550.1502 Contracts for reimbursement with professional health care providers; private provider-patient relationship; methods of diagnosis or treatment not to be restricted; refusal to reimburse for overutilized services; list of providers; recommendation of provider as misdemeanor; symbol of participation; health maintenance organization not impeded; contracts subject to MCL 550.1504 to 550.1518; participation of freestanding

surgical outpatient facility; optometry services; status of license or registration; chiropractic service; physical therapist or physical therapist assistant services.

Sec. 502. (1) A health care corporation may enter into participating contracts for reimbursement with professional health care providers practicing legally in this state for health care services or with health practitioners practicing legally in any other jurisdiction for health care services that the professional health care providers or practitioners may legally perform. A participating contract may cover all members or may be a separate and individual contract on a per claim basis, as set forth in the provider class plan, if, in entering into a separate and individual contract on a per claim basis, the participating provider certifies all of the following to the health care corporation:

(a) That the provider will accept payment from the corporation as payment in full for services rendered for the specified claim for the member indicated.

(b) That the provider will accept payment from the corporation as payment in full for all cases involving the procedure specified, for the duration of the calendar year. As used in this subdivision, provider does not include a person licensed as a dentist under part 166 of the public health code, 1978 PA 368, MCL 333.16601 to 333.16648.

(c) That the provider will not determine whether to participate on a claim on the basis of the race, color, creed, marital status, sex, national origin, residence, age, disability, or lawful occupation of the member entitled to health care benefits.

(2) A contract entered into under subsection (1) shall provide that the private provider-patient relationship shall be maintained to the extent provided for by law. A health care corporation shall continue to offer a reimbursement arrangement to any class of providers with which it has contracted before August 27, 1985 and that continues to meet the standards set by the corporation for that class of providers.

(3) A health care corporation shall not restrict the methods of diagnosis or treatment of professional health care providers who treat members. Except as otherwise provided in section 502a, each member of the health care corporation shall at all times have a choice of professional health care providers. This subsection does not apply to limitations in benefits contained in certificates, to the reimbursement provisions of a provider contract or reimbursement arrangement, or to standards set by the corporation for all contracting providers. A health care corporation may refuse to reimburse a health care provider for health care services that are overutilized, including those services rendered, ordered, or prescribed to an extent that is greater than reasonably necessary.

(4) A health care corporation may provide to a member, upon request, a list of providers with whom the corporation contracts, for the purpose of assisting a member in obtaining a type of health care service. However, except as otherwise provided in section 502a, an employee, agent, or officer of the corporation, or an individual on the board of directors of the corporation, shall not make recommendations on behalf of the corporation with respect to the choice of a specific health care provider. Except as otherwise provided in section 502a, an employee, agent, or officer of the corporation, or a person on the board of directors of the corporation who influences or attempts to influence a person in the choice or selection of a specific professional health care provider on behalf of the corporation, is guilty of a misdemeanor.

(5) A health care corporation shall provide a symbol of participation, which can be publicly displayed, to providers who participate on all claims for covered health care services rendered to subscribers.

(6) This section does not impede the lawful operation of, or lawful promotion of, a health maintenance organization owned by a health care corporation.

(7) Contracts entered into under this section with professional health care providers licensed in this state are subject to sections 504 to 518.

(8) A health care corporation shall not deny participation to a freestanding surgical outpatient facility on the basis of ownership if the facility meets the reasonable standards set by the health care corporation for similar facilities, is licensed under part 208 of the public health code, 1978 PA 368, MCL 333.20801 to 333.20821, and complies with part 222 of the public health code, 1978 PA 368, MCL 333.22201 to 333.22260.

(9) Notwithstanding any other provision of this act, if a certificate provides for benefits for services that are within the scope of practice of optometry, a health care corporation is not required to provide benefits or reimburse for a practice of optometry service unless that service was included in the definition of practice of optometry under section 17401 of the public health code, 1978 PA 368, MCL 333.17401, as of May 20, 1992.

(10) Notwithstanding any other provision of this act, a health care corporation is not required to reimburse for services otherwise covered under a certificate if the services were performed by a member of a health care profession, which health care profession was not licensed or registered by this state on or before January 1, 1998 but that becomes a health care profession licensed or registered by this state after January 1, 1998. This

subsection does not change the status of a health care profession that was licensed or registered by this state on or before January 1, 1998.

(11) Notwithstanding any other provision of this act, if a certificate provides for benefits for services that are within the scope of practice of chiropractic, a health care corporation is not required to provide benefits or reimburse for a practice of chiropractic service unless that service was included in the definition of practice of chiropractic under section 16401 of the public health code, 1978 PA 368, MCL 333.16401, as of January 1, 2009.

(12) Notwithstanding any other provision of this act, if a certificate provides for benefits for services that are provided by a licensed physical therapist or physical therapist assistant under the supervision of a licensed physical therapist, a health care corporation is not required to provide benefits or reimburse for services provided by a physical therapist or physical therapist assistant unless that service was provided by a licensed physical therapist or physical therapist assistant under the supervision of a licensed physical therapist pursuant to a prescription from a health care professional who holds a license issued under part 166, 170, 175, or 180 of the public health code, 1978 PA 368, MCL 333.16601 to 333.16648, 333.17001 to 333.17084, 333.17501 to 333.17556, and 333.18001 to 333.18058, or the equivalent license issued by another state.

(2) A health care corporation may offer group contracts under which subscribers shall be required, as a condition of coverage, to obtain services exclusively from health care providers who have entered into prudent purchaser agreements.

(3) An individual who is a member of a group who is offered the option of being a subscriber under a contract under subsection (2) shall also be offered the option of being a subscriber under a contract under subsection (4). This subsection applies only if the group in which the individual is a member has 25 or more members or if the provider panel that is providing the services under the contract is limited by the organization to a specific number under section 3(1) of the prudent purchaser act, 1984 PA 233, MCL 550.53.

(4) A health care corporation may offer group contracts under which subscribers who elect to obtain services from health care providers who have entered into prudent purchaser agreements realize a financial advantage or other advantage by selecting providers who have entered into prudent purchaser agreements. A health care corporation shall not offer a group contract under this subsection that, as a condition of coverage, requires subscribers to obtain services exclusively from health care providers who have entered into prudent purchaser agreements.

(5) Subject to subsection (6), an individual who is a member of a group who is offered the option of being a subscriber under a contract under subsection (2) or (4) shall also be offered the option of being a subscriber under a contract that does not do any of the following:

(a) As a condition of coverage, require subscribers to obtain services exclusively from health care providers who have entered into prudent purchaser agreements.

(7) A health care corporation may offer individual contracts under which subscribers are required, as a

condition of coverage, to obtain services exclusively from health care providers who have entered into prudent purchaser agreements. A person to whom a contract described in this subsection is offered shall also be offered a contract that does not do any of the following:

(8) A health care corporation may offer individual contracts under which subscribers who elect to obtain services from health care providers who have entered into prudent purchaser agreements realize a financial advantage or other advantage by selecting providers who have entered into prudent purchaser agreements. A health care corporation shall not offer an individual contract under this subsection that, as a condition of coverage, requires subscribers to obtain services exclusively from health care providers who have entered into prudent purchaser agreements. A person to whom a contract described in this subsection is offered shall also be offered a contract that does not do any of the following:

(9) The rates charged by a corporation for coverage under contracts issued under this section shall not be unreasonably lower than what is necessary to meet the expenses of the corporation for providing this coverage and shall not have an anticompetitive effect or result in predatory pricing in relation to prudent purchaser agreement coverages offered by other organizations.

(10) Contracts entered into under this section are not subject to sections 504 to 518.

(11) A health care corporation shall not discriminate against a class of health care providers when entering into prudent purchaser agreements with health care providers for its provider panel. This subsection does not do any of the following:

(a) Prohibit the formation of a provider panel consisting of a single class of providers if a service provided for in the specifications of a purchaser may be legally provided only by a single class of providers.

(b) Prohibit the formation of a provider panel that conforms to the specifications of a purchaser of the coverage authorized by this section if the specifications do not exclude any class of health care providers who may legally perform the services included in the coverage.

(c) Require an organization that has uniformly applied the standards filed under section 3(3) of the prudent purchaser act, 1984 PA 233, MCL 550.53, to contract with any individual provider.

(12) Nothing in 1984 PA 230 applies to any contract that was in existence before December 20, 1984, or the renewal of that contract.

(13) Notwithstanding any other provision of this act, if coverage under a prudent purchaser agreement provides for benefits for services that are within the scope of practice of optometry, a health care corporation is not required to provide benefits or reimburse for a practice of optometry service unless that service was included in the definition of practice of optometry under section 17401 of the public health code, 1978 PA 368, MCL 333.17401, as of May 20, 1992.

(14) Notwithstanding any other provision of this act, a health care corporation offering coverage under a prudent purchaser agreement is not required to reimburse for services otherwise covered if the services were performed by a member of a health care profession, which health care profession was not licensed or registered by this state on or before January 1, 1998 but that becomes a health care profession licensed or registered by this state after January 1, 1998. The initial provider class plan for each class, which shall include provider contracts and reimbursement arrangements under which the corporation and a provider class are operating on the effective date of this act, shall be transmitted to the commissioner within 45 days after the effective date of this act, except where a provider class plan reimburses on a prospective basis, in which case the plan shall be transmitted within 1 year and 45 days after the effective date of this act.

(2) Upon receipt of a provider class plan, the commissioner shall examine the plan and shall determine only if the plan contains a reimbursement arrangement and objectives for each goal provided in section 504, and, for those providers with which a health care corporation contracts, provisions that are included in that contract. For purposes of making the determination required by this subsection only, the commissioner shall liberally construe the items contained in a provider class plan.

Sec. 509. (1) The commissioner may determine if the health care corporation has substantially achieved the goals of a corporation as provided in section 504 and achieved the objectives contained in the provider class plan, at the following times:

(a) For a provider contract or a reimbursement arrangement that was in effect prior to the effective date of this act, upon the expiration of 2 years after the filing date under section 506.

(b) For a provider class plan retained by the commissioner as provided in section 506(4), upon the expiration of 2 years after the earliest effective date of the provider contract or a reimbursement arrangement for the appropriate provider class.

(c) For a class plan retained by the commissioner as provided in section 506(4) that has not been subject to a determination under this section within the time period provided in subsection (2), within 2 years after the expiration of that time period.

(2) Before making a determination under subsection (1), and not later than 30 days following expiration of the appropriate 2-year time period described in subsection (1)(a), (b), or (c), the commissioner shall give written notice to the health care corporation, and to each person who has requested a copy of such notice, that he or she intends to make a determination with respect to a particular provider class plan. The commissioner shall have 6 months to reach a determination under subsection (1).

(3) A modification made pursuant to section 508(1) shall not be taken into consideration for purposes of computing the time periods described in subsections (1) and (2).

(4) The commissioner shall consider all of the following in making a determination pursuant to subsection (1):

(a) Annual reports transmitted pursuant to section 517.

(b) The overall balance of the goals provided in section 504, achieved by the health care corporation under the plan. The commissioner shall give weight to each of the goals provided in section 504, shall not focus on 1 goal independently of the other goals of the corporation, and shall assure that no portion of the corporation's fair share of reasonable costs to the provider are borne by other health care purchasers.

(c) Information submitted or obtained for the record concerning: demographic trends; epidemiological trends; and long-term economic trends, including changes in prices of goods and services purchased by a provider class not already reflected in the calculation in section 504(2)(d); sudden changes in circumstances; administrative agency or judicial actions; changes in health care practices and technology; and changes in benefits that affect the ability of the health care corporation to reasonably achieve the goals provided in section 504.

(d) Health care legislation of this state or of the federal government. As used in this subdivision, "health care legislation" does not include Act No. 218 of the Public Acts of 1956, as amended, being sections 500.100 to 500.8302 of the Michigan Compiled Laws.

(e) Comments received from an individual provider of the appropriate provider group, or from an organization or association that represents the appropriate provider class, and comments received pursuant to section 505(2).

(5) In making a determination pursuant to subsection (1), the commissioner shall provide a detailed statement of findings which support that determination, including a consideration of the information and factors described in subsection (4).

(6) All data, analyses, and factors, quantified or otherwise, at a minimum, shall include the 2-year period being evaluated.

(7) The commissioner shall make a sufficient number of determinations regarding provider class plans under this section, so that during each 3-year period following the effective date of this act, there is a review of provider class plans which, taken together, account for at least 75% of the total corporation payout to providers for the 3-year period.

(8) Determinations by the commissioner shall not be contested case hearings under chapter 4 of the administrative procedures act. This subsection shall not be construed to apply with respect to appeals under section 515.

Sec. 510. (1) After considering the information and factors described in section 509(4), the goals of a health care corporation as provided in section 504, and the objectives contained in the provider class plan, the commissioner shall determine 1 of the following:

(a) That the provider class plan achieves the goals of the corporation as provided in section 504.

(b) That although the provider class plan does not substantially achieve 1 or more of the goals of the corporation, a change in the provider class plan is not required because there has been competent, material, and substantial information obtained or submitted to support a determination that the failure to achieve 1 or more of the goals was reasonable due to factors listed in section 509(4).

(c) That a provider class plan does not substantially achieve 1 or more of the goals of the corporation as provided in section 504.

(2) The commissioner shall notify the health care corporation, and each person who has requested a copy of such notice, of a determination under subsection (1) by certified or registered mail. Determinations made pursuant to subsection (1)(b) or (c) shall include a concise written statement of specific findings supporting that determination.
