208.1403 Allowable total combined credit; limitation; tax credit; payments by professional employer organization; calculation; tax year in which negative credit is calculated; credit claimed under MCL 208.1405; taxpayer engaged in furnishing electric and gas utility service.

Sec. 403. (1) Notwithstanding any other provision in this act, the credits provided in this section shall be taken before any other credit under this act. Except as otherwise provided in subsection (6), for the 2008 tax year, the total combined credit allowed under this section shall not exceed 50% of the tax liability imposed under this act before the imposition and levy of the surcharge under section 281. For the 2009 tax year and each tax year after 2009, the total combined credit allowed under this section shall not exceed 52% of the tax liability imposed under this act before the imposition and levy of the surcharge under section 281.

(2) Subject to the limitation in subsection (1), for the 2008 tax year a taxpayer may claim a credit against the tax imposed by this act equal to 0.296% of the taxpayer's compensation in this state. For the 2009 tax year and each tax year after 2009, subject to the limitation in subsection (1), a taxpayer may claim a credit against the tax imposed by this act equal to 0.370% of the taxpayer's compensation in this state. For purposes of this subsection, a taxpayer includes a person subject to the tax imposed under chapter 2A and a person subject to the tax imposed under chapter 2B. A professional employer organization shall not include payments by the professional employer organization to the officers and employees of a client of the professional employer organization whose employment operations are managed by the professional employer organization. A client may include payments by the professional employer organization to the officers and employees of the client whose employment operations are managed by the professional employer organization.

(3) Subject to the limitation in subsection (1), for the 2008 tax year a taxpayer may claim a credit against the tax imposed by this act equal to 2.32% multiplied by the result of subtracting the sum of the amounts calculated under subdivisions (d), (e), and (f) from the sum of the amounts calculated under subdivisions (a), (b), and (c). Subject to the limitation in subsection (1), for the 2009 tax year and each tax year after 2009, a taxpayer may claim a credit against the tax imposed by this act equal to 2.9% multiplied by the result of subtracting the sum of the amounts calculated under subdivisions (d), (e), and (f) from the sum of the amounts calculated under subdivisions (a), (b), and (c):

(a) Calculate the cost, including fabrication and installation, paid or accrued in the taxable year of tangible

assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes, provided that the assets are physically located in this state for use in a business activity in this state and are not mobile tangible assets.

(b) Calculate the cost, including fabrication and installation, paid or accrued in the taxable year of mobile tangible assets of a type that are, or under the internal revenue code will become, eligible for depreciation, amortization, or accelerated capital cost recovery for federal income tax purposes. This amount shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

(c) For tangible assets, other than mobile tangible assets, purchased or acquired for use outside of this state in a tax year beginning after December 31, 2007 and subsequently transferred into this state and purchased or acquired for use in a business activity, calculate the federal basis used for determining gain or loss as of the date the tangible assets were physically located in this state for use in a business activity plus the cost of fabrication and installation of the tangible assets in this state.

(d) If the cost of tangible assets described in subdivision (a) was paid or accrued in a tax year beginning after December 31, 2007, or before December 31, 2007 to the extent the credit is used and at the rate at which the credit was used under former 1975 PA 228 or to the extent the credit was used, and at the rate at which the credit was used under this act, calculate the gross proceeds or benefit derived from the sale or other disposition of the tangible assets minus the gain, multiplied by the apportionment factor for the taxable year as prescribed in chapter 3, and plus the loss, multiplied by the apportionment factor for the taxable year as prescribed in chapter 3 from the sale or other disposition reflected in federal taxable income.

(e) If the cost of mobile tangible assets described in subdivision (b) was paid or accrued in a tax year beginning after December 31, 2007, or before December 31, 2007 to the extent the credit is used and at the rate at which the credit was used under former 1975 PA 228 or to the extent the credit was used, and at the rate at which the credit was used under this act, calculate the gross proceeds or benefit derived from the sale or other disposition of the mobile tangible assets minus the gain and plus the loss from the sale or other disposition reflected in federal taxable income. This amount shall be multiplied by the apportionment factor for the tax year as prescribed in chapter 3.

(f) For assets purchased or acquired in a tax year beginning after December 31, 2007, or before December 31, 2007 to the extent the credit is used and at the rate at which the credit was used under former 1975 PA 228 or to the extent the credit was used, and at the rate at which the credit was used under this act, that were eligible for a credit under subdivision (a) or (c) and that were transferred out of this state, calculate the federal basis used for determining gain or loss as of the date of the transfer. For purposes of this subdivision, "transferred out of this state" means removal from this state of tangible assets, other than mobile tangible assets, by means other than sale or other disposition.

(4) For a tax year in which the amount of the credit calculated under subsection (3) is negative, the absolute value of that amount is added to the taxpayer's tax liability for the tax year.

(5) A taxpayer that claims a credit under this section is not prohibited from claiming a credit under section 405. However, the taxpayer shall not claim a credit under this section and section 405 based on the same costs and expenses.

(6) For a taxpayer primarily engaged in furnishing electric and gas utility service that makes capital investments in electric and gas distribution assets for which a portion of the credit provided under subsection (3) would be denied for the 2008 tax year by reason of the 50% limitation of subsection (1), the 50% limitation on the total combined credit for the 2008 tax year provided in subsection (1) shall be increased by an amount not to exceed the lesser of the amount of the denied credit or 50% of the tax increase under this act accrued for financial reporting purposes due to the elimination of the deduction under section 168(k) of the internal revenue code by 2008 PA 434. Provided, however, that the total combined credit allowed under this section for the 2008 tax year shall not exceed 80% of the tax liability imposed under this act after the imposition and levy of the surcharge under section 281.

Sec. 434. (1) The Michigan economic growth authority is authorized to enter into agreements to provide tax credits or voucher certificates available under this section to stimulate the domestic commercialization and affordability of high-power energy batteries, the lack of which today is limiting hybrid, plug-in hybrid battery-electric, and fuel cell vehicle applications, and to help insure that job growth from battery technology and commercial production develops alongside advanced vehicle technology development and renewable power generation initiatives both within and outside the transportation sector.

(2) Subject to the limitations provided under this section, for tax years that begin on or after January 1, 2010 and end before January 1, 2015, a taxpayer that has entered into an agreement with the Michigan economic growth authority that provides that the taxpayer will manufacture plug-in traction battery packs in this state may claim a credit against the tax imposed by this act for the manufacture of those plug-in traction battery packs as provided in this section. The Michigan economic growth authority may enter into more than 1 agreement under this section. However, the total number of plug-in traction battery packs eligible for all credits under all agreements allowed under this section shall not exceed the number of plug-in traction battery packs eligible for a credit as provided in this section and at least 1 agreement shall make capital investments of not less than \$200,000,000.00 not later than December 31, 2012. A taxpayer shall not claim a credit under this section for more than 3 years. The total of all credits allowed under this section shall be as follows:

The total number of traction battery packs shall not exceed 20,000 plug-in traction battery pack units under this subdivision, and the total amount of credits allowed under this subdivision shall not exceed \$40,000,000.00.

(b) For tax years beginning after December 31, 2011 and ending before January 1, 2013, \$375.00 for an equivalent of 4 kilowatt hours of battery capacity plus \$93.75 for each kilowatt hour of battery capacity in excess of 4 kilowatt hours of battery capacity not to exceed \$1,500.00 for each plug-in traction battery pack. The total number of traction battery packs shall not exceed 40,000 plug-in traction battery pack units under this subdivision, and the total amount of credits allowed under this subdivision shall not exceed \$43,000,000.00. A single taxpayer shall not claim a credit for more than 25,000 plug-in traction battery pack units under this subdivision. The number of battery pack units not used for credits under subdivision (a) may be added to the total number of battery pack units for which a credit is available under this subdivision, and the credits for those units shall be calculated as described in subdivision (a) and shall be in addition to the maximums allowed for any 1 taxpayer under this subdivision or the total limits allowed under this subdivision.

(c) For tax years beginning after December 31, 2012 and ending before January 1, 2014, \$375.00 for an equivalent of 4 kilowatt hours of battery capacity plus \$93.75 for each kilowatt hour of battery capacity in excess of 4 kilowatt hours not to exceed \$1,500.00 for each plug-in traction battery pack. The total number of traction battery packs shall not exceed 40,000 plug-in traction battery pack units under this subdivision, and the total amount of credits allowed under this subdivision shall not exceed \$43,000,000.00. A single taxpayer shall not claim a credit for more than 25,000 plug-in traction battery pack units under this subdivision.

(d) For tax years beginning after December 31, 2013 and ending before January 1, 2015, \$375.00 for an equivalent of 4 kilowatt hours of battery capacity plus \$93.75 for each kilowatt hour of battery capacity in excess of 4 kilowatt hours not to exceed \$1,500.00 for each plug-in traction battery pack. (3) For tax years that begin on or after January 1, 2012 and subject to the limitations of this subsection, a taxpayer may claim a credit of up to 75% of the qualified expenses for vehicle engineering in this state to support battery integration, prototyping, and launch expenses incurred for tax years that begin on or after January 1, 2009 and end before January 1, 2014. This credit shall not exceed \$15,000,000.00 per year as agreed to and certified by the Michigan economic growth authority. Any expenses for which a credit is claimed under this subsection shall not be included in costs and expenses used for credits available under sections 403 and 405. The Michigan economic growth authority may not authorize more than

\$135,000,000.00 in total credits to all taxpayers under this subsection. To claim the credit under this subsection, a taxpayer must manufacture a cumulative total of at least 1,000 motor vehicles that would qualify for the credit under section 30D of the internal revenue code and the credit shall be available to the taxpayer only for the following percentages of the total authorized annual expenses:

(4) For tax years that begin on or after January 1, 2012 and end before January 1, 2015, a taxpayer that has entered into an agreement with the Michigan economic growth authority that provides that the taxpayer will increase its engineering activities in this state for advanced automotive battery technologies may claim a credit under this subsection. A taxpayer's qualified advanced battery engineering expenses for advanced automotive battery technologies shall exceed those expenses for the taxpayer's 2008 fiscal year to qualify for the credit under this subsection. The Michigan economic growth authority may enter into not more than 1 agreement for advanced battery engineering credits, and the total value of credits available under this subsection is limited to \$30,000,000.00. The credits under this subsection shall be allowed as follows:

(a) Up to 75% of the total dollar amount of the qualified advanced battery engineering expenses of an authorized business incurred during tax years beginning on or after January 1, 2009 and ending before January 1, 2014. The taxpayer must submit to the Michigan economic growth authority an affidavit certifying the amount of qualified advanced battery engineering expenses for each year.

(b) Notwithstanding any other provision of this section, a taxpayer may claim no more than \$10,000,000.00 in credits under this subsection in any tax year.

(c) The credits available under this subsection shall not be allowed if the taxpayer claims credits under subsection (2) for battery pack assembly for the tax year. Notwithstanding this limitation, the credits available under this subsection are in addition to any other incentives which may be authorized under the Michigan economic growth authority act, 1995 PA 24, MCL 207.801 to 207.810, for other related or unrelated projects including the vehicle research and development expenses authorized under subsection (3). Any expenses for which a credit is claimed under this subsection shall not be included in costs and expenses used for credits available under sections 403 and 405.

(5) Except as otherwise provided under section 500(7), a taxpayer that has entered into an agreement with the Michigan economic growth authority may claim a credit equal to 50% of the capital investment expenses for any tax year for the construction of an integrative cell manufacturing facility that includes anode and cathode manufacturing and cell assembly if the taxpayer will create not less than 300 new jobs in this state. Not more than 5 agreements may be entered into under this section, and the maximum allowable credit under each agreement shall not exceed \$25,000,000.00 per year for no more than 4 years. No credit shall be claimed in a tax year beginning before 2012. However, tax credits may be based on expenses incurred in this state in prior years. The Michigan economic growth authority shall not adopt a resolution authorizing an agreement to provide credits under this subsection after March 31, 2010.

(6) Subject to the limitations under this subsection, a taxpayer that has entered into an agreement with the Michigan economic growth authority may claim a credit equal to 25% of the capital investment expenses for any tax year for the construction of a facility that will produce at least 1 or more of the following: batteries, battery components, storage systems, battery thermal and management components or systems, AC or DC power supplies, power electronics, battery formation and test equipment, or energy conversion devices including components related to such products of various sizes and capacities if the taxpayer agrees to create not fewer than 750 new jobs in this state. Not more than 1 agreement may be entered into under this subsection for a total credit of not more than \$50,000,000.00 over 4 years, and the maximum allowable credit under the agreement shall not exceed \$25,000,000.00 per year. No credit shall be claimed in a tax year beginning before 2012. The Michigan economic growth authority shall not adopt a resolution authorizing an

agreement to provide a credit under this subsection after June 30, 2012.

(7) Subject to the limitations under subsection (8), for tax years that begin on or after January 1, 2012 and end before January 1, 2017, a taxpayer that has entered into an agreement with the Michigan economic growth authority that provides that the taxpayer will manufacture advanced lithium ion battery packs in this state may claim a credit against the tax imposed by this act for the manufacture of those advanced lithium ion battery packs as follows:

(a) For a taxpayer that agrees to make capital investments in this state of not less than \$250,000,000.00, to create at least 1,000 new jobs that shall include jobs that are transferred to this state from a foreign country, and to manufacture not less than 225,000 advanced lithium ion battery packs in this state, a total credit of not more than \$26,000,000.00 per tax year for no more than 3 tax years. The Michigan economic growth authority shall not adopt a resolution authorizing an agreement under this subdivision after March 1, 2010.

(b) For a taxpayer that agrees to make capital investments in this state of not less than \$200,000,000.00 and to create at least 300 new jobs, a total credit of not more than \$42,000,000.00 over 4 consecutive tax years unless otherwise provided under subsection (10). Unless the Michigan economic growth authority determines that there are previously issued credits authorized under subsection (6) available or that there are credits available under subsection (7)(a) for additional credits under this subdivision, the Michigan economic growth authority shall not adopt a resolution authorizing an agreement under this subdivision after March 1, 2010.

(8) Any capital investments made, jobs created, or expenses incurred pursuant to an agreement entered for a credit under subsection (7) or (9) shall be in addition to any other capital investments, jobs, or expenses used for any other credit available under this section and shall not be included or used for a credit available under any subsection other than subsection (7) or (9), respectively. A taxpayer that claims a credit under subsection (7)(a) shall not claim an additional credit under subsection (7)(b). For purposes of subsection (7), "new job" means a full-time job created by a taxpayer related to its advanced lithium ion battery activities, including its battery pack assembly facility, a cell manufacturing facility, and a motor vehicle assembly facility at which the battery pack is installed in a motor vehicle, or related battery engineering, that is in excess of the number of active full-time jobs the taxpayer maintained in this state prior to the effective date of the amendatory act that added this subsection as determined by the Michigan economic growth authority.

(9) Subject to the limitations of this subsection, if the Michigan economic growth authority determines that there are previously issued credits authorized under subsection (6) available, then for tax years that begin on or after January 1, 2015 and end before January 1, 2017 a taxpayer may claim a credit of up to 75% of the costs incurred during each tax year that begins on or after January 1, 2013 and ends before January 1, 2016 to implement a sourcing program to utilize battery cells from a business that has entered into an agreement under subsection (5) for the construction of an integrative cell manufacturing facility. Costs eligible for the credit under this subsection shall include payments for battery pack and vehicle engineering and associated design or integration including prototyping, facility, equipment or component retooling, and vehicle regulatory certification and shall include costs such as direct labor, purchases of capital equipment at cost, expensed supplies, intellectual property licensing, services, and financing, as determined and certified by the Michigan economic growth authority. Any costs for which a credit is claimed under this subsection shall not be included in costs and expenses used for credits available under sections 403 and 405. The Michigan economic growth authority may enter into more than 1 agreement under this subsection. The Michigan economic growth authority shall not authorize more than an amount equal to 25% of the previously issued credits available under subsection (6) as determined under subsection (10) in total credits to all taxpayers under this subsection. A single taxpayer shall not claim a credit of more than \$12,500,000.00 per year for no more than 2 years. To claim the credit under this subsection, a taxpayer must manufacture at least 10,000 motor vehicles in each year a credit is claimed at a facility in this state at which some of the costs eligible for a credit under this subsection are or were incurred. An agreement entered into under this subsection shall contain a repayment provision that if the taxpayer relocates its battery pack assembly facility for which credits are taken under subsection (7) outside of this state during the term of the agreement or subsequently substantially fails to meet the requirements of the agreement, as determined by the Michigan economic growth authority, the taxpayer shall have its credit reduced or terminated or have a percentage of the amount previously claimed under this subsection added back to the tax liability of the taxpayer in the year that the taxpayer fails to comply with the agreement.

(10) If the Michigan economic growth authority determines that there are previously issued credits authorized under subsection (6) available, an amount equal to 25% of those previously issued credits may be used by the authority to enter into agreements for which a credit may be claimed under subsection (9) and an amount equal to 25% of those previously issued credits may be used by the authority to enter into additional agreements for which a credit may be claimed under subsection (7)(b). If the Michigan economic growth authority approves a total of less than \$78,000,000.00 in credits under subsection (7)(a), the Michigan

economic growth authority may use the difference between \$78,000,000.00 and the total amount of credits approved under subsection (7)(a) to approve additional credits under subsection (7)(b). As used in this subsection and subsections (7) and (9), "previously issued credits" means the total amount of credits authorized by the authority for a taxpayer under subsection (6) that meets all of the following:

(a) The taxpayer did not use any or a portion of the credits authorized under the written agreement under subsection (6).

(b) The authority determined at a meeting upon a vote of the majority of the members present that the credits previously authorized satisfy subdivision (a).

(11) The Michigan economic growth authority shall appoint a review board to advise it about decisions concerning credits under subsection (5). The review board shall be composed of not fewer than 2 independent scientists. Additional experts may be sought on an ad hoc basis to review business plans and addressable markets. In making its recommendations, the review board shall give preference to technologies presenting novel materials, manufacturing, and performance qualities. The review board shall also consider all of the following:

(a) Business activities related to advanced battery technology occurring exclusively in Michigan.

(b) Activities directly related to whole cell production, from materials to large format cells, in Michigan.

(c) Scalability of manufacturing processes that are established, are robust, and address strategic global automotive market requirements.

(12) Credits under this section shall be taken after nonrefundable credits available under this act. If a credit or the sum of credits allowed under this section exceeds the tax liability of the taxpayer for the tax year, the taxpayer may elect to have that portion that exceeds the tax liability of the taxpayer refunded or to have the excess carried forward to offset tax liability in subsequent tax years for 10 years or until used up, whichever occurs first. Amounts carried forward shall not affect the maximum amount of credits that may be claimed in subsequent years.

(v) The minimum number of new jobs to be created in this state each year to qualify for the credit under subsection (6).

(vi) A repayment provision that if the taxpayer subsequently substantially fails to meet certain requirements of the agreement, as determined by the Michigan economic growth authority, the taxpayer may have its credit reduced or terminated or have a percentage of the amount previously claimed under subsection (6) added back to the tax liability of the taxpayer in the year that the taxpayer fails to comply with the agreement.

(vii) A provision that, if the taxpayer fails to create 750 new jobs, the taxpayer shall have its credit reduced by \$65,000.00 for each job less than 750 that was not created and, if the taxpayer fails to create at least 500 new jobs, a provision regarding an additional clawback of any credit or benefit received pursuant to the agreement.

(f) If a taxpayer claims a credit under subsection (7), all of the following:

***** 208.1435 THIS SECTION IS REPEALED BY ACT 90 OF 2019 EFFECTIVE FOR TAX YEARS THAT BEGIN AFTER DECEMBER 31, 2031 *****

208.1435 Rehabilitation of historic resource; tax credit; definitions.

Sec. 435. (1) A qualified taxpayer with a rehabilitation plan certified after December 31, 2007 or a qualified taxpayer that has a rehabilitation plan certified before January 1, 2008 under section 39c of former 1975 PA 228 for the rehabilitation of an historic resource for which a certification of completed rehabilitation has been issued after the end of the taxpayer's last tax year may credit against the tax imposed by this act the amount determined pursuant to subsection (2) for the qualified expenditures for the rehabilitation of an historic resource pursuant to the rehabilitation plan in the year in which the certification of completed rehabilitation of the historic resource is issued. Only those expenditures that are paid or incurred during the time periods prescribed for the credit under section 47(a)(2) of the internal revenue code and any related treasury regulations shall be considered qualified expenditures.

(2) The credit allowed under this subsection shall be 25% of the qualified expenditures that are eligible, or would have been eligible except that the taxpayer entered into an agreement under subsection (13), for the credit under section 47(a)(2) of the internal revenue code if the taxpayer is eligible for the credit under section 47(a)(2) of the internal revenue code or, if the taxpayer is not eligible for the credit under section 47(a)(2) of the internal revenue code, 25% of the qualified expenditures that would qualify under section 47(a)(2) of the internal revenue code except that the expenditures are made to an historic resource that is not eligible for the credit under section 47(a)(2) of the internal revenue code, subject to both of the following:

(a) A taxpayer with qualified expenditures that are eligible for the credit under section 47(a)(2) of the internal revenue code may not claim a credit under this section for those qualified expenditures unless the taxpayer has claimed and received a credit for those qualified expenditures under section 47(a)(2) of the internal revenue code or the taxpayer has entered into an agreement under subsection (13).

(b) A credit under this subsection shall be reduced by the amount of a credit received by the taxpayer for the same qualified expenditures under section 47(a)(2) of the internal revenue code.

(3) To be eligible for the credit under subsection (2), the taxpayer shall apply to and receive from the Michigan state housing development authority that the historic significance, the rehabilitation plan, and the completed rehabilitation of the historic resource meet the criteria under subsection (6) and either of the following:

(a) All of the following criteria:

(i) The historic resource contributes to the significance of the historic district in which it is located.

(ii) Both the rehabilitation plan and completed rehabilitation of the historic resource meet the federal secretary of the interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, 36 CFR part 67.

(iii) All rehabilitation work has been done to or within the walls, boundaries, or structures of the historic resource or to historic resources located within the property boundaries of the property.

(b) The taxpayer has received certification from the national park service that the historic resource's significance, the rehabilitation plan, and the completed rehabilitation qualify for the credit allowed under section 47(a)(2) of the internal revenue code.

(4) If a qualified taxpayer is eligible for the credit allowed under section 47(a)(2) of the internal revenue code, the qualified taxpayer shall file for certification with the authority to qualify for the credit allowed under section 47(a)(2) of the internal revenue code. If the qualified taxpayer has previously filed for certification with the authority to qualify for the credit allowed under section 47(a)(2) of the internal revenue code, additional filing for the credit allowed under this section is not required.

(5) The authority may inspect an historic resource at any time during the rehabilitation process and may revoke certification of completed rehabilitation if the rehabilitation was not undertaken as represented in the rehabilitation plan or if unapproved alterations to the completed rehabilitation are made during the 5 years after the tax year in which the credit was claimed. The authority shall promptly notify the department of a revocation.

(6) Qualified expenditures for the rehabilitation of an historic resource may be used to calculate the credit under this section if the historic resource meets 1 of the criteria listed in subdivision (a) and 1 of the criteria listed in subdivision (b):

(a) The resource is 1 of the following during the tax year in which a credit under this section is claimed for those qualified expenditures:

(i) Individually listed on the national register of historic places or state register of historic sites.

(ii) A contributing resource located within an historic district listed on the national register of historic places or the state register of historic sites.

(iii) A contributing resource located within an historic district designated by a local unit pursuant to an ordinance adopted under the local historic districts act, 1970 PA 169, MCL 399.201 to 399.215.

(b) The resource meets 1 of the following criteria during the tax year in which a credit under this section is claimed for those qualified expenditures:

(i) The historic resource is located in a designated historic district in a local unit of government with an existing ordinance under the local historic districts act, 1970 PA 169, MCL 399.201 to 399.215.

(ii) The historic resource is located in an incorporated local unit of government that does not have an ordinance under the local historic districts act, 1970 PA 169, MCL 399.201 to 399.215, and has a population of less than 5,000.

(iii) The historic resource is located in an unincorporated local unit of government.

(iv) The historic resource is located in an incorporated local unit of government that does not have an ordinance under the local historic districts act, 1970 PA 169, MCL 399.201 to 399.215, and is located within the boundaries of an association that has been chartered under 1889 PA 39, MCL 455.51 to 455.72.

(v) The historic resource is subject to a historic preservation easement.

(7) For projects for which a certificate of completed rehabilitation is issued for a tax year beginning before January 1, 2009, if a qualified taxpayer is a partnership, limited liability company, or subchapter S corporation, the qualified taxpayer may assign all or any portion of a credit allowed under this section to its partners, members, or shareholders, based on the partner's, member's, or shareholder's proportionate share of ownership or based on an alternative method approved by the department. A credit assignment under this subsection is irrevocable and shall be made in the tax year in which a certificate of completed rehabilitation is issued. A qualified taxpayer may claim a portion of a credit and assign the remaining credit amount. A partner, member, or shareholder that is an assignee shall not subsequently assign a credit or any portion of a credit assigned to the partner, member, or shareholder under this subsection. A credit amount assigned under this subsection may be claimed against the partner's, member's, or shareholder's tax liability under this act or under the income tax act of 1967, 1967 PA 281, MCL 206.1 to 206.532. A credit assignment under this subsection shall be made on a form prescribed by the department. The qualified taxpayer and assignees shall

attach a copy of the completed assignment form to the department in the tax year in which the assignment is made and attach a copy of the completed assignment form to the annual return required to be filed under this act for that tax year.

(8) For projects for which a certificate of completed rehabilitation is issued for a tax year beginning after December 31, 2008, a qualified taxpayer may assign all or any portion of the credit allowed under this section. A credit assignment under this subsection is irrevocable and shall be made in the tax year in which a certificate of completed rehabilitation is issued. A qualified taxpayer may claim a portion of a credit and assign the remaining amount. If the qualified taxpayer both claims and assigns portions of the credit, the qualified taxpayer shall claim the portion it claims in the tax year in which a certificate of completed rehabilitation is issued pursuant to this section. An assignee may subsequently assign the credit or any portion of the credit assigned under this subsection to 1 or more assignees. An assignment or subsequent reassignment of a credit can be made in the year the certificate of completed rehabilitation is issued. A credit assignment or subsequent reassignment under this section shall be made on a form prescribed by the department. The department or its designee shall review and issue a completed assignment or reassignment certificate to the assignee or reassignee. A credit amount assigned under this subsection may be claimed against the assignees' tax under this act or under the income tax act of 1967, 1967 PA 281, MCL 206.1 to 206.532. An assignee or subsequent reassignee shall attach a copy of the completed assignment certificate to the annual return required to be filed under this act or under the income tax act of 1967, 1967 PA 281, MCL 206.1 to 206.532, for the tax year in which the assignment or reassignment is made and the assignee or reassignee first claims the credit, which shall be the same tax year.

(9) If the credit allowed under this section for the tax year and any unused carryforward of the credit allowed by this section exceed the taxpayer's tax liability for the tax year, that portion that exceeds the tax liability for the tax year shall not be refunded but may be carried forward to offset tax liability in subsequent tax years for 10 years or until used up, whichever occurs first. If a qualified taxpayer has an unused carryforward of a credit under this section, the amount otherwise added under subsection (10), (11), or (12) to the qualified taxpayer's tax liability may instead be used to reduce the qualified taxpayer's carryforward under this section. An unused carryforward of a credit under section 39c of former 1975 PA 228 that was unused at the end of the last tax year for which former 1975 PA 228 was in effect may be claimed against the tax imposed under this act for the years the carryforward would have been available under section 39c of former 1975 PA 228. For projects for which a certificate of completed rehabilitation is issued for a tax year beginning after December 31, 2008 and for which the credit amount allowed is less than \$250,000.00, a qualified taxpayer may elect to forgo the carryover period and receive a refund of the amount of the credit that exceeds the qualified taxpayer's tax liability. The amount of the refund shall be equal to 90% of the amount of the credit that exceeds the qualified taxpayer's tax liability. An election under this subsection shall be made in the year that a certificate of completed rehabilitation is issued and shall be irrevocable.

(10) For tax years beginning before January 1, 2009, if the taxpayer sells an historic resource for which a credit was claimed under this section or under section 39c of former 1975 PA 228 less than 5 years after the year in which the credit was claimed, the following percentage of the credit amount previously claimed relative to that historic resource shall be added back to the tax liability of the taxpayer in the year of the sale:

- (a) If the sale is less than 1 year after the year in which the credit was claimed, 100%.
- (b) If the sale is at least 1 year but less than 2 years after the year in which the credit was claimed, 80%.
- (c) If the sale is at least 2 years but less than 3 years after the year in which the credit was claimed, 60%.
- (d) If the sale is at least 3 years but less than 4 years after the year in which the credit was claimed, 40%.
- (e) If the sale is at least 4 years but less than 5 years after the year in which the credit was claimed, 20%.
- (f) If the sale is 5 years or more after the year in which the credit was claimed, an addback to the taxpayer's tax liability shall not be made.

(11) For tax years beginning before January 1, 2009, if a certification of completed rehabilitation is revoked under subsection (5) less than 5 years after the year in which a credit was claimed under this section or under section 39c of former 1975 PA 228, the following percentage of the credit amount previously claimed relative to that historic resource shall be added back to the tax liability of the taxpayer in the year of the revocation:

- (a) If the revocation is less than 1 year after the year in which the credit was claimed, 100%.
- (b) If the revocation is at least 1 year but less than 2 years after the year in which the credit was claimed, 80%.
- (c) If the revocation is at least 2 years but less than 3 years after the year in which the credit was claimed, 60%.
- (d) If the revocation is at least 3 years but less than 4 years after the year in which the credit was claimed, 40%.

(e) If the revocation is at least 4 years but less than 5 years after the year in which the credit was claimed, 20%.

(f) If the revocation is 5 years or more after the year in which the credit was claimed, an addback to the taxpayer's tax liability shall not be made.

(12) Except as otherwise provided under subsection (13), for tax years beginning after December 31, 2008, if a certificate of completed rehabilitation is revoked under subsection (5), a preapproval letter is revoked under subsection (23)(b), or an historic resource is sold or disposed of less than 5 years after the historic resource is placed in service as defined in section 47(b)(1) of the internal revenue code and related treasury regulations or if a certificate of completed rehabilitation issued after December 1, 2008 is revoked under subsection (5) during a tax year beginning after December 31, 2008, a preapproval letter issued after December 1, 2008 is revoked under subsection (23)(b) during a tax year beginning after December 31, 2008, or an historic resource is sold or disposed of less than 5 years after the historic resource is placed in service during a tax year beginning after December 31, 2008, the following percentage of the credit amount previously claimed relative to that historic resource shall be added back to the tax liability of the qualified taxpayer that received the certificate of completed rehabilitation and not the assignee in the year of the revocation:

(a) If the revocation is less than 1 year after the historic resource is placed in service, 100%.

(b) If the revocation is at least 1 year but less than 2 years after the historic resource is placed in service, 80%.

(c) If the revocation is at least 2 years but less than 3 years after the historic resource is placed in service, 60%.

(d) If the revocation is at least 3 years but less than 4 years after the historic resource is placed in service, 40%.

(e) If the revocation is at least 4 years but less than 5 years after the historic resource is placed in service, 20%.

(f) If the revocation is at least 5 years or more after the historic resource is placed in service, an addback to the qualified taxpayer tax liability shall not be required.

(13) Subsection (12) shall not apply if the qualified taxpayer enters into a written agreement with the authority that will allow for the transfer or sale of the historic resource and provides the following:

(a) Reasonable assurance that subsequent to the transfer the property will remain a historic resource during the 5-year period after the historic resource is placed in service.

(b) A method that the department can recover an amount from the taxpayer equal to the appropriate percentage of credit added back as described under subsection (12).

(c) An encumbrance on the title to the historic resource being sold or transferred, stating that the property must remain a historic resource throughout the 5-year period after the historic resource is placed in service.

(d) A provision for the payment by the taxpayer of all legal and professional fees associated with the drafting, review, and recording of the written agreement required under this subsection.

(14) The authority may impose a fee to cover the administrative cost of implementing the program under this section.

(15) The qualified taxpayer shall attach all of the following to the qualified taxpayer's annual return required under this act or under the income tax act of 1967, 1967 PA 281, MCL 206.1 to 206.532, if applicable, on which the credit is claimed:

(a) Certification of completed rehabilitation.

(b) Certification of historic significance related to the historic resource and the qualified expenditures used to claim a credit under this section.

(c) A completed assignment form if the qualified taxpayer or assignee has assigned any portion of a credit allowed under this section or if the taxpayer is an assignee of any portion of a credit allowed under this section.

(16) The authority may promulgate rules to implement this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(17) The total of the credits claimed under subsection (2) and section 266 of the income tax act of 1967, 1967 PA 281, MCL 206.266, for a rehabilitation project shall not exceed 25% of the total qualified expenditures eligible for the credit under subsection (2) for that rehabilitation project.

(18) The authority shall report all of the following to the legislature annually for the immediately preceding state fiscal year:

(a) The fee schedule used by the authority and the total amount of fees collected.

(b) A description of each rehabilitation project certified.

(c) The location of each new and ongoing rehabilitation project.

(19) In addition to the credit allowed under subsection (2) and subject to the criteria under this subsection and subsections (21), (22), and (23), for tax years that begin on and after January 1, 2009 a qualified taxpayer that has a preapproval letter issued on or before December 31, 2013 may claim an additional credit that has been approved under this subsection or subsection (20) against the tax imposed by this act equal to a percentage established in the taxpayer's preapproval letter of the qualified taxpayer's qualified expenditures for the rehabilitation of an historic resource or the actual amount of the qualified taxpayer's qualified expenditures incurred during the completion of the rehabilitation of an historic resource, whichever is less. The authority may approve 1 credit under this subsection for a qualified taxpayer that receives a certificate of completed rehabilitation for a credit under subsection (2) on or after January 1, 2009 and before November 15, 2009 notwithstanding that the qualified taxpayer has not received a preapproval letter for a credit under this subsection. The qualified taxpayer must apply for the additional credit under this subsection before January 1, 2010. If the additional credit approved under this subsection for a qualified taxpayer that has not received a preapproval letter on or before December 31, 2009 exceeds the allotted amount available for additional credits approved under this subsection in the calendar year ending December 31, 2009, then \$2,800,000.00 of the allotted amount available in the calendar year ending December 31, 2010 may be allocated to that 1 credit. The total amount of all additional credits approved under this subsection shall not exceed \$8,000,000.00 in calendar year ending December 31, 2009; \$9,000,000.00 in calendar year ending December 31, 2010; \$10,000,000.00 in calendar year ending December 31, 2011; \$11,000,000.00 in calendar year ending December 31, 2012; and \$12,000,000.00 in calendar year ending December 31, 2013 and, except as otherwise provided under this subsection, at least, 25% of the allotted amount for additional credits approved under this subsection during each calendar year shall be allocated to rehabilitation plans that have \$1,000,000.00 or less in qualified expenditures. On October 1 of each calendar year, if the total of all credits approved under subdivision (a) for the calendar year is less than the minimum allotted amount, the authority may use the remainder of that allotted amount to approve applications for additional credits submitted under subdivision (b) for that calendar year. To be eligible for the additional credit under this subsection, the taxpayer shall apply to and receive a preapproval letter and comply with the following:

(a) For a rehabilitation plan that has \$1,000,000.00 or less in qualified expenditures, the taxpayer shall apply to the authority for approval of the additional credit under this subsection. Subject to the limitation provided under this subsection, the authority is authorized to approve an application under this subdivision and determine the percentage of at least 10% but not more than 15% of the taxpayer's qualified expenditures for which he or she may claim an additional credit. If the authority approves the application under this subdivision, then the authority shall issue a preapproval letter to the taxpayer that states that the taxpayer is a qualified taxpayer and the maximum percentage of the qualified expenditures on which a credit may be claimed for the rehabilitation plan when it is complete and a certification of completed rehabilitation is issued.

(b) For a rehabilitation plan that has more than \$1,000,000.00 in qualified expenditures, the taxpayer shall apply to the authority for approval of the additional credit under this subsection. The authority, subject to the approval of the president of the Michigan strategic fund or his or her designee, is authorized to approve an application under this subdivision and determine the percentage of up to 15% of the taxpayer's qualified expenditures for which he or she may claim an additional credit. An application shall be approved or denied not more than 15 business days after the authority has reviewed the application, determined the percentage amount of the credit for that applicant, and submitted the same to the president of the Michigan strategic fund or his or her designee. If the president of the Michigan strategic fund or his or her designee does not approve or deny the application within 15 business days after the application is received from the authority, the application is considered approved and the credit awarded in the amount as determined by the authority. If the president of the Michigan strategic fund or his or her designee approves the application under this subdivision, the director of the authority shall issue a preapproval letter to the taxpayer that states that the taxpayer is a qualified taxpayer and the maximum percentage of the qualified expenditures on which a credit may be claimed for the rehabilitation plan when it is complete and a certification of completed rehabilitation is issued.

(20) Except as otherwise provided under this subsection, the authority, subject to the approval of the president of the Michigan strategic fund and the state treasurer, may approve 3 additional credits during the 2009 calendar year of up to 15% of the qualified taxpayer's qualified expenditures, and 2 additional credits during the 2010, 2011, 2012, and 2013 calendar years of up to 15% of the qualified taxpayer's qualified expenditures, for certain rehabilitation plans that the authority determines is a high community impact rehabilitation plan that will have a significantly greater historic, social, and economic impact than those plans described under subsection (19)(a) and (b). The authority, subject to the approval of the president of the Michigan strategic fund and the state treasurer, may use 1 of the 2 additional credits available during the 2010 calendar year to approve an additional credit during the 2009 calendar year of up to 15% of the qualified

taxpayer's qualified expenditures and 1 of the 2 additional credits available during the 2011 calendar year to approve an additional credit during the 2010 calendar year of up to 15% of the qualified taxpayer's qualified expenditures. Subject to the limitations provided under subsection (21), for the 2011, 2012, and 2013 calendar years, of the additional credits available under this subsection the authority may use 1 of those credits to approve a combined rehabilitation plan that the authority determines would allow for the rehabilitation of several multiple historic resources within the same geographic district and would have a greater impact on the community than the approval of a plan for the rehabilitation of a single larger historic resource. To be eligible for the additional credit under this subsection, the taxpayer shall apply to and receive a preapproval letter from the authority. The authority, subject to the approval of the president of the Michigan strategic fund and the state treasurer, may combine applications that are received for the rehabilitation of historic resources that are located within the same geographic district and that taken as a whole satisfy the additional requirements under subsection (28) and consider the approval of the combination of those applications as the approval of a single credit for a combined rehabilitation plan. An application shall be approved or denied not more than 15 business days after the authority has reviewed the application, determined the percentage amount of the credit for that applicant, and submitted the same to the president of the Michigan strategic fund and the state treasurer. If the president of the Michigan strategic fund and the state treasurer do not approve or deny the application within 15 business days after the application is received from the authority, the application is considered approved and the credit awarded in the amount as determined by the authority. If the president of the Michigan strategic fund and the state treasurer approve the application under this subsection, the authority shall issue a preapproval letter to the taxpayer that states that the taxpayer is a qualified taxpayer and the maximum percentage of the qualified expenditures on which a credit may be claimed for the high community impact rehabilitation plan when it is complete and a certification of completed rehabilitation is issued. Before approving a credit under this subsection, the authority shall consider all of the following criteria to the extent reasonably applicable:

- (a) The importance of the historic resource to the community in which it is located.
- (b) If the rehabilitation of the historic resource will act as a catalyst for additional rehabilitation or revitalization of the community in which it is located.
- (c) The potential that the rehabilitation of the historic resource will have for creating or preserving jobs and employment in the community in which it is located.
- (d) Other social benefits the rehabilitation of the historic resource will bring to the community in which it is located.
- (e) The amount of local community and financial support for the rehabilitation of the historic resource.
- (f) The taxpayer's financial need of the additional credit.
- (g) Whether the taxpayer is eligible for the credit allowed under section 47(a)(2) of the internal revenue code.
- (h) Any other criteria that the authority, the president of the Michigan strategic fund, and the state treasurer consider appropriate for the determination of approval under this subsection.

(21) The maximum amount of credit that a taxpayer or an assignee may claim under subsection (20) during a tax year is \$3,000,000.00. If the amount of the credit approved in the taxpayer's certificate of completed renovation is greater than \$3,000,000.00 that portion that exceeds the cap shall be carried forward to offset tax liability in subsequent tax years until used up. The aggregate amount of credits approved under subsection (20) for a combined rehabilitation plan shall not exceed \$24,000,000.00. Except as otherwise provided in the preapproval letter, the amount of the credit allowed for a combined rehabilitation plan shall be applied pro rata to each of the qualified taxpayers that submitted an application under subsection (20) that was considered a part of a combined rehabilitation plan. The taxpayer's pro rata share shall be the total amount of the credit allowed multiplied by a fraction the numerator of which is the amount of investment made by the taxpayer for the rehabilitation of the taxpayer's historic resource during the tax year and the denominator of which is the sum of the investments made by all taxpayers for the rehabilitation of all historic resources included within the combined rehabilitation plan during the tax year.

(22) Before approving a credit, determining the amount of such credit, and issuing a preapproval letter for such credit under subsection (19) or before considering an amendment to the preapproval letter, the authority shall consider the following criteria to the extent reasonably applicable:

- (a) The importance of the historic resource to the community.
- (b) The physical condition of the historic resource.
- (c) The taxpayer's financial need of the additional credit.
- (d) The overall economic impact the renovation will have on the community.
- (e) Any other criteria that the authority and the president of the Michigan strategic fund, as applicable, consider appropriate for the determination of approval under subsection (19).

(23) The authority may at any time before a certification of completed rehabilitation is issued for a credit for which a preapproval letter was issued pursuant to subsection (19) do the following:

(a) Subject to the limitations and parameters under subsection (19), make amendments to the preapproval letter, which may include revising the amount of qualified expenditures for which the taxpayer may claim the additional credit under subsection (19).

(b) Revoke the preapproval letter if the authority determines that there has not been substantial progress toward completion of the rehabilitation plan or that the rehabilitation plan cannot be completed. The authority shall provide the qualified taxpayer with a notice of his or her intent to revoke the preapproval letter 45 days prior to the proposed date of revocation.

(24) If a preapproval letter is revoked under subsection (23)(b), the amount of the credit approved under that preapproval letter shall be added to the annual cap in the calendar year that the preapproval letter is revoked. After a certification of completed rehabilitation is issued for a rehabilitation plan approved under subsection (19), if the authority determines that the actual amount of the additional credit to be claimed by the taxpayer for the calendar year is less than the amount approved under the preapproval letter, the difference shall be added to the annual cap in the calendar year that the certification of completed rehabilitation is issued.

(25) Unless otherwise specifically provided under subsections (19) through (24), all other provisions under this section such as the recapture of credits, assignment of credits, and refundability of credits in excess of a qualified taxpayer's tax liability apply to the additional credits issued under subsections (19) and (20).

(26) In addition to meeting the criteria in subsection (20)(a) through (h), 3 of the credits available under subsection (20), including the credit used from the 2010 calendar year, and approved during the 2009 calendar year for a high community impact rehabilitation plan shall be for an application meeting 1 of the following criteria:

(b) For projects approved before April 8, 2008, if the total of all credits for a project is more than \$1,000,000.00 but \$30,000,000.00 or less and, except as provided in subsection (6)(b), the project is located in a qualified local governmental unit, a percentage as determined by the Michigan economic growth authority not to exceed 10% of the cost of the qualified taxpayer's eligible investment as determined under subsection (11) paid or accrued by the qualified taxpayer on an eligible property. For projects approved, or amended, on and after April 8, 2008 and before January 1, 2010, if the total of all eligible investments for a project is more than \$10,000,000.00 but \$300,000,000.00 or less, up to 12.5% of the costs of the qualified taxpayer's eligible investment as determined under subsection (11) paid or accrued by the qualified taxpayer on an eligible property that, except as provided in subsection (6)(b), is located in a qualified local governmental unit, up to 15% of the cost of the qualified taxpayer's eligible investment as determined under subsection (11) paid or accrued by the qualified taxpayer on an eligible property if the project is designated as an urban development area project by the Michigan economic growth authority, or, until December 31, 2010, up to 20% of the costs of the qualified taxpayer's eligible investment as determined under subsection (11) paid or accrued by the qualified taxpayer on an eligible property if the project is designated as an urban development area project by the Michigan economic growth authority. For projects approved, or amended, on and after January 1, 2010, if the total of all eligible investments for a project is more than \$10,000,000.00 but \$100,000,000.00 or less, up to 12.5% of the costs of the qualified taxpayer's eligible investment as determined under subsection (11) paid or accrued by the qualified taxpayer on an eligible property that, except as provided in subsection (6)(b), is located in a qualified local governmental unit, up to 15% of the cost of the qualified taxpayer's eligible investment as determined under subsection (11) paid or accrued by the qualified taxpayer on an eligible property if the project is designated as an urban development area project by the Michigan economic growth authority, or, until December 31, 2010, up to 20% of the costs of the qualified taxpayer's eligible investment as determined under subsection (11) paid or accrued by the qualified taxpayer on an eligible property if the project is designated as an urban development area project by the Michigan economic growth authority. If eligible investment exceeds the amount of eligible investment in the preapproval letter, as amended, for that project, the total of all credits for the project shall not exceed the total of all credits on the certificate of completion except as authorized under subsection (34).

(2) If the cost of a project will be \$2,000,000.00 or less, a qualified taxpayer shall apply to the Michigan economic growth authority for approval of the project under this subsection. An application under this subsection shall state whether the project is a multiphase project. Subject to the limitation provided under subsection (31), the chairperson of the Michigan economic growth authority or his or her designee is authorized to approve an application or project under this subsection. Only the chairperson of the Michigan economic growth authority is authorized to deny an application or project under this subsection. A project

shall be approved or denied not more than 45 days after receipt of the application. If the chairperson of the Michigan economic growth authority or his or her designee does not approve or deny the application within 45 days after the application is received by the Michigan economic growth authority, the application is considered approved as written. If the chairperson of the Michigan economic growth authority or his or her designee approves a project under this subsection, the chairperson of the Michigan economic growth authority or his or her designee shall issue a preapproval letter that states that the taxpayer is a qualified taxpayer; the maximum total eligible investment for the project on which credits may be claimed and the maximum total of all credits for the project when the project is completed and a certificate of completion is issued; and the project number assigned by the Michigan economic growth authority. If a project is denied under this subsection, a taxpayer is not prohibited from subsequently applying under this subsection for the same project or for another project. The Michigan economic growth authority shall develop and implement the use of the application form to be used for projects under this subsection.

(3) If the cost of a project will be for more than \$2,000,000.00 but \$10,000,000.00 or less, a qualified taxpayer shall apply to the Michigan economic growth authority for approval of the project under this subsection. An application under this subsection shall state whether the project is a multiphase project. Subject to the limitation provided under subsection (31), the chairperson of the Michigan economic growth authority or his or her designee is authorized to approve an application or project under this subsection. Only the chairperson of the Michigan economic growth authority is authorized to deny an application or project under this subsection. A project shall be approved or denied not more than 45 days after receipt of the application. If the chairperson of the Michigan economic growth authority or his or her designee does not approve or deny an application within 45 days after the application is received by the Michigan economic growth authority, the application is considered approved as written. The criteria in subsection (7) shall be used when approving projects under this subsection. When approving projects under this subsection, priority shall be given to projects on a facility. The total of all credits for an approved project under this subsection shall not exceed the amounts authorized under subsection (1)(a). A taxpayer may apply under this subsection instead of subsection (4) for approval of a project that will be for more than \$10,000,000.00, but the total of all credits for that project shall not exceed the amounts authorized under subsection (1)(a). If the chairperson of the Michigan economic growth authority or his or her designee approves a project under this subsection, the chairperson of the Michigan economic growth authority or his or her designee shall issue a preapproval letter that states that the taxpayer is a qualified taxpayer; the maximum total eligible investment for the project on which credits may be claimed and the maximum total of all credits for the project when the project is completed and a certificate of completion is issued; and the project number assigned by the Michigan economic growth authority. If a project is denied under this subsection, a taxpayer is not prohibited from subsequently applying under this subsection or subsection (4) for the same project or for another project.

(4) If the cost of a project will be for more than \$10,000,000.00 and, except as provided in subsection (6)(b), the project is located in a qualified local governmental unit, a qualified taxpayer shall apply to the Michigan economic growth authority for approval of the project. An application under this subsection shall state whether the project is a multiphase project. The Michigan economic growth authority shall approve or deny the project not more than 65 days after receipt of the application. A project under this subsection shall not be approved without the concurrence of the state treasurer. If the Michigan economic growth authority does not approve or deny the application within 65 days after it receives the application, the Michigan economic growth authority shall send the application to the state treasurer. The state treasurer shall approve or deny the application within 5 days after receipt of the application. If the state treasurer does not deny the application within 5 days after receipt of the application, the application is considered approved. The Michigan economic growth authority shall approve a limited number of projects under this subsection during each calendar year as provided in subsection (6). The Michigan economic growth authority shall use the criteria in subsection (7) when approving projects under this subsection, when determining the total amount of eligible investment, and when determining the percentage of eligible investment for the project to be used to calculate a credit. The total of all credits for an approved project under this subsection shall not exceed the amount designated in the preapproval letter, as amended, for that project. If the Michigan economic growth authority approves a project under this subsection, the Michigan economic growth authority shall issue a preapproval letter that states that the taxpayer is a qualified taxpayer; the percentage of eligible investment for the project determined by the Michigan economic growth authority for purposes of subsection (1)(b); the maximum total eligible investment for the project on which credits may be claimed and the maximum total of all credits for the project when the project is completed and a certificate of completion is issued; and the project number assigned by the Michigan economic growth authority. The Michigan economic growth authority shall send a copy of the preapproval letter to the department. If a project is denied under this subsection, a taxpayer is not prohibited from subsequently applying under this subsection or subsection (3) for

the same project or for another project.

(5) If the project is on property that is functionally obsolete, the taxpayer shall include with the application an affidavit signed by a level 3 or level 4 assessor, that states that it is the assessor's expert opinion that the property is functionally obsolete and the underlying basis for that opinion.

(6) The Michigan economic growth authority may approve not more than 20 projects each calendar year through December 31, 2009, not more than 19 projects for the 2010 calendar year, and, except as otherwise provided under subdivision (d), not more than 17 projects for each calendar year after December 31, 2010 under subsection (4), and the following limitations apply:

(a) Of the projects allowed under this subsection, the total of all credits for each project may be more than \$10,000,000.00 but \$30,000,000.00 or less for only 1 project before December 31, 2009.

(b) Of the projects allowed under this subsection, up to 3 projects may be approved for projects that are not in a qualified local governmental unit if the property is a facility for which eligible activities are identified in a brownfield plan or, for 1 of the 3 projects, if the property is not a facility but is functionally obsolete or blighted, property identified in a brownfield plan. For purposes of this subdivision, a facility includes a building or complex of buildings that was used by a state or federal agency and that is no longer being used for the purpose for which it was used by the state or federal agency.

(c) The project allowed under subdivision (a) may also qualify under subdivision (b).

(d) If the Michigan economic growth authority determines that there are previously issued credits authorized under section 434(6) available, the Michigan economic growth authority may approve 2 additional projects for each calendar year after December 31, 2010. As used in this subdivision, "previously issued credits" means the total amount of credits authorized by the Michigan economic growth authority for a taxpayer under section 434(6) that meets all of the following:

(i) The taxpayer did not use any or a portion of the credits authorized under the written agreement under section 434(6).

(ii) The authority determined at a meeting upon a vote of the majority of the members present that the credits previously authorized satisfy subparagraph (i).

(7) The Michigan economic growth authority shall review all applications for projects under subsection (4) and, if an application is approved, shall determine the maximum total of all credits for that project. Before approving a project for which the total of all credits will be more than \$10,000,000.00 but \$30,000,000.00 or less only, the Michigan economic growth authority shall determine that the project would not occur in this state without the tax credit offered under subsection (4). The Michigan economic growth authority shall consider the following criteria to the extent reasonably applicable to the type of project proposed when approving a project under subsection (4), and the chairperson of the Michigan economic growth authority or his or her designee shall consider the following criteria to the extent reasonably applicable to the type of project proposed when approving a project under subsection (2) or (3) or when considering an amendment to a project under subsection (9) or (34):

(a) The overall benefit to the public.

(b) The extent of reuse of vacant buildings and redevelopment of blighted property.

(c) Creation of jobs.

(d) Whether the eligible property is in an area of high unemployment.

(e) The level and extent of contamination alleviated by the qualified taxpayer's eligible activities to the extent known to the qualified taxpayer.

(f) The level of private sector contribution.

(g) The cost gap that exists between the site and a similar greenfield site as determined by the Michigan economic growth authority.

(h) If the qualified taxpayer is moving from another location in this state, whether the move will create a brownfield.

(i) Whether the project is financially and economically sound.

(j) Any other criteria that the Michigan economic growth authority or the chairperson of the Michigan economic growth authority, as applicable, considers appropriate for the determination of eligibility under subsection (3) or (4).

(8) A qualified taxpayer may apply for projects under this section for eligible investment on more than 1 eligible property in a tax year. Each project approved and each project for which a certificate of completion is issued under this section shall be for eligible investment on 1 eligible property.

(9) If, after a taxpayer's project has been approved and the taxpayer has received a preapproval letter but before the taxpayer has made an eligible investment, other than soft costs or as otherwise authorized under subsection (34), at the property, the taxpayer determines that the project cannot be completed as preapproved, the taxpayer may petition the Michigan economic growth authority to amend the project and the preapproval

letter to increase the maximum total eligible investment for the project on which credits may be claimed and the maximum total of all credits for the project. A taxpayer may petition the Michigan economic growth authority to make any other amendments to the project or preapproval letter at any time before a certificate of completion is issued. Except as otherwise authorized under subsection (34), amendments to the project or preapproval letter may include, but are not limited to, extending the duration of time provided to complete the project, as long as that extension does not exceed 10 years from the date of the preapproval letter or as otherwise extended under subsection (10). However, if a project was approved prior to December 31, 2008 for 20% of the qualified taxpayer's eligible investment and a total of less than \$2,000,000.00 for all credits for that project and that project has received a funding reservation for an allocation of the federal low-income housing tax credit administered by the Michigan state housing development authority of more than \$1,100,000.00, then that project may be amended to extend the duration of time provided to complete the project to the placed-in-service date of the carryover allocation agreement for the federal low-income housing tax credit.

(10) A project may be a multiphase project. If a project is a multiphase project, when each component of the multiphase project is completed, the taxpayer shall submit documentation that the component is complete, an accounting of the cost of the component, and the eligible investment for the component of each taxpayer eligible for a credit for the project of which the component is a part to the Michigan economic growth authority or the designee of the Michigan economic growth authority, who shall verify that the component is complete. When the completion of the component is verified, a component completion certificate shall be issued to the qualified taxpayer which shall state that the taxpayer is a qualified taxpayer, the credit amount for the component, the qualified taxpayer's federal employer identification number or the Michigan treasury number assigned to the taxpayer, and the project number. The taxpayer may assign all or part of the credit for a multiphase project as provided in this section after a component completion certificate for a component is issued. The qualified taxpayer may transfer ownership of or lease the completed component and assign a proportionate share of the credit for the entire project to the qualified taxpayer that is the new owner or lessee. A multiphase project shall not be divided into more than 10 components. A component is considered to be completed when a temporary or final certificate of occupancy has been issued by the local municipality in which the project is located for all of the buildings or facilities that comprise the completed component and a component completion certificate is issued or the chairperson of the Michigan economic growth authority or his or her designee, for projects approved under subsection (2) or (3), or the Michigan economic growth authority, for projects approved under subsection (4), verifies that the component is complete. A credit assigned based on a multiphase project shall be claimed by the assignee in the tax year in which the assignment is made. The total of all credits for a multiphase project shall not exceed the amount stated in the preapproval letter, as amended, for the project under subsection (1). Except as otherwise provided under this subsection, if all components of a multiphase project are not completed by 10 years after the date on which the preapproval letter, as amended, if applicable, for the project was issued, the qualified taxpayer that received the preapproval letter for the project shall pay to the state treasurer, as a penalty, an amount equal to the sum of all credits claimed and assigned for all components of the multiphase project and no credits based on that multiphase project shall be claimed after that date by the qualified taxpayer or any assignee of the qualified taxpayer. A qualified taxpayer that was approved for a credit based on a multiphase project by Resolution 2010-219 adopted by the Michigan economic growth authority and issued a preapproval letter on June 10, 2011 has until December 31, 2026 to complete that project and claim the credit without penalty if quarterly reports are submitted as required under this subsection and that project is completed and the temporary or final certificates of occupancy, as applicable, have been issued by the local municipality in which the project is located for all of the buildings or facilities that comprise the completed component by December 31, 2026. A qualified taxpayer that was approved for a credit based on a multiphase project by Resolution 2010-219 and was issued a certificate of completion before December 31, 2021 is not subject to repayment to this state under this subsection. A qualified taxpayer that was approved for a credit based on a multiphase project by Resolution 2010-219 adopted by the Michigan economic growth authority and issued a preapproval letter on June 10, 2011, but has not been issued a certificate of completion by September 14, 2023, must provide a quarterly report to the Michigan strategic fund on the progress of that project, including, but not limited to, the expected completion date, the names of any contractors or subcontractors engaged on the project, and the percentage of the project completed as of the immediately preceding quarter. The penalty under this subsection is subject to interest on the amount of the credit claimed or assigned determined individually for each component at the rate in section 23(2) of 1941 PA 122, MCL 205.23, beginning on the date that the credit for that component was claimed or assigned. As used in this subsection, "proportionate share" means the same percentage of the total of all credits for the project that the qualified investment for the completed component is of the total qualified investment stated in the preapproval letter, as amended, for the

entire project.

(11) When a project under this section is completed, the taxpayer shall submit documentation that the project is completed, an accounting of the cost of the project, the eligible investment of each taxpayer if there is more than 1 taxpayer eligible for a credit for the project, and, if the taxpayer is not the owner or lessee of the eligible property on which the eligible investment was made at the time the project is completed, that the taxpayer was the owner or lessee of, or was a party to an agreement to purchase or lease, that eligible property when all eligible investment of the taxpayer was made. The chairperson of the Michigan economic growth authority or his or her designee, for projects approved under subsection (2) or (3), or the Michigan economic growth authority, for projects approved under subsection (4), shall verify that the project is completed. The Michigan economic growth authority shall conduct an on-site inspection as part of the verification process for projects approved under subsection (4). When the completion of the project is verified, a certificate of completion shall be issued to each qualified taxpayer that has made eligible investment on that eligible property. The certificate of completion shall state the total amount of all credits for the project and that total shall not exceed the maximum total of all credits listed in the preapproval letter for the project under subsection (2), (3), or (4) as applicable and as amended under subsection (9) or (34) and shall state all of the following:

- (a) That the taxpayer is a qualified taxpayer.
- (b) The total cost of the project and the eligible investment of each qualified taxpayer.
- (c) Each qualified taxpayer's credit amount.
- (d) The qualified taxpayer's federal employer identification number or the Michigan treasury number assigned to the taxpayer.
- (e) The project number.
- (f) For a project approved under subsection (4) for which the total of all credits is more than \$10,000,000.00 but \$30,000,000.00 or less, the total of all credits and the schedule on which the annual credit amount shall be claimed by the qualified taxpayer.

(g) For a multiphase project under subsection (10), the amount of each credit assigned and the amount of all credits claimed in each tax year before the year in which the project is completed.

(12) Except as otherwise provided in this section, qualified taxpayers shall claim credits under this section in the tax year in which the certificate of completion is issued. For a project approved under subsection (4) for which the total of all credits is more than \$10,000,000.00 but \$30,000,000.00 or less, the qualified taxpayer shall claim 10% of its approved credit each year for 10 years. A credit assigned based on a multiphase project shall be claimed in the year in which the credit is assigned.

(13) The cost of eligible investment for leased machinery, equipment, or fixtures is the cost of that property had the property been purchased minus the lessor's estimate, made at the time the lease is entered into, of the market value the property will have at the end of the lease. A credit for property described in this subsection is allowed only if the cost of that property had the property been purchased and the lessor's estimate of the market value at the end of the lease are provided to the Michigan economic growth authority.

(14) Credits claimed by a lessee of eligible property are subject to the total of all credits limitation under this section.

(15) Each qualified taxpayer and assignee under subsection (20), (21), or (22) that claims a credit under this section shall attach a copy of the certificate of completion and, if the credit was assigned, a copy of the assignment form provided for under this section to the annual return filed under this act on which the credit under this section is claimed. An assignee of a credit based on a multiphase project shall attach a copy of the assignment form provided for under this section and the component completion certificate provided for in subsection (10) to the annual return filed under this act on which the credit is claimed but is not required to file a copy of a certificate of completion.

(16) Except as otherwise provided in this subsection or subsection (10), (18), (20), (21), or (22), a credit under this section shall be claimed in the tax year in which the certificate of completion is issued to the qualified taxpayer. For a project described in subsection (11)(f) for which a schedule for claiming annual credit amounts is designated on the certificate of completion by the Michigan economic growth authority, the annual credit amount shall be claimed in the tax year specified on the certificate of completion.

(17) Except as otherwise provided under this subsection, the credits approved under this section shall be calculated after application of all other credits allowed under this act. The credits under this section shall be calculated before the calculation of the credits under sections 413, 423, 431, and 450.

(18) Except as otherwise provided under this subsection, if the credit allowed under this section for the tax year and any unused carryforward of the credit allowed under this section exceed the qualified taxpayer's or assignee's tax liability for the tax year, that portion that exceeds the tax liability for the tax year shall not be refunded but may be carried forward to offset tax liability in subsequent tax years for 10 years or until used

up, whichever occurs first. Except as otherwise provided in this subsection, the maximum time allowed under the carryforward provisions under this subsection begins with the tax year in which the certificate of completion is issued to the qualified taxpayer. If the qualified taxpayer assigns all or any portion of its credit approved under this section, the maximum time allowed under the carryforward provisions for an assignee begins to run with the tax year in which the assignment is made and the assignee first claims a credit, which shall be the same tax year. The maximum time allowed under the carryforward provisions for an annual credit amount for a credit allowed under subsection (4) begins to run in the tax year for which the annual credit amount is designated on the certificate of completion issued under this section. A credit carryforward available under section 38g of former 1975 PA 228 that is unused at the end of the last tax year may be claimed against the tax imposed under this act for the years the carryforward would have been available under former 1975 PA 228. Beginning on and after April 8, 2008, if the credit allowed under this section for the tax year exceeds the qualified taxpayer's tax liability for the tax year, the qualified taxpayer may elect to have the excess refunded at a rate equal to 85% of that portion of the credit that exceeds the tax liability of the qualified taxpayer for the tax year and forgo the remaining 15% of the credit and any carryforward.

(19) If a project or credit under this section is for the addition of personal property, if the cost of that personal property is used to calculate a credit under this section, and if the personal property is disposed of or transferred from the eligible property to any other location, the qualified taxpayer that disposed of that property, or transferred the personal property shall add the same percentage as determined under subsection (1) of the federal basis of the personal property used for determining gain or loss as of the date of the disposition or transfer to the qualified taxpayer's tax liability under this act after application of all credits under this act for the tax year in which the disposition or transfer occurs. If a qualified taxpayer has an unused carryforward of a credit under this section, the amount otherwise added under this subsection to the qualified taxpayer's tax liability may instead be used to reduce the qualified taxpayer's carryforward under subsection (18).

(20) For credits under this section for projects for which a certificate of completion is issued before January 1, 2006 and except as otherwise provided in this subsection, if a qualified taxpayer pays or accrues eligible investment on or to an eligible property that is leased for a minimum term of 10 years or sold to another taxpayer for use in a business activity, the qualified taxpayer may assign all or a portion of the credit under this section based on that eligible investment to the lessee or purchaser of that eligible property. A credit assignment under this subsection shall only be made to a taxpayer that when the assignment is complete will be a qualified taxpayer. All credit assignments under this subsection are irrevocable and, except for a credit based on a multiphase project, shall be made in the tax year in which the certificate of completion is issued, unless the assignee is an unknown lessee. If a qualified taxpayer wishes to assign all or a portion of its credit to a lessee but the lessee is unknown in the tax year in which the certificate of completion is issued, the qualified taxpayer may delay claiming and assigning the credit until the first tax year in which the lessee is known. A qualified taxpayer may claim a portion of a credit and assign the remaining credit amount. Except as otherwise provided in this subsection, if the qualified taxpayer both claims and assigns portions of the credit, the qualified taxpayer shall claim the portion it claims in the tax year in which the certificate of completion is issued or, for a credit assigned and claimed for a multiphase project before a certificate of completion is issued, the taxpayer shall claim the credit in the year in which the credit is assigned. If a qualified taxpayer assigns all or a portion of the credit and the eligible property is leased to more than 1 taxpayer, the qualified taxpayer shall determine the amount of credit assigned to each lessee. A lessee shall not subsequently assign a credit or any portion of a credit assigned under this subsection. A purchaser may subsequently assign a credit or any portion of a credit assigned to the purchaser under this subsection to a lessee of the eligible property. The credit assignment under this subsection shall be made on a form prescribed by the Michigan economic growth authority. The qualified taxpayer shall send a copy of the completed assignment form to the Michigan economic growth authority in the tax year in which the assignment is made. The assignee shall attach a copy of the completed assignment form to its annual return required to be filed under this act, for the tax year in which the assignment is made and the assignee first claims a credit, which shall be the same tax year. In addition to all other procedures under this subsection, the following apply if the total of all credits for a project is more than \$10,000,000.00 but \$30,000,000.00 or less:

(a) The credit shall be assigned based on the schedule contained in the certificate of completion.

(b) If the qualified taxpayer assigns all or a portion of the credit amount, the qualified taxpayer shall assign the annual credit amount for each tax year separately.

(c) More than 1 annual credit amount may be assigned to any 1 assignee and the qualified taxpayer may assign all or a portion of each annual credit amount to any assignee.

(d) The qualified taxpayer shall not assign more than the annual credit amount for each tax year.

(21) Except as otherwise provided in this subsection, for projects for which a certificate of completion is

issued before January 1, 2006, and except as otherwise provided in this subsection, if a qualified taxpayer is a partnership, limited liability company, or subchapter S corporation, the qualified taxpayer may assign all or a portion of a credit under this section to its partners, members, or shareholders, based on their proportionate share of ownership of the partnership, limited liability company, or subchapter S corporation or based on an alternative method approved by the Michigan economic growth authority. A credit assignment under this subsection is irrevocable and, except for a credit assignment based on a multiphase project, shall be made in the tax year in which a certificate of completion is issued. A qualified taxpayer may claim a portion of a credit and assign the remaining credit amount. Except as otherwise provided in this subsection, if the qualified taxpayer both claims and assigns portions of the credit, the qualified taxpayer shall claim the portion it claims in the tax year in which a certificate of completion is issued or for a credit assigned and claimed for a multiphase project, before the component completion certificate is issued, the taxpayer shall claim the credit in the year in which the credit is assigned. A partner, member, or shareholder that is an assignee shall not subsequently assign a credit or any portion of a credit assigned under this subsection. The credit assignment under this subsection shall be made on a form prescribed by the Michigan economic growth authority. The qualified taxpayer shall send a copy of the completed assignment form to the Michigan economic growth authority in the tax year in which the assignment is made. A partner, member, or shareholder who is an assignee shall attach a copy of the completed assignment form to its annual return required under this act, for the tax year in which the assignment is made and the assignee first claims a credit, which shall be the same tax year. A credit assignment based on a credit for a component of a multiphase project that is completed before January 1, 2006 shall be made under this subsection. In addition to all other procedures under this subsection, the following apply if the total of all credits for a project is more than \$10,000,000.00 but \$30,000,000.00 or less:

(a) The credit shall be assigned based on the schedule contained in the certificate of completion.

(b) If the qualified taxpayer assigns all or a portion of the credit amount, the qualified taxpayer shall assign the annual credit amount for each tax year separately.

(c) More than 1 annual credit amount may be assigned to any 1 assignee and the qualified taxpayer may assign all or a portion of each annual credit amount to any assignee.

(d) The qualified taxpayer shall not assign more than the annual credit amount for each tax year.

(22) For projects approved under this section or section 38g of former 1975 PA 228 for which a certificate of completion is issued on and after January 1, 2006, a qualified taxpayer may assign all or a portion of a credit allowed under this section or section 38g(2), (3), or (33) of former 1975 PA 228 under this subsection. A credit assignment under this subsection is irrevocable and, except for a credit assignment based on a multiphase project, shall be made in the tax year in which a certificate of completion is issued unless the assignee is an unknown lessee. If a qualified taxpayer wishes to assign all or a portion of its credit to a lessee but the lessee is unknown in the tax year in which the certificate of completion is issued, the qualified taxpayer may delay claiming and assigning the credit until the first tax year in which the lessee is known. A qualified taxpayer may claim a portion of a credit and assign the remaining credit amount. If the qualified taxpayer both claims and assigns portions of the credit, the qualified taxpayer shall claim the portion it claims in the tax year in which a certificate of completion is issued pursuant to this section or section 38g of former 1975 PA 228. An assignee may subsequently assign a credit or any portion of a credit assigned under this subsection to 1 or more assignees. The credit assignment or a subsequent reassignment under this subsection shall be made on a form prescribed by the Michigan economic growth authority. The Michigan economic growth authority or its designee shall review and issue a completed assignment or reassignment certificate to the assignee or reassignee. An assignee or subsequent reassignee shall attach a copy of the completed assignment certificate to its annual return required under this act, for the tax year in which the assignment or reassignment is made and the assignee or reassignee first claims a credit, which shall be the same tax year. A credit assignment based on a credit for a component of a multiphase project that is completed before January 1, 2006 shall be made under section 38g(18) of former 1975 PA 228. A credit assignment based on a credit for a component of a multiphase project that is completed on or after January 1, 2006 may be made under this section. In addition to all other procedures and requirements under this section, the following apply if the total of all credits for a project is more than \$10,000,000.00 but \$30,000,000.00 or less:

(a) The credit shall be assigned based on the schedule contained in the certificate of completion.

(b) If the qualified taxpayer assigns all or a portion of the credit amount, the qualified taxpayer shall assign the annual credit amount for each tax year separately.

(c) More than 1 annual credit amount may be assigned to any 1 assignee, and the qualified taxpayer may assign all or a portion of each annual credit amount to any assignee.

To qualify for the credit under this section, a taxpayer shall meet all of the following requirements:

(a) Before January 1, 2009, invest and expend at least \$100,000.00 for a qualified film and digital media infrastructure project in this state; after December 31, 2008, invest and expend at least \$250,000.00 for a qualified film and digital media infrastructure project in this state.

(2) Before the effective date of the amendatory act that added this language, for investment expenditures made by a taxpayer for all qualified film and digital media infrastructure projects in this state, an agreement under this section may provide for the taxpayer to claim a tax credit equal to 25% of the taxpayer's base investment. On and after the effective date of the amendatory act that added this language, for investment expenditures made by a taxpayer for all qualified film and digital media infrastructure projects in this state, an agreement under this section may provide for the taxpayer to claim a tax credit of up to 25% of the taxpayer's base investment as determined by the Michigan film office, with the concurrence of the state treasurer. The credit under this section shall be reduced by any credit claimed by the taxpayer under section 437 for the same base investment. No more than \$20,000,000.00 in total credits under this section shall be authorized in a tax year. If all or a portion of a qualified film and digital media infrastructure project is a facility that may be used for purposes unrelated to production or postproduction activities, then the project is eligible for the credit only if the department determines that the facility will support and be necessary to secure production or postproduction activity for the production and postproduction facility and the taxpayer agrees to both of the following:

(a) The facility will be used as a state of the art production or postproduction facility or as support and component of the facility for the useful life of the facility.

(b) A credit will not be claimed under this section until the facility is complete.

(3) A taxpayer seeking a credit under this section may submit an application to enter into an agreement under this section to the Michigan film office. The application shall be submitted in a form prescribed by the Michigan film office and shall be accompanied by a \$100.00 application fee and all of the information and records requested by the office. An application fee received by the office under this subsection shall be deposited in the Michigan film promotion fund. The office shall not process the application until it is

complete. If the office, with the concurrence of the state treasurer, determines to enter into an agreement under this section, the agreement shall provide for all of the following:

(a) A requirement that construction on the qualified film and digital media infrastructure project commence within 180 days of the date of the agreement or else the agreement shall expire. However, upon request submitted by the taxpayer based on good cause, the office may extend the period for commencement of work for up to an additional 90 days.

(b) A unique number assigned to the qualified film and digital media infrastructure project.

(c) A detailed description of the qualified film and digital media infrastructure project.

(d) A detailed business plan and market analysis for the qualified film and digital media infrastructure project.

(e) A projected budget for the qualified film and digital media infrastructure project.

(f) Estimated start date and completion date for the qualified film and digital media infrastructure project.

(g) A requirement that the taxpayer not file a claim for the credit under this section until at least 25% of the base investment in the qualified film and digital media infrastructure project identified in the agreement has been expended.

(h) A requirement that the taxpayer provide the office with the information and independent certification the office and the department deem necessary to verify investment expenditures and eligibility for the credit under this section.

(i) A requirement that if the cost of tangible assets described in subsection (11)(a) was paid or accrued in a tax year beginning after December 31, 2007, the taxpayer shall repay an amount equal to 25% of the gross proceeds or benefit derived from the sale or other disposition of the tangible assets minus the gain, multiplied by the apportionment factor for the taxable year as prescribed in chapter 3, and plus the loss, multiplied by the apportionment factor for the taxable year as prescribed in chapter 3 from the sale or other disposition reflected in federal taxable income and minus the gain from the sale or other disposition added to the business income tax base in section 201.

(4) In determining whether to enter into an agreement under this section, the Michigan film office and the state treasurer shall consider all of the following:

(a) The potential that in the absence of the credit the qualified film and digital media infrastructure project will be constructed in a location other than this state.

(b) The extent to which the qualified film and digital media infrastructure project may have the effect of promoting economic development or job creation in this state.

(c) The extent to which the credit will attract private investment for the production of motion pictures, videos, television programs, and digital media in this state.

(d) The extent to which the credit will encourage the development of film, video, television, and digital media production and postproduction facilities in this state.

(5) If the Michigan film office determines that a taxpayer has complied with the terms of an agreement entered into under this section, the office shall issue an investment expenditure certificate to the taxpayer. The taxpayer shall submit a request to the office for an investment expenditure certificate on a form prescribed by the office, along with any information or independent certification the office or the department deems necessary. The office shall process each request within 60 days after the request is complete. However, the office may request additional information or independent certification before issuing an investment expenditure certificate and need not issue the investment expenditure certificate until satisfied that investment expenditures and eligibility are adequately established. The additional information requested may include a report of expenditures audited and certified by an independent certified public accountant. Each investment expenditure certificate shall be signed by the Michigan film commissioner and shall include the following information:

(a) The name of the taxpayer.

of information act, 1976 PA 442, MCL 15.231 to 15.246. Information, records, or other data shall only be considered confidential to the extent that the information or records describe the commercial and financial operations or intellectual property of the company, the information or records have not been publicly disseminated at any time, and disclosure of the information or records may put the company at a competitive disadvantage.

(7) To claim a credit under this section, a taxpayer shall submit an investment expenditure certificate issued under subsection (5) to the department. If the credit allowed under this section exceeds the amount of taxes owed by the taxpayer under this act for a tax year, that portion of the credit that exceeds the tax liability of the taxpayer for the tax year shall not be refunded but may be carried forward to offset tax liability under this act in subsequent tax years for a period not to exceed 10 tax years or until used up, whichever occurs first.

(8) The credit under this section shall be claimed after all other credits under this act. A taxpayer eligible to claim a credit under this section may assign all or a portion of a credit under this section to any assignee. An assignee may subsequently assign a credit or any portion of a credit assigned under this subsection to 1 or more assignees. A taxpayer may claim a portion of a credit and assign the remaining credit amount. A credit assignment under this subsection is irrevocable. The credit assignment under this subsection shall be made on a form prescribed by the department. A taxpayer claiming a credit under this section shall send a copy of the completed assignment form to the department in the tax year in which the assignment is made and shall attach a copy of the form to the return on which the credit is claimed.

(9) The amount of the credit under this section shall be reduced by a credit application and redemption fee equal to 0.5% of the credit claimed, which shall be deducted from the credit otherwise payable to the taxpayer claiming the credit and be deposited by the department in the Michigan film promotion fund.

(10) A taxpayer that willfully submits information under this section that the taxpayer knows to be fraudulent or false shall, in addition to any other penalties provided by law, be liable for a civil penalty equal to the amount of the taxpayer's credit under this section.
