

NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION ACT (EXCERPT)
Act 451 of 1994

324.11558 Large class 1 composting facilities; owner or operator responsibilities; separation of class 2 compostable materials.

Sec. 11558. (1) The owner or operator of a large class 1 composting facility shall submit to the department the following items:

- (a) A site map.
- (b) An operations plan.
- (c) An odor management plan.
- (d) A training plan.
- (e) A fire prevention plan.
- (f) A facility closure plan.

(2) The owner or operator of a large class 1 composting facility shall ensure that all of the following requirements are met:

- (a) Finished compost is tested in compliance with section 11564.
 - (b) The compostable material is not stored in a manner constituting speculative accumulation. The owner or operator of the large composting facility shall maintain and make available to the department records to demonstrate compliance with this requirement.
 - (c) Composting does not result in standing water or attract or harbor rodents or other vectors.
 - (d) Unless approved by the department, the composting operations do not result in more than the following volume on any acre:
 - (i) 5,000 cubic yards of compostable material, finished compost, compost additives, or screening rejects or any combination thereof.
 - (ii) 10,000 cubic yards of compostable material if the site is using forced air static pile composting.
 - (e) The composting facility complies with wellhead protection programs.
- (3) Class 2 compostable material shall be separated out from other solid waste and maintained separately until used to produce compost, unless otherwise authorized by the department.
