

NATURAL RESOURCES AND ENVIRONMENTAL PROTECTION ACT (EXCERPT)
Act 451 of 1994

324.52503 Forestry development, conservation, and recreation management plan.

Sec. 52503. (1) The department shall adopt a forestry development, conservation, and recreation management plan for state-owned lands owned or controlled by the department. Parks and recreation areas, state game areas, and other wildlife areas on these lands shall be managed according to their primary purpose. Subject to subsection (2)(g), the department may update the plan as the department considers necessary or appropriate. The plan and any plan updates shall be consistent with section 52502 and shall be designed to ensure a stable, long-term, sustainable timber supply from the state forest as a whole.

(2) The plan and any plan updates shall include all of the following:

(a) An identification of the interests of local communities, outdoor recreation interests, the tourism industry, and the forest products industry.

(b) Methods to promote and encourage the use of the state forest for outdoor recreation, tourism, and the forest products industry.

(c) A landscape management plan for the state forest incorporating biodiversity conservation goals, indicators, and measures.

(d) Standards for sustainable forestry consistent with section 52502.

(e) An identification of environmentally sensitive areas.

(f) An identification of the need for forest treatments to maintain and sustain healthy, vigorous forest vegetation and quality habitat for wildlife and environmentally sensitive species.

(g) Yearly harvest objectives for all state forest land by forest region for a 10-year period. At least every 5 years, the department shall review the yearly harvest objectives. At least once every 10 years, the department shall update the yearly harvest objectives for all state forest land for a 10-year period. The department shall post and maintain the current yearly harvest objectives on the department's website. The harvest objectives for each forest region shall not exceed the sustainable yields. In setting harvest objectives, the department may consider physical, biological, environmental, and recreational objectives.

(3) Beginning October 1, 2018 and each year thereafter, the department shall prepare for sale a minimum of 90% of the yearly statewide harvest objective.
