324.72115 Pack and saddle animals; access to pack and saddle trails on public land; restrictions.

Sec. 72115. (1) Subject to subsections (2) and (3), pack and saddle animals shall be allowed to access pack and saddle trails on public land managed by the department as follows:

(a) Access on land of the state forest system is allowed unless restricted by statute, deed restriction, land use order, or other legal mechanism, in effect on April 2, 2010.

(b) Access on land of the state park system or state game area system is prohibited unless authorized by land use order or other legal mechanism in effect on April 2, 2010.

(c) Access on other land managed by the department is allowed according to the specific authorization or restriction applicable to the land.

(2) Access by pack and saddle animals may only be restricted on lands described in subsection (1) after April 2, 2010 if conditions are not suitable for pack and saddle animals because of public safety concerns, necessary maintenance, or for reasons related to the mission of the department. Restrictions related to the mission of the department shall be supported, to the greatest extent practicable, by a written science-based rationale that is supported with documentation that is made available to the public. Prior to determining that access by pack and saddle animals be restricted, the department shall make every effort to resolve any public safety or maintenance concerns. Subject to subsection (3), the department shall not restrict pack and saddle animals from lands described in subsection (1) unless all of the following conditions are met:

(a) The department holds a public meeting on a proposal to restrict access by pack and saddle animals on pack and saddle trails to receive testimony from the general public. The department shall invite the advisory

council and the equine trails subcommittee created in section 72110a to attend the meeting.

(b) The department, after considering testimony at the meeting under subdivision (a), provides a specific rationale for its determination to restrict access by pack and saddle animals.

(c) Any decision by the department to restrict access by pack and saddle animals shall not take effect for a period of time set by the department, but not less than 60 days. However, if the director determines that a restriction must be imposed because of user conflicts or due to an imminent threat to public health, safety, welfare, or to natural resources or the environment, the director may issue a temporary order restricting access by pack and saddle animals for 30 days or until the threat or user conflict is abated. A temporary order under this subdivision may be reissued if the threat or user conflict persists.

(d) A written statement shall be posted at the trailhead in which the restriction is imposed stating the cause and estimated duration of the closure.

(e) A list of pack and saddle trails on which the department has restricted access for pack and saddle animals, including temporary orders, shall be posted on the department's website and notification shall be provided to the equine trails subcommittee created in section 72110a.

(3) Any restrictions described in subsection (1) on access by pack and saddle animals that were in effect on April 2, 2010 shall remain in effect until those restrictions are reviewed using the process under subsection (2).

(4) An individual shall not use pack and saddle animals on state-owned land except on pack and saddle trails that are open for access by pack and saddle animals. However, an individual may use a pack and saddle animal in an area in which public hunting is permitted to retrieve legally harvested deer, bear, or elk using the most direct route that does not enter a stream, river, or wetland except over a bridge, culvert, or similar structure.

Sec. 72116. (1) If the state owns the land on which a rail-trail is located or if the land is under the long-term control of the state or a state governmental agency through a lease, easement, or other arrangement, the department shall, upon application of a telecommunication provider and payment of not more than \$500.00 in application fees, authorize the installation of telecommunication facilities on that land unless the installation is inconsistent with or prohibited by the lease, easement, or other arrangement. The authorization granted under this subsection shall be granted within 45 days and shall require all of the following:

(a) All telecommunication facilities shall be installed underground or shall be attached to existing aboveground structures consistent with subdivision (c).

(b) The telecommunication provider shall notify the department, in writing, of the installation of the facilities and the anticipated completion date of the installation not less than 30 days prior to beginning the installation. Within 5 days after its receipt of the notification, the department shall notify the telecommunication provider, in writing, of any use of the rail-trail for which a permit has been issued by the department.

(c) The use of the land for telecommunication facilities and the installation of the facilities or any repairs to the facilities shall not unreasonably interfere with the use or uses of the rail-trail.

(d) Following installation of the telecommunication facilities or any repairs to the facilities, the land shall be reasonably restored to its condition prior to the installation or repair.

(e) The telecommunication provider shall pay to the department a 1-time use fee of 5 cents per longitudinal linear foot of the space to be occupied by the telecommunication facilities. The fee required under this subdivision shall not be required beginning 6 years after the effective date of the amendatory act that added this section. At no time during or after this 6-year time period shall a telecommunications provider that pays the fee be charged with any additional fee for the use of the land for telecommunication facilities.

(2) The department shall forward use fees collected under this section to the state treasurer for deposit as follows:

(a) If the land or rights in land on which the telecommunications facilities are installed was purchased with money from the Michigan natural resources trust fund, money received under subsection (1)(e) shall be deposited into the Michigan natural resources trust fund.

(b) All money not described in subdivision (a) shall be deposited into the fund.

(3) Notwithstanding any other provision of this part, money from the fund that is collected under this

section shall be expended, upon appropriation, as follows:

(a) Money collected from application fees under subsection (1) shall be used by the department for the administrative costs of implementing this section.

(b) In each county in which money is collected under subsection (1)(e) for the installation of telecommunication facilities on rail-trails that are used for motorized use, the department shall expend the money for grants to organizations operating in that county that are involved with the motorized use of rail-trails if such organizations exist. Money provided under this subdivision to organizations involved with the motorized use of rail-trails shall be used for the development and maintenance of rail-trails located within the county for motorized recreational uses.

(c) In each county in which money is collected under subsection (1)(e) for the installation of telecommunication facilities, but which is not expended pursuant to subdivision (b), the department shall expend the money for grants to local units of government or other organizations operating in that county that are involved with the use of rail-trails. Money provided under this subdivision to local units of government or organizations involved with the use of rail-trails shall be used for the development and maintenance of rail-trails located within the county for motorized and nonmotorized recreational uses.

(4) This section does not affect the rights and duties set forth in any arrangements or agreements for the installation of telecommunication facilities in a rail-trail described in subsection (1) between the department and a telecommunication provider entered before the effective date of the amendatory act that added this section. This section does not create a right for either the department or a telecommunication provider to terminate any preexisting arrangements or agreements.
