

**FIRE PREVENTION CODE (EXCERPT)**  
**Act 207 of 1941**

**29.32 Suspension of certification; hearing; affirming, reversing, or modifying decision to suspend certification; revocation of certification; recertification; accepting plans and specifications for approval.**

Sec. 32. (1) The certification of a firm under section 26 may be suspended by the bureau pending a hearing by the board as specified in section 3c, if the firm documents the installation or modification of a fire alarm system or fire suppression system and the system does not comply with applicable state law or if the firm installs, tests, services, inspects, or maintains a fire alarm system or a fire suppression system in a manner not in compliance with applicable state law. After the hearing, the board may affirm, reverse, or modify the decision of the bureau to suspend a firm's certification or may revoke the firm's certification. A firm whose certification is revoked under this section may be recertified only after an additional hearing before the board.

(2) The bureau shall not accept for approval under section 29(1) plans or specifications submitted by an architect or professional engineer who has failed to provide corrected plans and specifications before the installation of a fire alarm system or fire suppression system for which previous plans and specifications have been disapproved. The bureau may accept for approval under section 29(1) plans and specifications submitted by that architect or engineer only after a hearing before the board.
