The council shall have power to grade, pave, plank, gravel, curb, and otherwise improve and repair the highways, streets, avenues, lanes, and alleys of the city; and for that purpose, and for defraying the expenses thereof, may divide the city into street districts. In case the owner of such lot, land, or premises shall neglect or refuse to make, lay, or put in the connections at the time or in the manner prescribed by the council, then the council shall cause the same to be made, laid, or put in, and the respective owners of such lot, land, or premises shall be liable for the cost thereof, together with 10% in addition thereto as a penalty to be recovered by the city in an action of debt or assumpsit, or the costs together with the amount of the penalty for which the person shall be respectively liable, the council shall cause to be specially assessed in the manner provided in this act.
