- (2) To the extent possible, a school district or state approved nonpublic school shall provide counseling services to an eligible student and his or her parent or guardian before the eligible student enrolls in postsecondary courses under this act to ensure that the eligible student and his or her parent or guardian are fully aware of the benefits, risks, and possible consequences of enrolling in a postsecondary course. The person providing the counseling shall encourage the eligible student and his or her parent or guardian to also use available counseling services at the eligible postsecondary institutions before the quarter or semester of enrollment to ensure that anticipated plans are appropriate. A school district or state approved nonpublic school may provide the counseling required under this section in a group meeting if additional personalized counseling is also made available.
- (3) Before enrolling in an eligible course at an eligible postsecondary institution under this act, an eligible student and his or her parent or guardian shall file with the eligible postsecondary institution a signed form provided by the eligible student's school district or state approved nonpublic school stating that the student is an eligible student and has received the information and counseling specified in subsections (1) and (2) and that the student understands the responsibilities that must be assumed in enrolling in the course. Upon request, the department shall provide technical assistance to a school district or state approved nonpublic school and to an eligible postsecondary institution in developing appropriate forms and counseling guidelines for purposes of this section.
