388.1817b Community college annual tuition and fees report; increase restraint.

Sec. 217b. (1) Each community college that receives an appropriation in section 201 shall report to the center by the last business day of August of each year the tuition and mandatory fees paid by a full-time in-district student and a full-time out-of-district student as established by the community college governing board for the current academic year. The center shall provide this information and any revisions to the house and senate fiscal agencies and the state budget director.

(2) Each community college that receives an appropriation in section 201 shall certify to the state budget director by the last business day of August of each year that its board will not adopt an increase in tuition and fee rates for in-district students for the academic year that is greater than the tuition restraint described in this subsection. For the academic year 2024-2025, the tuition restraint level is equal to the greater of 4.5% or \$217.00. (b) "Tuition and fee rate" means the average of full-time rates paid by a majority of students in each class, based on an unweighted average of the rates authorized by the community college board and actually charged to students, deducting any uniformly rebated or refunded amounts, for the 2 semesters with the highest levels of full-time equated in-district enrollment during the academic year.

(3) Community colleges that exceed the tuition and fee rate cap described in subsection (2) are not eligible to receive payments under section 201 for performance funding or payments under section 201f for 1-time performance funding payments for fiscal year 2024-2025.

(4) Notwithstanding any other provision of this act, the legislature may at any time adjust appropriations for a community college that adopts an increase in tuition and fee rates for in-district students that exceeds the rate cap established in subsection (2).
