 211.1 to 211.157 of the Michigan Compiled Laws.

(2) Except where a city assessed and collected school taxes pursuant to this section prior to December 31, 1974, reasonable expenses incurred by the city in assessing and collecting the school taxes, to the extent that those expenses are in addition to the expenses of assessing and collecting other taxes at the same time and, except as otherwise agreed to by the city and school district or intermediate school district, exceed the amount of any fee and charge imposed by the city on collection of the school taxes, shall be billed to and paid by the school board of education or intermediate school board. However, if these additional reasonable expenses are allowed by this section to a city exercising its option under section 1613(3), the following limitations shall apply:

(a) These additional reasonable expenses shall not exceed the amount specified in the statement required by section 1613(4)(b) as the actual cost of collection in addition to fees and charges authorized by section 1613(4)(g) that the treasurer of the school district, intermediate school district, or county has determined to be imposed.

(b) The total reasonable expenses, without deduction because the expense is part of the expense of assessing and collecting other taxes at the same time and including fees and charges imposed by the city on the collection of the school taxes, shall not exceed the amount specified in the statement required by section 1613(4)(b) as the aggregate amount of the costs of collection the district has determined to incur itself or the county treasurer may receive from district payments and from fees and charges imposed pursuant to section 1613(4)(g).

(3) In proceedings for the assessment, spreading, and collection of taxes for school purposes in the school district or intermediate school district, and for the receipt and disbursement of money belonging to the school district or intermediate district, the city assessing officer, city clerk, and city treasurer of the city in which the

school district or intermediate school district is situated shall have like powers and duties as prescribed by the laws of this state for township supervisors, township clerks, and township treasurers.

(4) School taxes collected by a city shall become a lien against the property on which assessed in the same manner and on the same date as city taxes or, if the city approves the collection of school taxes on a date other than the date it collects the city taxes, on July 1. The school taxes which are collected with the city taxes shall be subject to the same penalties, interest, and collection charges as city taxes and shall be returned as delinquent to the county treasurer in the same manner and with the same interest, penalties, and fees as city taxes are returned. School taxes collected by a city pursuant to this section on a date other than a date it collects city taxes shall be subject to the same fees and charges a city may impose under section 44 of Act No. 206 of the Public Acts of 1893, being section 211.44 of the Michigan Compiled Laws. School taxes collected pursuant to this section on or before September 14 of each year by a city that collects school taxes on a date other than the date it collects city taxes shall be without interest, but such taxes collected after September 14 in each year shall bear interest at the rate imposed by section 59 of Act No. 206 of the Public Acts of 1893, being section 211.59 of the Michigan Compiled Laws, on delinquent property tax levies which became a lien in the same year. All interest and penalties that are imposed prior to the date these taxes are returned delinquent and that are attributable to school taxes other than collection fees shall belong to the school district or intermediate school district. The collection fees if imposed shall be retained by the city.

If certified, or if approval of the township board is not given before January 1, 1983 and pursuant to section 1613 a township elects or agrees to collect either the total or 1/2 of the total school taxes of a school district or intermediate school district located in the township, the township supervisor before June 30 of each year shall prepare the assessment and tax rolls and furnish these rolls to each affected township treasurer with the supervisor's collection warrant attached thereto. However, if these additional reasonable expenses are allowed by this section to a township exercising its option under section 1613(3), the following limitations shall apply:

(a) These additional reasonable expenses shall not exceed the amount specified in the statement required by section 1613(4)(b) as the actual cost of collection in addition to fees and charges authorized by section 1613(4)(g) that the treasurer of the school district, intermediate school district, or county has determined to be imposed.

Taxes collected after September 14 of any year shall bear interest at the rate imposed by section 59 of Act No. 206 of the Public Acts of 1893, being section 211.59 of the Michigan Compiled Laws, on delinquent property tax levies which became a lien in the same year. The school taxes which are collected by a township shall be subject to the

All interest and penalties, other than collection fees, that are imposed prior to the date these taxes are returned delinquent and that are attributable to school taxes shall belong to the school district or intermediate school district. Sec. 1613. For each year such a resolution applies the school district or intermediate school district that has adopted the resolution shall request, before February 1, 1983 or before January 1 in any year thereafter, each city and township in which it is located to agree to collect the summer levy in that year of either the total or 1/2, as specified in the resolution, of the school property taxes. Notice of the meeting of the respective school district board or intermediate school district board at which this resolution will be offered for adoption shall be published by the district, not less than 6 days before holding the meeting, in a newspaper of general circulation in the school district or intermediate school district. This notice shall specify the time, date, and place of the public meeting, shall be not less than 8 vertical inches and 4 horizontal inches, shall be in not less than 12-point type, shall be preceded by a headline in not less than 18-point type stating "Notice of a public meeting to institute a summer property tax levy", shall contain a concise statement of the contents and purpose of the proposed resolution, and shall not be placed in that portion of the newspaper reserved for legal notices and classified advertisements. Upon receipt of the request, the governing body of the city or township shall negotiate the reasonable expenses for collection of the school district's or intermediate school district's summer property tax levy that the city or township may bill under section 1611 or 1612. If a city or township and the school district or intermediate school district reach an agreement within 30 days of receipt of the district's request for the collection of the district's summer property tax levy, including an agreement to the amount of reasonable expenses that the city or township may bill under section 1611 or 1612, section 1611 shall govern the other terms of a city's agreement and section 1612 shall govern the other terms of a township's agreement.

(2) If a city or township and the school district or intermediate school district fail to reach an agreement pursuant to subsection (1) for the collection of the summer property tax levy of a school district or intermediate school district subject to subsection (3), the school district or intermediate school district then may negotiate, until April 1, a proposed agreement with the county treasurer to collect its summer property tax levy against property located in that city or township. If a proposed agreement with the county treasurer has not been reached by April 1, the school district or intermediate school district may determine to serve as the property tax collecting unit and collect its own summer property tax levy against property in that city or township.

(3) If, pursuant to subsection (2), the school district or intermediate school district has determined to collect its own summer property tax levy or has reached a proposed agreement with a county treasurer on the collection of its summer property tax levy against property located in a city or township with which an agreement to collect this levy could not be made pursuant to subsection (1), the school district shall notify by April 15 that city or township of the terms of the statement required by subsection (4)(b) and the city or township shall have 15 days in which to exercise an option to collect the school district's or intermediate

school district's summer property tax levy pursuant to the terms of section 1611 or 1612.

(4) Collection of all or part of a school district's or intermediate school district's property tax levy by a county treasurer or by the school district or intermediate school district shall comply with all of the following:

(a) Collection shall be either 1/2 or the total of the property tax levy against the properties, as specified for that year in the resolution of the district.

(b) The actual cost of the collection which the school district or intermediate school district has agreed to incur itself or to pay the county treasurer that is in addition to any fees imposed pursuant to subdivision (g), and the aggregate amount of costs of collection the district has agreed to incur or the county treasurer may receive from district payments and from fees and charges imposed pursuant to subdivision (g) shall be stated in writing and reported to the state treasurer.

(c) Before June 30 the county treasurer or, if the district is collecting its own summer property tax levy, the treasurer of the school district or intermediate school district shall spread the taxes being collected in terms of millages on the assessment roll, assess the amount of tax levied in proportion to the state equalized valuation, and prepare a tax roll which commands the appropriate treasurer to collect on July 1 the taxes indicated as due on the tax roll.

(d) Taxes authorized to be collected shall become a lien against the property on which assessed, and due from the owner of that property, on July 1.

(e) Taxes shall be collected on or before September 14 and all taxes and interest imposed pursuant to subdivision (f) unpaid before March 1 shall be returned as delinquent on March 1. Taxes delinquent under this subdivision shall be collected pursuant to Act No. 206 of the Public Acts of 1893, as amended.

(f) Interest shall be added to taxes collected after September 14 at that rate imposed by section 59 of Act No. 206 of the Public Acts of 1893, being section 211.59 of the Michigan Compiled Laws, on delinquent property tax levies which became a lien in the same year.

(g) All or a portion of fees or charges, or both, authorized under section 44 of Act No. 206 of the Public Acts of 1893, being section 211.44 of the Michigan Compiled Laws, may be imposed on taxes paid before March 1 and shall be retained by the treasurer actually performing the collection of the summer property tax levy of the school district or intermediate school district, regardless of whether all or part of these fees or charges, or both, have been waived by the township or city.

(5) An agreement for the collection of a summer property tax levy of a school district or intermediate school district with a county treasurer shall include a schedule for delivering collections to the school district or intermediate school district.

(6) To the extent applicable and consistent with the requirements of this section, the provisions of Act No. 206 of the Public Acts of 1893, shall apply to proceedings in relation to the assessment, spreading, and collection of taxes pursuant to this section. Additionally, in relation to the assessment, spreading, and collection of taxes pursuant to this section, the county treasurer or, if the district is collecting its own summer property tax levy, the treasurer of the school district or intermediate school district shall have powers and duties similar to those prescribed by Act No. 206 of the Public Acts of 1893, for township supervisors, township clerks, and township treasurers. However, this section shall not be considered to transfer any authority over the assessment of property.

(7) If a county treasurer or the treasurer of a school district or intermediate school district collects the summer property tax levy of the district, the township or city shall deliver by June 1 a certified copy of the assessment roll containing state equalized valuations for each parcel of taxable property in the township or city to the treasurer collecting the summer property tax levy of the school district or intermediate school district. The county treasurer or the treasurer of a school district or intermediate school district receiving this certified copy of the assessment roll shall remit the necessary cost incident to the reproduction of the assessment roll to the township or city.

(8) A county treasurer or treasurer of a school district or intermediate school district collecting taxes pursuant to this section shall be bonded for tax collection in the same amount and in the same manner as a township treasurer would be for undertaking the duties prescribed by this section.

(9) An agreement for the collection of a summer property tax levy between a school district or intermediate school district and a county may cover summer collections for 2 years. If an agreement covers summer collections for 2 years, the resolution and request required by subsection (1), the notice required by subsection (2), and the option to reconsider provided by subsection (3) shall not apply for summer collections in the second year.

(10) If collections are made pursuant to this section by a county treasurer or by the treasurer of a school district or intermediate school district, all payments from a school district or intermediate school district for collecting its summer property tax levy and all revenues generated from collection fees shall be deposited, when received or collected, in a current school tax collection fund, which fund shall be used by the county

treasurer or treasurer of the school district or intermediate school district to pay for the cost of collecting the district's summer property tax levy. The current school tax collection fund shall be segregated from all other funds and once the current school tax collection fund has been established money shall not be withdrawn except upon an order, check, or draft of the collecting treasurer for the purpose of paying 1 or more of the following costs:

(a) The cost of special deputy treasurers and equipment directly involved in the collection of current property taxes.

(b) The cost of all services determined necessary by the collecting treasurer to collect the summer property tax levy of the school district or intermediate school district.

(c) The contract payments to any person, firm, or corporation employed by the collecting treasurer to assist in the collection of the current property taxes.

(11) All surplus money in a current school tax collection fund shall be invested by the collecting treasurer in any investment authorized by Act No. 20 of the Public Acts of 1943, being sections 129.91 to 129.93 of the Michigan Compiled Laws. The county treasurer and the treasurer of a school district or intermediate school district shall publish, on March 1 of the year after the treasurer first collects the summer property tax levy of a school district or intermediate school district and each year thereafter, an annual report on the status of the fund for the last year ending December 31. The report shall show the total charges, expenses, and year-end surplus.

(12) Money in the current school tax collection fund shall not be transferred to the general fund of the county, school district, or intermediate school district or made the subject of appropriation by the county, school district, or intermediate school district. Any surplus in a current school tax collection fund shall be used by the county treasurer, school district treasurer, or intermediate school district treasurer to reduce the following costs for the next summer property tax levy of a school district or intermediate school district that is collected by the county treasurer, school district treasurer, or intermediate school district treasurer:

(a) The costs of collection, in excess of fees and charges, incurred or paid pursuant to subsection (4)(b).

The treasurer of a city, township, school district, intermediate school district, or county who collects the summer property tax levy of a school district or intermediate school district also shall comply with the publication and assistance requirements of section 51 of Act No. 206 of the Public Acts of 1893, with respect to property eligible for a deferral under this subsection.

Sec. 1702. (1) If a local school district board claims the existence of an emergency due to extreme financial conditions because of insufficient operating funds or due to a severe classroom shortage, which emergency the local school district claims renders it unable to provide special education programs and services in compliance with section 1751, the local school district board shall apply in writing to the state board before July 1 of the particular school year for approval to provide special education programs or services which do not comply with section 1751. The state board may extend the filing date for good cause.
