If the report from the mental health professional states that the prisoner may be developmentally disabled, the officer shall ensure that the prisoner is examined by a psychologist as soon as administratively possible. Unless the prisoner can be examined within the facility where he or she is housed, the prisoner shall be transferred to an appropriate facility for examination.

Upon the prisoner's consent to the individual plan of services, the corrections mental health program shall admit the prisoner to the program.

(b) Except as otherwise provided in subdivision (c), a prisoner who is voluntarily transferred under this section shall not be admitted to the corrections mental health program for more than 3 days, excluding Sundays and legal holidays, after the prisoner gives written notice of his or her intention to terminate the admission and return to the general population of the state correctional facility. The hearing shall be recorded, but need not be transcribed unless requested by a party. A party who requests transcription shall pay for the transcription of the portion requested.

(6) After a hearing under this section, the hearing committee shall decide by a majority vote that includes an affirmative vote by the psychiatrist whether the prisoner is mentally ill or developmentally disabled and whether the proposed mental health services are suitable to the prisoner's condition. If the hearing committee finds that the prisoner is mentally ill or developmentally disabled but that the proposed services are not suitable to the prisoner's condition, the hearing committee shall order services available within the corrections mental health program that are suitable to the prisoner's condition.

(7) Upon reaching a decision, the hearing committee shall prepare a report and order expressing the findings of the hearing committee and the basis for those findings. Each member shall indicate his or her agreement or disagreement with the hearing committee findings. The court shall forward to the center a full report, in the form of a settled record, of the facts concerning the crime which the patient was found to have committed but of which he was acquitted by reason of insanity. The center shall thoroughly examine and evaluate the present mental condition of the person in order to reach an opinion on whether the person meets the criteria of a person requiring treatment or for judicial admission set forth in section 401 or 515.

(2) Within the 60-day period the center shall file a report with the court, prosecuting attorney, and defense counsel. The report shall contain a summary of the crime which the patient committed but of which he was acquitted by reason of insanity and an opinion as to whether the person meets the criteria of a person requiring treatment or for judicial admission as defined by section 401 or 515, and the facts upon which the opinion is based. If the opinion stated is that the person is a person requiring treatment, the report shall be accompanied by certificates from 2 physicians, at least 1 of whom shall be a psychiatrist, which conform to the requirements of section 400(j).

Any certificates that accompanied the report of the center may be filed with the petition, and shall be sufficient to cause a hearing to be held pursuant to section 451 even if they were not executed within 72 hours of the filing of the petition. The report from the court containing the facts concerning the crime for which he was acquitted by reason of insanity shall be admissible in the hearings.

(4) If the report states the opinion that the person meets the criteria of a person requiring treatment or for judicial admission, and if a petition is to be filed pursuant to subsection (3), the center may retain the person pending a hearing on the petition. If a petition is not to be filed, the prosecutor shall notify the center in writing. The center, upon receipt of the notification, shall cause the person to be discharged.

(b) If the offense is a serious misdemeanor, the court may dismiss the matter or suspend the proceedings against the juvenile.

(c) If the offense is a felony, the proceedings against the juvenile shall be further suspended.

(2) If proceedings are suspended because the juvenile is incompetent to proceed but the court finds that the juvenile may be restored to competency in the foreseeable future, all of the following apply:

(a) Before issuing a restoration order, the court shall hold a hearing to determine the least restrictive environment for completion of the restoration.

(b) The court may issue a restoration order that is valid for 60 days from the date of the initial finding of incompetency or until 1 of the following occurs, whichever occurs first:

(i) The qualified forensic mental health examiner, based on information provided by the qualified restoration provider, submits a report that the juvenile has regained competency or that there is no substantial probability that the juvenile will regain competency within the period of the order.

(ii) The charges are dismissed.

(iii) The juvenile reaches 18 years of age.

(c) Following issuance of the restoration order, the qualified restoration provider shall submit a report to the court and the qualified forensic mental health examiner that includes the information required under

section 1066. The report shall be submitted to the court and the qualified forensic mental health examiner every 30 days, or sooner if and at the time either of the following occurs:

(i) The qualified restoration provider determines that the juvenile is no longer incompetent to proceed.

(ii) The qualified restoration provider determines that there is no substantial probability that the juvenile will be competent to proceed within the period of the order.

(3) Not later than 14 days before the expiration of the initial 60-day order, the qualified restoration provider may recommend to the court and the qualified forensic mental health examiner that the restoration order be renewed by the court for another 60 days, if there is a substantial probability that the juvenile will not be incompetent to proceed within the period of that renewed restoration order. The restoration order and any renewed restoration order shall not exceed a total of 120 days.

(4) Except as otherwise provided in this section, upon receipt of a report that there is a substantial probability that the juvenile will remain incompetent to proceed for the foreseeable future or within the period of the restoration order, the court shall do both of the following:

(a) Determine custody of the juvenile as follows:

(i) The court may direct that civil commitment proceedings be initiated, as allowed under section 498d.

(ii) If the court determines that commitment proceedings are inappropriate, the juvenile shall be released to the juvenile's parent, legal guardian, or legal custodian under conditions considered appropriate to the court.

(b) Dismiss the charges against the juvenile.

(5) Upon receipt of a report from a qualified forensic mental health examiner that there is a substantial probability that the juvenile is unable to be restored due to serious emotional disturbance, the court may in its discretion, except as provided under the youth rehabilitation services act, 1974 PA 150, MCL 803.301 to 803.309, order that mental health services be provided to the juvenile by the department, subject to the availability of inpatient care, a community mental health services program, the department of human services, a county department of human services, or another appropriate mental health services provider for a period not to exceed 60 days. The court shall retain jurisdiction over the juvenile throughout the duration of the order. The entity ordered to provide services under this subsection shall continue to provide services for the duration of the period of treatment ordered by the court.

(6) Not later than 14 days before the expiration of an order for treatment under this subsection or subsection (5), the entity providing mental health services under that order shall submit a report to the court and the qualified forensic mental health examiner regarding the juvenile. Upon receipt of the report, the court shall review the report and do either of the following:

(a) Renew the order for another period of treatment not to exceed 60 days. The order for treatment and any renewed order shall not exceed a total of 120 days.

(b) Determine custody of the juvenile and dismiss the charges against the juvenile.
