The rules shall be promulgated under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. The rules may be rescinded, suspended, modified, and amended at any time in the discretion of the commission and as provided in the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to effectuate the purposes of this act. Administrative rules: R 460.15001 et seq. of the Michigan Administrative Code.

479.6a Applicability of section; change in rate, fare, charge, classification, rule, or practice; notice; effective date; investigation; petition for suspension; order; hearing.

Sec. 6a. (1) This section applies to all matters before the commission for which the commission has jurisdiction under article III.

(2) A motor carrier of household goods shall not change any general rate or change any rate, fare, charge,

or classification, or any rule or practice affecting the rate, fare, charge, or classification, or the value of the service thereunder, specified in any effective tariff of any motor carrier for hire, unless it has given 30 days' notice, or 45 days' notice in a general rate increase or reduction, to the commission and to the public, filed and posted as provided in section 6 of article III except that changes in rates, fares, charges, or classifications or the value of service thereunder made under section 7a of article III shall be made on 10 days' notice. The notice shall plainly state the change proposed to be made and the time when the change will take effect. The commission may, in its discretion and after good cause shown, allow changes upon less time than the notice specified in this subsection or modify the requirements in this section regarding publishing, posting, and filing of tariffs, either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

(3) Upon the filing with the commission by any motor carrier of household goods of any tariff or supplement showing a change in rates, fares, charges, or classification, or a rule or practice affecting the rate, fare, charge, or classification, or the value of the service thereunder, the commission, upon notice to the motor carrier of household goods, may postpone the date when the new rate, fare, charge, classification, rule, or practice becomes effective to a time not to exceed 60 days to give the commission opportunity to investigate the reasonableness of the proposed rate, fare, charge, classification, rule, or practice. The commission may proceed with an investigation upon at least 10 days' notice to the motor carrier of household goods as to the reasonableness of the rate, fare, charge, classification, rule, or practice. The investigation takes precedence over all matters of a different nature pending before the commission under this act.

(4) Except in an emergency satisfactorily shown to the commission, the commission shall not consider a petition for suspension unless the petition was filed at least 10 days before the effective date of the proposed change in rate, charge, fare, classification, rule, or practice. The petition or order shall be definite and specific and a copy shall be served upon all motor carriers of household goods affected at the time of filing or issuance. However, service upon an agent who has issued and filed a tariff or schedule on behalf of a motor carrier of household goods shall be considered due and sufficient service upon the motor carrier of household goods. The petition or order must recite the specific facts relied upon to establish that failure to postpone will work a special hardship on the petitioner that cannot otherwise be avoided.

(5) At a hearing involving a change in a rate, fare, charge, classification, rule, or practice, the burden of proof is on the motor carrier of household goods to show that the proposed changed rate, fare, charge, classification, rule, or practice is just and reasonable.

History: Add. 1943, Act 244, Imd. Eff. Apr. 22, 1943;—CL 1948, 479.6a;—Am. 1954, Act 28, Imd. Eff. Mar. 31, 1954;—Am. 1982, Act 399, Imd. Eff. Dec. 28, 1982;—Am. 1993, Act 352, Imd. Eff. Jan. 13, 1994;—Am. 2014, Act 493, Eff. Apr. 1, 2015.

479.6b Applicability of section; joint consideration and initiation of rates, fares, classifications, divisions, allowances, charges, or rules; agreement; approval; maintenance of accounts, records, files, and memoranda of organization; inspection; statement of motor carrier; definitions; meeting; notice and minutes; disapproval of certain agreements; order to cease and desist from violation of agreement.

Sec. 6b. (1) This section applies to all matters before the commission for which the commission has jurisdiction under article III. If 2 or more motor carriers of household goods desire to jointly consider and initiate rates, fares, classifications, divisions, allowances, charges, or rules, those joint considerations and initiations shall only be conducted under an agreement that is submitted to, and approved by, the commission under rules promulgated by the commission. The commission shall by order approve the agreement if it finds that the agreement conforms with subsections (2) to (9). The commission shall not eliminate collective rate-making by application of its authority under this section.

(2) Motor carriers of household goods that are parties to an agreement approved by the commission under this section shall submit proposed rates, fares, classifications, divisions, allowances, charges, or rules to the commission. The proposed rates, fares, classifications, divisions, allowances, charges, or rules are not effective unless they are submitted to the commission and are permitted under this act and the rules promulgated under this act.

(3) A conference, bureau, committee, or other organization established under an agreement approved by the commission under this section shall maintain its accounts, records, files, and memoranda and shall submit to the commission information and reports as prescribed by the commission. All the accounts, records, files, and memoranda are subject to inspection by the commission or its authorized representative.

(4) Each motor carrier of household goods that is a party to an agreement described in this section shall file with the commission a statement that specifies its name, its mailing address, and the telephone number of its main office; the names and addresses of each of its affiliates; the names, addresses, and affiliates of each of its

officers and directors; and the names, addresses, and affiliates of each person, who together with an affiliate owning or controlling any debt, equity, or security interest in it has a value of at least \$100.00. As used in this subsection:

(a) "Affiliate" means a person controlling, controlled by, or under common control or ownership with another person.

(b) "Ownership" means equity holdings in a business entity of at least 5%.

(5) A meeting of a conference, bureau, committee, or other organization established under an agreement approved by the commission under this section that includes tariffs, rates, fares, or charges as matters of discussion or decision shall be open and all persons shall be allowed to attend meetings.

(6) Notice of a meeting described in subsection (5) shall be posted at the principal place of business of the organization and at the commission at least 8 working days before the date of the meeting. The notice shall contain the name of the organization, its address, its telephone number, a meeting docket or agenda, and the place, date, and time of the meeting.

(7) Minutes of a meeting described in subsection (5) shall be kept by the organization and made available to the general public and shall be submitted to the commission on or before the eighth working day after the meeting. Minutes of other meetings shall be maintained by the organization for 1 year after the meeting. Minutes of a meeting described in subsection (5) shall contain the date, time, and place of meeting; members present; members absent; and decisions taken. Votes on rates, fares, charges, or tariff items shall be recorded. Notice of other meetings described in subsection (5) shall be sent to the commission on or before the eighth working day after the meeting and shall contain the date, time, and place; members present; members absent; and purpose of meeting.

(8) The commission shall not approve under this section an agreement between or among motor carriers of household goods of different modes unless the agreement is limited to matters relating to transportation under joint rates or over through routes.

(9) The commission shall not approve under this section any agreement that establishes a procedure for the determination of any matter through joint consideration unless it finds that under the agreement each party has the free and unrestrained right to take independent action after a determination is arrived at through the procedure.

(10) The commission, upon complaint by a shipper or receiver of freight transported under jointly considered and initiated rates and charges or by a motor carrier of household goods that is party to an agreement approved by the commission under this section, may investigate and determine whether an agreement previously approved by it under this section has been violated in a manner contrary to the transportation policy set forth in section 2 of article I. After investigation, the commission shall, by order, direct the parties to the agreement to cease and desist from violations of that agreement and this section if it finds the action necessary to assure conformity with the transportation policy. The effective date of a cease and desist order shall be postponed for a period that the commission determines to be reasonably necessary to avoid undue hardships. A commission decision issued after December 28, 1982 that has terminated a previously approved agreement for reasons or on terms inconsistent with this section shall be null and void.

(11) The commission shall not enter an order under this section unless interested parties have been afforded reasonable notice and opportunity for hearing.

History: Add. 1982, Act 399, Imd. Eff. Dec. 28, 1982;—Am. 1993, Act 352, Imd. Eff. Jan. 13, 1994;—Am. 2014, Act 493, Eff. Apr. 1, 2015.

479.7 Transportation of household goods; issuance of receipt or bill of lading; liability; filing of claim; disallowance.

Sec. 7. (1) A motor carrier of household goods subject to this act shall issue a receipt or bill of lading for property it receives for transportation under this article. That carrier, as well as any other motor carrier of household goods that delivers the property subject to this act, is liable to the person entitled to recover under the receipt or bill of lading. The liability imposed under this subsection is for the actual loss or injury to the property caused by the carrier over whose line or route the property is transported in this state and applies to property reconsigned or diverted by a tariff under this act. Failure to issue a receipt or bill of lading does not affect the liability of the carrier.

(2) A motor carrier of household goods may not provide, by rule, contract, or otherwise, a period of less than 3 months for filing a claim against it under this section and a period of less than 2 years for bringing a civil action against it under this section. The period for bringing a civil action is computed from the date the carrier gives a claimant written notice that the carrier has disallowed any part of the claim specified in the notice.

(3) For purposes of this subsection, both of the following apply:

(a) An offer of compromise is not a disallowance of any part of the claim unless the carrier, in writing, informs the claimant that the part of the claim is disallowed and provides reasons for the disallowance.

(b) Communications received from a carrier's insurer are not a disallowance of any part of the claim unless the insurer, in writing, informs the claimant that the part of the claim is disallowed, provides reason for the disallowance, and informs the claimant that the insurer is acting on behalf of the carrier.

History: Add. 2007, Act 33, Imd. Eff. July 10, 2007;—Am. 2014, Act 493, Eff. Apr. 1, 2015.

Compiler's note: Former MCL 479.7, which pertained to accident reports, was repealed by 1982 PA 399, Imd. Eff. Dec. 28, 1982.

479.8 Furnishing decal and cab card for vehicle; removal; compliance by UCR motor carrier operating intrastate.

Sec. 8. (1) The commission shall furnish a decal and cab card for each vehicle that an intrastate-only motor carrier of general commodities is authorized to operate or that a motor carrier of household goods is authorized to operate under this act, in addition to the regular registration or license plates required by law. A cab card shall be carried in the vehicle for which it was issued. A decal shall be attached to a conspicuous location on the vehicle for which it was issued as directed by the commission. The commission may remove and take custody of a decal found attached to a motor vehicle for which it was not issued, or when the holder of the decal has made or is making unlawful use of the decal.

(2) A motor carrier granted intrastate authority under this act, including a UCR motor carrier operating intrastate, shall comply with all of the following:

(a) Before commencing service, the name, city, and state of the motor carrier or the registered logo or emblem of the motor carrier shall be permanently placed in a conspicuous place on both sides of all power vehicles in plain letters and in contrasting colors, with numbers not less than 3 inches in height. A vehicle that is in compliance with the requirements of the federal motor carrier safety regulations, 49 CFR parts 390 to 399, is in compliance with this subdivision.

(b) The letters "MPSC" and the account number of the motor carrier shall be placed in a conspicuous place on both sides of all power vehicles in plain letters and in contrasting colors, with numbers not less than 1.5 inches in height.

(c) Each power vehicle shall be given a separate accounting number, which shall be placed on both sides of the power vehicle in a conspicuous place in plain numbers not less than 3 inches in height and in contrasting colors.

(d) The numbers and letters described in subdivisions (a) to (c) shall remain on the vehicle only when it is operated under an active authority issued by the commission.

(e) If a motor carrier permanently removes a vehicle from operation under an authority issued by the commission, the motor carrier shall promptly remove the identification letters, numbers, and decals from the vehicle.

(f) A motor carrier that sells, trades, transfers, or otherwise disposes of an authority issued by the commission or whose authority has been denied, revoked, suspended, or temporarily discontinued shall not use its authority identification letters or numbers in advertising for its services.

(g) Except as approved by the commission, a motor carrier shall not operate a self-propelled motor vehicle under a certificate or permit issued by the commission unless there is an approved summary of the motor carrier's operating authority. A motor carrier shall keep the summary described in this subdivision clean and legible at all times.

(h) A motor carrier shall not operate added equipment until the identification information described in subsection (1) has been issued and attached to the vehicle.

479.9 Insurance; bonds; compliance with worker's disability compensation act of 1969.

Sec. 9. (1) The commission has full power and authority to make and shall make insurance or bond requirements for intrastate-only motor carriers of general commodities and motor carriers of household goods as it deems necessary to protect the interests of the public.

(2) A motor carrier subject to this act must demonstrate compliance with the worker's disability compensation act of 1969, 1969 PA 317, MCL 418.101 to 418.941, and shall demonstrate compliance to the commission under the following circumstances:

(a) Upon initial application for operating authority under this act.

(b) Upon request of the commission, if the motor carrier's worker's compensation insurance has lapsed.

(3) The commission shall work with the worker's compensation agency to implement the requirements of subsection (2).

479.10 Certificate; termination; application for renewal; notice of noncompliance; effect of delinquency providing documents or paying fees; period of time to comply with renewal requirements; provisions of act voiding certificate for cause self-executing; issuance of certificate; adding and withdrawing equipment.

Sec. 10. (1) A certificate granted to an intrastate-only motor carrier of general commodities or a motor carrier of household goods terminates on December 31 of the calendar year during which the certificate was issued. An intrastate-only motor carrier of general commodities or motor carrier of household goods shall apply for the renewal of its certificate no earlier than October 1 and no later than December 1 of the year in which its current certificate expires. A certificate holder that does not apply by December 1 shall be assessed a penalty of \$50.00 per month for each month or partial month that the application is late. The renewal application shall be accompanied with the required fees, proof of insurance, and all other things required to be filed with the commission by law or by the rules and orders of the commission. If the commission determines that a renewal application received before December 1 is incomplete, the commission shall send a notice of noncompliance to the motor carrier. The commission shall not assess the late fee described in this subsection against a motor carrier that complies with the terms of the notice of noncompliance by December 31 of the year in which the application is required to be made.

(2) The certificate of an intrastate-only motor carrier of general commodities or motor carrier of household goods who is delinquent in providing required documents or payment of the fees required by this act at the time of renewal of the certificate shall be canceled and terminated on and after January 1 of the year for which application should have been made under this section. Upon expiration, an intrastate-only motor carrier of general commodities is prohibited from operating any of its vehicles and a motor carrier of household goods is prohibited from operating any vehicle to transport household goods or engage in any other service subject to renewal of the certificate, upon or over the highways of this state. All privileges granted under an expiring certificate cease.

(3) The commission shall give an applicant whose certificate was canceled or terminated for failure to renew on January 1 of the year for which an application should have been made until December 31 to comply with the renewal requirements of subsection (1). Upon receipt of a properly completed application, fee, proof of insurance, and a satisfactory safety review, the commission shall grant a 60-day temporary authority to an intrastate-only motor carrier of general commodities or a motor carrier of household goods that applies for renewal of a certificate that has been expired for less than 1 year. An intrastate-only motor carrier of general commodities or a motor carrier of household goods that does not comply with the renewal requirements of this section before January 1 of the next renewal year for which it should have applied for renewal shall apply for an original certificate of authority, and shall pay the fee for an original certificate of authority and any applicable late fees for the previous year.

(4) Except as otherwise provided in this section, the provisions in this act voiding a certificate for cause are self-executing and do not require any affirmative act on the part of the commission, and the commission shall not extend the privilege or allow an intrastate-only motor carrier of general commodities or a motor carrier of household goods to engage in any operation over the public highway. The revocation of a certificate does not release a motor carrier from liability for accrued fees.

(5) Upon full compliance with the requirements of this act for the filing of the application, the commission shall issue a certificate for the succeeding calendar year, subject to all the provisions of this act.

(6) The holder of a certificate under this act may add equipment at any time, but when adding equipment subject to a privilege fee prescribed by this act, the holder shall file an application in the form required by the commission and pay for each unit of equipment added, the fee required in section 2 of article IV. If the holder of a certificate other than a certificate that authorizes the transportation of household goods while those household goods are being transported, by lease, contract, or any arrangement other than outright purchase, augments his or her equipment, the lease, contract, or arrangement shall be in writing and shall vest in the holder exclusive possession and control of the vehicle under the lease or arrangement for the entire term of the lease or arrangement. Any operation of the vehicle shall be conducted under the exclusive supervision, direction, and control of the holder.

(7) Using a form prescribed by the commission, a certified motor carrier may withdraw equipment from service at any time without refund by surrendering to the commission the identification allocated to the unit at the time it was certificated.

479.10a Lease, contract, or arrangement under which holder augments equipment.

Sec. 10a. (1) The lease, contract, or arrangement under which a holder augments his or her equipment shall specify the period for which the equipment is to be operated, which shall not be less than 30 days, and shall include a provision that the vehicle has, within the immediately preceding 12 months, passed an inspection under the motor carrier safety act, 1963 PA 181, MCL 480.11 to 480.25, and 49 CFR part 396.

The information obtained under this section is inviolate, except for the purposes of carrying out the provisions of this act. It is the express legislative intent to permit the use of the information by the commission, but to prevent its publication in any manner, except when lawfully presented in open hearings either before the commission or a member of the commission, or before a court of law. Sec. 12. Impounding. In order to prevent continued unlawful operation over the highways, the commission may direct the impounding of any motor vehicle of any motor carrier who fails or refuses to comply with all applicable law, the provisions of this act, and any lawful rule or regulation or order of the commission. 479.13 Enforcement of act, rules and regulations; assistance.

Sec. 13. Enforcement and assistance. The commission may use any and all available legal and equitable remedies of a civil nature to enforce the provisions of this act or any lawful order, rule or regulation made in pursuance thereof. The commission is empowered to employ and appoint from time to time such experts, assistants, inspectors and other help as may be deemed necessary with the aid of the enforcing agencies of this state, to enable it at all times properly to administer and enforce this act. The inspectors so appointed by the commission shall have all the powers conferred upon peace officers by the general laws of this state. A record shall be kept by the commission showing the daily activities, violations found, and arrests made as to each inspector. No employee of the commission shall ask or receive any fee from any person for the taking of acknowledgements or any other service. It shall be the duty of the law enforcement department or agency of every division, branch or commission of the state government, and of every county and municipality within the state, to see that the provisions of this act, and the orders, rules and regulations of the commission thereunder are enforced; and every peace officer shall arrest, on sight or upon warrant, any person found violating or having violated, any provision of this act, or any order, rule or regulation of the commission; and it shall be the duty of the attorney general of the state and of the prosecuting attorneys of the counties of the state to prosecute all violations of this act, or any order, rule or regulation of the commission thereunder.

History: 1933, Act 254, Eff. Oct. 17, 1933;—CL 1948, 479.13.

Constitutionality: Provision of this section giving inspectors appointed by the commission “all the powers conferred upon peace officers by the general laws of this state” exceeds the permitted scope of the title under which it appears and constitutes an object in addition to the singular object of the act, in violation of Const 1963, art IV, § 24. People v Carey, 382 Mich 285; 170 NW2d 145 (1969).

479.14 Complaints and investigations; notice; commission determination and order; making certain changes to conform to order; investigation, inquiry, or hearing; findings of fact and conclusions of law.

Sec. 14. (1) Upon complaint in writing by any person, firm, corporation, association, mercantile, agricultural or manufacturing society, or by any body politic, municipal organization, or motor carrier, that any of a motor carrier of household goods' rates, fares, charges, or classifications, or any joint rate or rates of any motor carrier of household goods are unreasonable or unjustly discriminatory or otherwise in violation of this act, or that any practice affecting the transportation of property by a motor carrier or any service in connection with the transportation of property is unreasonable or unjustly discriminatory, or that any service of a motor carrier of household goods is inadequate, or that this act or any order, rule, or practice established by the commission applicable to a motor carrier of household goods, or charges filed with the commission by a motor carrier of household goods, has been violated or deviated from, or is being violated or deviated from by a motor carrier; or upon a complaint against a motor carrier of household goods that this act or any order, rule, or practice established by the commission applicable to the motor carrier of household goods has been violated or deviated from, or is being violated or deviated from, the commission shall notify the parties complained of that a complaint has been made, and shall furnish a copy of the complaint with the notice, and 20 days after the notice has been given, the commission may proceed to investigate the complaint as provided in this section. Only the commission, on its motion, may bring a complaint against a motor carrier of household goods for predatory rates, practices, or rules under section 6(1) of article III. Before investigating a complaint, the commission shall give the motor carrier and the complainants at least 10 days' notice of the time and place when and where the matters will be considered and determined, and the parties are entitled to be heard and shall have process to enforce the attendance of witnesses. If, upon investigation of a motor carrier of household goods, any matters complained of are found to be in violation of this act, the commission shall determine and by order fix the practice, service, or charges and shall order a substitute practice, service, or charge that conform to this act and the rules of the commission applicable to the motor carrier of household goods. The order shall further direct the parties complained of to cease and desist from the violation and conform to the terms of the order. The commission shall deliver a certified copy of the order to the affected parties. The order shall of its own force take effect and become operative 20 days after service. All motor carriers of household goods to which the order applies shall, on or before the date the order becomes

effective, make changes in schedules on file as necessary and make changes in their practices, services, or minimum rates as necessary to conform to the order. Certified copies of all other orders of the commission shall be delivered to the parties affected in like manner and, unless otherwise prescribed in this act, shall take effect at the time the commission prescribes.

(2) If the commission believes that this act or any rule or order of the commission made under this act has been or is being violated, or that any charges have been made or collected or service performed in violation of this act or any rule or order of the commission made under this act, and that an investigation relating to the violation should be made, the commission may on its own motion or on the application of anyone investigate the suspected violation. Before making the investigation, the commission shall present to the parties alleged to be guilty of the violations a written statement setting forth the matters to be investigated. After the commission has presented the written statement described in this subsection, on 10 days' notice to the parties of the time and place of the investigation, the commission may investigate the matters complained of and enter orders as provided for an investigation upon complaint under subsection (1). An investigation, inquiry, or hearing that the commission has power to undertake or to hold may be undertaken or held by or before any commissioner or any employee of the commission when directed by the commission or its chairperson. The commissioner or employee shall submit findings of fact and conclusions of law to the commission. If the findings of fact and conclusions of law are approved and confirmed by the commission and ordered filed in its office, they shall be the decision and the order of the commission. All investigations, inquiries, or hearings of a commissioner or an employee are considered as the investigation, inquiry, and hearing of the commission.
