

**THE REVISED SCHOOL CODE (EXCERPT)**  
**Act 451 of 1976**

**380.1507 Instruction in sex education; instructors, facilities, and equipment; stressing abstinence from sex; elective class; notice to parent or guardian; request to excuse pupil from attendance; qualifications of teacher; sex education advisory board; public hearing; distribution of family planning drug or device prohibited; "family planning," "class," and "course" defined.**

Sec. 1507. (1) The board of a school district may engage qualified instructors and provide facilities and equipment for instruction in sex education, including family planning, human sexuality, and the emotional, physical, psychological, hygienic, economic, and social aspects of family life. Instruction may also include the subjects of reproductive health and the recognition, prevention, and treatment of sexually transmitted disease. Subject to subsection (7) and section 1507b, the instruction described in this subsection shall stress that abstinence from sex is a responsible and effective method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease and is a positive lifestyle for unmarried young people.

(2) The class described in subsection (1) shall be elective and not a requirement for graduation.

(3) A pupil shall not be enrolled in a class in which the subjects of family planning or reproductive health are discussed unless the pupil's parent or guardian is notified in advance of the course and the content of the course, is given a prior opportunity to review the materials to be used in the course and is notified in advance of his or her right to have the pupil excused from the class. The state board shall determine the form and content of the notice required in this subsection.

(4) Upon the written request of a pupil or the pupil's parent or legal guardian, a pupil shall be excused, without penalty or loss of academic credit, from attending a class described in subsection (1).

(5) A school district that provides a class as permitted by subsection (1) shall offer the instruction by teachers qualified to teach health education. A school district shall not offer this instruction unless a sex education advisory board is established by the board of the school district. The board of a school district shall determine terms of service for the sex education advisory board, the number of members to serve on the advisory board, and a membership selection process that reasonably reflects the school district population, and shall appoint 2 co-chairs for the advisory board, at least 1 of whom is a parent of a child attending a school operated by the school district. At least 1/2 of the members of the sex education advisory board shall be parents who have a child attending a school operated by the school district, and a majority of these parent members shall be individuals who are not employed by a school district. The board of a school district shall include pupils of the school district, educators, local clergy, and community health professionals on the sex education advisory board. Written or electronic notice of a sex education advisory board meeting shall be sent to each member at least 2 weeks before the date of the meeting. The advisory board shall do all of the following:

(a) Establish program goals and objectives for pupil knowledge and skills that are likely to reduce the rates of sex, pregnancy, and sexually transmitted diseases. This subdivision does not prohibit a school district from establishing additional program goals and objectives that are not contrary to this section, section 1169, or section 1507b.

(b) Review the materials and methods of instruction used and make recommendations to the board of the school district for implementation. The advisory board shall take into consideration the school district's needs, demographics, and trends, including, but not limited to, teenage pregnancy rates, sexually transmitted disease rates, and incidents of student sexual violence and harassment.

(c) At least once every 2 years, evaluate, measure, and report the attainment of program goals and objectives established under subdivision (a). The board of a school district shall make the resulting report available to parents in the school district.

(6) Before adopting any revisions in the materials or methods used in instruction under this section, including, but not limited to, revisions to provide for the teaching of abstinence from sex as a method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease, the board of a school district shall hold at least 2 public hearings on the proposed revisions. The hearings shall be held at least 1 week apart and public notice of the hearings shall be given in the manner required under section 1201 for board meetings. A public hearing held pursuant to this section may be held in conjunction with a public hearing held pursuant to section 1169.

(7) A person shall not dispense or otherwise distribute in a public school or on public school property a family planning drug or device.

(8) As used in this section, "family planning" means the use of a range of methods of fertility regulation to help individuals or couples avoid unplanned pregnancies; bring about wanted births; regulate the intervals

between pregnancies; and plan the time at which births occur in relation to the age of parents. It may include the study of fetology. It may include marital and genetic information. Clinical abortion shall not be considered a method of family planning, nor shall abortion be taught as a method of reproductive health.

(9) As used in this section and sections 1506 and 1507a:

(a) "Class" means an instructional period of limited duration within a course of instruction and includes an assembly or small group presentation.

(b) "Course" means a series of classes linked by a common subject matter.
