

MICHIGAN VEHICLE CODE (EXCERPT)
Act 300 of 1949

257.803h Tab for persons with disabilities; "disabled person" defined.

Sec. 803h. (1) The secretary of state may issue a tab for persons with disabilities to a disabled person who is issued or has been issued a Michigan motor vehicle registration plate other than a section 803d registration plate for persons with disabilities. The tab for persons with disabilities shall be an adhesive tab displaying the international wheelchair symbol or a reasonable facsimile of that symbol. The use of a tab for persons with disabilities on a registration plate other than the plate for which the tab was issued or by a person who does not qualify as a disabled person is a misdemeanor.

(2) A tab for persons with disabilities shall not be used on a registration plate attached to a motor vehicle owned and operated by this state; a state institution; a municipality; a governmental unit; a nonprofit organization; the civil air patrol; or a nonprofit, nonpublic college or university; or on a commercial motor vehicle. A tab for persons with disabilities shall not be placed on a registration plate used for intransit-repair or repossession of a motor vehicle.

(3) As used in this section, "disabled person" means a person who is determined by a physician, a physician assistant, a physical therapist, or an optometrist as specifically provided in this section licensed to practice in this state to have 1 or more of the following physical characteristics:

(a) Blindness as determined by an optometrist, a physician, or a physician assistant.

(b) Inability to walk more than 200 feet without having to stop and rest.

(c) Inability to do both of the following:

(i) Use 1 or both legs or feet.

(ii) Walk without the use of a wheelchair, walker, crutch, brace, prosthetic, or other device, or without the assistance of another person.

(d) A lung disease from which the person's forced expiratory volume for 1 second, when measured by spirometry, is less than 1 liter, or from which the person's arterial oxygen tension is less than 60 mm/hg of room air at rest.

(e) A cardiovascular condition that causes the person to measure between 3 and 4 on the New York heart classification scale, or that renders the person incapable of meeting a minimum standard for cardiovascular health that is established by the American heart association and approved by the department of public health.

(f) An arthritic, neurological, or orthopedic condition that severely limits the person's ability to walk.

(g) The persistent reliance upon an oxygen source other than ordinary air.
