 - (d) Has either 1 of the following, subject to subsection (2):

- (g) Furnishes the department with a completed fingerprint card, bearing the applicant's fingerprints and such other identifying information or certification as to their authenticity as the department may reasonably require and arranges for the conduct of a criminal history check that fails to demonstrate ineligibility under this section. The department shall submit the applicant's fingerprints along with the appropriate state and federal fees to the department of state police for a criminal history check. The department of state police may then forward the fingerprints to the federal bureau of investigation for a criminal history check. The fee shall be paid by the applicant and shall accompany the submission of the fingerprints to the department. The information obtained as a result of the criminal history check of an applicant shall be limited to officially determining the character and fitness of the applicant for licensing purposes.
- (h) Has not previously had an examiner's license, or its equivalent, refused, revoked, suspended or otherwise invalidated for a reason that would also represent lawful grounds for revoking or denying applicant's license under this act.
- (i) Upon reasonable investigation, satisfies the department that no substantial derogatory information exists regarding applicant's loyalty, honesty, or integrity as would reasonably and prudently justify denying him or her a license.
- (j) Has continuously resided in this state or has been continuously eligible to apply for an absentee voter's ballot for the general elections in this state for at least 6 calendar months immediately before the date of the application; or any combination of these 2 requirements that totals at least 6 calendar months.
- (k) Has satisfactorily passed required qualifying examinations conducted by the department, or under its supervision, to determine his or her competency to obtain a license to practice as an examiner, except that the applicant first shall have satisfied all the other requirements in this section before taking such a qualifying examination.
- (2) All applicants shall have received an academic degree, at least at the baccalaureate level, from an accredited college or university, with such academic degree to include specialized study in 1 academic major, or 2 academic minor areas that the department determines to be suitable for and related to specialization as an examiner.
