722.112d Personal restraint or seclusion; use; limitations; requirements; order; evaluation; face-to-face assessment; definitions.

Sec. 2d. (1) Personal restraint or seclusion shall not be imposed as a means of coercion, discipline, convenience, or retaliation by a child caring institution's staff.

(2) An order for personal restraint or seclusion shall not be written as a standing order or on an as-needed basis.

(3) Personal restraint or seclusion must not result in serious injury to the minor child and shall be used only to ensure the minor child's safety or the safety of others during an emergency safety situation. Personal restraint or seclusion shall only be used until the emergency safety situation has ceased and the minor child's safety and the safety of others can be ensured even if the order for personal restraint or seclusion has not expired. Personal restraint and seclusion of a minor child shall not be used simultaneously.

(4) Personal restraint or seclusion shall be performed in a manner that is safe, appropriate, and proportionate to the severity of the minor child's behavior, chronological and developmental age, size, gender, physical condition, medical condition, psychiatric condition, and personal history, including any history of physical or sexual abuse.

(5) Except as provided in subsection (6), at the time a minor child is admitted to a child caring institution, the child caring institution shall do all of the following:

(a) Inform the minor child and his or her parent or legal guardian of the provider's policy regarding the use of personal restraint or seclusion during an emergency safety situation that may occur while the minor child is under the care of the child caring institution.

(b) Communicate the provider's personal restraint and seclusion policy in a language that the minor child or his or her parent or legal guardian will understand, including American sign language, if appropriate. The provider shall procure an interpreter or translator, if necessary to fulfill the requirement of this subdivision.

(c) Obtain a written acknowledgment from the minor child's parent or legal guardian that he or she has been informed of the provider's policy on the use of personal restraint and seclusion during an emergency safety situation. The child caring institution's staff shall file the acknowledgment in the minor child's records.

(d) Provide a copy of the policy to the minor child's parent or legal guardian.

(6) The child caring institution is not required to inform, communicate, and obtain the written acknowledgment from a minor child's parent or legal guardian as specified in subsection (5) if the minor child is within the care and supervision of the child caring institution as a result of an order of commitment of the family division of circuit court to a state institution, state agency, or otherwise, and has been adjudicated to be a dependent, neglected, or delinquent under chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.1 to 712A.32, if the minor child's individual case treatment plan indicates that notice would not be in the minor child's best interest.

(7) An order for personal restraint or seclusion shall only be written by a licensed practitioner.

(8) A licensed practitioner shall order the least restrictive emergency safety intervention measure that is most likely to be effective in resolving the emergency safety situation based on consultation with staff. Consideration of less restrictive emergency safety intervention measures shall be documented in the minor child's record.

(12) If more than 2 orders for personal restraint or seclusion are ordered for a minor child within a 24-hour period, the director of the child caring institution or his or her designated management staff shall be notified to determine whether additional measures should be taken to facilitate discontinuation of personal restraint or seclusion.

(13) If personal restraint continues for less than 15 minutes or seclusion continues for less than 30 minutes from the onset of the emergency safety intervention, the child caring institution staff qualified to receive a verbal order for personal restraint or seclusion, in consultation with the licensed practitioner, shall evaluate the minor child's psychological well-being immediately after the minor child is removed from seclusion or personal restraint. Staff shall also evaluate the minor child's physical well-being or determine if an evaluation is needed by a licensed practitioner authorized to conduct a face-to-face assessment under subsection (14).
