Act 218 of 1956

500.3573 Operation of health care delivery system not meeting requirements of act; permitted conduct; limitations.

Sec. 3573. (1) A person that proposes to operate a system of health care delivery and financing to be offered to individuals, whether or not as members of groups, in exchange for a fixed payment and to be organized so that providers and the organization are in some part at risk for the cost of services in a manner similar to a health maintenance organization, but that fails to meet the requirements of this act for a health maintenance organization, may operate the system of health care delivery and financing if the director finds that the proposed operation will benefit persons who will be served by it. The director shall authorize and regulate the operation of the system in the same manner as a health maintenance organization under this act, including the filing of periodic reports, except to the extent that the director finds that the regulation is inappropriate to the system of health care delivery and financing.

(2) A person operating a system of health care delivery and financing under this section shall not advertise or solicit or in any way identify itself in a manner implying to the public that it is a health maintenance organization authorized under this act.
