

BORN ALIVE INFANT PROTECTION ACT
Act 687 of 2002

AN ACT to assert the state's interest in protecting all individuals; and to prescribe responsibilities and procedures in regard to a newborn whose live birth results from an abortion.

History: 2002, Act 687, Eff. Mar. 31, 2003.

The People of the State of Michigan enact:

333.1071 Short title; definitions.

Sec. 1. (1) This act may be cited as the "born alive infant protection act".

(2) As used in this act:

(a) "Abortion" means a medical treatment that is intended to terminate a diagnosable intrauterine pregnancy for a purpose other than to produce a live birth. Abortion does not include the use or prescription of a drug or device that prevents pregnancy or a medical treatment used to remove a dead fetus or embryo whose death was the result of a spontaneous abortion.

(b) "Live birth" means the complete expulsion or extraction of a product of conception from its mother, regardless of the duration of the pregnancy, that after expulsion or extraction, whether or not the umbilical cord has been cut or the placenta is attached, shows any evidence of life, including, but not limited to, 1 or more of the following:

(i) Breathing.

(ii) A heartbeat.

(iii) Umbilical cord pulsation.

(iv) Definite movement of voluntary muscles.

History: 2002, Act 687, Eff. Mar. 31, 2003;—Am. 2023, Act 206, Eff. Feb. 13, 2024.

333.1072 Legislative findings.

Sec. 2. The legislature finds all of the following:

(a) The state has a paramount interest in protecting all individuals.

(b) If an abortion results in the live birth of a newborn, the newborn is a legal person for all purposes under the law.

(c) A woman's right to terminate pregnancy ends when the pregnancy is terminated. It is not an infringement on a woman's right to terminate her pregnancy for the state to assert its interest in protecting a newborn whose live birth occurs as the result of an abortion.
